If an invoice number is needed, please contact the Accounts Receivable Specialist at extension# 8248 or email at accountsreceivable@hcde-texas.org. Some invoices may have more than one revenue code. Invoices must include the customer name, customer number, billing address, revenue code(s) and the amount(s). To add a new customer, please email your request to Accounts Receivable at accountsreceivable@hcde-texas.org. Each division should review monthly reports to avoid duplicate billing and must follow up on old outstanding invoices.

Accounts Receivable adjustments

Accounts Receivable adjustments, corrections or deletions require a detailed explanation and budget manager's approval. Adjustments between \$0.01 cent and \$499.99 will be approved by the Senior Accountant and the Chief Accounting Officer. Adjustments of \$500.00 or more require the approval of the Senior Accountant, Chief Accounting Officer and the Assistant Superintendent for Business Services. All Accounts Receivable adjustments, corrections and deletions are required to be routed through Adobe Sign. The accountsreceivable@hcde-texas.org e-mail address must be copied on each request to ensure timely processing. Once the required approvals are obtained and a completion e-mail is received from Adobe Sign, the Accounts Receivable specialist will process the adjustment.

Cash Receipts

Checks and cash received are processed by the Staff Accountant on a daily basis using the MICR image scanner machine which allows for same day accessibility. Two cash receipt forms are prepared 1) One for all payments with invoices and 2) One for all miscellaneous and deferred payments. The total of the two cash receipt forms will total the amount deposited for the day. The Staff Accountant enters the information for the miscellaneous and deferred cash receipts in eFinance which requires the review of the Senior Accountant and approval of the Chief Accounting Officer prior to posting to the general ledger. The invoice cash receipt form is given to the Accounts Receivable Specialist who will process the payments in the Accounts Receivable System. Once completed the transactions are interfaced to the general ledger via a journal entry which will require the review of the Senior Accountant and approval of the Chief Accounting Officer prior to posting.

Monthly Reports

Once a month Accounts Receivable generates four reports, the Assistant Superintendent sends out two which are the Customer Aging Report and Statements Grouped by Account Report, these are sent to each division manager. The Accounts Receivable Specialist provides the secretaries of each division the outstanding invoice statement and a Cash Receipt report, only the outstanding invoice statement is sent to the customer. Current cash receipt reports are available upon request.

The Outstanding Invoice report allows a division to review all outstanding invoices and how long each invoice has been outstanding. It also shows the balance of the outstanding invoice(s). Budget Managers are responsible for the collection of all invoices.

The Cash Receipt report allows a division to review all payments received for all invoices.

Workshop Management System (WMS) Receivables

The Workshop Management System allows individuals to sign up and pay for workshops that are offered through HCDE by credit card. Once a participant pays online confirmation is received through the WMS system. The payment is processed and posted to the division's revenue account or deferred account if the event has not occurred. If a division would like to review the payment status of any workshop for participants, a detailed revenue audit trail report may be produced in eFinance.

Once the event has occurred, the payment that was coded to the deferred account will be reclassified to the revenue account using a journal entry. All journal entries are reviewed by the Senior Accountant and approved by the Chief Accounting Officer prior to posting in the general ledger.

For verification of payments, please email Accounts Receivable at accountsreceivable@hcde-texas.org. Requests for credit card refunds are processed by Accounts Receivable as needed. All requests for refunds must be requested within 6 months of the payment/transaction date. **Division manager approval is required in order to process the refunds.**

Processing Deadlines

All invoices are due no later than the fourth working day of each month. Invoices received after this day will be processed on the following month. Deposits are made on a daily basis. WMS payments are captured and recorded on a weekly basis.

Check Return Processing

There is a \$40.00 processing fee for all checks returned for non-sufficient funds. All NSF checks will be returned to the originating division for collection including the \$40.00 NSF fee. The check will be returned to Division or re-deposited if the issuer requests it. If the issuer does not request to have the check re-deposited another acceptable form of payment must be made.

The accounts receivable subsidiary will be closed by the fifth working day of following month once the subsidiary is reconciled to the general ledger. Re: Payment Authorization Processing

Effective September 25, 2020 This memo serves to address the needs of all users in HCDE with the electronic process for the Payment Authorization. Our Accounts Payable for accepting the PA has been updated and enhanced to make this transition easier for all users.

Currently divisions were instructed to submit this form of payment by accessing the electronic version of a Payment Authorization on the HCDE home page. Once users had the necessary information completed it was then submitted through the Adobe sign system to Accounts Payable for processing. We have moved away from this process and beginning October 1, 2020 all divisions will be required to utilize the electronic form through <https://appddictionpa.azurewebsites.net/>

Attached with this memo is the instruction manual for all users to fully begin utilizing this tool / resource.

Below are some helpful tips to remember when submitting the PA as a form of payment to Accounts Payable divisions.

Tips:

1. This document should be filled completely as you would normally do before sending to Accounts Payable as there will not be any corrections made by Accounts Payable Staff.
2. Please keep in mind the new electronic document of the Payment Authorization (PA) includes a preassigned assigned number as previously seen on the paper document in the right-hand corner.
You can track the status of each PA at any time.
3. You can also download a form in pdf at any time.

4. Workflow used for the system is the same as the requisition process (purchasing) For example, it starts with you as follows:
 - 1) The originator (Division staff) enters the PA with attachments)
 - 2) Approval from Division Business Manager –
 - 3) Reviewed by Staff Accountant (Accountant for funding and coding)
 - 4) Reviewed by Chief Accounting Officer for items under \$3,500
 - 5) Reviewed by Asst Supt for Business for items above \$3,500
 - 6) System will send to Accounts Payable at appa@hcde-texas.org

5. **WATCH:** If you make any changes to the PA at any time, it will revert to the originator.

6. Division personnel are responsible for verifying that funds are available in the budget before initiating a Payment Authorization. If **no funds are available**, A-PAY Staff will notify you to make the transfer prior to the processing.

7. Only the Budget Manager/or an **authorized designee** can approve, sign Payment Authorizations. Budget managers should ensure that the signature authorization form has always been updated.

8. Once this information is complete it will automatically be sent over to the Accounts Payable email appa@hcde-texas.org for processing. AP staff will monitor the emails received and begin the process of verifying, check documents, and signatures necessary for payment. Should the form need correction it will be sent back to the originator and the routing process for signatures will begin over. It is important that the originator ensures Budget information, signatures, and attachments are correct to prevent any delays in payment.

9. The following documents must accompany a payment authorization, if applicable, before processing:
 - Invoice/ receipt signed, dated, and **“OK to Pay”** must be added to the invoice.
 - Invoice Can include:
 - Registration forms (original & 1 copy)
 - Application for renewals/ permits (original & 1 copy)
 - Subscriptions
 - Billing receipts
 - Hotel confirmations
 - Copy of notices or advertisements
 - Verification checklist

- *Copy of contractor's contract or proposal*
- *PA must include RFP # or other means of procurement (i.e. Quotes)*

10. *Accounts Payable processing is every Friday and we ask that all divisions have invoices ready for payment to Accounts Payable by 12:00 p.m. on Wednesdays.*

If you have any additional questions, please contact Accounts Payable Division at accountspayable@hcde-texas.org or appa@hcde-texas.org .

<p>SUBJECT: Purchase Orders</p>		

Purpose

To provide guidelines for processing payments prepared on purchase orders

Procedure

Purchase Orders are processed from an approved requisition entered in Pentamation. Division personnel are responsible for verifying that funds are available in the budget line item and a current contract exist on file **before** initiating a requisition. Each requisition requires at least two (2) days for processing after approvals. All approvals and required documentation must be received in the Purchasing Department before a Purchase Order is processed. Employees are prohibited from ordering / receiving purchases that have not been converted into a Purchase Order. After a Purchase Order has been processed, the Purchasing Department will forward the Purchase Order to Accounts Payable for processing payment. **ALL PAYMENTS WILL BE EXCHANGED IN US DOLLARS, CANADIAN DOLLARS AND OTHERS ARE NOT ACCEPTABLE.**

Authorized Signatures-Only the Budget Manager / authorized designee can approve / sign invoices. Budget Managers should ensure that the signature authorization form is always updated.

Types of Purchase Orders

- One-time Purchase Order
A one-time purchase order is processed when purchases are made or services are requested, ordered, received, paid, and closed in a short period of time. This is the most common type of purchase order that HCDE utilizes. Items listed on the purchase order cannot be exchanged for a different item once the purchase order is issued.
- Open or Blanket Purchase Order
An open or blanket purchase order is processed when a specific amount of money is encumbered to cover expenditures that are usually paid monthly. Examples are utilities, contractors, lease payments, etc. Divisions are responsible for forwarding all changes in contract prices to Accounts Payable.

It is the responsibility of the division to monitor all open or blanket purchase orders. When all monies are spent on the purchase order the purchase order will be closed.

Delivery Options

Merchandise delivered to the Warehouse (6005 Westview)

When there is a delivery to the Warehouse, the merchandise will be delivered to your division by Facilities personnel. You will be required to sign off on the receipt of the delivery. Please review your order for accuracy. All **technology purchases** must be delivered to the Warehouse for inventory clearance. Once invoices are received in Accounts Payable, a copy will be forwarded to the appropriate division personnel for approval.

Merchandise delivered to all other locations

Once merchandise is received in the division or at a requested location other than the Warehouse, division personnel should immediately review and verify merchandise against the packing slip(s). For future reference, please retain a copy of the packing slips for your records. Accounts Payable will forward the invoice for confirmation of delivery and approval for payment. **Please include the PO number on the approved invoice(s).**

If partial shipment is received, please notify Accounts Payable. When you receive the invoice for approval, make a notation on the invoice of all items not received.

NOTE: Merit awards, student awards and other educational related awards have a dollar threshold of \$49.00 per item. All awards should be age appropriate. Purchases should never contain any mature or adult content or contain a "R" or "M" rating on audio/visual materials.

What to do when funds are unavailable (exceeds budget balance)?

- (1) Contact your budget manager or designee.
- (2) Initiate a budget transfer and forward to the Business Office.
- (3) Confirm that the budget transfer was processed and:
- (4) Notify an Accounts Payable specialist after the budget transfer/amendment has been processed

Note: A payment will not be processed when funds are unavailable.

Processing Deadlines and Check Distribution

Checks will not be held for pickup unless prior approval has been given by the Asst. Superintendent of Business Services or the Chief Accounting Officer. Notification will be given if any changes are made to a scheduled date specified on the Business Services Calendar.

Accounts Payable Process for Payments submitted on A PURCHASE ORDER

1. Accounts Payable receives a copy of the signed Purchase Order /contract if applicable from Purchasing.
2. Accounts Payable receives the invoice from the vendor.
3. Accounts Payable matches the invoice to the Purchase Order.
4. Accounts Payable forwards the invoices to the division budget manager for review and approval.
5. Once reviewed, the budget manager signs, "OK TO PAY" on the invoice and returns it to Accounts Payable for processing. The "OK TO PAY" certifies that the items or services listed on the invoice has been received in full unless otherwise noted.
6. AP enters the payments in two batches, one is for payment less than \$2,500 and the other is for payments \$2,500 and above noted with the appropriate Business Office reviewer for grants and accounting.
7. Batches are reviewed and proof read by an AP Specialist who did not enter the batch in the system to ensure accuracy of invoice numbers, correct vendor and amounts.
8. The Accounting Manager reviews all batches to confirm budget manager signatures, "OK TO PAY" and supporting documentation including current signed contracts, if applicable.
9. Batches are forwarded to the appropriate Grant Accountant or Senior Accountant to verify accountability, allowable goods and services and funds availability.
10. Batches are then forwarded to the Chief Accounting Officer for review and approval.
11. All batches over \$2,500 are forwarded to the Assistant Superintendent of Business or designee (Chief Accounting Officer) for approval.
12. Batches are returned to the AP Specialist for processing.
13. The Processing for checking printing includes the following for both POs and PAs.

 - b. The signing authority is for the Superintendent and the Board President. The Assistant Superintendent for Business is also authorized. Two signatures are required to be included on the check.
 - c. Batches are released and processed. Checks are printed, match with supporting documentation, if any, and mailed. If the vendor is on direct deposit, a voucher will be emailed.
 - d. All checks processed in the amount of \$15,000 and over must be manually signed by the Assistant Superintendent of Business prior to releasing the checks.
 - e. Each AP Specialist sends a Positive Pay file (checks) and the EFT file (direct deposit) to the bank for the total amount of the batches processed.
 - f. A Verification Checklist form is signed by the AP specialist and a verifier (usually another AP Specialist) for the submission of the Positive pay file and the EFT file.
 - g. The Verification Checklist is then given to the Accounting Manager to verify that the Positive Pay file and the EFT files have been submitted electronically to the bank with the correct amounts.

14. The Accounting Manager reviews the amounts from each of the batch totals then forwards the verification checklist with the totals to the Sr. Accountant for the release of the EFT files and to transfer the total amount of the batches (checks and EFT) to the Accounts Payable cash account.
15. Once processed, the Sr. Accountant returns the Verification Checklist and the file totals summary sheet(s) to the Accounting Manager.
16. The Accounting Manager verifies the transfer of funds and the release of the EFT files.
17. The Accounting Manager signs off on the transfer form then forwards it to the Jr Accountant for the end of the month cash reconciliations.

DATE DEVELOPED: 03/22/06		REVISED DATE: 07/17/2019
SUBJECT: Travel Reimbursements (Out of County or State)		

Purpose

To provide guidelines for processing reimbursements for employee travel expenses.

Travel expenses incurred by an employee who travels on business on behalf of HCDE outside the area of the employee’s principal work site or home are considered reimbursable expenses. Budget Managers are responsible for verifying funds are available before approving each request for travel reimbursement. All travel reimbursements are subject to review and final approval by the Business Office. **ALL PAYMENTS WILL BE EXCHANGED IN US DOLLARS, CANADIAN DOLLARS AND OTHERS ARE NOT ACCEPTABLE.**

In order for travel reimbursements to be excludable from employee’s wages, the expenses incurred must be ordinary and necessary while traveling overnight away from home and meet the accountable plan rule requirements (see below). Travel reimbursement expenses that are reviewed and do not meet the accountable plan rule will be processed under the non-accountable plan rule and the incurred expenses may be included in the employee’s wages subject to payroll taxes.

Effective September 1, 2011, all travel reimbursements paid from **General funds** must be submitted within 30 days after the last date of travel and before September 15 of each fiscal year. Travel reimbursements submitted after the current fiscal year may be forfeited. Out of County Travel

All expenses related to out of county travel must be approved by the budget manager or designee. The designee for each division must be on the signature authority form as an alternate signer. A request to attend form must be completed, signed and approved with the original travel reimbursement form. If an employee is no longer employed with HCDE, a

payment authorization form must be submitted with supporting documentation for processing a reimbursement.

Out of State Travel

Travel out of state must be approved by the Superintendent or designee. The designee or alternate signer must be on the signature authority form. A request to attend online form must be completed, signed by the employee and the budget manager and submitted to the Superintendent or designee for approval before any travel arrangements are made and all travel reimbursement requests upon return must be approved by the Superintendent.

Authorized Signatures-Only the budget manager or authorized designee is allowed to approve and sign a travel reimbursement form, unless otherwise noted. Budget managers should ensure that the signature authorization form is updated at all times.

Accountable Plan Rule:

All travel expenses are excludable from wages under the accountable plan rule if all of the following requirements are met:

- There is a business connection
- Accounting for expenses is met by substantiation (employee is able to provide the amount, date and time, place and business purpose) of the expenses with receipts
- Excess monies are returned within a reasonable time (advances only)

If the above requirements are not met, all expenses will be processed under the non accountable plan rules, included in wages and subject to payroll taxes.

Meal Expenses

Meal expenses are reimbursed on a per diem basis. Meal expenses incurred on full travel days associated with overnight travel are considered substantiated without receipts if the expenses are equal to the per diem rate and accompanied by a full agenda. Out of State meal expenses will be paid at the federal rate in accordance with the CONUS per diem guideline for that state/county.

Meal expenses that are approved and do not require an overnight stay may be reimbursed. However, non overnight stay meal reimbursements will be processed through payroll and the reimbursed amount will be subject to applicable taxes. Employees must provide adequate documentation verifying the time, place and business purpose for each meal reimbursement request.

Travel reimbursements for transportation expenses incurred, require substantiation and itemized receipts. Refer to the Official Rate Guide for determining reimbursement basis.

Employees are expected to avoid all cancellations by calling the respective hotel before the deadline

Employees will not be reimbursed for these types of expenses unless deemed necessary and reasonable for the business agenda and approved by the budget manager. Examples of express services may include but not limited to airport express check-ins, late check-out of the hotel, etc.

Estimated rental costs should appear on the request to attend form to confirm approval. Employees should not purchase additional rental vehicle insurance since HCDE has coverage for Hired Car Damage. If additional insurance is purchased, the employee will not be reimbursed.

Employees should request vehicles that will accommodate the number of passengers plus luggage according to the rental agency recommendation. For example, if you are traveling with 6 passengers, request a vehicle that will accommodate 6 passengers plus luggage. This may require a vehicle larger than a mid-size car.

Hotel Reservation insurance/refund coverage

HCDE will reimburse employees for the cost of insurance if deemed necessary, reasonable and allocable for valid reasons, if the hotel reservation needs to be changed due to itinerary changes or cancellations. Adequate documentation must be provided to ensure support for the expenditure such as receipts, credit card / bank statements if used for payment, and actual receipts. The cost of insurance must be included in the "Request to Attend" and prior approval is required. Employees should make every effort to ensure that hotel accommodations are made with anticipation (preferably 30 days or more) to take advantage of the discounted rate. Employees are expected to avoid all cancellations by calling the respective hotel before the deadline.

Accounts Payable will only reimburse the employee for the first checked bag fee that is assessed. Any additional baggage or overweight baggage fees will be the responsibility of the traveler.

Commute Miles

Commute miles refer to miles driven from your personal residence to your principal or regular work location(s) during or after work hours, whether required or not by the employer. Therefore, if you are scheduled to travel to a conference in your personal vehicle, you do not have to deduct commute miles. Nor do you have to deduct commute miles if you are scheduled to depart from your home to the airport.

You must reduce the quarters based on all meals provided. The reason must be health related or due to a scheduled business meeting. All approved exceptions must be substantiated with documentation. **Note: The reduction of quarters on meals provided does not include private vendor related parties and/or events.** A FULL agenda of the conference must accompany all travel reimbursements.

Tips for Business Meals

Any meal expenses purchased for meetings, conferences or trainings are allowable up to a maximum of 15% gratuity in restaurants and up to 10% for delivery drivers. Gratuities paid over the 15% maximum must accompany an itemized receipt that shows the gratuity amount charge by the restaurant.

Food (non-employees)

All food reimbursements for non-employees (students, parents, etc.) are allowable but are reimbursed up to the current per diem rate or as authorized by the budget manager or as allowed by grant regulations. Actual and itemized receipt must be submitted with travel reimbursement.

Step Three: This section requires the proper budget codes. The amounts must equal to the expenses above and it is the division's budget managers responsibility to verify funds are available for approval. Each line item must have sufficient funds available or this document will not be processed.

Summary of Current Texas Travel Reimbursement Guidelines

Mileage, lodging, and meal reimbursement rates published by the Texas Comptroller of Public Accounts apply to all grants funded by TEA for individuals on travel status.

Mileage

Travelers are required to calculate mileage by one of the following two methods:

- Odometer reading (point-to-point method)
- Electronic mapping source (such as that on Google Maps or any other online mapping service). Best practice to successfully pass a travel audit when using this method is for the traveler to print out the driving directions provided by the site and attach them to the travel voucher or maintain other appropriate documentation.

Travelers are required to select the shortest and most economical route but may justify the selection of another route if it was chosen for safety reasons and specific justification of the selection is given.

To assist employees in documenting their travel, some districts have developed mileage charts listing the distance between various duty points within the district. Such a chart should be developed in accordance with local policy and must be based on one of the two approved methods of mileage calculation (odometer reading or electronic mapping source). Travelers whose districts have developed such a chart are not required to calculate their mileage by either the odometer reading or electronic mapping source method; reference to the district's mileage chart is sufficient.

Meals and Lodging

The following maximum meal and lodging reimbursement rates apply to in-state and out-of-state travel.

- If local policy restricts travel, per diem, and other travel expenses to a rate less than state law, the applicant must budget and request reimbursement from the grant *at the lesser rate*.
- If local policy exceeds the maximum reimbursement rate published by the Texas Comptroller of Public Accounts (as specified in the General Appropriations Act), then the difference must be paid from state or local funds and not from grant funds.
- *Travel allowances*, in which the per diem is paid to the employee regardless of the amount actually expended, are not allowable.

Tips and Incidental Expenses

Tips and gratuities are not eligible for reimbursement from grant funds.

Incidental expenses that are incurred during travel may be eligible for reimbursement. The incidental expense must be job-related, and local policy must specify that incidental expenses are eligible for reimbursement from grant funds while employees are on grant-related travel.

In-State Travel

The US General Services Administration (GSA) publishes the [per diem rates](#) that Texas uses for reimbursement of meal and lodging expenditures. Because the reimbursement rates can change, it is recommended that travelers print the page when making reservations and submit the printout with the travel reimbursement voucher as a supporting document.

Access meal and lodging reimbursement information and rates through the [Texas State Comptroller's website](#).

Non-Overnight Meals

In accordance with local policy, an employee whose duties require the employee to travel outside the employee's designated headquarters, without an overnight stay away from the employee's headquarters, may be reimbursed for the actual cost of the employee's meals, not to exceed the maximum rate listed on the Texas State Comptroller's website. In the absence of a local policy, no reimbursement shall be made from the grant for this purpose.

Reimbursement for non-overnight meal expenses is considered income and must be included on the employee's W-2 form as part of the employee's taxable wages.

Travel must begin at one duty point and end at another. Regardless of when the travel occurs, mileage to and from the employee's home or location other than a duty point is not allowable to be charged to the grant.

"Designated headquarters" is defined as the area within the boundaries of the city or town in which a traveler's place of employment is located. *Travel must take the employee outside designated headquarters for more than six consecutive hours. The cost of meals for travel lasting less than six consecutive hours is not allowable to be charged to the grant.*

Applying Meal Funds to Lodging Reimbursement

For both in-state and out-of-state travel, the traveler may apply funds available for meal reimbursement (up to the rate specified on the GSA's [Per Diem Rates](#) page) toward lodging. For instance, if the traveler chooses to stay in a hotel that costs \$10 more a night than the allowable maximum for lodging, the traveler can apply \$10 of the maximum available for meal reimbursement toward the lodging rate. If the traveler chooses to apply meal reimbursement to lodging, the maximum meal reimbursement rate is reduced by the same amount (applying \$10 of the meal reimbursement to lodging would reduce the meal reimbursement by \$10).

NOTE: The opposite case does not apply; that is, a traveler may *not* reduce the amount spent on lodging and increase the amount spent on meals. Under no circumstances may a traveler be reimbursed from grant funds for meals at a rate that exceeds the rate given on the GSA's [Per Diem Rates](#) page.

Out-of-State Travel

An employee who travels within or outside the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements out of grant funds may not exceed the maximum meals and lodging rates based on federal travel regulations that are issued by the Texas Comptroller of Public Accounts. (See instructions for locating online federal meal and lodging rates given in the "In-State Travel" section, preceding.)

If local policy reimburses at a *lesser* amount, you must comply with local policy. If local policy reimburses at a *greater* amount, you must pay the difference from local or state funds and not from grant funds.

Hotel Taxes

School districts are usually exempt from Texas state sales tax on lodging but are not exempt from any city taxes or other taxes imposed for lodging. Employees may be reimbursed for applicable taxes.

Travel Allowances

Travel allowances for in-state and out-of-state travel, in which the traveler receives a flat per diem for lodging and/or meals, regardless of the actual amount expended, are *not allowable* in Texas. Grantees must adhere to the guidelines stated above in lieu of a travel allowance.

