HORACE MANN JUNIOR
310 S. HWY. 146 BAYTOWN, TX 77520

Schools' Action for Emergency Rail Readiness

Partnership Info:

Harris County Department of Education's Center for Safe and Secure Schools division and Goose Creek CISD will continue the Neighbor Helping Neighbor partnership program.

The NHN program is part of the HCDE emergency operation board's mission to create opportunities for Harris County school districts to exercise important elements of their emergency operations plan.

Event Info:

To evaluate the preparedness and response capabilities of emergency services, local communities, and other stakeholders in the event of a train derailment near a GCCISD elementary school.

Event Objectives:

- Demonstrate procedures for timely communication to support security, situational awareness, and operations.
- Establish, maintain, and evaluate overall effectiveness of ISD's Incident Command System and integrate all critical stakeholders into unified command.
- Evaluate school district procedures for hazard evacuations, triage, and reunification.
- Establish a Joint Information Center to coordinate information to the community and responders.
- Effectively detect, assess, stabilize, and respond to hazardous materials in the vicinity of the schools as well as a coinciding cyberthreat to the schools.
- Validate sharing of situational information via digital communication to local authorities.

Stakeholders & Participants:

- ISDs - HCDE Emergency Ops Board Members
- Goose Creek CISD & Baytown Police
- City of Baytown
- Baytown Fire
- Public Information Officers (ISD, City, County)
- Greater Baytown Area Local Emergency Planning Committee (LEPC)
- Harris Co Fire Marshals Office (Haz Mat Response Team)
- Union Pacific Railroad
- National Weather Service
- Air Quality (SETRPC-SETx Regional Planning Commission)
- The Response Group (TRG)

The derailment exercise will consist of the following simulation sites:

- Incident Site Operations
- School Site Operations
- Emergency Operations Center
- Reunification Center
