Dear Assessor Collector:

On August 22, 2025 the Appraisal Review Board of Harris County approved the 2025 appraisal records under Sec. 41.12, Tax Code. Accordingly, I am certifying this year's appraisal roll to each taxing unit.

Approved & Certified Accounts

Accounts on your certified roll include accounts on which no protest was filed, as well as accounts for which the ARB has completed the protest process.

Uncertified Accounts

We have also included a report listing accounts that are still under protest and those which we believe to be taxable in your jurisdiction but which are not yet included on your certified roll. Estimated values for these properties are summarized in the enclosed reports. Final certified values for these properties will be provided on later supplemental rolls.

Other Information

Also included in your certification packet is a sheet titled "WHERE TO FIND." This sheet notes where to find information you will need to calculate your no new revenue and voter approved tax rates. The certified residential homestead report includes a summary of average residential values in your unit, which is information required for your tax rate hearing notices.

Please review the homestead exemption data in your printouts to ensure that we used the most current information on your exemption rates. Also, remember that homestead exemptions may be claimed up to two years after the delinquency date for the taxes on the homestead. This means that your tax base will be reduced by late applications filed during this extended application period.

Additional value loss may result from provisions in the Tax Code that allow for district court, SOAH, or arbitration appeal of ARB decisions; late protests; and corrections.

Sincerely,

Roland Altinger, CAE, RPA, CTA

Texas Education Agency

This email contains important information pertaining to your approved Texas Education Agency (TEA) grant application, expenditure reporting requirements for the above-mentioned grant, and the use of the expenditure reporting (ER) system to request grant payments.

TEA, as the pass-through entity, is the grantee from the U.S. Department of Education (USDE) and TEA awards subgrants to non-federal entities such as school systems (local educational agencies (LEAs) including school districts, charter schools, and education service centers) and to a lesser degree institutions of higher education (IHEs), and nonprofit organizations (NPOs) who are the agency's subgrantees. These guidelines apply to all subgrantees of TEA, regardless of whether referenced herein as subgrantee or grantee. For purposes of this Notice of Grant Award (NOGA) transmittal letter, TEA may use the terms grantee and subgrantee synonymously for its subrecipients.

Notice of Grant Award (NOGA)

Awarded NOGAs and Supplement to NOGAs for PDF grant applications can be viewed and printed from the ER system. The approved application is attached to this email. All pages of the approved application should be

reviewed for any changes made during the negotiation process to ensure all funds are expended and all activities are conducted according to the terms and conditions of the approved grant.

Project Period

The project period for the above-mentioned grant is stated on your NOGA. All encumbrances/obligations must occur on or between the beginning and ending dates of the subaward unless pre-award costs are expressly permitted for the individual grant program.

In general, goods or services delivered near the end of the grant period may be viewed by TEA as not necessary to accomplish the objectives of the current grant program; however, TEA will evaluate such expenditures on a case-by-case basis. A TEA monitor or an auditor may disallow those expenditures if the subgrantee is unable to (1) document the need for the expenditures, (2) demonstrate that program beneficiaries receive benefit from the late expenditures, or (3) negate the appearance of "stockpiling" supplies or equipment.

The subrecipient must receive the benefit and liquidate (record as an expenditure) all obligations incurred under the subaward no later than the revised final expenditure report due date. An encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in 2 CFR Part 200 of EDGAR (as applicable) and program rules, regulations, and guidelines contained elsewhere. This provision applies to all grant programs, including state and federal, discretionary and formula.

Fingerprinting Requirement

Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a subgrantee or a contractor of the subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the General and Fiscal Guidelines, Fingerprinting Requirement.

Amendments

If the subgrantee needs to amend the application to request authorization for changes that require approval, the subgrantee must obtain approval from TEA by submitting an amendment prior to the date the subgrantee encumbers such funds and/or such services are rendered. Refer to the When to Amend the Application document posted in the Amending an Application page. An amendment is effective on the day it is received by TEA in substantially approvable form yet is subject to negotiation.