Travel Documentation

Travel costs must be properly documented to be reimbursable. The employee must document travel costs with a travel voucher or other comparable documentation. Auditable documentation must include the following at a minimum:

- Name of the individual claiming travel reimbursement
- Destination and purpose of the trip, including how it was necessary to accomplish the objectives of the grant project
- Dates of travel
- Actual mileage (not to exceed reimbursement at the maximum allowable rate)
- Actual amount expended on lodging per day, *with a receipt attached* (may not exceed the maximum allowable)
- Actual amount expended on meals per day (may not exceed the maximum allowable; tips and gratuities are not reimbursable)
- Actual amount expended on public transportation, such as taxis and shuttles
- Actual amount expended on a rental car, *with a receipt attached* and justification for why a rental car was necessary and how it was more cost effective than alternate transportation; receipts for any gasoline purchased for the rental car must be attached (mileage is not reimbursed for a rental car—only the cost of gasoline is reimbursed)
- Actual amount expended on incidentals, such as hotel taxes, copying of materials, and other costs associated with the travel
- Total amount reimbursed to the employee

Travel costs that are not supported by proper documentation as described above are not allowable to be charged to TEA grants and are subject to disallowance by state and federal auditors and monitors.

If you have any questions about these travel reimbursement rates that apply to all TEA grants, please email grants@tea.texas.gov.

Proof of insurance is required before a mileage reimbursement request may be processed. **Employee's name must appear on the document for proof of insurance.** It is the employee's responsibility to ensure that the insurance is current.

Commute Miles

Commute mileage is the distance an employee drive from their residence and:

- (1) Their regular place of work-sometimes referred to as 'home base';
- (2) The first assignment of the day (where an employee starts work at different locations on different days of the week);
- (3) Each assignment if an employee works a split shift or
- (4) The first assignment when an employee telecommutes, and their residence is the worksite.

Commute miles must be deducted on day trips. This cost is a personal commuting expense and **will not** be reimbursed-regardless of how far an employee's home is from their regular worksite.

If an employee works during his or her commute, commute mileage remains non-reimbursable. for example: Engaging in a business phone call during your commute does not change the trip from personal commute to a business commute. Employees shall comply with state law with regards to using a cell phone while driving. State law states that **using a cell phone while driving in a school zone is prohibited.**

If an employee has been directed to make a stop at a location to conduct business (pickup supplies or materials) on behalf of HCDE, those miles must be included in the total traveled miles. The employee should record mileage starting from his or her place of residence.

Telework Miles

Employees who have a telework agreement on file with Human Resources and are required to travel from their residence while teleworking to a meeting may have mileage reimbursed only after deducting the normal commute miles. For further information on teleworking and the telework agreement, please refer to the Teleworking Procedure located on the HCDE Portal in Human Resources procedure folder.

Travel Allowance

All employees receiving a travel allowance shall not submit a reimbursement request for in county mileage.

Processing Deadlines

Mileage reimbursement submitted through TMS are processed weekly provided that there were no TMS processing errors.

<p>DATE DEVELOPED: 03/26/06 REVISED DATE: 08/12/2020</p>		
<p>SUBJECT: Tips & Gratuities</p>		

Purpose

To provide guidelines for reimbursement for tips and gratuities during business meetings on behalf of HCDE.

Procedure

A tip is always optional; it is intended to reward good customer service. On the other hand, HCDE employees have a fiduciary responsibility to be prudent regarding the use of public funds.

Employees may give tips in excess of the established guidelines, but only the maximum amounts will be reimbursed as authorized in this procedure.

Tips for Meals:

For the purpose of business meetings, HCDE allows up to a maximum of **15% of the meal expense as a gratuity to the waitperson for excellent service.** Gratuities established by a restaurant for parties over a certain number of persons are allowable and will be reimbursed in full providing that the request for reimbursement accompany documents and or receipts that substantiates (time, date, purpose and a list of the attendees) the business meeting. For example, if an establishment assesses an 18-25% gratuity (usually for larger parties) the employee will be reimbursed for the total of the bill.

Tips for Catering/Food Delivery:

The delivery fee for food often covers the expenses for delivery such as vehicle fuel and use, insurance expense and 'to go' supplies (containers, etc.) and not a gratuity for the delivery person. HCDE allows a maximum of **10% of the food total** to be paid for catering/food delivery expenses. For example,

Invoice total:	\$ 75.00
LESS Delivery fee:	<u>- 10.00</u>
Food Total:	\$ 65.00

Maximum allowable tip: \$ 6.50

Other tips or gratuities:

Reimbursements for tips/gratuities for the following services are considered personal services and are unallowable for reimbursements:

- maid service
- valet parking
- taxi/shuttle/ground transportation
- baggage handler
- bell hopper
- rest room attendant
- concierge services

Purpose

To provide guidelines for processing checks dated after 90 days.

Procedure

Checks issued by Harris County Department of Education for payment of goods and services, reimbursements and other considerations may be voided after 90 days from the date of issuance. The Business Office will review all checks that have not been presented for payment within 90 days from the date of issuance and send a **final** “request for replacement check form” to the payee.

Payees must complete the replacement check request form before a replacement check can be processed. If no response is received within 30 days of the final replacement check notice, checks may be submitted to the State of Texas Comptroller’s office as unclaimed property.

SUBJECT: Replacement Checks		

Purpose

To provide guidelines for initiating replacement checks processed through Accounts Payable.

The Accounts Payable staff should be notified immediately of lost checks. There is a 7-business day waiting period after the issuance date before a replacement check may be processed. Accounts Payable staff will verify the status of the check with the bank and if necessary, place a stop payment status. If a check is determined to be stolen or cashed without the authorization of the payee, HCDE will contact the bank for further instructions.

Suspected Fraud

Vendors who report their checks to be cashed without their knowledge will be required to complete a bank affidavit. HCDE will not reissue a check until 30 days after the notice of incident.

<p>SUBJECT: Texas Sales & Hotel Occupancy Tax</p>		

Purpose

To provide guidelines for Sales & Hotel occupancy taxes

Procedure

All purchases should be planned for and made through the regular procurement channels using a Payment Authorization or a Purchase Order. Employees of HCDE are discouraged from personally making purchases of business supplies. However, the occasional case of an employee making a purchase of supplies on their P Card on behalf of the Department with prior authorization by the supervisor is acceptable. Employee should complete a tax exempt form for purpose of excluding taxes.

Texas Sales Tax

Harris County Department of Education has been exempted by the State Comptroller's Office from paying Texas Sales Tax under Chapter 303, Local Government Code. HCDE employees are NOT exempt from paying the sales tax of other states.

EXHIBIT 1, TEXAS SALES AND USE TAX EXEMPTION CERTIFICATIONS may only be used for business purchases; *personal use is strictly forbidden*. TEXAS SALES AND USE TAX EXEMPTION CERTIFICATION forms are available on the 'HCDE portal' for the purpose of claiming this exemption. Presenting the form to a merchant will prevent you from being liable for paying sales tax.

The exemption certificate does not need a number to be valid; however, you may provide the eleven-digit HCDE Texas taxpayer identification number #17460012150 if the seller requests it.

Employees who have obtained prior approval from their supervisor for the purchase may complete, sign and date the TEXAS SALES AND USE TAX EXEMPTION CERTIFICATION form. The phrase to use following 'Purchaser claims this exemption for the following reason:' is: *Harris County Department of Education is a local governmental entity.*

Employees should follow the instructions above and make every effort to avoid the payment of Texas sales tax. Otherwise, the Assistant Superintendent for Business Services will make the decision of whether or not to reimburse the employee for sales tax paid.

A reasonable facsimile of **TEXAS SALES AND USE TAX EXEMPTION CERTIFICATION** is shown on the following page.

TEXAS SALES AND USE TAX EXEMPTION CERTIFICATION

Name of purchaser, firm or agency Harris County Department of Education

I, the purchaser named above, claim an exemption from payment of sales and use taxes (for the purchase of taxable items described below or on the attached order or invoice) from:

Seller: _____

Description of items to be purchased or on the attached order or invoice:

Purchaser claims this exemption for the following reason:

I understand that it is a criminal offense to give an exemption certificate to the seller for taxable items that I know, at the time of purchase, will be used in a manner other than that expressed in this certificate and, depending on the amount of tax evaded, the offense may range from a Class C misdemeanor to a felony of the second degree.

	Purchaser	Title	Date

NOTE: This certificate cannot be issued for the purchase, lease, or rental of a motor vehicle.

THIS CERTIFICATE DOES NOT REQUIRE A NUMBER TO BE VALID.

Sales and Use Tax "Exemption Numbers" or "Tax Exempt" Numbers do not exist. This certificate should be furnished to the supplier. Do **not** send the completed certificate to the Comptroller of Public Accounts.

Hotel Occupancy Taxes

For the purposes of the hotel occupancy tax exemption, the State Comptroller considers HCDE a local government entity; therefore, HCDE is **NOT** exempt from paying hotel occupancy taxes. Hotel occupancy tax is NOT the same as Texas Sales tax.

Employees should NOT fill out hotel occupancy tax forms at the hotel, motel, condominium or bed and breakfast at which they are lodging while traveling on HCDE business.

The Harris County Department of Education Public Facility Corporation (HCDE-PFC) has been exempted from paying hotel occupancy tax; however, there are no employees of the HCDE-PFC. The HCDE-PFC is an entity separate from Harris County Department of Education; it has its own tax identification number.

There may be as many as four sources of hotel occupancy taxes levied on your hotel bill: state, county, city, and community venue tax.

Hotel Occupancy Tax **Frequently Asked Questions – FAQs**

Who has to collect hotel taxes? A hotel's owner, operator, or manager must collect hotel taxes from their guests. The tax covers hotels, motels, and bed and breakfasts, as well as condominiums, apartments, and houses rented for less than 30 consecutive days. Hotel tax does not apply to condominiums, apartments, and houses leased for more than 30 consecutive days.

What is the hotel tax rate? The state hotel tax rate is 6%. Cities and some counties can each levy local hotel taxes, generally at rates varying up to 7%; sports and community venue projects can levy hotel taxes at rates varying up to 2%, except for Dallas County which can impose a hotel venue tax at a rate of up to 3%.

For example, in Houston there is 6% state tax, 7% Houston tax, 2% Harris County tax and 2% Harris County-Houston Sports Authority tax.

Is there hotel tax on meeting or banquet rooms? The 6 percent state hotel tax applies to any room or space in a hotel, including meeting and banquet rooms. Local hotel taxes, however, are due only on those rooms ordinarily used for sleeping.

There are no state or local hotel taxes on meeting and banquet rooms located in a building where no sleeping accommodations are provided.

Who is exempt from paying state and local hotel taxes? The following organizations and individuals do not have to pay hotel tax:

- the U.S. government and its employees traveling on official business;
- foreign diplomats issued a tax exemption card by the U.S. Department of State, unless the card specifically excludes hotel tax;
- certain Texas state officials with special hotel tax exemption cards (includes heads of state agencies, members of state boards and commissions, judicial officials at the district court level and above, state legislators, and legislative employees);
- **permanent residents, that is, guests who occupy a room for at least 30 consecutive days; any interruption in the term of occupancy will void the exemption (guests who stay 30 or more days and notify the hotel in writing of their intention beforehand are exempt from the day of notification, while guests who do not notify the hotel must pay the tax the first 30 days and are exempt thereafter);**

- some nonprofit entities and their employees traveling on official business; the entity must have received a hotel tax exemption letter from the Comptroller's office and the reason for the exemption must be written on the exemption certificate, for example, "exempt per Electric Cooperative Act, Utilities Code, Chapter 161" or "exempt per Telephone Cooperative Act, Utilities Code, Chapter 162."

Who is exempt from paying only the state hotel tax? Religious, charitable, and educational organizations (defined in Comptroller [Rule 3.161](#)) that have received a letter of exemption from the Comptroller's office are exempt from the 6% state hotel tax. The exemption extends to their employees traveling on official business, but does not apply to any local hotel taxes, which must be paid.

- Exempt religious organizations include nonprofit churches and their guiding or governing bodies, but does not include missionary organizations, Bible study groups, or churches made up only of family members.
- Charitable organizations include nonprofit organizations whose sole purpose is to provide food, clothing, drugs, treatment, or shelter directly to indigent and needy persons. Not included are 501(c)(3) not-for-profit corporations, social groups, professional or business groups, fraternal organizations, or similar organizations.
- Educational organizations include independent school districts, public and private elementary and secondary schools, and Texas institutions of higher education (public and private colleges, universities, junior colleges, and community colleges). ***Not included are research organizations, home schools, and organizations that mainly provide support services to schools. (Italics added for emphasis.)***

Are third-party contractors working for the federal government exempt? No, third-party contractors completing contracts for the government or using federal grant money are not exempt and must pay state and local hotel taxes.

Are local government agencies and their employees exempt from hotel taxes? No, county and city agencies and their employees must pay state and local hotel taxes, and cannot request refunds of taxes paid.

For the online list of organizations that have received a letter of hotel tax exemption, visit the Comptroller's [Exemption Search](#).

APPROVED DATE: January 23, 2013 REVISED DATE:		
SUBJECT: Cellular and Smart Phone Allowance		

Harris County Department of Education (HCDE) recognizes that the performance of certain job responsibilities may require use of a cellular (cell) phone or smart phone. HCDE offers a cell phone allowance to employees whose duties and responsibilities require them to carry a cell phone.

Employees who hold positions that include the need for a cell phone (see eligibility criteria below) may receive a cell phone allowance to compensate for business-related costs incurred when using their individually-owned cell phones. The allowance shall cover phone usage that is reasonably related to the needs of the Department. Simple convenience is not sufficient criterion and does not justify the need for a cell phone allowance.

Eligibility

Employees whose job duties include the frequent need for a cell phone may receive a cell phone allowance. An employee is eligible for an allowance if at least one of the following criteria is met:

- The job function of the employee requires considerable time outside of the assigned office or work area and it is important to the Department that the employee be accessible during those times;
- The job function of the employee requires the employee to be accessible outside of scheduled or normal working hours;
- The job function of the employee requires the employee to have wireless data and internet access outside of scheduled or normal working hours; and/or
- The employee is designated as a “first responder” to emergencies.

An employee who occasionally requires a cell phone for business purposes is not eligible for an allowance; however, the employee may submit an itemized record of these expenses for reimbursement. In general, non-exempt employees are not eligible for a cell phone allowance without demonstrable need for an allowance being provided and approved by the Superintendent. Employees who are issued an HCDE cell phone or smart phone are not eligible for an allowance.

Approval of Allowance

Division directors are responsible for identifying employees who hold positions that include the need for a cell phone. Each division is strongly encouraged to review whether or not a cell phone or smart phone device is necessary for the position, and to select an alternative means of communication when such alternatives would provide adequate and a less costly expense to the Department.

A cell phone allowance may be requested and approved by the division director by submitting a written recommendation to the Superintendent. The recommendation shall include justification related to the business need for the employee to have a cell phone for the employee’s assigned position. The division director’s Executive Team member must also concur with the division director’s recommendation.

Cell phone allowances are funded by the division submitting the request.

Payment

The cell phone allowance is paid through payroll and is included in the employee's check or direct deposit. The allowance is reflected as a separate line item on the employee's pay voucher. This allowance does not increase the employee's base salary; nor is it included in the calculation of any Department benefits. Additionally, it is not considered part of the base pay used for calculating percentage salary increases. The allowance is taxable.

The cell phone allowance amount is determined each fiscal year based on the employee's approval for an allowance to cover both cell phone and data services; cell phone services only; or data services only. A standard rate is determined by the Department based on the service level approved, and the rate may change in any given fiscal year.

Employee Responsibilities

The employee is responsible for purchasing a cell phone or smart phone device and for establishing a service contract with the cell phone provider of the employee's choice. The cell phone contract is in the name of the employee, who is solely responsible for all payments to the service provider. The employee purchases cellular phone service and equipment; determines plan choices, service levels, calling areas, service and phone features; and accepts termination clauses and payment terms.

HCDE does not accept any liability for claims, charges, or disputes between the service provider and the employee.

An employee receiving a cell phone allowance must be able to show, if requested by the employee's supervisor, a copy of the monthly plan charges and business-related use. If the employee terminates the cell phone plan or contract at any point, then the employee must notify the supervisor within five (5) business days to terminate the allowance.

Review Requirements

The Division Director is responsible for an annual review of the business need for a cell phone allowance to determine if the allowance should be changed or discontinued. If the allowance requires either change or discontinuation, then the Division Director shall provide the Human Resources division with such written notification. The Division Director may cancel the phone allowance at any time and for any reason, as deemed appropriate by the director.

Cancellation

The cell phone allowance shall not be considered permanent or guaranteed. An allowance agreement will be immediately cancelled if an employee receiving a cell phone allowance terminates employment with the Department. Any such allowance will also be cancelled if an employee changes positions and is no longer eligible for the allowance.

If the allowance is cancelled, then the employee remains responsible for any contractual obligations related to the employee's cell phone plan and any payments due to the cell phone provider.

Re: Travel Reimbursement Rate Decrease

Effective January 1, 2021 Mileage Reimbursement Rate Decreases. Please reference the new decrease as published by the Texas Comptroller of Public Accounts.

- Effective Jan. 1 to Dec. 31, 2021, the maximum mileage reimbursement rate for state employee travel in a personal vehicle will decrease to 56 cents per mile (down from 57.5 cents in 2020). This rate is consistent with the Internal Revenue Service's standard mileage rate.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CH (LOCAL) CH (LEGAL)
DATE DEVELOPED: 03/26/06		REVISED DATE: 06/03/2019
SUBJECT: Payment Authorizations		

Purpose

To provide guidelines for processing payments prepared on a Payment Authorization.

Procedure

A Payment Authorization is a request to process a payment for goods or services that have already been delivered. Each requestor is responsible for completing a Payment Authorization form and obtaining approval from the budget manager or an authorized person. **A Payment Authorization requires the original Payment Authorization-no faxed or scanned copies, the vendor number, the original invoice, receipt(s) and other supporting documentation before payment is processed. ALL PAYMENTS WILL BE EXCHANGED IN US DOLLARS, CANADIAN DOLLARS AND OTHERS ARE NOT ACCEPTABLE.**

Division personnel are responsible for verifying that funds are available in the budget before initiating a payment authorization. **Effective August 1, 2016, all contracted services invoices paid with a payment authorization requires the vendor contract to be attached to the payment authorization. At the minimum, please provide the term and compensation sections of the contract. This is necessary to determine that the purchase was competitive procured in accordance with CH Local and CH Legal.** Requestors are encouraged to retain a copy of the payment authorization with backup documentation for future references. All payment authorizations should be forwarded to the Business Office/Accounts Payable for processing.

Authorized Signatures-Only the budget manager or an authorized designee is allowed to approve and sign payment authorizations and invoices. Budget managers should ensure that the signature authorization form is updated at all times.

Authorized Transactions-The following transactions are authorized for payments on a payment authorization:

Payment Authorizations with no dollar limit restriction: (as required by agency and approved by supervisor)

- Credit card payments
- Grant payments to schools and school districts
- Payroll related payables (types of insurances). These payables should be coded to a balance sheet account not an expenditure account
- Permits
- Legal notices and advertisements
- Licenses
- Registration fees
- Subscriptions
- Membership dues
- Postage

- Travel expenses (prepaid airfare and hotel only)
- Temporary staffing services

Payment Authorizations with \$3,500 maximum limit:

- Catering and food for meetings
- Cell phone reimbursements
- Reimbursements for business meetings/luncheons
- Student fieldtrips (charter costs or admission costs)
 - Proper insurance must be reviewed by division manager and a copy of the insurance should be attached to the payment authorization form
- Payments to a vendor that does not accept purchase orders
- Personal reimbursements for items spent in accordance with the Employee Recognition Manual (located on the HCDE Portal under Human Resources)
- Minor equipment repairs
- All Contracted services charged to 62190000 (with contract attached)
- Non-employee reimbursements paid from 64XX
- Merit awards, student awards and other educational related awards have a dollar threshold of \$49.00 per item. All awards should be age appropriate. Purchases should never contain any mature or adult content or contain a “R” or “M” rating on audio/visual materials.

When in doubt, submit Purchase Orders instead of Payment Authorizations. All other expenditures not listed above require a Purchase Order.

Payment Authorizations submitted for items that require a Purchase Order will not be approved unless authorized by the Assistant Superintendent for Business Services. A request for payment of goods /services without justification and is in violation of the procurement policies will be returned to the requestor.

It should be noted that any payment requests above \$3,500 requires either three written quotes or be part of a current Job Number duly approved by the Board of Trustees. Any payment in violation of these guidelines may become a personal liability of the individual and/or the division manager. Also, payments made on a Payment Authorization that has \$2000 or more of labor services provided must have a contract to comply with the David Bacon Act.

According to CH Local <http://pol.tasb.org/Policy/Code/578>, all single items or cumulative expenditures amounting to \$50,000 are required to be pre-approved by the Board of Trustees prior to the cumulative purchases.

In order to meet this requirement, the Purchasing Office will submit to the Board of Trustees a monthly payment history report of all vendors with cumulative payments totaling \$50,000.

Division Managers are required to plan and notify the Purchasing Office of any planned purchases amounting to \$50,000 in a fiscal year so that these purchases are reported prior to the cumulative purchases.

Supporting Documentation

The following documents must accompany a payment authorization, if applicable, before processing:

- Original invoice or receipt signed and dated or stated “OK to Pay”
- Registration forms (original & 1 copy)
- Application for renewals/permits (original & 1 copy)

- Subscriptions
- Billing receipts
- Hotel confirmations
- Copy of notices or advertisements
- Verification checklist
- Copy of consultant's contract

Note: Reimbursements will not be processed without the receipts.

Form Completion

When preparing a Payment Authorization, the requestor should ensure that the form is complete, legible and accurate. To avoid duplication of vendors, requestors should refrain from using "nicknames" or acronyms. Vendor and consultant's name should reflect the name on the W-9. The requestor should provide a detail description, such as a black pen rather than an item number. A verification checklist should be attached to the Payment Authorization and the Payment Authorization should have the correct Remit to address for which payment should be mailed. Forward all Payment Authorizations to the Business Office for processing.

What to do when funds are unavailable (exceeds budget balance)?

If you were notified that your Payment Authorizations was not processed due to funds unavailable, follow the steps below:

- (1) Contact your budget manager or designee;
- (2) Initiate a budget transfer and forward to the Business Office;
- (3) Confirm that the budget transfer was processed and ;
- (4) Notify an Accounts Payable specialist after the budget transfer/amendment has been processed

Note: A payment will not be processed when funds are unavailable.

Processing Deadlines and Check Distribution

Payment Authorizations submitted on Tuesday by 12:00 noon will be processed on the following Wednesday provided that all submitted paperwork is complete, accurate and have not been returned. All checks will be mailed unless approved for pickup by the Asst. Superintendent for Business Services or the Chief Accounting Officer. Refer to the Business Services Calendar for check distribution dates.

Sales Taxes

The Department is exempt from sales taxes, but not hotel taxes. Payment Authorizations should not include sales taxes for payment or reimbursements to employees for purchases made for the benefit of the Department. For more information on HCDE tax exemption privileges, refer to the Texas Sales Tax exemption procedure.

Payroll

The Payroll Department is responsible for ensuring that all employees are paid accurately, timely and in accordance with all state, local and federal regulations.

<p>DATE DEVELOPED: 03/26/06</p>		<p style="text-align: right;">REVISED DATE: 08/10/16</p>
<p>SUBJECT: Payroll Distribution</p>		

Purpose

To provide guidelines on how employee's pay is processed.

Procedure

Employees are paid based on their classification (exempt or nonexempt) and the compensation package or contract. Employees are required to work the minimum number of hours or days to fulfill the contract agreement. Employees who work beyond the contract agreement must obtain prior approval from the division director. All employees will be paid according to the scheduled pay dates established by HCDE. Employees pay is processed via direct deposit.

Pay Distribution

All full-time employees are paid **1/24** of their annual salary each pay period. Part time employees are paid for hours worked two weeks behind based on an hourly or daily rate.

Standard Workweek

The Department's standard workweek begins on Monday and ends on Sunday.

Due Dates

All time and absences must be submitted to the Payroll Office via Time Clock Plus and/or on one of the Payroll processing exception forms every Monday by 4:00pm reporting for the prior work week.

Pay Frequency

The Department's pay frequency is **semimonthly**. All employees are paid on the 15th and at the end of each month. For a detail listing of pay dates, refer to the Employee Handbook or the Business Services Calendar.

Employee Classifications

Employees are classified as **full time** exempt or non-exempt. Part time hourly employees are classified as non-exempt. Employee classification is determined by the Human Resources Division.

Contract days

Full time employees are required to work at least the minimum number of days in accordance with their contract.

Extra duty and Above Contract pay

Non-exempt employees who are working extra-duty or above contract, must clock in and out of Time Clock Plus to record time worked. Exempt employees must complete and submit an approved Time Clock Adjustment form to the Payroll office every Monday by 4:00 pm. Employees must verify the job code with their manager to ensure that the correct budget code is

used to record time for a specific job. All above contract and extra duty pay rates must be approved by Human Resources.

Overtime Pay

All overtime pay will be processed on the following pay period after the work has been performed and the workweek as been closed. The time segment must be approved in Time Clock Plus before the week is closed and the required overtime form must be approved and submitted to the Payroll Office for processing.

For example: An employee works 2 hours overtime for the week of August 8-August 12, 2016. The workweek will be closed on Monday, August 15, 2016. Therefore, any overtime earned will be paid on the August 31, 2016 pay period.

Business Services Advisory

November 18, 2015

To:	All Budget Managers
From:	Business Services
Re:	New Reports-Payroll Distribution Reports

In an effort to assist you with grant management and personnel budgeting, particularly with employee's pay distribution, the Business Office will provide you with a report on a pay period basis that will list all of your employees including those who are split funded (paid from more than one budget code), for your review. The reports are set in the crystal reporting system to be emailed the 1st and the 15th of the month to the budget manager and the payroll contact for each division.

What you need to do?

When you receive the report, please review each employee on the list and the budget code(s) that the employee's pay is being paid from.

1. If the information is **correct**, please do the following:
 - a. Sign the report and forward it to your assigned Grant Accountant via email. Your signature certifies that the employees were paid from the correct budget code and no redistribution is needed.
2. If the information is **incorrect**, please do the following:
 - a. Correct the budget codes, sign the form and forward it to the Human Resources Division for processing before the next payroll so that the employee will be paid from the correct code in the future.
 - b. Contact the Business Services Division (your assigned Grant Accountant) to request a redistribution. The time and the account codes must be provided.

If all your employees are coded 100% to one code, you are not required to submit the signed reports on a pay period basis back to the Business Service.

If any of the employees are split coded (coded to more than one account code) you must submit the signed report on a pay period basis. The Staff Accountant is responsible for monitoring the submission of these reports.

Semi-annual certifications for 100% federal paid employees will continue to be submitted to Yolanda C. Davis. If you have any additional questions or concerns, please contact your assigned Grant Accountant.

Thank you.

<p>DATE DEVELOPED: 03/26/06 REVISED DATE: 08/16/2020</p>		
<p>SUBJECT: Submitting time worked and leave requests in Time Clock Plus</p>		

Purpose

To provide guidelines for submitting time worked and leave requests in Time Clock Plus.

Procedure

Effective April 1, 2015, all time and absence reporting must be submitted and approved through the automated timekeeping system-Time Clock Plus. Paper time reports and absence reports used to record time worked and absences are no longer acceptable as the official document for payroll processing, reporting and retention purposes. However, employees and managers must use the new HCDE payroll forms for submitting and approving employee’s time and absences that are considered **exception reporting** and for requesting to work overtime/comp. The HCDE payroll forms may be accessed on the Portal under the Time Clock Plus references.

Who is required to use Time Clock Plus?

All non-exempt (full and part time hourly, temporary and substitutes) employees must use the automated time keeping system for submitting all time worked and leave of absences. Employees are required to follow the procedures provided in the Timekeeping Guideline for submitting time worked and absences.

Exempt employees are not required to submit time worked through the automated time keeping system unless other instructions have been approved by Human Resources and/or directed by the Director of the division. All exempt employees are required to submit and obtain approval for all absences through Time Clock Plus.

Employees who are absent on extended leave are required to have time submitted in Time Clock Plus by his or her manager or an authorized person. Managers should enter a time segment in Time Clock Plus on behalf of the employee for each day until the employee returns to work. Managers should follow the instructions provided on the Leave Request instructions located on the HCDE portal. To ensure accurate reporting of an employee’s attendance, managers should use the job code 690 and provide a note for all employees on extended leave.

Official timekeeping documents

Time and absence reporting exported from Time Clock Plus will serve as the official and permanent payroll records. **Retaining a log or a record of additional hours worked that have not been submitted in Time Clock Plus and approved by a supervisor is prohibited.** Failure to comply may result in disciplinary action up to termination.

Authorized Signatures-Only the budget manager or authorized designee (usually supervisor or manager) is authorized to approve employee’s time worked and absences. Budget managers should ensure that the signature authorization form for their division is always updated.

Accounting and reporting time worked in Time Clock Plus

Time worked for non-exempt employees must be submitted through Time Clock Plus. Non-exempt employees must clock in, clock out for break (lunch) and clock out at the end of their scheduled workday. For purposes of efficient timekeeping, the timekeeping system has been configured to round to the nearest 15-minute increment to conform to HCDE policy. Leave is processed in 15-minute increments. **Employees are responsible for ensuring that all hours worked and absences are submitted accurately in Time Clock Plus each work day and should review their time reports at least twice each week to ensure that they have met the minimum number of hours required per work week.** All hours worked and absences must be approved by a supervisor or manager before 4:00 pm each Monday for the prior work week.

In addition, employees who work multiple jobs must ensure that they are using the correct job code at the beginning and ending of each shift. All incorrect entries submitted in Time Clock Plus must be edited and approved by a manager and accompany the appropriate exception reporting documents. The payroll staff cannot process time or absences without manager's approval.

Accounting for time away from work at conferences, meetings, and workshops

All non-exempt employees must submit time worked in Time Clock Plus for each workday. Attending conferences, meetings, and workshops away from the primary workplace constitutes hours worked. Managers may enter a time segment in Time Clock Plus for non-exempt employees for the specific time the employee is attending a conference, workshop, or meeting away from their primary workplace. Exempt employees do not require a time segment to be submitted in Time Clock Plus for attending conferences, workshops, or meetings away from the primary workplace unless otherwise directed by the Division Director.

Above Contract Pay

Employees who are working above contract must be approved. Exempt employees must complete a Time Clock adjustment form/Above Contract to record and submit above contract hours to Payroll for processing. Non-exempt employees who are approved to work above contract must record hours worked in Time clock Plus. Non-exempt employees must clock in and out as required for a regular scheduled workday. **Divisions that use the contract schedules in Time Clock Plus to adjust and or edit time schedules for employees are responsible for ensuring that the segments represent the actual time worked to avoid any overpayments or docks from employee wages.** All hours worked above contract must be approved and submitted to the Payroll Office every Monday by 4:00 pm for processing.

Missed Punches

A missed punch will be recorded in Time Clock Plus if an employee fails to Clock in or Clock out during a workday. If a missed punch occurs, employees should contact the division's verifier or manager immediately. **Also, when an employee clocks in after a missed punch has occurred, the employee should respond YES to the question asked "Do you want to record a missed punch."** Managers should follow the following steps to correct a missed punch:

1. Edit the segment to show the correct in or out time.
2. Right click on the segment and click on Approve the missed punch.
3. Right click on the segment and click on Approve and then management.

A consistent edit of missed punches may be cause for disciplinary action up to termination. Employees should refer to the Timekeeping Guidelines for details.

Conflicting segments

A conflicting segment is an error that will occur if an employee's clock in or clock out time overlaps the time submitted on an approved leave request. For example, if an employee clocks in at 8:00 am and previously submitted and received approval for a leave request on the same day from 10:00 am to 11:00 am but the employee did not clock out until 10:15 am, a conflict will occur. This will require a manager to edit the leave request to reflect the correct clock out time.

Reporting Overtime

All overtime must be approved prior to accumulating hours physically worked over 40 hours in a workweek (Monday-Sunday). Employees are prohibited from working beyond 40 hours in a workweek without prior approval. **NEW-Effective February 1, 2017 Overtime/Compensatory time approvals must be completed in Time Clock Plus. Paper approvals are no longer acceptable, unless circumstances disallow the approval. Please refer to the Overtime/Compensatory Time Reference sheet** for instructions on how to allocate overtime or compensatory time to an employee's time segment once the employee has physically worked over 40 hours in a workweek.

For purposes of calculating overtime **premium**, an employee must **physically** work 40 hours during a work week **not** a pay period. For example, if an employee works a total of 39 hours in the first week of a pay period and works 41 hours the second week, the employee will be docked for the 1-hour short in the first week, unless the employee uses accrued leave, and the employee will be paid one hour of overtime premium for the second work week in the pay period. An employee's time worked may not be averaged over 2 separate work weeks in considering overtime premium.

Split Work Week

An employee may not carryover hours worked from one work week to another to apply overtime unless there is a "**Split work week**". For example:

Jan 14 th	Jan 15 th	Jan 16 th	Jan 17 th	Jan 18 th	Jan 19 th	Jan 20 th
Mon	Tues	Wed	Thurs	Fri	Sat	Sun
10 hours	10 Hours	10 Hours	10 Hours	10 Hours		

Example: This employee worked a total of 50 hours Monday-Friday. However, because the pay period ended on Tuesday, January 15th, hours worked from Jan16-Jan 18 will be processed on the next pay period.

Lunch Periods

HCDE provides a paid 30-minute lunch break for all employees who are scheduled and actually works an 8-hour work shift. All non-exempt employees must clock out (use Break button) for lunch each day. If an employee does not clock out for lunch, the 30-minute lunch period does not entitle the employee to leave 30-minutes before their schedule work period ends. Example: An employee works from 8:00am to 4:00pm. The employee does not take the 30-minute lunch break. The employee is not entitled to leave at 3:30pm. Managers are responsible for monitoring lunch breaks for eligible employees.

Reporting and using compensatory time

Compensatory time is leave time given to an employee in lieu of paying wages for hours worked over 40 in a work week. The calculation for compensatory time is the same as applying overtime. The payroll office will deplete all compensatory time from an employee's leave bank before applying any other type of leave. **NEW-Effective February 1, 2017, all compensatory**

time earned must be reported and approved in Time Clock Plus. The Overtime/Compensatory Time form will no longer be accepted unless approved circumstances are warranted. All requests to use compensatory time must be submitted and approved through Time Clock Plus as a leave request.

Compensatory time may not be accumulated for more than 40 hours in a contract year (Aug-July). Compensatory time earned more than 40 hours will be paid out on the next regularly scheduled pay date after July. Employees should not accumulate compensatory time after July 15 nor should managers approve compensatory time in the month of July. All remaining compensatory time balances will be paid on or after August 15 of each contract year. **All hours worked above an employee's regular work schedule must be approved and documented in Time Clock Plus. Retaining an additional or separate log of hours worked is prohibited.**

Call-back Pay

An employee who reports to work for Call-back duties, must clock in and out for the hours worked in Time Clock Plus. The employee should use the job code designated for Call back duties. A Call Back Pay adjustment form must be submitted to payroll for processing. Payroll will apply the call-back hours (4 hours) if the actual time worked is less than the four-hour minimum. Note: If Call back hours plus regular work hours is greater than 40 hours in a work week, only the actual hours physically worked will count towards overtime hours.

Employees working at two or more rates for two separate job duties

An employee who works two or more jobs with different pay rates during a workweek, will be compensated using the weighted average or blended rate overtime methods. A new regular rate of pay will be determined by taking each job rate of pay and multiplying it by the number of hours worked to get the total compensation. Then, to get the premium rate, all overtime hours will be multiplied by the regular rate time .5 to get the total compensation for overtime due. The gross wages for that workweek will be the total compensation of all hours worked with respect to the new determined regular rate plus the premium for all overtime hours.

Deminimus Time Rule

For purposes of accurate and consistent time reporting, HCDE recognizes 7 minutes as insignificant when rounding the calculation for hours worked. An employee who clocks out for work 8 minutes after their regular scheduled work shift is considered late and the employee will be charged 15 minutes of leave time. If an employee clocks in 8 minutes before their regular scheduled work shift, the employee will accumulate 15 minutes of work time. Employees are prohibited from clocking in early unless prior approval has been granted.

Revised time and absence reporting

Revisions made to employee's time reports or absences from the prior workweek must be edited and approved in Time Clock Plus before 4:00 pm the following Monday. In addition, all edits and revisions to time segments must be supported by the appropriate payroll form (Leave Exception Form and/or Time Clock Adjustment Form) for exception processing. If the work week has been closed and the revision has not been submitted to the Payroll Office, the employee may receive a LWOP or be docked and the employee will have to wait until the next regular scheduled payroll to revise any time or absence reporting. **Once a leave request has been approved, submitted, processed and updated in the employees leave bank, the employee may not change the type of leave on the request.** Please refer to Board Policy regarding changing leave types on leave requests. <http://pol.tasb.org/Policy/Code/578>.

Purpose

To provide guidelines for processing employees leave of absences.

Procedure

Employees are encouraged to review and comply with the leave policies provided in the Employee Handbook and Board policy <http://www.tasb.org/Policy/Code/578>. All employees who are eligible to accrue leave will accrue leave monthly. Eligible employees are awarded personal leave and vacation. Authorized Signatures-Only the budget manager or authorized designee (usually supervisor or manager) is authorized to sign employee’s time and absence reports. Budget managers should ensure that the signature authorization form is always updated

Official document

All time and absences submitted and approved through Time Clock Plus and processed in the Payroll Office will be considered the official and permanent records. **Retaining a log or records of additional or separate time worked that has not been documented on a time report and approved by a supervisor is prohibited.** Failure to comply may result in disciplinary action up to and including termination.

Processing Leave/Absences

Employees must submit a leave requests in Time Clock Plus using the appropriate leave code. Receiving a confirmation of approval is recommended. Note that employees leave is processed two weeks behind. For example, absences reported and processed from the 1st through the 15th of the month are reflected on the employee’s pay stub on the last pay period of the month (usually the 31st). Absences reported and processed from the 16th through the end of the month are reflected on the employee’s pay stub on the first pay period of the following month (usually

on the 15th). Leave time must be available and posted to the employee's leave balance before taken. If leave is not posted and is unavailable to process, the employee may receive a LWOP.

Coding Leave/Absences

Employees should only use the job codes as provided in the Leave Request Instructions. Only the job codes provided will be accepted and processed through payroll. Failure to use the correct job code may result in inaccurate payroll processing.

Types of Leave

Refer to the Employees Handbook for a list of leave types.

Accrued Personal Leave

Eligible employees must work at least 10 days in a month to accrue leave. Employees who are eligible to earn personal leave will receive ½ Local PL and ½ State PL each month during the fiscal year (Aug-Sept).

Employees who work 11 months and are eligible to earn personal leave will receive ½ local PL and ½ state PL in the months of August through May, plus 1 full day in the month of June for a total of 11 PL days.

Employees who work 12 months and are eligible to earn personal leave will receive ½ local PL and ½ state PL in the months of August through May, 1 full day in June and 1 full day in July for a total of 12 PL days.

Personal/local leave is not transferable or compensated upon termination unless the employee is retiring after five (5) years of service with HCDE.

LWOP (Leave without Pay):

The following scenarios may warrant a LWOP:

- The employee has no available leave.
- Policy violation.
- The discretion of the division director (personal discretionary leave not approved)
- The employee works less hours than his or her regularly scheduled work week requires.

Employees are prohibited from choosing LWOP when an employee has a leave balance available.

	PERSONNEL PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	<p style="text-align: center;"> Link to Policies <small>(Press control and click)</small> HCDE Board Policies DC DEA </p>
APPROVED DATE: December 1, 2014 REVISED DATE: January 12, 2015		
SUBJECT: Timekeeping Guidelines		

The purpose of this procedure is to provide time and absence reporting requirements for all employees of Harris County Department of Education. Non-exempt employees are required to have a record of hours worked. This record will serve as the official time record for employee compensation. HCDE uses an electronic timekeeping system called TimeClock Plus to capture and record employee's work time and absences. The electronic time keeping system allows employees to accurately monitor and account for all hours worked, leave taken, and it enables the Department to efficiently process payroll.

Effective January 16, 2015, Harris County Department of Education's electronic timekeeping system, TimeClock Plus, will serve as the official system for recording hours worked. It also serves as the official system for tracking attendance for non exempt employees (including part time and substitutes) as well as for recording the attendance of exempt employees.

Official Time Records

The TimeClock Plus electronic timekeeping system and related HCDE payroll forms are the official basis for recording hours worked for all non-exempt employees. HCDE payroll forms include:

- Call Back Pay Form
- Overtime and Comp Time Approval Form
- Leave Exception Form
- Time Clock Adjustment Form

Initial Set-Up

The Human Resources Division enters employee information into Pentamation, assigns employee identification numbers, and issues employee identification badges. Employee data is then exported to TimeClock Plus for identifying hours worked by employees. Human Resources will verify and make updates to employee's data in TimeClock Plus, as needed. The Technology Division enters and maintains information on the employees who have been assigned and authorized as Verifiers, Managers, or Administrators in the TimeClock Plus system.

Employee Identification Numbers

Every HCDE employee is assigned an HCDE identification number (employee number) upon hire. The HCDE identification number is not the employee's Social Security Number. The identification number is assigned by the Pentamation system, is unique to each employee, and is used for identification purposes throughout the Department.

Clock In/Out Requirements

Employees are expected to report to work according to their assigned work schedule. Failure to clock in at the beginning of the assigned work schedule will be recorded as a *missed in-punch*.

Employees shall clock out at the end of the scheduled work time or at any time during the day in which the employee is not on duty (e.g., leaving the work place for personal reasons, medical appointments, etc.) Failure to clock out is recorded as a *missed out-punch*.

Under certain conditions (such as trainings at an off-site location when an employee cannot clock in at their worksite, the employee should report time worked to the division supervisor or director using the Time Clock Adjustment form so that their time worked can be manually entered.

Employees may clock in and out using one of four methods authorized by the Department:

- Time Clock
- Tel Clock
- Mobile App Clock
- Web Clock

Employees may be restricted by the division director as to the method to use for clocking in and out based on the employee's assigned division, campus, center, or work location. An employee's failure to use the method approved or authorized by the employee's assigned division shall result in disciplinary action.

The timekeeping system has been configured to round time for non-exempt employees. Clock in/out time from 1 to 7 minutes will be "rounded down", and thus not counted as hours worked, but employee time from 8 to 14 minutes will be "rounded up" and counted as a quarter hour (15 minutes) of work time.

Example #1:

An employee is scheduled to work from 8a.m. to 4p.m. The employee arrives to work and clocks in at 7:55am. The system will round the employee's start time to 8a.m. At the end of the work day, the employee clocks out at 4:03p.m. The system will round the employee's end time to 4:00p.m. The employee will show 8 hours worked this day.

Example #2:

An employee is scheduled to work from 8a.m. to 4p.m. The employee arrives to work and clocks in at 7:50am. The system will round the employee's start time to 7:45a.m. The employee clocks out at the end of the work day at 4:08p.m. The system will round the employee's end time to 4:15p.m. The employee will show 8 hours and 30 minutes of time worked on this day.

Lunch Breaks

A thirty-minute paid lunch break is given to any employee (full or part-time) as long as the employee is scheduled to work an eight hour day. A thirty-minute lunch break is considered paid time. Non-exempt employees are required to clock out when going on lunch break and clock in upon returning from lunch break. Lunch breaks longer than 30 minutes will require the employee to work a quarter hour longer to allow for rounding.

Example:

Employee clocks in at 7:05am, goes on lunch break at 11am, clocks in from lunch break at 11:40am and clocks out at the end of the work day at 3pm. The employee will record only 7.45 hours of work time for this day. Because time is recorded in 15-minute increments, the employee will be short time by 10 minutes and will have to make up 15 minutes of work time. If approved, the employee can work until 3:15pm or use 15 minutes of leave time.

Multiple Job Codes

If an employee has more than one position within the Department, the employee will be assigned a separate job code for each non-exempt position. It is the responsibility of the employee to ensure that they are clocking in using the correct job code. If an employee is

unsure as to which job code to use, the employee should contact his/her supervisor or Human Resources for assistance.

Employees who have clocked in incorrectly using an incorrect job code will need to complete a Time Clock Adjustment form and submit to their manager prior to the close of the pay period to ensure the correct coding of pay.

Requesting/Using Leave

Exempt and non-exempt employees who are eligible for leave must use the TimeClock Plus Web Clock to request and receive approval for leaves and absences. Leave requests and notices of absences must be completed by the employee prior to the end of the pay period in order to be included on their pay check. Leave submitted after the close of a pay period will require a Leave Exception Form be submitted and will be adjusted or paid on the next regularly scheduled pay period.

Employees are responsible for monitoring their leave balances. Leave balances may be viewed through the Employee Access Center in the Leave Information section. Leave should be requested and approved before the employee takes time off. The employee should follow the instructions (located on the HCDE portal) for requesting leave and use the appropriate legends in the notes section to specify the leave type (PNDL-personal non-discretionary leave, PDL-personal discretionary leave, V-vacation, etc).

If an employee's time report does not record 40 hours in a work week or an absence request is not submitted and approved or the employee has no available leave or compensatory time available, then the employee's pay will be docked.

Holidays

A Board approved holiday is a non-paid day. If an employee is not scheduled to work on a day designated as a holiday, time or absences should not be entered or submitted in TimeClock Plus. If an employee is scheduled to work a day designated as a holiday, the employee is expected to clock in/out as the employee would on a regularly scheduled work day.

Unreported Hours

All hours worked by a non-exempt employee must be reported using the TimeClock Plus timekeeping system. Any time spent working while not clocked in is strictly prohibited. Employees are required to clock in before performing any work and are not permitted to clock out until all work has stopped. Non-exempt employees may not volunteer to continue working at the end of their work schedule, take work home to complete on the weekend or in the evening, or check, read, or review work-related email outside of regularly scheduled work hours.

Work Week Close Out

For purposes of Fair Labor Standards compliance, the regular workweek, which begins on Monday and ends on the following Sunday, is defined as seven consecutive days beginning at 12:01am on Monday morning and ending at 12:00pm (Midnight) on the following Sunday night.

Employees are responsible for verifying their time records and should report any discrepancies or concerns to the Verifier or Manager for the employee's assigned division as soon as possible. Managers should follow the Payroll Processing Schedule for deadlines for approvals and final submission of payroll documents.

Processing of Electronic Time Reports (Due Dates)

Time reports are due and submitted to Payroll according to the Business Office Payroll Processing Schedule. The Payroll Processing Schedules are posted on the HCDE portal. Verifiers and Managers must resolve all missed punches and schedule conflicts, reconcile and enter all leave taken, and review clock hours for staff. It is imperative that employees complete

any necessary adjustment forms and enter leave requests in a timely manner. All unresolved missed punches and unapproved time reports will not transfer to payroll and will cause an employee to not be paid.

Back-Up Verifier

Division directors must designate an individual to serve in the absence of the division's primary or regular Verifier. When necessary, the Back-Up Verifier will perform the duties of the Verifier and ensure that procedures are followed and that all reporting is timely. ***Under no circumstance shall the Verifier assume the role of the Manager, or make revisions to their own time record in TimeClock Plus.***

Back-Up to Manager

Division directors should designate an individual to serve as a Back-Up Manager in the absence of the division director, to perform the duties of the Manager, and to ensure that procedures are followed, and that all reporting is timely. In most cases, the back up to a Manager would be the manager's supervisor.

Docked Pay

Each work week stands alone. Employees may not be absent one workweek and make up the time in another workweek. When an employee is absent any part of a work day or work week, then employees must make up time by using available leave or compensatory time.

With prior approval, an employee may be allowed to make time up during the week in which the employee is short of fulfilling a 40 hour workweek. If an employee does not have leave available, then the employee's pay will be docked.