The last day to submit an amendment to TEA is stated on the TEA Grant Opportunities page. From the TEA Grant Opportunities page, search for the name of the grant for additional information.

25% Budget Variation Cannot Be Exceeded

A budget amendment is required when cumulative transfers among direct cost categories exceed or are expected to exceed 25% of the *total current approved budget.* A subgrantee may transfer funds among existing budgeted categories without submitting an amendment as long as the total amount of funds transferred is 25% or less of the total current approved budget. This provision does not allow for funding additional FTEs not previously approved in the application or the purchase of additional units of equipment, but it does allow for the purchase of previously approved items that cost more than budgeted amounts. The total expenditures for programs budgeted cannot exceed the total amount approved for each program budget.

Cash Management Requirements

The subgrantee must account for and expend federal funds in accordance with federal statute, state laws, local policy, and the terms and conditions of the award.

There are two methods available to a subgrantee to request payments. These include reimbursement and cash advances.

Reimbursement: In a reimbursement method, a subgrantee draws down funds from the ER system after the subgrantee has already paid the funds. To allow subgrantees additional flexibility, TEA has defined reimbursement as drawing down funds on, or after, the day the subgrantee has mailed, delivered, or submitted an electronic payment. For audit purposes, the subgrantee must track the date it mailed, delivered, or submitted an electronic payment as proof for reimbursement method. Under the reimbursement method, a subgrantee is not required to deposit funds in an interest-bearing account.

Cash Advance: Under the cash advance method, a subgrantee draws down funds in advance of when the funds will be paid out. The use of this payment method requires the subgrantee to have written procedures that minimize the time elapsing between when the subgrantee requests a draw down and when the subgrantee will issue the payment for the program purpose. Cash advance payments must be deposited into an interest-bearing account and interest must be tracked after the first 24 hours of receipt.

Advance payments must be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements for direct program or project costs and the proportionate share of any allowable indirect costs.

Subgrantees must have written procedures and internal controls for cash management to ensure that only the actual amount of cash needed will be requested, and that the cash received will be paid out. Procedures should show that the subgrantee plans carefully for cash flows for grant projects and reviews cash requirements before each request for payment. Cash management procedures are reviewed during monitoring visits and during the annual independent audit.

Requesting Payment through the Expenditure Reporting (ER) System

Subgrantees in good standing are required to use the ER system to record expenditures and request payment. Subgrantees may enter total expenditures by class/object code into the ER system. The subrecipient is responsible for ensuring the Grantee Manager and/or Grantee Official, or such person using the Grantee Manager or Grantee Official's credentials, has been authorized by the subrecipient organization to enter the organization into legally binding agreements for grant payment purposes prior to the Grantee Manager or Grantee Official certifying and submitting expenditure payment requests in the ER system. This authorized official must certify each request for payment as described in 2 CFR §200.415(a).

Accessing ER

To access ER, all individuals reporting and certifying expenditures are required to have a TEA Login (TEAL) account and access to the ER application. For security purposes, the TEAL username and password are not to be shared with any other user. The ER system is designed to accommodate a segregation of duties between the staff member who enters the drawdown into the ER system and the authorized official who certifies and submits the request. Failure to have such segregation of duties could be a sign of insufficient internal controls indicating risk of inadequate fund management. TEA strongly recommends the segregation of duties and may impose additional specific conditions on subgrant awards when risk is identified.

If you do not have access to TEAL, you must request a user ID. On the TEA Login (TEAL) screen, click Request New User Account and complete the steps provided. A username and temporary password will be emailed to you, so you can log on and finalize your account. Once your TEAL account is finalized, you will log on to TEAL, click on My Application Accounts, and follow the instructions to request access to the Expenditure Reporting application.

If you already have a TEAL account and access to ER, login directly to TEAL. In your list of applications, look for the Expenditure Reporting heading and click on your role/link, under the heading, to access the ER system.