Unauthorized absences, chronic absenteeism, tardiness and failure to follow procedures for reporting an absence may be cause for disciplinary action, up to and including termination of employment. In addition, excessive absences are a reason for termination of employment. *Excessive* is defined as absences that are not in compliance with policies and procedures for taking available local, state or federal leave. See Board Policy DEC – Compensation and Benefits – Leaves and Absences or the Employee Handbook for more information related to employee leave benefits.

Overtime

All overtime is to be planned and approved in advance by the supervisor. Employees are not to work overtime without prior approval. Employees must obtain prior approval by using the *Overtime and Compensatory Time Request* form. Failure to obtain prior authorization will lead to corrective action. Please refer to the Overtime and Compensatory Time Procedure located on the HCDE portal for additional information related to overtime.

An employee's work schedule may be modified by the supervisor prior to the end of the work week to reduce overtime.

Time Clock or Computer Malfunction

If an employee is unable to clock in or clock out because of a time clock or computer malfunction, it is the employee's responsibility to immediately notify the Verifier or Manager. The employee should submit a TimeClock Adjustment form with the missed clock-in or clock-out time. The Verifier or Manager will note the reason in TimeClock Plus when entering the missed data and will contact the Technology Helpdesk to report equipment problems.

Falsification, Tampering, and Unauthorized Viewing

The following actions are prohibited and are grounds for disciplinary action, up to and including termination of employment:

- Clocking-in or out for another employee
- Interference with another employee's use of the TimeClock Plus system
- Unauthorized viewing of another employee's time in the TimeClock Plus system
- Any attempt to tamper with timekeeping hardware and software

Enforcement

Employees who fail to clock-in and out, and fail to report and request absences, will be subject to disciplinary action as follows:

First occasion:

- Counseled (verbal warning) to ensure that time reporting requirements are understood
- Advised of the consequences of further infractions
- Provided a copy of the Timekeeping Guidelines

Second occasion:

- Receive a written disciplinary warning to be placed in the personnel file
- Be subject to spot checks by their supervisor during the 30-day period following the infraction

<p>DATE DEVELOPED: 03/26/06 REVISED DATE: 08/16/2020</p>		
<p>SUBJECT: Processing employees leave of absences</p>		

Purpose

To provide guidelines for processing employees leave of absences.

Procedure

Employees are encouraged to review and comply with the leave policies provided in the Employee Handbook and Board policy <http://www.tasb.org/Policy/Code/578>. All employees who are eligible to accrue leave will accrue leave monthly. Eligible employees are awarded personal leave and vacation. Accrued leave will be posted to the employee’s pay stub on the first pay period of the following month. **Leave must be available and posted to the employee’s leave balance before taken.** All leave requests must be approved by department heads through Time Clock Plus. Employees should refer to the Employee Access Center (EAC) for leave balances.

Employees are responsible for requesting, monitoring, and confirming all approved leave requests submitted through Time Clock Plus. Managers should respond to employee’s emails regarding leave requests so that the employee’s leave can be approved and recorded on the employee’s time report in a timely manner. If an employee leave request is not submitted and approved through Time Clock Plus, the employee may be docked. Employees should follow the instructions provided on the Leave Request Instruction sheet located on the Portal. Leave of absences (personal and vacation) can only be taken in increments of 15 minutes (effective March 2012), unless the employee is on leave under FMLA.

Authorized Signatures-Only the budget manager or authorized designee (usually supervisor or manager) is authorized to sign employee’s time and absence reports. Budget managers should ensure that the signature authorization form is always updated

Official document

All time and absences submitted and approved through Time Clock Plus and processed in the Payroll Office will be considered the official and permanent records. **Retaining a log or records of additional or separate time worked that has not been documented on a time report and approved by a supervisor is prohibited.** Failure to comply may result in disciplinary action up to and including termination.

Processing Leave/Absences

Employees must submit a leave requests in Time Clock Plus using the appropriate leave code. Receiving a confirmation of approval is recommended. Note that employees leave is processed two weeks behind. For example, absences reported and processed from the 1st through the 15th of the month are reflected on the employee’s pay stub on the last pay period of the month (usually the 31st). Absences reported and processed from the 16th through the end of the month are reflected on the employee’s pay stub on the first pay period of the following month (usually

on the 15th). Leave time must be available and posted to the employee's leave balance before taken. If leave is not posted and is unavailable to process, the employee may receive a LWOP.

Coding Leave/Absences

Employees should only use the job codes as provided in the Leave Request Instructions. Only the job codes provided will be accepted and processed through payroll. Failure to use the correct job code may result in inaccurate payroll processing.

Types of Leave

Refer to the Employees Handbook for a list of leave types.

Accrued Personal Leave

Eligible employees must work at least 10 days in a month to accrue leave. Employees who are eligible to earn personal leave will receive ½ Local PL and ½ State PL each month during the fiscal year (Aug-Sept).

Employees who work 11 months and are eligible to earn personal leave will receive ½ local PL and ½ state PL in the months of August through May, plus 1 full day in the month of June for a total of 11 PL days.

Employees who work 12 months and are eligible to earn personal leave will receive ½ local PL and ½ state PL in the months of August through May, 1 full day in June and 1 full day in July for a total of 12 PL days.

Personal/local leave is not transferable or compensated upon termination unless the employee is retiring after five (5) years of service with HCDE.

LWOP (Leave without Pay):

The following scenarios may warrant a LWOP:

- The employee has no available leave
- Policy violation
- The discretion of the division director (personal discretionary leave not approved);
- The employee works less hours than his or her regularly scheduled work week requires.

Employees are prohibited from choosing LWOP when an employee has a leave balance available.

Timeclock Plus Over time and /or Compensatory Designation

Time worked above 40 hours in a given week:

When an employee physically works more than 40 hours in a workweek (Monday-Sunday), managers will have an option to pay the employee at (1) the overtime rate and/or (2) approve compensatory time for all hours physically worked over 40 in a workweek. **Physical hours worked** means that the individual was present at work. Leave hours are not counted towards the 40 hours to pay overtime.

Option # 1: Approve Overtime Pay for ALL hours worked over 40 hours:

When an employee is PRE-authorized to work overtime AND the manager wants to pay overtime instead of comp time, the manager should approve all the segments as he or she currently.

Option # 2: Approve for hours worked over 40 with Overtime Pay and Compensatory Time:

If the manager wants to split the overtime hours by (1) paying overtime pay on part of the hours and (2) approve comp time for part of the hours, the following steps should be taken.

Applying Compensatory Time

1. First, select the segment with the additional hours worked, Right click or select the  and choose **Split Segment by Length**

2. Then, select the Split Icon  on the far left **to split the segment.**

Split	Delete	Length	Time	Break	Job Code
		08:00	In 01:30 PM Out 09:30 PM	Type << NONE >> Length N/A	Job Code 1060 - 240 DAY TECH/OPS Substitute for <input type="text"/> <input type="button" value="Select"/>

3. **Once the segment has been split**, enter the length of time for the first split of hours. (In this scenario the 1st split is a part of the employee's regular hours and the employee should have 3:30 hours to complete 40 hours).

Split	Delete	Length	Time	Break	Job Code
		04:00	In 01:30 PM Out 05:30 PM	Type Lunch Length 0	Job Code 1060 - 240 DAY TECH/OPS Substitute for <input type="text"/> <input type="button" value="Select"/>
		04:00	In 05:30 PM Out 09:30 PM	Type Lunch Length N/A	Job Code 1060 - 240 DAY TECH/OPS Substitute for <input type="text"/> <input type="button" value="Select"/>

4. For the second split, if an employee has been **approved to earn compensatory time rather than overtime**, the job code should be changed to 670-Comp Time Earned.

Split	Delete	Length	Time	Break	Job Code
		03:30	In 01:30 PM Out 05:00 PM	Type Lunch Length 0	Job Code 1060 - 240 DAY TECH/OPS Substitute for <input type="text"/> Select

5. Click Save.

Applying Compensatory and Overtime

Alternatively, hours worked over 40 in a work week may be paid with **both overtime and compensatory time.**

To select this option, follow the steps as above, but you will need include the overtime with the hours listed in the first split.

Using the example time segment above with 44.30 total hours for the workweek, the employee has earned 4:30 hours of overtime. The manager approved to pay 2 hours of overtime and 2:30 hours to be applied toward comp time.

1. First, Select the segment with the additional hours worked, Right click or select the and choose Split **Segment by Length**

2. Then, Select the Split Icon on the far left **to split the segment**

		08:00	In 01:30 PM Out 09:30 PM	Type << NONE >> Length N/A	Job Code 1060 - 240 DAY TECH/OPS Substitute for <input type="text"/> Select

3. **Once the segment has been split**, enter the length of time for the first split. (In this scenario this 1st split is still a part of the employee's regular hours. We will also add the additional 2 hours to this segment for the employees earned overtime)

Split	Delete	Length	Time	Break	Job Code
		05:30	In 01:30 PM Out 07:00 PM	Type Lunch Length 0	Job Code 1060 - 240 DAY TECH/OPS Substitute for
		02:30	In 07:00 PM Out 09:30 PM	Type << NONE >> Length N/A	Job Code 670 - Comp Time Earned Substitute for

- Next, select the 670 Comp Time Earned job code for the second segment.
- Click Save.

Applying compensatory time when an employee worked on a non-workday

If an employee works on a non-workday, such as the weekend (Saturday or Sunday), you will not have to split the segment **if comp time is approved.**

- First, Select the segment that with the additional hours worked, Right click or select the and select Edit
- Change the job code for that segment to 670 Comp Time Earned

<p>DATE DEVELOPED: 05/13/09 REVISED DATE: 08/17/16</p>		
<p>SUBJECT: Processing Discretionary and Non-Discretionary leave</p>		

Purpose

To provide guidelines for processing discretionary and non-discretionary leave for purposes of time reporting.

Procedure

All personal leave is recorded as personal discretionary (PDL) or personal non-discretionary leave (PNDL). For purposes of time and absence reporting, employees must specify personal discretionary or nondiscretionary personal leave types and choose whether the leave type should be deducted from local or state leave balances. Employees who exceed the maximum allowable personal discretionary days within a fiscal year will result in a leave without pay (LWOP). **Once leave is posted to the employee’s leave balance, it may not be reversed or changed.**

Employees are responsible for monitoring their personal leave balances to avoid LWOP. It is recommended that all employees refer to Board policy website at <http://www.pol.tasb.org/Policy/Code/578> for details and restrictions regarding personal discretionary and personal non-discretionary leave.

Personal Discretionary Leave (PDL)

Personal discretionary leave is a personal leave type that an employee may request to use for personal reasons only. This leave type does not qualify for illnesses, family emergencies or scheduled medical related appointments. Personal discretionary leave may be taken with prior approval at the employee’s discretion and does not require a documented reason. However, when submitting the leave request in Time Clock Plus, the employee is required to add a note. The employee may type “Personal” as the note.

Employees working in a 10 or 11-month position are not allowed to take more than 5 personal discretionary days in any school year. Employees working in a 12-month position are not allowed to take more than 6 personal discretionary days in any school year.

Personal non-discretionary leave (PNDL)

Personal non-discretionary leave is a personal leave type that an employee may request to use for personal or family illnesses, family emergencies or death in the immediate family as noted in Board policy. **Personal non-discretionary leave requires a documented reason to determine if the absence qualifies for personal non-discretionary leave. Personal non-discretionary leave has no maximum number of days that can be taken during the school year. However, absences exceeding 3 consecutive days must accompany a medical statement.**

Submitting personal leave requests in Time Clock Plus

All leave requests must be submitted using Time Clock Plus. When requesting personal discretionary leave (PDL), the employee should choose the job code **610 or 630**. When requesting Personal Nondiscretionary leave (PNDL), the employee should choose the job code **620 or 640**. Failure to use the correct job code may cause the employee's attendance to be processed inaccurately. * **Employees should enter a short note with all leave requests.**

Leave unposted or unavailable

Employees are responsible for monitoring and ensuring that leave is available in their leave balance before taking leave. Personal leave is posted to employees leave bank on the 15th of each month provided that the employee has worked the required amount of days (10) in the month. Leave must be available in the employees leave bank at the time payroll is processing attendance. Leave is posted two weeks behind. If leave is unavailable when payroll processes attendance, employees will be docked, even if the employee has accrued leave for the month. Leave must be posted.

Time Clock Plus (TCP) Electronic Timekeeping System

Frequently Asked Questions

Q: How do I access TCP to report my hours worked?

A: There are four methods to report hours worked. Please refer to the Quick Reference Guide located on the HCDE Portal for further instructions. Please note that your employee ID number will be required.

Q: If I forgot to clock in, clock out for lunch or clock out at the end of the work day, what do I do?

A: Contact your immediate supervisor as soon as possible so that your missed punch can be edited to reflect the correct clock in, clock out or break time on your time report.

Q: How do I request time off?

A: Log onto TCP using the Webclock, Time Clock or Mobile App. Use the Time Clock Quick Reference Guide for Requesting Leave located on the HCDE Portal.

Q: If I requested time off that has already been approved and it appears on my time report but I changed my mind, how do I remove the leave request from my time report?

A: If a leave request has already been approved and the work week has not been closed, contact your Supervisor to remove the leave request from your time report.

Q: If I requested time off that has not been approved and I changed my mind, how do I remove or delete the request?

A: Log onto to TCP using the Web Clock, Time Clock / Mobile App then select Request. Click on Current Requests. Click on Remove and click OK.

Q: Can I request leave in less than one hour increments?

A: Yes, currently HCDE policy is that leave may be taken in 15 minute increments with supervisory approval. Please check with your supervisor for additional division requirements regarding leave and the amount of leave time an employee is allowed to take.

Q: How do I request to use Comp Time?

A: Follow the same process to request leave and select the comp time leave code 660.

Q: Do I have a choice to use all of the methods available to clock in and clock out?

A: No. Although there are four different methods available to clock in and clock out (Time Clock, Tel Clock, Mobile app Clock and the Web Clock), not all divisions, campuses or centers are allowed to use all four methods. Please contact your immediate supervisor for options available to you.

Q: If I want to change a leave code previously requested and the week is closed, what do I do?

A: Notify your immediate supervisor so that you can complete a Leave Exception form. If the week is closed, the change will not be corrected until the next regularly scheduled pay date. Leave cannot be changed from one leave type to another leave type after it has been posted to the employee's leave balances.

Q: What is a missed punch?

A: A missed punch is when an employee forgets to clock in, clock out or forgets to clock out for break.

Q: If I called in sick, what do I need to do to record my absence in TCP?

A: Follow the procedure for requesting leave when you return to work.

Q: What do I need to do if I do not have 40 hours recorded on my time report at the end of the work week?

A: You must request leave to make up the missed work hours or your pay will be docked for the equivalent time missing.

Q: If I am on FMLA or another type of extended leave how will my hours be recorded in TCP?

A: If you were not able to record your leave prior to the start date of your leave, your supervisor should record the leave for you on our time report.

Q: Where do I find the procedures regarding Time Clock Plus Timekeeping System?

A: Procedures regarding TimeClock Plus Timekeeping System may be found on the HCDE Portal.

Q: What do I do if I get an error message “conflicting shift”?

A: Contact your supervisor as soon as possible so that your shift can be edited. A conflicting shift can occur if your leave request time overlaps with your clock in/out time. For example: An employee requested leave from 1:00 pm to 4:00 pm. The employee’s regular work shift is from 8:00 am to 4:00 pm. The employee clocks in at 8:00 am and clocks out at 1:15pm. This will cause a conflicting shift because the system shows that the employee’s has a leave request from 1:00 pm to 4:00 pm. This shift will not show in edit hours until the conflicting shift has been edited. The leave request should be edited to show the leave request to be from 1:15 pm to 4:00 pm. In addition, the edited conflicting shift must also be approved.

Business Services Mission Statement

To support the mission of Harris County Department of Education to exceed client expectations by maximizing fiscal resources and providing quality support services.

	<p style="text-align: center;">ACCOUNTING PROCEDURES</p> <p style="text-align: center;">HARRIS COUNTY DEPARTMENT OF EDUCATION</p>	<p>Reference: <i>CFE (LOCAL)</i></p>
<p>DATE DEVELOPED: 05/30/08 REVISED DATE: 07/10/2017</p>		
<p>SUBJECT: Pay Distribution (during and after) extended leave</p>		

Purpose

To provide guidelines for the purpose of time reporting for employees on extended leave after all leave types have been exhausted.

Procedure

Directors, Managers, Supervisors and Principals are responsible for accounting for all employees who are out on leave and accurately reporting their staff time worked or absences in Time Clock Plus. Employees must determine the type of leave to use during extended leave and submit their request to Human Resources. A leave calculation worksheet will be prepared by Human Resources after an employee has exhausted all leave and compensatory time. The salary calculation worksheet is used to determine the effects of the employee's future compensation. **An official notification of the first day the employee returns to work must be received in the Payroll Office and HR along with a medical release form.**

Pay distribution DURING extended medical leave and AFTER the employee has exhausted all available leave

A determination of future compensation will be based on the following:

The employee salary earned from the beginning of his or her contract or the start of the school year will be subtracted from the employee's salary paid to date.

- (1) If the remaining balance of pay due is a positive balance, the employee will receive up to a maximum of his or her semi-monthly gross amount per pay period until the remaining balance is depleted.
- (2) If the remaining balance of pay is a negative balance, no further compensation will be disbursed. The negative balance will be subtracted from the employee's recalculated salary based on the number of days left in his or her contract when the employee returns back to work. An official notification of the first day the employee returns to work must be received in the payroll office and HR.

Salary Earned

Salary earned is calculated based on the number of days physically worked and number of days compensated by the employee's usage of leave multiplied by the employee's daily rate of pay.

Salary Paid

Salary paid is calculated based on the employee's semi-monthly gross (annual salary divided by 24 pay periods) multiplied by the number of pays received.

Remaining Balance of Pay

Remaining balance of pay is determined by the total salary earned (based on the number of days physically worked and days compensated by the use of leave) minus the salary paid.

Pay distribution AFTER employee has returned from extended medical leave

A determination of future compensation will be based on the following:

Salary earned (number of days worked including personal leave and vacation used) minus salary paid to date will be divided by the remaining number of pay periods equals the new semi-monthly gross (future compensation).

Note: All salary calculations are based on the employee's gross pay before any voluntary and/or involuntary deductions have been deducted.

<p>SUBJECT: Direct Deposit</p>		

Purpose

To provide guidelines for participation in the Direct Deposit program.

Procedure

Direct deposit is mandatory for **all** employees. Employees may elect his / her financial institution to have his / her pay direct deposited. Direct deposit forms and the required documentation should be submitted to the Payroll Office. Due to the personal data provided on the direct deposit forms, employees are encouraged to hand-deliver direct deposit forms to the Payroll Office. **Cancellations or changes to an employee's direct deposit information require written authorization from the employee and are not accepted via email/phone.**

Direct deposit in a financial institution

Employees must complete a direct deposit form provided by the payroll office. Direct deposit forms and the instructions maybe accessed on the **HCDE Portal under Business Services Forms/Payroll Forms/Direct Deposit forms**. An **actual voided check or a direct deposit information form** provided by the financial institution which includes the employee's name, account number, and bank routing number is required and must be submitted for each account. **This information will only be accepted in person or through an inter-office transit.**

Change request in a Financial Institution:

- ✓ Contact the bank and follow the instructions given. If an employee's direct deposit is canceled due to suspected fraud, the employee should obtain the new account information from the bank.
- ✓ Complete a new direct deposit form and attached the required documentation.
- ✓ Forward the new direct deposit information to the payroll office immediately.

Additional accounts through direct deposit

Employee's net pay may be disbursed into two (2) additional accounts other than his or her primary account. A new direct deposit form will be required before additional accounts can be processed.

Direct Deposit Pre-notes

All direct deposits are subject to go through an initial pre-note status. This process allows the payroll staff to verify all banking information. The initial pre-note process may require one pay period before the regular direct deposit processing is established. The employee may receive a paper check during the initial pre-note process.

Direct Deposit Returns

The payroll staff will notify employees of any direct deposit returns. **Direct deposit returns due to closed accounts, will require the employee to complete a new direct deposit form to be**

hand delivered to the Payroll Office before the return can be reissued. Direct deposit returns due to data entry or an accounting error will be corrected, and a new direct deposit will be processed in a reasonable amount of time. **All return direct deposits will require monies to be returned to the Department's bank account before another form of payment is processed.**

Canceling Direct Deposit

	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CI Legal and CI Local
DATE DEVELOPED: 6/15/2015		REVISED DATE: 6/15/2015
SUBJECT: Standard of Conduct and Conflicts of Interest in the awarding of contracts		

Standards of Conduct & Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract if a real or apparent conflict of interest would be involved.

HCDE maintains written standards of conduct, which govern the performance of individuals engaged in the award and administration of contracts and provide for disciplinary action in the event that such standards are violated. HCDE has adopted CH Local to include standard of conduct in the selection of contracts. HCDE has specifically addressed definitions for [immediate family](#) and [substantial interest](#).

No employee, officer, or agent of HCDE may participate in the selection, award, or administration of a contract that is supported by federal, state, or local funds if a [conflict of interest](#) or [apparent conflict of interest](#) would be involved.

In general, a conflict of interest exists when any of the following have a financial or other interest in a firm that is selected to receive an award:

- An employee, officer or agent
- Any member of the employee's immediate family
- The employee's partner
- Any organization that employs or is about to employ any of these groups

The standards of conduct shall prohibit the solicitation and/or acceptance of gratuities, favors or anything of monetary value by an officer, employee, or agent of HCDE from a bidder or [subcontractor](#). However, rules may be set where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value.

Conflict of Interest. In addition to written standards of conduct, HCDE has adopted a conflict of interest policy that includes the minimum requirements of state and federal laws and regulations. Furthermore, a Board member must:

- Not vote on the provision of services by the member or any organization which the member represents

- Not vote on any matter that would provide a direct financial benefit to the member or the member's immediate family, or on matters of the provision of services by the member or the entity the member represents
- Not participate in a decision in which the member has a direct or indirect interest, particularly a financial interest, which is in substantial conflict with the discharge of the duties of the Board
- Avoid even the appearance of a conflict of interest. Prior to taking office, Board members must provide the Board chair a written declaration of all substantial business interests or relationships they, or their immediate families have with all businesses or organizations which have received, currently receive, or are likely to receive contracts or funding from the Board. Such declarations shall be updated within 30 days to reflect any changes in such business interests or relationships. The Board shall appoint an individual to timely review the disclosure information and advise the Board chair and appropriate members of potential conflicts; and
- Prior to discussion, vote, or decision on any matter before a Board, if a member, or a person in the immediate family of such member, has a substantial interest in or relationship to a business entity, organization, or property that would be pecuniary (financially) affected by any official Board action, that member shall disclose the nature and extent of the interest or relationship and shall abstain from voting on or in any way participating in the decision on the matter. All such abstentions shall be recorded in the minutes of the Board.

Prohibition Against Directly Delivering Services. A Board shall not directly deliver or determine eligibility for goods and services or contract with the following persons or entities to deliver or determine eligibility for goods and services:

- A Board member
- A business, organization, or institution that a Board member represents on the Board
- A Board member's business, organization, or institution in which a Board member has a substantial financial interest
- A Board employee

This prohibition does not apply to public education agencies (i.e., community colleges and independent school districts) that have Board members who fulfill the requirements in Texas Government Code §2308.256(a)(3)(A). Also, a Board may grant a one-year exception to these prohibitions as set out in 40 TAC §802.43.

Small & Minority Firms

HCDE has undertaken steps to make sure that participation is requested from small and minority business firms and other historically underutilized businesses when possible.

Affirmative steps (as feasible) include:

- Placing qualified HUBs on solicitation lists, e.g. bidders list
- Assuring that HUBs are solicited whenever they are potential sources
- Dividing total requirements when economically feasible, into smaller tasks or quantities to permit maximum participation by HUBs
- Establishing delivery schedules, where the requirement permits, that encourages participation by HUBs
- Using the services and assistance of the Small Business Administration (SBA), the U.S. Department of Commerce Minority Business Development Agency, and the Texas Comptroller of Public Accounts
- Requiring the prime contractor, if subcontractors are to be let, to take the steps above

SUBJECT: Selection Procedures		

Selection Procedures

Written selection procedures exist for procurement transactions. An entity on the federal debarment list shall not be selected for an award.

Written selection procedures must identify all requirements and evaluation factors to be used in evaluating bids or proposals. A clear and accurate description of the technical requirements of the goods or services being procured must be included in the solicitation. Such description:

- Shall not, in competitive procurements, contain features that unduly restrict competition, or otherwise provide one competitor with an unfair advantage over others
- May include a statement of the qualitative nature of the good or service being procured
- When necessary, must set forth the minimum essential characteristics and standards that must be met to satisfy the intended use
- Should avoid detailed product specifications, if at all possible

A “brand name or equal” description may be used to define performance or other salient procurement requirements only when it is impractical or uneconomical to provide a clear and accurate description of the technical requirements. The specific features that must be met must be clearly stated. See also Entity Specific Consideration below.

Debarment. HCDE shall not make awards to any party that is:

- Debarred or suspended or is otherwise excluded from or ineligible for participation in federal assistance programs under Executive Order 12549, “Debarment and Suspension
- Barred from participating in State contracts pursuant to Texas Government Code §2155.077, as implemented by 34 TAC §§20.105-20.107
- Found on the Excluded Persons List System (EPLS) in compliance with Executive Order 13224 (Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism), as implemented by 29 CFR, Chapter XII, Part 1471

HCDE uses the following to conduct a search for such persons or entities prior to awarding or renewing a contract:

SUBJECT: LEASE OR PURCHASE ANALYSIS		

Lease vs. purchasing is a decision that comes up from time to time. The table in the next page will assist you in arriving at the best decision. Below are some of the terms you may encounter when performing the lease or purchase analysis.

DEFINITIONS:

- Term (in months) - Term number of months for payment of the lease.
- Down Payment - Initial amount paid before monthly lease payments begin.
- Other Fees - Other fees, besides the down payment, including license, title transfer fees, etc., may be required to be paid at the close (at the signing) of the lease or purchase.
- Total Purchase Price - Purchase price plus all fees, shipping and set-up costs and less the manufacturer's rebate.
- Interest Rate - Annual interest rate for lease or purchase.
- Sales Tax Rate - HCDE does not pay Texas sales taxes; however, HCDE does pay the sales taxes of all other states. Percentage sales taxes to be charged on the purchase. Sales taxes may be included in lease payment. Sales taxes for purchasing are charged on the total sale amount.
- Residual Percent - For leases, this is remaining value after the lease term expires. Typically, the higher the residual percent, the lower your lease payment will be.
- Market Value of Vehicle-Value of your auto after the lease term is over.
- Investment Rate of Return - Rate of return on investments. This is the return that you would make if you were to invest your down payment and monthly lease payments instead of using it to purchase.
- Lost Interest on Buy Option - This is any interest you would have earned at your investment rate of return had you used the purchase option.
- Lost Interest on Lease Option - This is amount of interest you would have earned at your investment rate of return had you used the lease option.

DATE DEVELOPED: 3/16/2006		REVISED DATE: 8/12/2020
SUBJECT: PURCHASES UNDER \$50,000		

When making purchases for goods or services less than \$50,000, use the following guidelines:

1. If a good or service is available through an Internal Purchasing or Choice Partners awarded vendor, the good or service **must** be purchased through the Internal Purchasing or Choice Partners awarded vendor, **regardless of dollar amount.**
2. If the product or service is **unavailable** through Internal Purchasing or Choice Partners awarded vendors, other vendors may be solicited.
3. Contracts below \$10,000 (cumulative) require one written quote. See “New Micro-Purchase Flexibility” below.
4. Contracts between \$10,000 and \$49,999 cumulative, (See New Micro-Purchase Flexibility” below) inclusive, require three written quotes using the “Request for Written Quotes for Goods/Service” form (one form per vendor) and the quote directly from the vendor, unless the good or service is available through an awarded Internal or Choice Partners vendor (only one quote required). If unavailable internally or through Choice Partners, other cooperative contracts with which HCDE has an established interlocal contract may be used (e.g. Buy Board, DIR, TCPN, HGAC, etc.).
 - If a good or service is not available Internally or through Choice Partners, it is not feasible to obtain three written quotes, and federal funds will not be used, a memorandum explaining why three quotes cannot be obtained that is signed by an Executive Leadership Team (ELT) member **must** be submitted with the requisition.

A list of current Internal Purchasing awarded vendors is located in the Purchasing Portal; Choice Partners awarded vendors are located in the Choice Partners website.

The award is normally made to the lowest bidder meeting specifications and requirements of HCDE. A vendor who is other than low bidder may be selected, but valid written justification as to why HCDE is not using low bidder must be documented for audit purposes.

During any one fiscal period, the Purchasing Office will monitor purchases under \$50,000 by commodity code to determine the need for a bid (job). After reaching the \$50,000 for that commodity code, the divisions are required to formally procure the goods or services or use vendors from other cooperatives.

A Certificate of Insurance is required if vendor will perform work on HCDE premises regardless of dollar amount.

HCDE defines Like Kind as commodity codes

New Micro-Purchase Flexibility

As required under EDGAR, the micro-purchase threshold of \$10,000 is an aggregate amount. The LEA may expend no more than \$10,000 on micro-purchases throughout the fiscal year. The threshold amount applies to the sum of all the federal grants received by the LEA.

To increase LEAs' micro-purchase flexibility, TEA is providing the following guidance:

- The \$10,000 "aggregate amount" threshold applies to purchases of "like-types" of items.
- In its local policies and procedures, the LEA must define what like-types of items may be micro-purchased.
- The \$10,000 threshold applies to each like-type that the LEA defines.
- Once the LEA reaches the \$10,000 threshold, it must follow small purchase procedures and collect at least two price quotes for additional purchases of items for that like-type.
- A like-type may correlate to a subcategory of a commodity code (not to the commodity code itself).
- Like-type may not be defined as a single purchase order or a single vendor.
- For each like-type that the LEA defines in its local policies and procedures, it may expend up to the \$10,000 threshold across all its federal grant funds for the entire fiscal year.
- TEA does not limit the number of like-types that the LEA may define, nor does TEA limit the cost of the items categorized as like-types. LEAs must be aware, however, that their like-type definitions are subject to monitoring and audit.

LEAs must be prepared to submit their like-type definitions to TEA monitors and auditors.

SUBJECT: PURCHASES \$50,000.00 or more		

PURCHASING CONTRACTS

[Section 44.031 of the Texas Education Code](#) indicates that all contracts, except contracts for the purchase of produce or vehicle fuel, valued at \$50,000 or more in the aggregate for each 12-month period shall be made by the method, of the following methods, that provides the best value to the Department:

1. competitive bidding for services other than construction services;
2. competitive sealed proposals for services other than construction services;
3. a request for proposals, for services other than construction services;
4. an interlocal contract;
5. the reverse auction procedure as defined by [Section 2155.062\(d\), Government Code](#); or
6. the formation of a political subdivision corporation under [Section 304.001, Local Government Code](#).

The Purchasing Division and using division must determine the best purchasing method to use. If one of the first three methods is selected, the job will require advertisement.

ADVERTISEMENT REQUIREMENTS

Notice of the time by when and place where the bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in Harris County, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications.

AWARDING FACTORS

In awarding a proposal contract the Department or the Division shall consider the following factors:

1. the purchase price;
2. the reputation of the vendor and of the vendor's goods and services;
3. the quality of the vendor's goods or services;
4. the extent to which the goods or services meet the Department's or the division's needs;
5. the vendor's past relationship with the Department or the division;
6. the impact on the ability of the Department or the division to comply with laws relating to historically underutilized businesses;
7. the total long-term cost to the Department or the division to acquire the goods or services;
8. for a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner:
 - a. has its principal place of business in this state; or
 - b. employs at least 500 persons in this state; and
9. any other relevant factor specifically listed in the request for bids or proposals.

The Department or the Division may apply one, some, or all the criteria listed above, but it may not completely ignore them.

In awarding a bid contract the Department or the division shall make award to lowest responsible bidder and, as the governing body determines, may be let on a lump-sum basis or unit price basis.

COMMITTEE EVALUATION PROCESS

1. The Purchasing Office has the oversight responsibility to ensure that a fair and consistent evaluation be made for each procurement.
2. The Purchasing Director will ensure that all requests for proposals, competitive sealed proposals or other method under Chapter 41 of the education code be evaluated, except interlocal agreements do not need to be evaluated.
3. The evaluation shall include at least three individuals.
4. All members of the committee must evaluate as a committee, if possible, to make sure that information is shared among the evaluation team.

SUBJECT: Commodity Codes procedures		

The State of Texas uses commodity codes and has authorized HCDE to do the same. Commodity codes are developed and maintained by NIGP (National Institute of Government Procurement)

Beginning September 1, 2020, Purchasing, with the assistance of Technology, will run a list of expenses by commodity codes. When the \$10,000 threshold is reached, all single quote purchases for that commodity must end. From a practical matter, this will happen very early in the year, so multiple quote purchases will be the standard.

When \$50,000 threshold is reached, purchases must be by formal procurement (RFP, Interlocal agreement, Purchasing Cooperatives including Choice Partners)

Cooperative Purchases

Participation in purchasing agreements and cooperatives is encouraged to foster greater economy and efficiency in the procurement of common goods and services. A number of cooperative purchasing opportunities are available to [Contractors](#), as discussed below.

Purchasing Cooperatives- Purchases made through a purchasing cooperative or purchasing network satisfy the procurement for grant requirements if:

- The Contractor is eligible to participate under the rules of the particular cooperative or network

HCDE certifies that all cooperatives used adhere to these requirements.

Where a Contractor determines that it has met these requirements, it shall retain documentation: (1) that supports its eligibility to participate in the cooperative or network (inter local agreement required); and (2) of its assessment of the purchasing procedures used by the cooperative or network. In making its assessment, it is recommended that the Contractor contact the cooperative or network directly to discuss and gain an understanding of the procurement procedures used, rather than rely solely on a description provide on the Internet or other literature.

DATE DEVELOPED: 6/15/2015		REVISED DATE: 8/12/2020
SUBJECT: Pre-Award Review for Sub recipients		

Pre-Award Review

A pre-award review should be conducted to determine the adequacy of an offeror’s Financial Management system prior to award of a subcontract for a federal, state or local grant by HCDE.

In accordance with federal and state regulations, prior to awarding a contract and any time subsequent to award, HCDE may evaluate an offeror’s Financial Management system and may make an assessment of the offeror’s level of risk of noncompliance or nonperformance under the contract. A bidder or proposer may be considered “high risk” if it:

- Has a history of poor performance
- Is not financially stable
- Has a management system that does not meet the standards under title 2 subtitle A section 200 of the uniform grant guidance.
- Has not conformed to the terms and conditions of a previous award
- Is not otherwise responsible

If the bidder or proposer is considered “high risk” but will still be awarded the contract, HCDE shall impose additional restrictions on the bidder or proposer until the risk conditions have been corrected. When additional requirements will be imposed, HCDE will notify the bidder or proposer in writing as to:

- The nature of the additional requirements
- The reason why the additional requirements are being imposed
- The nature of the corrective action needed
- The time allowed for completing the corrective actions
- The method for requesting reconsideration of the additional requirements imposed

Special conditions or restrictions may include

- Requiring additional, more detailed financial reports
- Additional project monitoring
- Requiring technical or management assistance
- Establishing additional prior approvals
- Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period

Any special conditions or restrictions must be promptly removed once the risk conditions have been corrected.

Entity Specific Considerations:

Local Workforce Development Boards. The rules at 40 TAC §802.21 requires Boards to perform fiscal integrity evaluations of bidders and providers and sets forth requirements for the performance of such reviews as follows.

- HCDE shall develop fiscal integrity evaluation indicators designed to appraise the fiscal integrity of its bidders and providers.
- The fiscal integrity evaluation shall include the following provisions for ensuring that bidders and providers are meeting performance measures in compliance with requirements contained in:
 - Federal and state statutes and regulations and directives of the granting agency
 - Office of Management and Budget (OMB) circulars applicable to the entity, such as OMB Circulars A-21, A-87, or A-122, and the Uniform Grant Management Standards; and
 - Any other safeguards HCDE has identified that are designed to ensure the proper and effective use of funds placed under the control of the bidders or providers.
- The fiscal integrity evaluation shall also include the review and consideration of the prospective or renewing bidders and provider's prior three-year financial history before HCDE awards or renews a contract. The review shall include any adverse judgments or findings, such as administrative audit findings; Commission, Agency, or HCDE monitor findings; or sanctions by a Board or court of law.
- The fiscal integrity evaluation may include provisions such as accounting for program income in accordance with federal regulations, resolving questioned costs and the repayment of disallowed costs in a timely manner, and safeguarding fixed assets, as well as those referenced in grant manual.

The fiscal integrity evaluation required by 40 TAC §802.21 can be accomplished by relying on the work of other reviews, audits, or examinations, to the extent that such work meets the rule's stated objectives and requirements. Where the previous work only partially meets the rule's objectives and requirements, additional work is required prior to making the award, but may build upon work performed for the other reviews, audits, or examinations.

To meet the intent of the purpose for the fiscal integrity evaluation, the work of a review, audit, or examination that will be relied on to satisfy performance of the fiscal integrity evaluation will need to have been performed within the last few months of the contract that is being considered for renewal, or for a new contract, within a few months prior to the contract's start date (i.e., 40 TAC §802.21 requires that the evaluation be performed prior to award and at each renewal.)

	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CH (LEGAL)
DATE DEVELOPED: 3/16/2006		REVISED DATE: 8/12/2020
SUBJECT: EMERGENCY PURCHASES		

If HCDE has damages due to a catastrophe, emergency or Act of God (force majeure) that prevents or substantially impairs the conduct of classes, delivery of services, or other essential Department or division activities, then normal purchasing methods may be by-passed, upon order of the Superintendent.

This means that purchases, including those \$50,000 or more, will be made as follows:

1. Secure quote from the vendor (company) providing the goods or services. Three (3) quotes is still the preferred method if at all possible; otherwise obtain one (1) quote. Use of Existing RFPs and Purchasing Cooperatives is highly encouraged.
2. Obtain insurance certificate for work that is going to be performed on HCDE premises.

No advertisement will be required for purchases of \$50,000 or more. Purchases over \$50,000 will appear on the next Board Agenda for ratification.

	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CH (LEGAL)
DATE DEVELOPED: 3/16/2006 REVISED DATE: 5/14/2010		
SUBJECT: Sole Source Purchases		

Per Texas Education Code 44.031:

(j) Without complying with Subsection (a), a school district may purchase an item that is available from only one source, including:

(a) an item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly.

(b) a film, manuscript, or book.

(c) a utility service, including electricity, gas, or water; and

(d) a captive replacement part or component for equipment.

(k) The exceptions provided by Subsection (j) do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of \$15,000.

For sole source purchases, a letter on company letterhead, addressed to HCDE, and signed by the company's authorized representative is required; it must state that they are the sole manufacturer and sole distributor of the goods or services being offered.

DETERMINATION OF COST OR PRICE ANALYSIS (REASONABLENESS)

Purpose: Federal regulations require documentation of cost analysis or price analysis for every procurement action at or above \$150,000 (see 2 C.F.R. § 200.323). Instructions:

- 1. Complete a separate Determination of Cost or Price Reasonableness form for each vendor being recommended for contract award. Complete all sections.
- 2. Provide a detailed discussion of your price analysis or cost analysis. A Determination of Cost or Price Reasonableness form that lacks sufficient detail cannot be approved.
- 3. Sign in blue ink and date the form.
- 4. Maintain a copy on the grant file subject to retention schedules
- 5. Submit completed form to the Purchasing Director prior to contract award.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CH (LOCAL)
DATE DEVELOPED: 03/26/06 REVISED DATE: 8/12/2020		
SUBJECT: Processing Requisitions and Issuing Purchase Orders		

Purpose

To provide guidelines for processing requisitions into purchase orders.

Procedure

All purchase orders are processed from a formal requisition entered into Pentamation finance software. After all approvals and proper documentation have been received by the Purchasing Department, a purchase order is generated and forwarded to Accounts Payable for processing, as well as to the vendor and Division.

Time Line

Internal Purchasing policy on processing requisitions is to complete them in three days after budget manager approval. To ensure that your requisitions are processed in a timely manner, please make sure to enter all the required information in the system.

Proper Approvals

All Pentamation requisitions need to be approved by proper personnel in the approval chain before a requisition is officially ready to be converted into a purchase order. Divisions are prohibited from having products shipped against a requisition number that has not been converted into a purchase order; this causes confusion for the receiving department because they are not able to match up packing slips with proper purchase orders numbers. Vendors will also use requisition numbers to invoice and this will also cause a delay in accounts payable making a timely payment to vendor.

For information on purchase order processing, including handling vendor invoices and vendor payments, please refer to the "Purchase Orders" policy located in the Accounts Payable section of the Financial Operating Guidelines.

Purchase orders that have been processed through all approval levels (i.e., approved by the Assistant Superintendent for Business Services) are considered FINAL in all respects.

The Purchasing Division Staff will not make any changes to any purchase order(s) that have reached the FINAL stage; the only exceptions are as follows:

- 1) Changes in quantities, prices, and/or total increase or decrease to final amount, that have been approved by the board. (a copy of the board agenda must be attached),
- 2) Changes to budget codes due to funding issues,
- 3) Changes in amounts to public utilities,
- 4) Changes to Interlocal contracts when amended total is still less than \$50,000,
- 5) Construction contract change orders less than \$50,000

No changes to Vendors or to Vendor names allowed

Please fill out the Change Order request (see attachment) and email the request. Also attach any other required backup, such as a signed construction change order. Copy the budget manager, Chief Accounting Officer, the Purchasing Director and the Purchasing Specialist on the email. The budget manager must approve the request.

In all other cases, you will need to request to close the purchase order and issue a new one with the correct information. This is a necessary internal control over the purchasing approval levels.

The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when federal funds are expended by HCDE, the vendor certifies that during the term of an award for all contracts by HCDE resulting from this procurement process, the vendor will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act.

 Harris County Department of Education	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: <u>CH</u> (LEGAL and <u>CH LOCAL</u>)
DATE DEVELOPED: 7/1/2015		REVISED DATE: 8/13/2020
SUBJECT: Cost or Price Analysis		

Cost or Price Analysis

HCDE must make independent estimates before receiving bids or proposals. Beyond that, the method and degree of cost analysis or price analysis may vary dependent on the facts surrounding each procurement situation. Note that costs or prices based on estimated costs are allowable only to the extent that costs incurred or cost estimates are consistent with federal cost principles.

A cost analysis is required when an offeror must submit the elements of its estimated cost. It is also required when adequate price competition is lacking (i.e. sole source procurements, contract modifications or change orders) unless price reasonableness can be established using: 1) a catalog or market price of a commercial product that is sold in substantial quantities to the general public; or 2) based on prices set by law or regulation. **A price analysis** will be used in all other instances to determine the reasonableness of the proposed contract price. For micro-purchases, price reasonableness may be determined as described below:.

HCDE Divisions must obtain price or rate quotations for micro-purchases if:

- The purchasing entity has information that the price is not reasonable (i.e., based on comparison to the previous price paid, or personal knowledge of the supply or purchase)
- Purchasing a good or service for which comparative pricing is not readily available (i.e., purchasing a good or service that is not the same as, or similar to other goods or services that have recently been purchased on a competitive basis)

HCDE Divisions can make micro-purchases without soliciting price or rate quotations if the division considers the price to be reasonable based on information such **as research, experience, prior purchases, or other information**. The basis (e.g. research, experience, purchases, or other information) used by the division to determine price reasonableness of a purchase should be **noted in support documentation via the bids comparison or bid tabulation**, HCDE will review micro-purchases for price reasonableness.

The price quote will be the cost analysis for items under \$10,000. HCDE will utilize **the bid tabulations and price comparison** for items between \$10,000 and \$50,000. For items above \$50,000, HCDE will document price comparisons and analysis by using the attached form (Cost Price Analysis Form).

Profit, when applicable, must be negotiated as a separate element of the price anytime a cost analysis is performed. Considerations for determining a fair and reasonable profit must include:

- Complexity of the work to be performed
- Risk borne by the subcontractor
- Subcontractor's investment
- Amount of subcontracting (by the subcontractor)
- Quality of its record of past performance
- Industry profit rates in the surrounding geographical area for similar work

Optional supplemental guidance on performing a cost or price analysis can be found in the Federal Acquisition Regulation (FAR) at 48 CFR §13.106-3 (Small Purchase Method) and 48 CFR §15.404-1 (Sealed Bid and Competitive Negotiation Methods). The FAR sets forth procurement regulations that apply to federal agencies.

	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CH (LEGAL)
DATE DEVELOPED: 3/16/2006		REVISED DATE: 8/12/2020
SUBJECT: COMPETITIVE BID VS COMPETITIVE PROPOSAL		

A competitive bid and a competitive proposal are both purchasing methods that may be used when making formal purchases valued at \$50,000 or greater. The key difference between the two methods is that the competitive bid does not allow for negotiation and the competitive proposal does allow for negotiations.

Competitive Bid

Competitive Bids, or Invitation to Bid (ITB), are used when you are able to clearly define what goods or services you need. Below are examples of defined goods or services:

- The purchase of an automobile might read: Qty. 2/each, 4/door sedan (handle 5/adults comfortably), 5.0-liter engine, rear wheel drive, white in color, cloth seating material, am/fm radio, AC, automatic transmission, and tinted windows.
- The purchase of books might read: Qty. 1,500/each, Merriam-Webster's Collegiate Thesaurus, hard bound edition, ISBN 0-8779-169-4.
- The purchase of window cleaning services might read: Qty. 1/year service, contractor shall clean storefront windows (10/ea, 72" X 72") both on the outside and inside of each window once-a-week at the following address: HCDE, 6300 Irvington Blvd., Houston, TX 77022-5618.
- The purchase of garbage collection services might read: Qty. 1/year service, contractor shall be responsible for emptying one (1) 4/cubic yard dumpster on Mondays-Wednesdays-Fridays, located at HCDE, 6300 Irvington Blvd., Houston, TX 77022-5618

Typically, a competitive bid is awarded to the lowest bidder meeting specification requirements. At times, the low bidder can be by passed if the bid does not meet the specification criteria or other critical information requested in the bid such as delivery dates.

Competitive Proposal

Competitive Proposals, Request for Proposal (RFP), are used when the user has a good idea of what he/she wants but there might be different ways of arriving at the same goal. Competitive proposals may be the preferred method of acquisition when the need exists to generate a spectrum of alternative responses to the need proposed and to retain the ability to refine these responses through negotiation.

The competitive proposal will have a scope of work that describes the goods or services being purchased and the application, but HCDE is going to leave it up to the company as to how to best accomplish the end result.

For example, HCDE may be looking for a software system that accomplishes the following:

- Financial software system
- Windows based
- Service up to 1000 users
- Meets Texas' Public Education Information Management System (PEIMS) reporting requirements
- Expandable with HCDE growth

HCDE will also explain in the competitive proposal how proposals will be evaluated using the pre-determined evaluation criteria. The evaluation criteria may consist of *some or all* the following items with an attached weight or point system:

SAMPLE CRITERIA

Assets that have not reached the end of life asset must be sold at the net book value which is determined as Cost/years of service /60 months.
- (b) Once the asset tag number and asset has been identified, the technology division will seek an independent quote of the asset. The price will be in writing and it will be provided to the interested employee for approval and the business office for approval. Attached is a form that will be used to complete this process.
- © All assets must be cleaned by the technology department to make sure that no data is included in the asset and all software is removed. The technology division will sign the form to document this process.

Harris County Department of Education Purchasing Division is pleased to provide the FY 2019 Contracts Manual. This manual provides instructions, contract templates, and flowcharts to make the contracting process easier. In addition, this manual contains basic contracting information to assist you in the processing and review of your contracts/agreements.