Expenditure Reporting by Class/Object Code in ER

Expenditures must be reported in the ER system by class/object code. TEA implements this process to demonstrate compliance with federal monitoring expectations/auditing standards and to mitigate the need for subgrantees that are not identified as high-risk by TEA to submit supporting expenditure documentation for payment requests that exceed grant threshold requirements. High-risk subgrantees are required to submit requested supporting documentation to TEA.

Documentation of Expenditures

For any payment request in ER, TEA reserves the right to request additional supporting documentation including but not limited to the general ledger, payroll ledger, and copies of payroll checks, invoices, receipts, and travel vouchers before authorizing payment. TEA may request you to upload any such document to your payment request in ER. Payment will not be approved or processed until the requested documentation is received and determined to be allowable under the grant.

Denial of Expenditure Reports

When reporting expenditures by class/object code, the ER system will not permit the subgrantee to submit an expenditure report with the following criteria:

- Where the subgrantee is claiming expenditures in a class/object code not budgeted in the approved application
- When the total amount exceeds the total amount of the grant award

ER Requests Requiring Manual Review and Approval

Thresholds are established for each grant program to allow for the automatic approval of payments as long as the payments are within the established thresholds. The ER system will automatically forward any request for payment that exceeds the established thresholds to TEA staff for review and approval. TEA staff will consider each request to exceed the established thresholds on a case-by-case basis.

In addition, the ER system has various system criteria that allow TEA staff to monitor requests for payment. If a draw down request violates an ER system criteria or is randomly selected for monitoring, TEA staff will manually review the draw down request and contact the subgrantee for a narrative payment justification.

Payments that do not violate thresholds and/or ER system criteria will be approved automatically.

Due Date of Expenditure Report

The deadline for reporting total final expenditures by class/object code is stated on the TEA Grant Opportunities page. From the TEA Grant Opportunities page, search for the name of the grant for additional information.

Return of Interest Earned from Federal Grant Payments
This section applies to federal grants only.

Subgrantees are not required to maintain separate bank accounts for federal grants. However, subgrantees must comply with the applicable standards for financial management in maintaining accounting records by fund source. (See 2 CFR §§200.302 and 200.305) Subgrantees receiving federal grant payments may be required to return interest earned to the appropriate federal agency.

Subgrantees shall not draw down more cash than is necessary to meet immediate cash needs. If a subgrantee draws a federal cash advance from the ER system and keeps cash on hand, the subgrantee may be required to return to the federal government any interest accrued beginning with the day the draw down is received in the organization's bank account.

In accordance with the requirements of 2 CFR §200.305, all organizations must deposit federal grant payments into an interest-bearing account. The subgrantee may retain up to $500 annually in interest earned, cumulatively across all federal grant programs, for administrative expenses. for administrative expenses.

The requirements of 2 CFR §200.305 are waived if any of the following conditions applies:

- The subgrantee receives less than $250,000 in total federal awards per fiscal year.
- The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per fiscal year on total federal cash balances.
- The average or minimum balance required by the depository bank is too high for the subgrantee to meet with expected federal and non-federal cash resources.
- A foreign government or banking system prohibits or precludes interest bearing accounts.

In addition, on at least an annual basis, any interest in excess of $500 accrued on advances of federal grant funds must be remitted to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment following the process described in 2 CFR §200.305.

Noncompliance with Cash Management Requirements
This section applies to federal grants only.

Pursuant to 2 CFR §200.208, if TEA identifies, in its sole determination, a subgrantee as posing a level of risk identified by the agency's risk criteria, the subgrantee has a history of failure to comply with the terms and conditions of the grant award, the subgrantee fails to meet performance goals, or is not otherwise responsible then TEA may impose additional specific award conditions on any subgrant award. TEA may, in appropriate circumstances, designate the specific conditions established under 2 CFR §200.208 as "high-risk conditions" and designate a non-federal entity subject to specific conditions established under §200.208 as a high-risk subgrantee per 2 CFR §3474.10.

If TEA determines that noncompliance cannot be corrected by imposing the specific conditions, TEA may take one or more remedies for noncompliance actions, as appropriate in the circumstances pursuant to 2 CFR §200.339. For details, refer to the High-Risk Status, Specific Conditions, and Remedies for Noncompliance section of the General and Fiscal Guidelines.