HCDE is committed to executing contracts in compliance with applicable federal and state laws, regulations, and agency advisory opinions, judicial and administrative determinations.

For your convenience, frequently used contract templates are located on the HCDE Purchasing portal. Those include Speaker Agreements, Service Agreements, Construction Services, and other required forms. In addition to these frequently used contracts, the Purchasing Division also processes leases, rental agreements, letters of agreements, memorandums of understandings/agreements, board resolutions, and notification of grant awards.

Changes to this manual may be made over time as policies and procedures are developed and new or unforeseen purchasing situations arise.

If you have any questions or comments about this manual, please contact the Purchasing Division.

1.0 Overview

To better serve our customers and ensure a level of accountability appropriate for a public institution, this manual has been compiled to provide instructions and guidelines for contract processing and management. Texas law governs certain aspects of contracting for state agencies. Several types of purchases and contracts may be subject to different statutory standards, practices, processes, and strategies for successful implementation. The suggestions, comments, techniques, examples and recommendations included in this manual are NOT appropriate for every type of contract. The nature and level of risk associated with each of these elements vary depending on the nature of the business relationship.

2.0 Purpose

The purpose of this manual is to offer HCDE employees guidance on preparing and submitting contracts for approval and to provide guidance over contract management and monitoring. This manual is not intended to be a manual on the law of contracts or constitute legal advice. ALWAYS CONSULT THE PURCHASING DIVISION FOR ADVICE CONCERNING CONTRACTS.

3.0 Introduction to Contract Management

Contract management is the coordination and management of five core processes:

- Planning – identifying the need.
- Procurement - the process of finding, agreeing terms and acquiring goods, services or works from an external source, often via a tendering or competitive bidding process.
- Contract Formation - establishment of pricing, dates, scope of work, and other relevant terms and conditions.
- Contract Administration - the management of contracts made with vendors, contractors and other governmental entities.
- Contract monitoring – ensuring that a vendor/contractor adequately performs a contracted service.

4.0 Contract Payment Processing

Ensuring that HCDE receives value and payment terms are adhered to. All Budget Managers must monitor all aspects of the contract, but in particular the payment terms so that the Department receives appropriate discounts and the vendor is paid on the discount required for payment processing:

1. All contracts must have been encumbered through a purchase order and a purchase order was issued and is available in the Accounts Payable office.
2. Once an invoice is received, the Budget Manager must verify the contract terms have been followed, and a recommendation for payment is made.

3. The invoice should state “ok to pay” with the Budget Manager’s signature and sent to the Accounts Payable office for further matching and processing.
4. All payment will be mailed to the vendor.
5. If a Purchase Order was not initiated, a Payment Authorization must then be initiated and requested. If the amount is above \$2,500, the Assistant Superintendent must approve.
6. The Financial Operating Guidelines must be followed throughout the fiscal year.

5. Code of Ethics

HCDE officials and employees are responsible for protecting the safety and welfare of the public’s monies. All HCDE officials and employees should endeavor to pursue a course of conduct that does not raise suspicion among the public. Therefore, they shall avoid acts which are improper or give the appearance of impropriety. This conduct is particularly important for HCDE purchasing personnel and contract management personnel who are charged with the disposition of HCDE funds.

HCDE purchasing personnel must adhere to the highest level of professionalism in discharging their official duties. The nature of purchasing functions makes it critical that everyone in the purchasing process remain independent and free from the perception of impropriety. Any erosion of public trust or any shadow of impropriety is detrimental to the integrity of the purchasing process. Consequently, the credibility of a purchasing program requires that a clear set of guidelines and rules be established. Such guidelines are designed to prevent actual and potential vendors from influencing state officers or employees in discharging their official duties. Furthermore, these guidelines will help prevent state officials’ and employees’ independent judgment from being compromised. Therefore, with these principles in mind and in accordance with state law, the following policies and procedures should be adhered to by all HCDE employees, contractors and potential contractors.

A. HCDE Ethics Policy

It is the policy of the HCDE that an HCDE Official or employee may not have a direct or indirect interest, including financial and other interests, or engage in a business transaction or professional activity, or incur any obligation of any nature that is in substantial conflict with the proper discharge of the officer’s or employee’s duties in the public interest. In an effort to disclose any conflict of interest issues, the CIS Form is required to be completed by the HCDE official or employee within 7 days of learning of a potential conflict of interest. See CIS form requirements under the Financial Operating Guidelines.

B. Standards of Conduct

A HCDE Official or employee should not:

1. Accept or solicit any gift, favor, or service that might reasonably tend to influence the officer or employee in the discharge of official duties or that the officer or employee knows or should know is being offered with the intent to influence the officer’s or employee’s official conduct;

2. Accept other employment or engage in a business or professional activity that the officer or employee might reasonably expect would require or induce the officer or employee to disclose confidential information acquired because of the official position;
3. Accept other employment or compensation that could reasonably be expected to impair the officer's or employee's independence of judgment in the performance of the officer's or employee's official duties;
4. Make personal investments that could reasonably be expected to create a substantial conflict between the officer's or employee's private interest and the public interest; or
5. Intentionally or knowingly solicit, accept or agree to accept any benefit for having exercised the officer's or employee's official powers or performed the officers or employees' official duties in favor of another.

6.0 Formation of Written Contracts

The purpose of any written contract is to serve as a reference document recording the terms of the agreement to prevent misunderstanding and conflict as to those terms later. A contract creates a legal, binding and enforceable obligation between the parties. Clarity of the terms is of primary importance. The person drafting the contract must know the subject matter and concerns of the parties well enough to anticipate potential areas of disagreement and address them in the contract.

It is important to be thorough when determining the scope of the contract, as contract law does not allow parties to add terms to the contract without the consent of both parties.

When creating contracts for the Department, potential conflicting interests must be balanced, including federal, state requirements, fiscal constraints, statutory requirements and contractor requirements. The main concern should be the benefit of the contract to the Department and state as a whole, more specifically, the taxpayers. The best contract for the Department does not mean taking advantage of the contractor. Harsh provisions may be legal, but typically have negative impact that can outweigh the initial gain. Contractors who feel they are being taken advantage of typically provide less quality work and are more likely to take legal action if a conflict arises. They may also decide not to do work for the Department or state again, thus limiting competition for future contracts.

7.0 Boilerplates

The best scenario is when you can use one of HCDE attorney-reviewed contract templates as the terms and conditions have already been reviewed. If instead, you use a vendor boilerplate, be careful and keep your eyes open for potential contract pitfalls.

8.0 When is a contract needed for services?

Contract Amount	Contract needed
Expenditure under \$2,500*	No
Expenditure \$2,500 to \$49,999	Yes
Expenditure \$50,000 and over	Yes
Interlocal Agreements	Yes
Memorandum of Understanding (MOU)	Yes
Non-Monetary contracts	Yes
Revenue \$50,000 and over	Yes

*Purchase Order may serve as the contract.

9.0 When is the contract reviewed by our attorney?

Division Managers should utilize our contract templates because they have been reviewed by our legal counsel. If the vendor or organization requires their contract, the Assistant Supt for Business will determine if the contract requires review by the legal counsel.

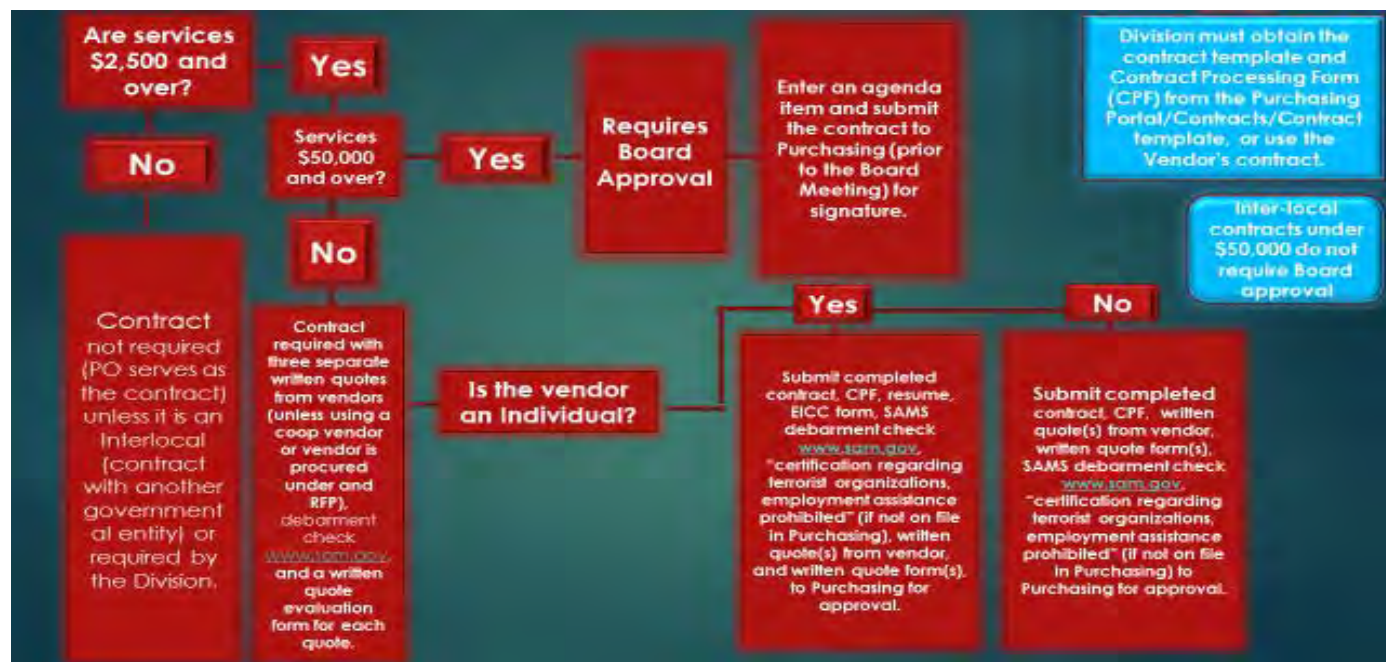

10.0 Contract Templates

1. Services Agreement for Revenue – To be used when HCDE is receiving revenue
 2. Services Agreement for Expenditures – To be used when HCDE is paying for a service – most divisions – under contracted services (6200)
 3. Services Agreement subject to an Interlocal Agreement – To be used for contracting with ISDs, Therapy Services, TLC, and Special Schools (other Divisions may apply)

10.7 **Investigation by Owner:** Owner shall investigate the site conditions promptly after receiving the notice. If the conditions do materially differ and cause an increase or decrease in Contractor's cost or the time required for performing any part of the Work, an equitable adjustment shall be made and

the Job Order modified in writing accordingly.

10.8 **Equitable Adjustment:** No request by Contractor for an equitable adjustment to the Job Order under this Article shall be allowed unless Contractor has given the written notice required. 11.2 **Owner's Satisfaction:** All Work performed under this Contract shall be completed to the satisfaction of Owner's representative assigned to the Job Order. Owner's representative shall decide all questions regarding Contractor's performance under the Contract and Job Order, and such decisions shall be final and conclusive.

11.3 **Non-Conformance:** Contractor shall, without charge, replace or correct Work found by Owner not to conform to a Job Order's requirements, unless Owner consents, in writing, to accept the Work with an appropriate adjustment in contract price. Contractor shall promptly segregate and remove rejected material from the premises, if required by Owner.

11.4 **Failure to Conform:** If Contractor does not promptly replace or correct rejected Work, Owner may:

- a. By contract or otherwise, replace or correct the Work and charge the cost to Contractor, and/or
- b. Terminate the Contractor for default upon seven (7) days written notice.

11.5 **Liability:** Owner's approval or acceptance of Contractor's Work shall not release Contractor from any liability for any defects in the Work.

11.6 Owner inspections and tests, if any, are for the sole benefit of Owner and do not:

- a. Relieve Contractor of responsibility for providing adequate quality control measures;
- b. Relieve Contractor of responsibility for damage to or loss of the material before acceptance;
- c. Constitute or imply acceptance; or
- d. Affect the continuing rights of Owner after acceptance of the complete work.

11.7 The presence or absence of an inspector does not relieve Contractor from any Contract or Job Order requirement, nor is the inspector authorized to change any term or condition of the Job Order without Owner's written authorization.

11.8 Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by Owner. Owner may charge to Contractor any additional cost of inspection or test when Work is not ready at the time specified by Contractor for inspection or test, or when prior rejection makes re-inspection or retest necessary. Owner shall perform all inspections and tests in a manner that will not unnecessarily delay the Work. Special, full size and performance tests shall be performed as described in the Job Order.

11.9 If, before acceptance of the entire Work, Owner decides to examine already-completed Work by removing it or tearing it out, Contractor, on request, shall promptly furnish all necessary facilities, labor, and material for this task. If the Work is found to be defective or nonconforming in any material respect due to the fault of Contractor or its Subcontractors, Contractor shall bear the expenses of the examination and of satisfactory reconstruction. However, if the Work is found to meet requirements, Owner shall make an equitable adjustment for the additional services involved in the examination and reconstruction, including, if completion of the Work was thereby delayed, an extension of the period of time for performance.

11.10 Substantial Completion means the date on which the Work, or an agreed-upon portion of the Work, is sufficiently complete so that Owner can occupy and use the Work or a portion thereof for its intended purposes. Unless otherwise specified in the Job Order, Owner shall accept, as promptly as practicable after completion and inspection, all Work required by the Job Order or that portion of the Work Owner determines can be accepted separately. Acceptance shall be final and conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or Owner's rights under any warranty or guarantee.

11.11 **Use and Possession Prior to Completion:** Owner shall have the right to take possession of or use any completed or partially completed part of the Work. Before taking possession of or using any work, Owner shall furnish Contractor a list of items of work remaining to be performed or corrected on those portions of the Work that Owner intends to take possession of or use. However, failure of Owner to list any item of work shall not relieve Contractor of responsibility for complying with the terms of this Contract or the Job Order. Owner possession or use shall not be deemed an acceptance of any work under this Contract. While Owner has such possession or use, Contractor shall be relieved of the responsibility for the loss of or damage to the Work resulting from Owner's possession or use. If prior possession or use by Owner delays the progress of the Work or causes additional expense to Contractor, and such expenses or delays are adequately documented and substantiated by Contractor, an equitable adjustment shall be made in the Job Order price and/or the period of performance, and the Job Order shall be modified in writing accordingly.

11.12 **Close-Out Documentation:** Contractor shall provide the following as part of the close-out documentation:

Contractor shall **only remove trees when specifically authorized by Owner to do so**, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during performance by the operation of equipment, or by workmen, Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree pruning compound as directed by Owner.

12.2 **Existing Improvements:** Contractor shall protect from damage all existing improvements and utilities at or near the Job Order site and on adjacent property of third parties, the locations of which are made known to or should be known by Contractor. Contractor shall repair any damage to those facilities, including those that are the property of third parties, resulting from failure to comply with the requirements of this Contract or the Job Order or failure to exercise reasonable care in performing the Work. If Contractor fails or refuses to repair the damage promptly, Owner may have the necessary repair work performed and charge the cost to Contractor.

12.3 **Traffic Control:** Contractor shall be responsible for providing all necessary traffic control, such as street blockages, traffic cones, flagmen, etc., as required for each Job Order. Proposed traffic control methods and costs shall be submitted to Owner for approval in Contractor's Job Order Proposal.

XIII. CLEANING UP AND REFUSE DISPOSAL

13.1 Contractor shall at all times keep the Job Order site, including storage areas, free from accumulations of waste materials. Before completing the Work, Contractor shall remove from the premises any rubbish, tools, scaffolding, equipment, and materials that are not the property of Owner. Upon completing the Work, Contractor shall leave the site in a clean and orderly condition satisfactory to Owner. Contractor shall be responsible and liable for all construction refuse disposal containers and their removal from the site. Disposal of any hazardous materials not addressed and priced in the Job Order will be segregated for disposal by Owner unless Owner requires Contractor to dispose of the materials, in which case, an equitable adjustment in the price will be negotiated and agreed upon. Contractor shall not use Owner's trash containers for any reason.

XIV. WARRANTY OF CONSTRUCTION

14.1 **Warranty:** In addition to any other warranties specified in any Job Orders, Contractor warrants, for the maximum period allowed by law, and except as otherwise specifically provided herein, that Work performed conforms to the Job Order and is free of any defect in equipment, material or design furnished, or workmanship performed by Contractor or any of its subcontractors or suppliers at any tier. The Contractor shall be obligated to repair or replace any defective or non-conforming Work for a period of one (1) year from the date of final acceptance of the Work. If Owner takes possession of any part of the Work before final acceptance, this one (1) year correction period shall continue for a period of one (1) year from the date possession is taken.

14.2 **Non-Conformance:** Contractor shall remedy, at Contractor's sole expense, any failure of the Work to conform to the Job Order, or any construction defect occurring during the warranty period. In addition, the Contractor shall remedy, at Contractor's expense, any damage to Owner's real or personal property, when that damage is the result of:

- a. Contractor's failure to conform to requirements in this Contract or the Job Order; or
- b. Any defect of equipment, material, workmanship, or design furnished by the Contractor.

If Contractor, after notice, fails to proceed promptly and remedy the problem within thirty (30) calendar days or within another period of time which has been agreed to in writing, in compliance with the terms of the warranty, Owner may have the defects corrected and the Contractor and its surety shall be liable for all expenses incurred.

14.3 **Restoration:** Contractor shall restore any work damaged in fulfilling the terms and conditions of this Section. Contractor's warranty with respect to work repaired or replaced will run for one (1) year from the date of repair or replacement. Owner shall notify Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage. If Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, Owner shall have the right to replace, repair, or otherwise remedy the failure, defect or damage at Contractor's expense, and Contractor shall be liable to owner for any damages sustained by Owner as a result of the failure, defect, or damage.

14.4 **Third-Party Warranties:** With respect to all warranties, expressed or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished for Job Orders issued under this Contract, Contractor shall:

- a. Obtain all warranties required by the Job Order;
- b. Require all warranties to be executed, in writing, for the benefit of Owner; and
- c. Enforce all warranties for the benefit of Owner;

14.5 **Warranty Expiration:** In the event Contractor's warranty under paragraph 14.1 of this Article has expired, Owner may bring suit to enforce a subcontractor's, manufacturers, or supplier's warranty.

14.6 **Owner Liability:** Unless a defect is caused by the negligence or intentional act or failure to act of Contractor or subcontractor or supplier at any tier, Contractor shall not be liable for the repair of any defects of material or design furnished by Owner or for the repair of any damage which results from any defect in Owner-furnished material or design. Contractor is not responsible for and does not warranty pre-existing work or facilities that may be assigned to Contractor except as stated in the Job Order.

14.7 This warranty shall not limit Owner's rights under this Contract and/or applicable law with respect to latent defects, gross mistakes, breach of contract or fraud.

XV. PAYMENT

15.1 **Compensation:** Costs for equipment, material, and labor shall be in accordance with the Contract. Owner shall pay Contractor for Work performed on Job Orders authorized by Owner in writing, subject to allowable additions and deductions. Owner shall pay all unpaid and undisputed amounts due Contractor under this Contract within thirty (30) days of receipt of invoice. If payment is later than forty-five (45) days, interest will be set no higher than six percent (6%) per annum. If Work or any portion

thereof has not met the satisfactory approval of Owner's Representative, current and future payments shall not be made until both parties agree that the Work or the portion thereof has been completed in a satisfactory manner or the Work is acceptable. Notwithstanding any provision herein to the contrary, no payment of amounts owed hereunder shall be considered past due or not paid when due except in accordance with Section 2251.021 of the Texas Government Code.

15.2 **Progress Payments:** If required by the Job Order, Owner shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by Owner, on estimates of Work completed submitted by Contractor and approved in writing by Owner. Contractor shall use an acceptable invoice form and shall include supporting documents to reflect a written breakdown of the total price showing the amount included therein for each principal category of the Work, in such detail as requested, to provide a basis for determining progress payments. In the estimation of Work completed, Owner will authorize payment for material delivered on the site and preparatory work done if Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform the Work.

15.3 **Application for Payment:** With each Application for Payment, Contractor must attach/detail the following information:

- (1) Defective Work not remedied.
- (2) Legal claims filed against Contractor or reasonable evidence indicating probable filing of claims;
- (3) Failure of Contractor to make payments properly to any subcontractor or supplier for material or labor;
- (4) A reasonable doubt that the Job Order can be completed for the unpaid Job Order balance; and
- (5) Damage to another contractor.

15.4 **Payment Retention:** In the processing of progress payments, Owner shall retain five percent (5%) of the estimated amount until final completion and acceptance of all Work performed under the Job Order. Retention applicable to each Job Order shall be released within thirty (30) days after final completion of the Job Order and acceptance of the Work under the Job Order.

15.5 **Liquidated Damages:** Contractor is expected to complete each Job Order on a timely basis. Liquidated damages may be assessed at Owner's option for Contractor's failure to timely complete each Job Order and/or phase of the scope of work detailed in a Job Order. Owner may withhold as liquidated damages, or require Contractor to pay a "per day" amount, to be set forth in the Job Order, as liquidated damages for any Work not completed by the completion day set forth in the Job Order. These liquidated damages are not a penalty but are compensation to Owner for additional expenses incurred and inconvenience caused by Contractor's failure to allow Owner to receive the premises at the designated time of completion.

XVI. TERMINATION FOR CONVENIENCE OF OWNER

16.1 **Termination:** Owner may, with or without cause, terminate performance of the Work under this Contract or any Job Order in whole or, from time to time, in part, if Owner determines that termination is in Owner's interest. Owner shall effect such termination by delivering to Contractor a Notice of Termination specifying the extent of termination and the effective date.

16.2 After receipt of a Notice of Termination, and except as directed by Owner, Contractor shall

immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this Article:

- a. Stop work as specified in the notice;
- b. Place no further subcontracts or orders (referred to as subcontracts in this Article) for materials, services or facilities, except as necessary to complete any Work not terminated;
- c. Assign to Owner, as directed by Owner, all right, title, and interest of Contractor under the subcontracts to the extent they relate to the Work terminated, in which case Owner shall have the right to settle or to pay any termination settlement proposal arising out of those terminations, or with approval or ratification to the extent required by Owner, Contractor shall settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, the approval or ratification of which will be final for purposes of this Section;
- d. As directed by Owner, transfer title and deliver to Owner:
 - i. The fabricated or un-fabricated parts, Work in process, completed Work, supplies, and other material produced or acquired for the Work terminated, and
 - ii. The completed or partially completed plans, drawings, information, and other property that, if the Contract and/or Job Order had been completed, would be required to be furnished to Owner;
- e. Complete performance of the Work not terminated;
- f. Take any action that may be necessary, or that Owner may direct, for the protection and preservation of the property related to this Contract and/or the Job Order that is in the possession of Contractor and in which Owner has or may acquire an interest;
- g. Use its best efforts to sell, as directed or authorized by Owner, any property of the types referred to in paragraph 16.2(c) above; provided, however, that Contractor is not required to extend credit to any purchaser and may acquire the property under the conditions prescribed by, and at prices approved by, Owner. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by Owner under the Contract and/or Job Order, credited to the price or cost of the Work, or paid in any other manner directed by Owner.

XVII. DEFAULT

17.1 **Termination of Right to Proceed:** If Owner determines that Contractor is not prosecuting the Work with sufficient diligence to ensure completion within the time specified in the Job Order, or fails to complete the Work within this time, Owner may terminate the Contractor's right to proceed with the Work (or separable part of the Work), upon seven (7) calendar days' written notice to the Contractor. In this event, Owner may take over the Work and complete it by contract or otherwise and may take possession of and use any materials, appliances, and plant on the site necessary for completing the Work.

Contractor's right to proceed shall not be terminated under this Section, if:

- a. The delay in completing the Work arises from unforeseeable causes beyond the control and without the fault or negligence of Contractor. Examples of such causes include:
 - i. acts of God or of the public enemy,
 - ii. acts of Owner in its contractual capacity,
 - iii. acts of another Contractor in the performance of a written Contract with Owner,
 - iv. fires,

 - viii. strikes,
 - ix. freight embargoes, or
 - x. unusually severe weather
- b. Contractor, within seven (7) calendar days from the beginning of any such delay (unless extended by Owner), shall notify Owner in writing of the causes of delay. Owner shall ascertain the facts and the extent of delay. If, in the judgment of Owner, the findings of fact warrant such action, the time for completing the Work under the Job Order shall be extended.

If, after termination of Contractor's right to proceed, it is determined that Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Owner. The rights and remedies of Owner in this Article are in addition to any other rights and remedies provided by law or under this Contract.

17.2 Termination for Default: In the event Contractor fails to carry out or comply with any of the terms and conditions of this Contract or any Job Order, Owner may notify Contractor of such failure or default in writing and demand that the failure or default be remedied within seven (7) calendar days; in the event Contractor fails to remedy such failure or default within seven (7) day period, Owner shall have the right to terminate this Contract and/or any Job Order. Without limiting the foregoing, the following shall constitute a material breach by Contractor, upon the occurrence of which Contractor shall immediately notify Owner: Contractor: (i) ceases its business operations; (ii) makes a general assignment for the benefit of creditors; (iii) is adjudged bankrupt; or (iv) becomes insolvent.

17.3 Effect of Termination: Termination of this Contract or any Job Order under any circumstances whatsoever shall not effect or relieve Contractor from any obligation or liability that may have been incurred or will be incurred, and such termination by Owner shall not limit any other right or remedy

available to Owner at law or in equity.

XVIII. CANCELLATION FOR CONFLICT OF INTEREST

18.1 Pursuant to applicable law, Owner may cancel this Contract, without penalty or further obligation to Contractor, if any person significantly involved in initiating, negotiating, securing, drafting or creating this Contract on behalf of the Owner was at any time while this Contract or extension of this Contract is in effect, an employee or agent of any other party to this Contract in any capacity or consultant to any other party of this Contract. A cancellation made pursuant to this provision shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time.

 - A. **HCDE agrees to:**
 - Provide LGE with descriptive offerings of each of the programs and services that HCDE provides.
 - Provide programs and services upon LGE’s submission of independent contracts or purchase orders to HCDE and HCDE’s acceptance thereof. HCDE’s obligations to provide programs and services is contingent on HCDE acquiring and maintaining sufficient staffing through reasonable efforts to satisfy HCDE’s obligations under this Agreement and all similar obligations under its contracts with other local governmental entities.
 - Conduct, at a minimum, an annual audit or survey, as appropriate, for each of the programs and services that HCDE delivers.

B. LGE agrees to:

- Participate in any or all of the programs and services that HCDE offers, in LGE's sole discretion.
 - Submit purchase order(s) or independent contract(s) for each of the HCDE programs and/or services that LGE desires to purchase and/or collaborate.
 - Agree to follow the terms and conditions of each independent contract or purchase order.
 - Designate a person to act as LGE's representative to each respective HCDE program and/or service delivered.

5. Master Contract. This Agreement can be utilized as a Master Contract. The general terms and conditions in this Agreement will serve to outline the working relationship between HCDE and LGE.
- LGE agrees to adhere to the specific terms and conditions set forth for the HCDE programs and/or services as contracted by LGE. In the case of a conflict between this Agreement and any addendum, purchase order, or individual contract for a specific HCDE program or service, the provisions of the addendum, purchase order, or individual contract will govern.
6. Payments. The Parties agree that all payments made under this Agreement will be in an amount that fairly compensates the performing Party for the services or functions performed under this Agreement. The Parties further agree that each Party paying for the performance of governmental functions or services pursuant to this Agreement must make those payments from current revenues available to the paying Party.
7. Invoices. HCDE will invoice LGE for the HCDE programs and services that LGE purchases from HCDE. LGE agrees to remit payment to HCDE within thirty (30) days after the later of the following: (1) the date LGE receives the goods; (2) the date the performance of the service is completed; or (3) the date LGE receives an invoice for the goods or service. If LGE makes a payment to HCDE with a credit card, LGE agrees to pay to HCDE a surcharge fee consisting of any applicable credit card fees and/or costs incurred by HCDE, including, without limitation, the processing fee(s) charged to HCDE by the credit card company(ies).
8. Participation in HCDE's Cooperative Purchasing Program. If LGE elects to participate in HCDE's cooperative purchasing program, Choice Partners, LGE shall be permitted to purchase goods and services using the contracts competitively procured by HCDE. HCDE does not assess a fee to LGE for participation in Choice Partners. LGE shall make payments directly to vendors. LGE shall be responsible for ordering, inspecting, and accepting the goods and services purchased through Choice Partners. LGE shall further be responsible for the vendors' compliance with provisions relating to the specific quality of goods and services delivered and terms of delivered, as set forth between LGE and the vendor. HCDE is not responsible or liable for the performance of any vendor used by LGE as a result of this Agreement or LGE's participation in Choice Partners.

10. Termination. This Agreement may be terminated prior to the expiration of the Term hereof as follows:

- By either Party, with or without cause, upon thirty (30) days' prior written notice;
- By mutual written agreement of the Parties; or
- By either Party immediately if the other Party commits a material breach of any of the terms of this Agreement and no remedial action can be agreed upon by the Parties.

Termination of this Agreement by a Party shall not terminate an existing purchase order or individual contract between HCDE and LGE or between LGE and an HCDE cooperative purchasing program vendor. In the event of termination of this Agreement or any purchase order or individual contract, LGE shall be responsible for compensating HCDE for programs and services provided by HCDE up to the effective date of termination.

11. Assignment. Neither this Agreement nor any duties or obligations entered in subsequent contracts because of this agreement shall be assignable by either party without the prior written acknowledgment and authorization of both parties.

12. Conflict of Interest. During the Term of HCDE's service to LGE, LGE, its personnel and agents, shall not, directly or indirectly, whether for LGE's own account or with any other person or entity whatsoever, employ, solicit or endeavor to entice away any person who is employed by HCDE.

No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by duly authorized representatives of the Parties hereto.

- l) The term “Substantial Completion” means the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Agreement such that HCDE can occupy or utilize the Work for its intended use.
- m) The term “Valid Amendment” means those supplements, amendments, changes, or modifications to the Agreement Documents that are made in accordance with Article 33.
- n) The term “Work” means the doing of all things described in, and all tasks reasonably related to the construction, work, and services required by the Agreement, whether completed or partially completed, and includes all other labor, materials, resources, equipment and services provided or to be provided by the Contractor to fulfill the Contractor’s obligations under Article 3. The Work may constitute the whole or a part of the Project and includes all supplies, skill, supervision, transportation services, and other facilities and things necessary, proper, or incidental to the carrying out and completion of the terms of the Agreement and all other items of cost or value needed to produce, construct, and fully complete the Scope of Work.

Technical terms not defined in the Agreement shall have the meanings given in AIA “Glossary of Construction Industry Terms” 1991 Edition. Technical terms not defined in the Glossary and used to describe items of Work and which so applied have a well known technical or trade meaning, shall be held to have such recognized meaning.

3. **Scope of Work:** Contractor agrees to perform the following Scope of Work for HCDE:

[ENTER DETAILED SCOPE OF WORK]

3.1 Contractor stipulates and agrees that HCDE has no duty to discover any design errors or omissions in any drawings, plans, specifications, or other Construction Documents and has no duty to notify Contractor of same. By entering into any agreement with an Architect, HCDE does not warrant the adequacy or accuracy of any drawings, plans, specifications, or other Construction Documents.

4. **Contractor’s Representations and Warranties:** In addition to other representations and warranties contained in the Agreement, Contractor represents and warrants the following to HCDE:

- a) that Contractor shall perform all of the Work in a good and workmanlike manner and in accordance with the requirements of the Agreement and standard industry practices;
- b) that Contractor is financially solvent, able to pay its debts as they mature, and possessed of

- sufficient working capital to complete the Work and to perform its obligations under the Agreement;
- c) that Contractor is able to and will furnish all necessary and available resources, including the tools, materials, supplies, equipment, and labor required to timely complete the Work and to perform its obligations hereunder;
 - d) that Contractor has, and acknowledges that HCDE is relying on Contractor's representation that it has, sufficient experience and competence to perform the Work ;
 - e) that Contractor is authorized to do business in the State of Texas and properly licensed by all necessary governmental, public, and quasi-public authorities having jurisdiction over Contractor, the Work, or the Project Site;
 - f) that the execution of the Agreement and Contractor's performance thereof are within Contractor's duly-authorized powers;
 - g) that the execution of the Agreement by Contractor is a representation that Contractor has visited the Project Site, become familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of any Construction Documents. Contractor shall not be entitled to additional compensation for any additional work caused by its failure to carefully study or compare the Construction Documents prior to execution of the Work;
 - h) that materials and equipment furnished under the Agreement will be of good quality and new unless the Construction Documents require or permit otherwise. Contractor further warrants that the Work will conform to the requirements of the Agreement and will be free from defects, except for those inherent in the quality of the Work any Construction Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by HCDE or HCDE's consultants, including any Architect HCDE may retain for the Project, Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment;
 - i) that the services of any Subcontractors or any Sub-subcontractors will conform to the representations and warranties set out above; and
 - j) that Contractor will replace, repair, or re-perform Work at its sole expense until the Work meets the warranties set out above.

5. Supervision and Construction Procedures:

5.1 Contractor shall supervise and direct the Work, using Contractor's best skill and attention. Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Agreement, unless otherwise stated in the Agreement.

5.2 Contractor shall be responsible to HCDE for acts and omissions of Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, Contractor or any of its Subcontractors.

6. Labor and Materials:

6.1 Unless otherwise provided in the Agreement, Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

6.2 Contractor may make substitutions in the Work only with the consent of HCDE, after evaluation by HCDE and any consultant of HCDE and in accordance with a Change Order pursuant to Article 33.

7. Contractor's Employees and Subcontractors:

7.1 Contractor shall enforce strict discipline and good order among Contractor's employees and other persons carrying out the Work. Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

7.2 Contractor, Contractor's Subcontractors and Sub-subcontractors shall pay all workers not less than the general prevailing rate of the per diem wages for work of a similar character where the Project is located, as detailed in Exhibit A attached hereto and incorporated herein, and any applicable fringe benefits. The Project **[DOES / DOES NOT]** involve federal funds. Wages listed are minimum rates only. Contractor and all Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity.

7.3 If applicable, Contractor shall comply with the criminal history provisions of Section 22.0834 of the Texas Education Code and Section 153.1117 of the Texas Administrative Code. The form of certification that Contractor has complied with the statutory requirements shall be supplied by HCDE upon request and must be supplemented by Contractor and any Subcontractors as required by law or as requested by HCDE.

8. Construction by HCDE or by Separate Contractors:

8.1 HCDE reserves the right to perform construction or operations related to the Project with HCDE's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the Project Site under terms and conditions of the Agreement identical or substantially similar to these, including those portions related to insurance and waiver of subrogation.

8.2 HCDE shall provide for coordination of the activities of HCDE's own forces and of each Separate Contractor with the Work of Contractor, who shall cooperate with them. Contractor shall participate with other Separate Contractors and HCDE in reviewing their construction schedules. Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by Contractor, Separate Contractors and HCDE until subsequently revised. Contractor shall reimburse HCDE for costs HCDE incurs that are payable to a Separate Contractor because of Contractor's delays, improperly timed activities, or defective construction.

9. **Clean-up:** Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, Contractor shall remove waste materials, rubbish, Contractor's tools, construction equipment, machinery and surplus materials from and about the Project. Upon completion of the Work, Contractor shall provide final clean-up of all surfaces, without limitation, including but not limited to cleaning all surfaces, removing any adhesives and stickers, removing all trash and debris, and the like. If Contractor fails to clean up as provided in the Agreement, HCDE may clean up and HCDE shall be entitled to reimbursement from Contractor.

10. **Access to the Work:** HCDE is not required to make any inspections to check the quality or quantity of the Work. However, Contractor shall provide HCDE and HCDE's consultants, including but not limited to any Architect retained by HCDE, access to the Work in preparation and progress wherever located. Neither the exercise of such access rights by HCDE, nor the failure on the part of HCDE to discover or reject non-conforming Work shall be deemed an acceptance of such non-conforming Work or a waiver of any rights under the Agreement.

11. **Contract Sum:** In exchange for Contractor's complete performance of its obligations under the Agreement, HCDE shall pay to Contractor the total sum of **[ENTER TOTAL DOLLAR AMOUNT]** (the "Contract Sum"). The Contract Sum covers the cost to Contractor of all materials and equipment necessary for the Work and all required taxes, less applicable trade discounts, Contractor's reimbursable bond costs, and Contractor's costs for unloading and handling at the Project Site, labor, installation costs, overhead, profit and other expenses associated with the Work. The Contract Sum is the total amount payable by HCDE to Contractor for performance of the Work under the Agreement.

12. **Progress Payments and Contractor's Statements:**

12.1 HCDE's payment of the Contract Sum to Contractor shall be made no later than forty-five (45) days after final completion of the Work, upon presentation of Contractor's Statement by Contractor in an amount not to exceed the Contract Sum, unless subsequently amended by written agreement of the parties or Change Order, in accordance with Article 33. Final payment shall be conditioned upon Contractor's completion of all punchlist work, Contractor's submission of all required close-out documents, and HCDE's receipt of final lien releases from Contractor, its Subcontractors and suppliers, conditioned only upon receipt of final payment in the form required by Texas Property Code Chapter 53.

12.2 At HCDE's sole election, HCDE may make monthly progress payments to Contractor, within forty-five (45) days of HCDE's receipt of Contractor's Statement. Payment applications

Contractor will furnish HCDE an itemized statement of completed portions of the Work and request payment therefore ("Statement"). Such Statement shall be supported by such data substantiating Contractor's right to payment as HCDE may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Agreement.

12.3 Contractor warrants that title to all Work covered by a Statement will pass to HCDE no later than the time of payment. Contractor further warrants that upon submittal of a Statement all Work submitted on a previous Statement and payments received from HCDE shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

12.4 A progress payment, or partial or entire use or occupancy of the Project by HCDE shall not constitute acceptance of Work not in accordance with the Agreement.

13. **Retainage:** HCDE shall withhold from payment(s) to Contractor a retainage of five percent (5%). The retainage shall be paid to Contractor upon Final Completion of the Work. Completion of the Work shall be considered final upon written approval by HCDE's designated representative.

14. **Taxes:** Contractor shall pay sales, consumer, use and similar taxes for the Work provided by Contractor that are legally enacted when the Agreement is executed, whether or not yet effective or merely scheduled to go into effect.

HCDE is exempt from the Texas Sales Tax on any purchase, lease or rental of tangible personal property and will issue Certificates of Exemption from the Texas State Sales Tax on materials furnished by Contractors on School Construction projects. Contractor shall abide by the sales tax exemption.

15. **Permits, Fees, Notices, and Compliance with Laws**

15.1 Unless otherwise provided in Agreement, Contractor shall secure and pay for any building permits as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Agreement and legally required at the time the Agreement is executed.

15.2 Contractor shall comply with, and takes full responsibility for complying with, safety rules, guidelines, standards, and requirements promulgated by the Occupational Safety and Health Administration (OSHA) applicable to the Project. Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.

16. **Intellectual Property:** Contractor shall pay all royalties and license fees. Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold HCDE harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by Construction Documents, or where the copyright violations are contained in Construction Documents or other documents prepared by or for HCDE. However, if Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, Contractor shall be responsible for such loss unless such information is promptly furnished to HCDE.

17. **Construction Schedule:** Contractor has prepared and submitted a Contractor's construction schedule for the Work, attached hereto and incorporated herein as Exhibit B ("Construction Schedule"). The schedule shall be revised at appropriate intervals, in accordance with Article 33, as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Construction Documents, and shall provide for expeditious and practicable execution of the Work. Contractor shall perform the Work in general accordance with the Construction Schedule. Contractor shall submit to HCDE updated construction schedules as necessary to reflect appropriate schedule revisions and shall take whatever action is necessary and within its control to assure that the Project completion schedule is met.

18. **Professional Services:** Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Construction Documents for a portion of the Work or unless Contractor needs to provide such services in order to carry out Contractor's responsibilities for construction means, methods, techniques, sequences

and procedures. Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Construction Documents, HCDE and HCDE's Architect, if any, will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other documents prepared by such professional. HCDE shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided HCDE has specified to Contractor all performance and design criteria that such services must satisfy.

19. **Priority of Documents:** The Agreement shall prevail in case of an inconsistency among the Agreement, Job/RFP No. [ENTER], or Contractor's response to Job/RFP No. [ENTER]. Job/RFP No. [ENTER] shall prevail in case of an inconsistency with Contractor's response to Job/RFP No. [ENTER]. In the case of an inconsistency between the Agreement and Contractor's response to Job/RFP No. [ENTER] not clarified by a Valid Amendment, Contractor is deemed to have included the better quality or greater quantity of Work in the Contract Sum.

In the case of an inconsistency among the body of this Agreement (including Valid Amendments thereto), the accompanying Exhibits (including Valid Amendments thereto), and the Construction Documents (including Valid Amendments thereto), the provisions of the body of this Agreement shall control.

In the case of an inconsistency between the provisions of the Agreement and any Change Order not in accordance with Article 33, Contractor's work ticket, invoice, statement, purchase order, published rate schedule, or any other type of memoranda between HCDE and Contractor pertaining to the subject matter in the Agreement, the provisions of the Agreement (including Valid Amendments thereto) shall control.

Nothing in this Article prohibits Valid Amendments to be made in accordance with Article 33.

20. **HCDE's Right to Stop the Work and Right to Carry Out the Work:**

20.1 HCDE may temporarily stop the Work, at any time, for HCDE's convenience and without cause, for a period not to exceed two (2) weeks, upon three (3) days written notice to Contractor. The Work may be temporarily stopped for a period longer than two (2) weeks by a Valid Amendment in accordance with Article 33. If the Work is temporarily stopped at HCDE's request, the Contract Time shall be adjusted accordingly in accordance with Article 33.

20.2 If Contractor fails to correct Work that is not in accordance with the requirements of the Agreement or repeatedly fails to carry out Work in accordance with the Agreement, HCDE may issue a written order to Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of HCDE to stop the Work shall not give rise to a duty on the part of HCDE to exercise this right for the benefit of Contractor or any other person or entity, except as may otherwise be provided in the Agreement.

20.3 If Contractor defaults or neglects to carry out the Work in accordance with the Agreement and fails, within a ten-day period after receipt of written notice from HCDE, to commence and continue

correction of such default or neglect with diligence and promptness, HCDE may, without prejudice to other remedies HCDE may have (including, but not limited to, termination of the Agreement), correct such deficiencies. In such case, an appropriate Change Order shall be issued, in accordance with Article 33, deducting from payments then or thereafter due Contractor the reasonable cost of correcting such deficiencies, including HCDE's expenses and compensation for additional services, if any, by HCDE's consultants, including but not limited to an Architect retained by HCDE, made necessary by such default, neglect or failure. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to HCDE.

21. **HCDE's Right to Occupy:** HCDE and Contractor agree that HCDE may occupy or use, without prejudice to the right of either Party, any completed or largely completed portions of the Project, notwithstanding the time for completing the entire Work or such portions may not have expired. Such beneficial occupancy and use shall not constitute Substantial Completion or HCDE's acceptance of any work not in accordance with the Agreement.

22. **Date of Commencement:** The date of commencement of the Work is **[ENTER]** Contractor shall not knowingly, except by agreement or instruction of HCDE in writing in accordance with Article 33, prematurely commence operations on the Project Site or elsewhere prior to the effective date of insurance required by Article 26 to be furnished by Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

23. **Date of Substantial Completion: [ENTER]. The Date of Final Completion is thirty (30) days after Substantial Completion.**

23.1 Time limits stated in the Agreement are of the essence of the Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work. Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time.

23.2 HCDE and Contractor agree that Contractor's failure to meet the deadlines established in the Agreement will cause damage to HCDE, but such damage is difficult to establish. It is therefore expressly agreed, as a part of the consideration inducing HCDE to execute the Agreement, that Contractor's failure to achieve Substantial Completion and Final Completion by the agreed dates shall result in liquidated damages in the amount of **[\$[ENTER]]** per day for each and every day after the date of which Substantial Completion and Final Completion are to occur until Substantial Completion and Final Completion are achieved. Contractor agrees that HCDE may deduct liquidated damages from the final payment made to Contractor or from any compensation otherwise to be paid to Contractor. It is expressly understood that payment of liquidated damages in the amount of **[\$[ENTER]]** per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by HCDE in the event that the Work is not substantially completed or finally completed within the agreed times, or within the legally extended times, if any, otherwise provided herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damage being caused by additional compensation to personnel, for loss of interest on money and other miscellaneous increased costs, all of which are difficult of exact ascertainment.

23.3 When Contractor considers that the Work, or a portion thereof, which HCDE agrees to accept separately, is substantially complete, Contractor shall prepare and submit to HCDE a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of Contractor to complete all Work in accordance with the Agreement.

23.4 When Contractor considers that the Work is Finally Complete, Contractor shall prepare and submit to HCDE written notice that the Contractor finds the Work to be Finally Complete. Completion of the Work shall be considered final only upon written approval of Final Completion and acceptance of the Work by HCDE's designated representative. Final payment of the Contract Sum, constituting the unpaid balance of the Contract Sum, shall not be paid until the Work has been finally completed and accepted by HCDE's designated representative, in writing. Final payment shall be paid by HCDE to Contractor within thirty (30) days of HCDE's approval of Final Completion and acceptance of the Work.

23.5 If HCDE disputes a portion of any payment due to Contractor under the Agreement, HCDE may withhold any such disputed amounts, without interest, for a period of forty-five (45) days after such payment would otherwise have been due to Contractor, as long as HCDE makes a reasonable attempt to resolve the dispute with Contractor. If, after such forty-five (45) day withholding period, HCDE continues to dispute any portion of the payment, HCDE may continue to withhold any such disputed amount until the dispute is resolved, except that, if HCDE is found to have wrongfully withheld such disputed amount, Contractor shall be entitled to interest on the wrongfully withheld amount from the original date that payment of such amount was due to Contractor until the date HCDE pays such amount to Contractor in full. The interest rate under this section may not exceed the Judgment Rate published by the Office of Consumer Credit Commissioner.

23.6 If, within one year after the date of Final Completion of the Work, any of the Work is found to be not in accordance with the requirements of the Agreement, Contractor shall correct it, at Contractor's sole cost and expense, promptly after receipt of written notice from HCDE to do so. HCDE shall give such notice promptly after discovery of the condition. If Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from HCDE, HCDE may correct it in accordance with Article 20. Nothing contained in this Article 23.6 shall be construed to establish a period of limitation with respect to other obligations Contractor has under the Agreement. Establishment of the one-year period for correction of Work as described herein relates only to the specific obligation of Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct the Work.

24. **HCDE's Right to Terminate:** The Agreement may be terminated by HCDE, with or without cause, upon written notice to Contractor. On the effective date of termination, as stated by HCDE, Contractor shall immediately cease Work after taking all actions necessary or as directed by HCDE for protection and preservation of the Work already performed. Contractor shall be entitled to payment for all Work performed up to the effective date of termination.

25. **Payment and Performance Bonds:** Contractor shall furnish (1) a Statutory Performance Bond for contract amounts over \$100,000.00 in an amount equal to One Hundred Percent (100%) of the Contract Sum as security for the faithful performance of the Agreement and (2) a Statutory Labor and Material Payment Bond for contract amounts over \$25,000.00 in an amount not less than One Hundred Percent (100%) of the Contract Sum as security for the payment of all persons performing labor on the project under the Agreement and furnishing materials in connection with the Agreement. The Performance Bond and the Labor and Material Payment Bond may be in one or in separate instruments in accordance with local law and shall be delivered to HCDE not later than the date of execution of the Agreement. Contractor shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney. The bonds shall be executed by a corporate surety in accordance with Texas Insurance Code 7.19-1.