Harris County Department of Education App Part 1 and Part 2.pdf;

Texas Education Agency

This email contains important information pertaining to your approved Texas Education Agency (TEA) grant application, expenditure reporting requirements for the above-mentioned grant, and the use of the expenditure reporting (ER) system to request grant payments.

TEA, as the pass-through entity, is the grantee from the U.S. Department of Education (USDE) and TEA awards subgrants to non-federal entities such as school systems (local educational agencies (LEAs) including school districts, charter schools, and education service centers) and to a lesser degree institutions of higher education (IHEs), and nonprofit organizations (NPOs) who are the agency's subgrantees. These guidelines apply to all subgrantees of TEA, regardless of whether referenced herein as subgrantee or grantee. For purposes of this Notice of Grant Award (NOGA) transmittal letter, TEA may use the terms grantee and subgrantee synonymously for its subrecipients.

Notice of Grant Award (NOGA)

Awarded NOGAs and Supplement to NOGAs for PDF grant applications can be viewed and printed from the ER system. The approved application is attached to this email. All pages of the approved application should be reviewed for any changes made during the negotiation process to ensure all funds are expended and all activities are conducted according to the terms and conditions of the approved grant.

Project Period

The project period for the above-mentioned grant is stated on your NOGA. All encumbrances/obligations must occur on or between the beginning and ending dates of the subaward unless pre-award costs are expressly permitted for the individual grant program.

In general, goods or services delivered near the end of the grant period may be viewed by TEA as not necessary to accomplish the objectives of the current grant program; however, TEA will evaluate such expenditures on a case-

by-case basis. A TEA monitor or an auditor may disallow those expenditures if the subgrantee is unable to (1) document the need for the expenditures, (2) demonstrate that program beneficiaries receive benefit from the late expenditures, or (3) negate the appearance of "stockpiling" supplies or equipment.

The subrecipient must receive the benefit and liquidate (record as an expenditure) all obligations incurred under the subaward no later than the revised final expenditure report due date. An encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in 2 CFR Part 200 of EDGAR (as applicable) and program rules, regulations, and guidelines contained elsewhere. This provision applies to all grant programs, including state and federal, discretionary and formula.

Fingerprinting Requirement

Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a subgrantee or a contractor of the subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the General and Fiscal Guidelines, Fingerprinting Requirement.

Amendments

If the subgrantee needs to amend the application to request authorization for changes that require approval, the subgrantee must obtain approval from TEA by submitting an amendment prior to the date the subgrantee encumbers such funds and/or such services are rendered. Refer to the When to Amend the Application document posted in the Amending an Application page. An amendment is effective on the day it is received by TEA in substantially approvable form yet is subject to negotiation.

The last day to submit an amendment to TEA is stated on the TEA Grant Opportunities page. From the TEA Grant Opportunities page, search for the name of the grant for additional information.

25% Budget Variation Cannot Be Exceeded

A budget amendment is required when cumulative transfers among direct cost categories exceed or are expected to exceed 25% of the *total current approved budget.* A subgrantee may transfer funds among existing budgeted categories without submitting an amendment as long as the total amount of funds transferred is 25% or less of the total current approved budget. This provision does not allow for funding additional FTEs not previously approved in the application or the purchase of additional units of equipment, but it does allow for the purchase of previously approved items that cost more than budgeted amounts. The total expenditures for programs budgeted cannot exceed the total amount approved for each program budget.

Cash Management Requirements

The subgrantee must account for and expend federal funds in accordance with federal statute, state laws, local policy, and the terms and conditions of the award.

There are two methods available to a subgrantee to request payments. These include reimbursement and cash advances.

Reimbursement: In a reimbursement method, a subgrantee draws down funds from the ER system after the subgrantee has already paid the funds. To allow subgrantees additional flexibility, TEA has defined reimbursement as drawing down funds on, or after, the day the subgrantee has mailed, delivered, or submitted an electronic payment. For audit purposes, the subgrantee must track the date it mailed, delivered, or submitted an electronic payment as proof for reimbursement method. Under the reimbursement method, a subgrantee is not required to deposit funds in an interest-bearing account.

Cash Advance: Under the cash advance method, a subgrantee draws down funds in advance of when the funds will be paid out. The use of this payment method requires the subgrantee to have written procedures that minimize the time elapsing between when the subgrantee requests a draw down and when the subgrantee will issue the payment for the program purpose. Cash advance payments must be deposited into an interest-bearing account and interest must be tracked after the first 24 hours of receipt.

Advance payments must be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements for direct program or project costs and the proportionate share of any allowable indirect costs.

Subgrantees must have written procedures and internal controls for cash management to ensure that only the actual amount of cash needed will be requested, and that the cash received will be paid out. Procedures should show that the subgrantee plans carefully for cash flows for grant projects and reviews cash requirements before each request for payment. Cash management procedures are reviewed during monitoring visits and during the annual independent audit.

Requesting Payment through the Expenditure Reporting (ER) System

Subgrantees in good standing are required to use the ER system to record expenditures and request payment. Subgrantees may enter total expenditures by class/object code into the ER system. The subrecipient is responsible for ensuring the Grantee Manager and/or Grantee Official, or such person using the Grantee Manager or Grantee Official's credentials, has been authorized by the subrecipient organization to enter the organization into legally binding agreements for grant payment purposes prior to the Grantee Manager or Grantee Official certifying and submitting expenditure payment requests in the ER system. This authorized official must certify each request for payment as described in 2 CFR §200.415(a).

Accessing ER

To access ER, all individuals reporting and certifying expenditures are required to have a TEA Login (TEAL) account and access to the ER application. For security purposes, the TEAL username and password are not to be shared with any other user. The ER system is designed to accommodate a segregation of duties between the staff member who enters the drawdown into the ER system and the authorized official who certifies and submits the request. Failure to have such segregation of duties could be a sign of insufficient internal controls indicating risk of inadequate fund management. TEA strongly recommends the segregation of duties and may impose additional specific conditions on subgrant awards when risk is identified.

If you do not have access to TEAL, you must request a user ID. On the TEA Login (TEAL) screen, click Request New User Account and complete the steps provided. A username and temporary password will be emailed to you, so you can log on and finalize your account. Once your TEAL account is finalized, you will log on to TEAL, click on My Application Accounts, and follow the instructions to request access to the Expenditure Reporting application.

If you already have a TEAL account and access to ER, login directly to TEAL. In your list of applications, look for the Expenditure Reporting heading and click on your role/link, under the heading, to access the ER system.

Expenditure Reporting by Class/Object Code in ER

Expenditures must be reported in the ER system by class/object code. TEA implements this process to demonstrate compliance with federal monitoring expectations/auditing standards and to mitigate the need for subgrantees that are not identified as high-risk by TEA to submit supporting expenditure documentation for payment requests that exceed grant threshold requirements. High-risk subgrantees are required to submit requested supporting documentation to TEA.

Documentation of Expenditures

For any payment request in ER, TEA reserves the right to request additional supporting documentation including but not limited to the general ledger, payroll ledger, and copies of payroll checks, invoices, receipts, and travel vouchers before authorizing payment. TEA may request you to upload any such document to your payment request in ER. Payment will not be approved or processed until the requested documentation is received and determined to be allowable under the grant.

Denial of Expenditure Reports

When reporting expenditures by class/object code, the ER system will not permit the subgrantee to submit an expenditure report with the following criteria:

- Where the subgrantee is claiming expenditures in a class/object code not budgeted in the approved application
- When the total amount exceeds the total amount of the grant award

ER Requests Requiring Manual Review and Approval

Thresholds are established for each grant program to allow for the automatic approval of payments as long as the payments are within the established thresholds. The ER system will automatically forward any request for payment that exceeds the established thresholds to TEA staff for review and approval. TEA staff will consider each request to exceed the established thresholds on a case-by-case basis.

In addition, the ER system has various system criteria that allow TEA staff to monitor requests for payment. If a draw down request violates an ER system criteria or is randomly selected for monitoring, TEA staff will manually review the draw down request and contact the subgrantee for a narrative payment justification.

Payments that do not violate thresholds and/or ER system criteria will be approved automatically.

Due Date of Expenditure Report

The deadline for reporting total final expenditures by class/object code is stated on the TEA Grant Opportunities page. From the TEA Grant Opportunities page, search for the name of the grant for additional information.

Return of Interest Earned from Federal Grant Payments
This section applies to federal grants only.

Subgrantees are not required to maintain separate bank accounts for federal grants. However, subgrantees must comply with the applicable standards for financial management in maintaining accounting records by fund source. (See 2 CFR §§200.302 and 200.305) Subgrantees receiving federal grant payments may be required to return interest earned to the appropriate federal agency.

Subgrantees shall not draw down more cash than is necessary to meet immediate cash needs. If a subgrantee draws a federal cash advance from the ER system and keeps cash on hand, the subgrantee may be required to return to the federal government any interest accrued beginning with the day the draw down is received in the organization's bank account.

In accordance with the requirements of 2 CFR §200.305, all organizations must deposit federal grant payments into an interest-bearing account. The subgrantee may retain up to $500 annually in interest earned, cumulatively across all federal grant programs, for administrative expenses. for administrative expenses.

The requirements of 2 CFR §200.305 are waived if any of the following conditions applies:

- The subgrantee receives less than $250,000 in total federal awards per fiscal year.
- The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per fiscal year on total federal cash balances.
- The average or minimum balance required by the depository bank is too high for the subgrantee to meet with expected federal and non-federal cash resources.
- A foreign government or banking system prohibits or precludes interest bearing accounts.

In addition, on at least an annual basis, any interest in excess of $500 accrued on advances of federal grant funds must be remitted to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment following the process described in 2 CFR §200.305.

Noncompliance with Cash Management Requirements
This section applies to federal grants only.

Pursuant to 2 CFR §200.208, if TEA identifies, in its sole determination, a subgrantee as posing a level of risk identified by the agency's risk criteria, the subgrantee has a history of failure to comply with the terms and conditions of the grant award, the subgrantee fails to meet performance goals, or is not otherwise responsible then TEA may impose additional specific award conditions on any subgrant award. TEA may, in appropriate circumstances, designate the specific conditions established under 2 CFR §200.208 as "high-risk conditions" and designate a non-federal entity subject to specific conditions established under §200.208 as a high-risk subgrantee per 2 CFR §3474.10.

If TEA determines that noncompliance cannot be corrected by imposing the specific conditions, TEA may take one or more remedies for noncompliance actions, as appropriate in the circumstances pursuant to 2 CFR §200.339. For details, refer to the High-Risk Status, Specific Conditions, and Remedies for Noncompliance section of the General and Fiscal Guidelines.

Subject:

Choice Partners Cooperative: Contract Award; Maintenance (All Trades) (TEC 44.031) and Component for Single Trade Job Order Contracting (TGC 2269); Revenue Generating.

Rationale:

The process enacted was Competitive Sealed Proposal (CSP) to acquire proposals from vendors to provide Maintenance (All Trades) (TEC 44.031) and Component for Single Trade Job Order Contracting (TGC 2269) to Harris County Department of Education (HCDE) and Choice Partners members.

3,930 invitations were extended for proposals. 72 responses were received from vendors. Each response was reviewed for compliance with CSP no. 25/035MR. Zero vendors were non-responsive. 10 vendors did not meet the criteria and were not recommended for award. 62 vendors offering the best value to Harris County Department of Education (HCDE) and Choice Partners and its members were selected to be awarded.

Harris County Department of Education (HCDE) and Choice Partners recommend awarding a one year contract from 09/10/2025 through 09/09/2026 to the vendors stated above in the Posted Agenda Item.