26. **Insurance:**

26.1 At its sole cost and expense, Contractor shall purchase from and maintain, in a company or companies with not less than an "A" rating and meeting the minimum qualifications outlined in Texas Insurance Code § 3503.001 for insurance companies insuring work related to public entities, lawfully authorized to do business in the jurisdiction in which the Project is located, such coverage in the following limits, on an occurrence basis, with HCDE named as an additional insured, as follows:

- a) Builders' risk insurance in Contractor's and HCDE's names against loss or damage by fire or storm on the entire Work, including structures as well as materials and equipment adjacent thereto intended for use on the Project, in the amount of one hundred percent (100%) of the value;
- b) Workers' Compensation (with Waiver of subrogation to HCDE) Employer's Liability, including all states, U.S. Longshoremen, Harbor Workers and other endorsements, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, as required by statute and which meets the statutory requirements of Texas Labor Code Section 401.011(44) for all employees of Contractor providing services on the Project, for the duration of the Project Contractor shall comply with the requirements of Rule 28, TAC Section 110.110, Reporting Requirements for Building or Construction Projects for Governmental Entities.
- c) Public liability in limits of not less than \$1,000,000;
- d) Property damage in limits of not less than \$1,000,000;
- e) Statutory and Bodily Injury by Accident: \$100,000 each employee. Bodily Injury by Disease: \$500,000 policy limit \$100,000 each employee;
- f) Commercial General Liability Occurrence Form including, but not limited to, Premises and Operations, Products Liability Broad Form Property Damage, Contractual Liability, Personal and Advertising Injury Liability and where the exposure exists, coverage for watercraft, blasting collapse, and explosions, blowout, catering and underground damage.
 - \$300,000 each occurrence Limit Bodily Injury and Property Damage combined
 - \$300,000 Products-Completed Operations Aggregate Limit \$500,000 per Job Aggregate
 - \$300,000 Personal and Advertising Injury Limit
 - Bodily Injury liability of not less than \$1,000,000
- g) Automobile Liability Coverage
 - \$300,000 Combined Liability Limits Bodily Injury and Property Damage Combined

26.2 All policies of insurance required of Contractor herein shall waive all rights of subrogation against HCDE, its officers, employees, and agents. All policies of insurance, including any renewals thereof, must specify that such coverage will not be canceled or materially changed without a minimum of thirty (30) days prior written notice to HCDE. HCDE shall be named as an "additional insured" on all insurance policies. Contractor shall furnish certified copies of original insurance policies to HCDE before any Work is started by Contractor.

26.3 The insurance requirements stated herein do not establish limits of Contractor's liability and are separate from and independent of any indemnification obligation of Contractor. HCDE reserves the right to require additional insurance from Contractor as HCDE deems necessary. Contractor shall also require that its Subcontractors provide evidence of insurance of the same types and amounts as Contractor herein, prior to conducting any Work on the Project.

26.4 HCDE and Contractor hereby mutually release each other (and their successors, assigns, subcontractors, agents, and employees) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured

thereunder. In the event of such insured loss, neither Party's insurance company shall have a subrogated claim against the other.

26.5 If Contractor fails to obtain or maintain any of the required insurance coverage, HCDE may obtain and maintain such insurance, and Contractor shall reimburse HCDE for the actual cost of such insurance within thirty (30) days after receipt of HCDE's invoice or HCDE may offset such amount against any payment due Contractor.

27. **Relationship of Parties:** Contractor is engaged under the Agreement as an independent contractor and not as an agent or employee of HCDE. Contractor is not entitled to benefits of any kind to which HCDE's employees are entitled, including but not limited to unemployment compensation, workers compensation, health insurance or retirement benefits. Contractor assumes full responsibility for payment of all federal, state and local taxes or contributions, including but not limited to, unemployment insurance, social security, Medicare and income taxes with respect to Contractor and Contractor's employees. The Agreement shall not be construed to create or imply any partnership or joint venture between the Parties hereto, nor shall it be construed or deemed an endorsement of a specific company or product. The Agreement does not authorize either Party to serve as the legal representative or agent of the other. Neither Party has any right or authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party.

28. **Indemnity: CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HCDE, HCDE'S CONSULTANTS, AGENTS, AND EMPLOYEES HARMLESS FROM ANY AND ALL LOSS, EXPENSE, COST OR LIABILITY (INCLUDING REASONABLE ATTORNEY'S FEES AND EXPENSES), ARISING FROM ANY CLAIM OR CAUSE OF ACTION FOR ANY LOSS OR DAMAGE CAUSED BY OR ARISING FROM CONTRACTOR'S ACTS OR OMISSIONS.**

29. **Notices:** All notices, consents, and requests ("Notices") provided to be given under the Agreement shall be given by hand-delivery, certified mail or registered mail, addressed to the proper Party, at the addresses indicated at the bottom of the Agreement. Notices shall be deemed to have been duly served if delivered in person to the designated representative of the Party; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the address of the Party as listed below. Notices are effective upon receipt. Each Party may change the address at which Notices may be sent to that Party by giving advance written notice of such change to the other Party by certified mail, return receipt requested.

30. **Compliance With Laws:** Contractor agrees that it will, in its performance of its obligations hereunder, fully comply with all applicable laws, regulations and ordinances of all relevant authorities, including but not limited to those pertaining to safety, and shall maintain any and all applicable licenses, certifications, registrations or other approvals required to fully perform its obligations hereunder. Contractor represents and warrants that all improvements made to the property shall comply with the Americans with Disabilities Act and all other applicable codes, regulations and laws.

31. **No Waiver:** No action or failure to act by HCDE or Contractor shall constitute a waiver of a right or duty afforded either Party under the Agreement, including, but not limited to, the requirements of

Article 33, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing, signed by both Parties. The waiver by any Party of any right, obligation, or breach of the Agreement shall not be construed as a waiver of any other or subsequent right, obligation, or breach.

32. **No Third Party Beneficiaries:** The Agreement Documents, or any term or provisions thereof or any inclusion by reference, shall not be construed as being for the benefit of any party not in signatory thereto. No person, other than the Parties, is entitled to rely on any representation, warranty, covenant, or agreement contained herein.

33. **Amendment:** The Agreement may not be supplemented, amended, changed, or otherwise modified, except by a Valid Amendment, which requires an instrument in writing, to be attached to and incorporated in the Agreement in the form of either (1) a formal written amendment to the Agreement Documents signed and delivered by duly authorized representatives of both Parties hereto, or (2) a Change Order, issued by HCDE or its authorized representative, as provided in this section. The Agreement may not be supplemented, amended, changed, or otherwise modified by conduct of either Party, custom, usage of trade, or course of dealing.

33.1 **Change Orders:** If HCDE desires to increase the Scope of Work, the Parties will execute a written Change Order, signed by duly authorized representatives of both Parties hereto, increasing the Scope of Work and adjusting the Contract Sum and/or the Contract Time as mutually agreed by the Parties. In the event that HCDE desires to reduce the Scope of Work, HCDE may unilaterally issue a Change Order, signed by a duly authorized representative of HCDE only, reducing the Scope of Work and adjusting the Contract Sum and/or the Contract Time. If HCDE issues a Change Order reducing the Scope of Work, Contractor is entitled to payment for the portion of the deleted Work actually performed, if any, prior to the effective date of the Change Order. The Parties agree that in no event shall the action or failure to act by HCDE or Contractor constitute a waiver of requirements of this section, except as provided by Article 31.

In accordance with Texas Local Government Code § 271.060, the original Contract Sum may not be increased by more than twenty-five percent (25%). The original Contract Sum may not be decreased by more than twenty-five percent (25%) without the consent of Contractor.

34. **Attorney's Fees:** In the event either Party breaches any of the terms of the Agreement Documents whereby the Party not in default employs attorneys to protect or enforce its rights hereunder and prevails, then the defaulting Party agrees to pay the reasonable attorney's fees and expenses incurred by the non-defaulting Party, in addition to any other relief to which the non-defaulting Party may be entitled under the Agreement. This provision shall be construed as applicable to the entire Agreement.

35. **Entire Agreement:** The Agreement Documents shall constitute the complete and exclusive written expression of the intentions of the Parties hereto with respect to the Project and shall supersede all previous communications, representations, agreements, promises or statements, either oral or written, by and between either Party with respect to the Project. In the event of a conflict between this Agreement and the RFP or Contractor's proposal submitted in response to the RFP, this Agreement shall control. The Agreement Documents supersede any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial

EXHIBIT A to Contractor Agreement

PREVAILING WAGE RATES

All Contractors and Subcontractors shall comply with all applicable laws regarding prevailing wage rates including, but not limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this procurement by HCDE, including the Davis-Bacon Act. **All Contractors and Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment**

opportunity. All Contractors and Subcontractors must pay not less than the general prevailing wage rate as listed herein plus any applicable fringe benefits.

The prevailing wage rates listed are to be considered the minimum to be paid, and the listing of prevailing wage rates shall not be construed to prohibit the payment of rates higher than those listed. The Contractor and Subcontractor(s) shall maintain an adequate workforce whether wage rates higher than those listed are required or not. HCDE will not consider claims for additional compensation because of payments of wage rates in excess of the applicable rates listed herein.

Chapter 2258 of the Texas Government Code applies to the construction of a public work, including a building, highway, road, excavation, and repair work or other project development or improvement, paid for in whole or in part from public funds, without regard to whether the work is done under public supervision or direction. Section 2258.021 mandates that a worker employed on a public work other than maintenance work be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed and not less than the general prevailing wage rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for the public work with HCDE.

For projects involving federal funds, HCDE has adopted the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. § 276a et seq) and its subsequent amendments, as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work involving federal funds. See HCDE Policy CV (Local). The current U.S. Department of Labor wage determination rates for Texas may be accessed on the Internet at <http://www.access.gpo.gov/davisbacon/>. Click on Browse all Determinations by State and then click on Texas. Then locate Harris County. Click under the Building column for Harris County to access the rates for all trades.

For projects not involving federal funds, HCDE has adopted the prevailing wage rate as determined by Harris County, Texas as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work not involving federal funds. See HCDE Policy CV (Local). The current wage determination rates for Harris County, Texas may be accessed on the Internet at <http://www.eng.hctx.net/wage>. Click on Prevailing Wage Rate Building Construction to access the rates for all trades.

Prevailing Wage Rates: Base per Diem rate shall be taken as the hours worked per day times the Base Hourly Rate.
Overtime Rates: Over 40 hours per week and holidays at base hourly rate times 1.5.

Section 2258.023 of the Texas Government Code, entitled "PREVAILING WAGE RATES TO BE PAID BY CONTRACTOR AND SUBCONTRACTOR; PENALTY," states, in pertinent part:

- (a) The contractor who is awarded a contract by a public body or a subcontractor of the contractor shall pay not less than the rates determined under Section 2258.022 to a worker employed by it in the execution of the contract.
- (b) A contractor or subcontractor who violates this section shall pay to the state or a political subdivision of the state on whose behalf the contract is made, \$60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A public body awarding a contract shall specify this penalty in the contract.
- (d) The public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

Contractor certifies that it is in compliance with all applicable standards, orders and/or regulations issued pursuant to the programs subject to the Davis-Bacon Act (40 U.S.C. 276a et seq.), the Regulations of the Department of Labor, 29 CFR part 5, and Texas Government Code Chapter 2258.

Re: Contract Processing

Effective immediately, all expenditure contracts need to be signed by Jesus Amezcua, Assistant Superintendent – Business Services. Please update any contract templates you may have on your local hard drive or within your division.

Secondly, all expenditure contracts must be sent to the Contracts Manager and a completed Vendor Packet (signed set of W-9, Conflict of Interest Questionnaire, Felony Conviction Notice, Vendor Certification forms, and Senate Bill 9 Contractor Certification forms) must be sent to the Purchasing Specialist. All three (3) of these documents have been attached to this email and can also be found on the HCDE Portal at Purchasing\Contracts\Contract Processing.

SUBJECT: STEPS TO CREATE A NEW CONTRACT		

Purchasing provides the tools for you to customize a contract to fit your division's needs. Refer to the HCDE portal for the latest updated contracting tools and note that:

- A good contract protects HCDE interests.
- A good contract proactively answers all the questions HCDE and the Other Party might have during and after the contracting period.

The following tools are available on the HCDE Portal under Purchasing > Contracts :

- Contract Formatting Instructions
- Checklist for Reviewing Contracts
- Contract Forms
- Contract Clauses
- Sample Contracts

Step 1: Division:

- Determine the type of contract to use (see sample contracts on the HCDE Portal under Purchasing > Contracts)
- Create new contract
 - Follow Contract Formatting Instructions
 - Review terms and conditions (follow the Contract Checklist, if necessary)
 - Insert additional terms, if necessary (included under Contract Clauses)
 - If assistance is needed from the Purchasing Division:
 - Contact the Contracts Manager
 - Send contract to Contracts Manager for review
 - Make changes suggested by the Contracts Manager
- Send completed contract to other party for signature
- Once signed contract is received, prepare a Contract Processing Form and submit to the Contracts Manager along with the Budget Manager's signature, executed contract, vendor packet, and EEIC Checklist and Resume, if required

Step 2: Contracts Manager (during the contract development process):

- Understand Division's contracting needs
- Review contract and forms
- Log contract into the Portal – Contract Master List

- Consult with Assistant Superintendent for Business Services and Legal Counsel, if necessary
- Return contract to Division within three (3) business days, unless there are issues to resolve

Step 3: Division (Once signed contract is received from other party):

- Create agenda item in the BASS System (if board approval is required)

Step 4: Contracts Manager:

- If Board Approval is necessary:
 - Review contract and agenda item in BASS for completeness

 - Obtain appropriate HCDE signature

Step 5: Contracts Manager:

SUBJECT: CONTRACT CLAUSES		

The following titles are fairly interchangeable:

- Contract
- ILC (Interlocal Contract)
- Agreement or LOA (Letter of Agreement)
- MOU (Memorandum of Understanding)

and there are others. Each contracting situation is unique. You will want to use a combination of the clauses listed below; whatever makes the agreement complete.

How to use this document: Sample clauses are typed in plain script.
Discussion of the clause is highlighted and in italics.
Places where information needs to be added are bolded.
November 18, 2005: Includes Attorney's notes.

There is no "one size fits all" solution to creating a contract. Each unique situation mandates which clauses are included and which clauses are not included. The goals are to protect HCDE interests and to be fair and equitable.

The following titles are fairly interchangeable:

- Contract
- ILC (Interlocal Contract)
- Agreement or LOA (Letter of Agreement)
- MOU (Memorandum of Understanding)

and there are others. Each contracting situation is unique. You will want to use a combination of the clauses listed below; whatever makes the agreement complete.

How to use this document: Sample clauses are typed in plain script.
Discussion of the clause is highlighted and in italics.
Places where information needs to be added are bolded.
November 18, 2005: Includes Attorney's notes.

There is no "one size fits all" solution to creating a contract. Each unique situation mandates which clauses are included and which clauses are not included. The goals are to protect HCDE interests and to be fair and equitable.

- d) that Contractor has, and acknowledges that HCDE is relying on Contractor's representation that it has, sufficient experience and competence to perform the Work;
- e) that Contractor is authorized to do business in the State of Texas and properly licensed by all necessary governmental, public, and quasi-public authorities having jurisdiction over Contractor, the Work, or the Project Site;
- f) that the execution of the Agreement and Contractor's performance thereof are within Contractor's duly-authorized powers;
- g) that the execution of the Agreement by Contractor is a representation that Contractor has visited the Project Site, become familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of any Construction Documents. Contractor shall not be entitled to additional compensation for any additional work caused by its failure to carefully study or compare the Construction Documents prior to execution of the Work;
- h) that materials and equipment furnished under the Agreement will be of good quality and new unless the Construction Documents require or permit otherwise. Contractor further warrants that the Work will conform to the requirements of the Agreement and will be free from defects, except for those inherent in the quality of the Work any Construction Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by HCDE or HCDE's consultants, including any Architect HCDE may retain for the Project, Contractor shall furnish satisfactory evidence as to the kind and quality of materials and

- equipment;
- i) that the services of any Subcontractors or any Sub-subcontractors will conform to the representations and warranties set out above; and
 - j) that Contractor will replace, repair, or re-perform Work at its sole expense until the Work meets the warranties set out above.

5. **Supervision and Construction Procedures:**

5.1 Contractor shall supervise and direct the Work, using Contractor's best skill and attention. Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Agreement, unless otherwise stated in the Agreement. If the Agreement gives specific instructions concerning construction means, methods, techniques, sequences or procedures, Contractor shall evaluate the Project Site safety thereof and, except as stated below, shall be fully and solely responsible for the Project Site safety of such means, methods, techniques, sequences or procedures. If Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, Contractor shall give timely written notice to HCDE and shall not proceed with that portion of the Work without further written instructions from HCDE. If Contractor is then instructed to proceed with the required means, methods, techniques, sequences or procedures without acceptance of changes proposed by Contractor, HCDE shall be solely responsible for any loss or damage arising solely from those HCDE-required means, methods, techniques, sequences or procedures.

5.2 Contractor shall be responsible to HCDE for acts and omissions of Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, Contractor or any of its Subcontractors.

5.3 Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

5.4 Contractor shall plan the sequence of operations for, and coordinate the routing of, any mechanical and electrical work, including both horizontal and vertical control.

5.5 Contractor shall, prior to constructing any concrete form work or excavation, verify the location and elevation of all existing improvements and grades that control or impact finish floor elevation and all flow lines of sanitary and storm sewers, gutters, ditches, roads, and depth of buried utilities shown in any Construction Documents and report to HCDE any discrepancies between documented locations and elevations and actual locations and elevations as found by Contractor, and request directions. To the extent that any portion of the Work requires a trench excavation exceeding five (5) feet in dept, in accordance with Texas Health and Safety Code Section 756.023(a). Contractor shall fully comply, and shall require any applicable Subcontractor to comply, with:

- a) The Occupational Safety and Health Administration standards for trench safety in effect for the construction of the Work.
- b) The special shoring requirements, if any, of HCDE; and
- c) Any geotechnical information obtained by HCDE for use by the Construction manager in the design of the trench safety system.
- d) Trench excavation safety protection shall be a separate pay item, subject to Article 36, and shall be based on linear feet of trench excavated. Special shoring requirements shall also be a separate pay item, subject to Article 36, and shall be based on the square feet of shoring used.

6. Labor and Materials:

6.1 Unless otherwise provided in the Agreement, Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

6.2 Contractor may make substitutions in the Work only with the consent of HCDE, after evaluation by HCDE and any consultant of HCDE and in accordance with a Change Order pursuant to Article 36.

7. Contractor's Employees and Subcontractors:

7.1 Contractor shall enforce strict discipline and good order among Contractor's employees and other persons carrying out the Work. Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

7.2 Contractor, Contractor's Subcontractors and Sub-subcontractors shall pay all workers not less than the general prevailing rate of the per diem wages for work of a similar character where the Project is located, as detailed in Exhibit A attached hereto and incorporated herein, and any applicable fringe benefits. The Project **[DOES / DOES NOT]** involve federal funds. Wages listed are minimum rates only. However, no claim for additional compensation above the Contract Sum shall be considered by HCDE because of payment of wage rate in excess of the applicable rate provided herein. Contractor and all Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity.

7.3 Contractor shall obtain all criminal history information required by Texas Education Code Chapter 22 regarding its "covered employees", as defined below. If Contractor is required by Chapter 22 to obtain the information from the fingerprint-based Applicant Clearinghouse of Texas, then Contractor will subscribe to that person's criminal history record information. Before beginning any Work on the Project, Contractor will provide written certification to HCDE that Contractor has complied with the statutory requirements as of that date. Upon request by HCDE, Contractor will provide, in writing: updated certifications and the names and any requested information regarding covered employees, so that HCDE may obtain criminal history record information on the covered employees. Contractor shall assume all expenses associated with obtaining criminal history record information.

- a) For the purposes of this Section, "covered employees" means employees, agents or Subcontractors of Contractor or any Sub-subcontractor who has or will have continuing duties related to the services to be performed on HCDE's Project and has or will have direct contact with HCDE's students. HCDE will decide what constitutes direct contact with its students. "Disqualifying criminal history" means any conviction or other criminal history information designated by HCDE, or one of the following offenses, if at the time of the offense, the victim was under 18 years of age or enrolled in a public school; a felony offense under Texas Penal Code Title 5 Offenses Against Persons; an offense for which a defendant is required to register as a sex offender under Texas Code of Criminal Procedure Chapter 62; or an equivalent offense under federal law or the laws of another state.
- b) Contractor is expressly prohibited from allowing anyone who has a disqualifying criminal history onto the Project Site/to perform any of the Work.

7.4 HCDE may demand that Contractor immediately remove any employee, agent, or Subcontractor of Contractor who has been convicted of a felony or misdemeanor involving moral turpitude from HCDE's property or location where students are likely to be present. HCDE may also demand that Contractor immediately remove any employee, agent, or Subcontractor of Contractor who has engaged in harassing or criminal behavior from HCDE's property or location where students are likely to be present.

7.5 By appropriate agreement, written where legally required for validity, Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to Contractor by terms of the Agreement, and to assume toward Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, which Contractor, by the Agreement, assumes toward HCDE. Each subcontract agreement shall preserve and protect the rights of HCDE with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, the benefit of all rights, remedies and redress against Contractor that Contractor, by the Agreement, has against HCDE. Where appropriate, Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Agreement to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Agreement. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

8. Construction by HCDE or by Separate Contractors:

8.1 HCDE reserves the right to perform construction or operations related to the Project with HCDE's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the Project Site under terms and conditions of the Agreement identical or substantially similar to these, including those portions related to insurance and waiver of subrogation.

8.2 HCDE shall provide for coordination of the activities of HCDE's own forces and of each Separate Contractor with the Work of Contractor, who shall cooperate with them. Contractor shall participate with other Separate Contractors and HCDE in reviewing their construction schedules. Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by Contractor, Separate Contractors and HCDE until subsequently revised.

8.3 Contractor shall afford HCDE and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Agreement.

8.4 If part of Contractor's Work depends for proper execution or results upon construction or operations by HCDE or a Separate Contractor, Contractor shall, prior to proceeding with that portion of the Work, promptly report to HCDE apparent discrepancies or defects in such other construction that would render it unsuitable for such proper execution and results. Failure of Contractor so to report shall constitute an acknowledgment that HCDE's or Separate Contractor's completed or partially completed construction is fit and proper to receive Contractor's Work, except as to defects not then reasonably discoverable by Contractor upon inspection.

8.5 Contractor shall reimburse HCDE for costs HCDE incurs that are payable to a Separate Contractor because of Contractor's delays, improperly timed activities, or defective construction.

8.6 Contractor shall promptly remedy damage Contractor wrongfully causes to completed or partially completed construction or to property of HCDE or Separate Contractors.

9. **Clean-up:** Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, Contractor shall remove waste materials, rubbish, Contractor's tools, construction equipment, machinery and surplus materials from and about the Project. Upon completion of the Work, Contractor shall provide final clean-up of all surfaces, without limitation, including but not limited to cleaning all surfaces, removing any adhesives and stickers, removing all trash and debris, and the like. If Contractor fails to clean up as provided in the Agreement, HCDE may cleanup and HCDE shall be entitled to reimbursement from Contractor.

10. **Access to the Work:** HCDE is not required to make any inspections to check the quality or quantity of the Work. However, Contractor shall provide HCDE and HCDE's consultants, including but not limited to any Architect retained by HCDE, access to the Work in preparation and progress wherever located. Neither the exercise of such access rights by HCDE, nor the failure on the part of HCDE to discover or reject non-conforming Work shall be deemed an acceptance of such non-conforming Work or a waiver of any rights under the Agreement.

11. **Contract Sum:** In exchange for Contractor's complete performance of its obligations under the Agreement, HCDE shall pay to Contractor the total sum of **[ENTER TOTAL DOLLAR AMOUNT]** (the "Contract Sum"). The Contract Sum covers the cost to Contractor of all materials and equipment necessary for the Work and all required taxes, less applicable trade discounts, Contractor's reimbursable bond costs, and Contractor's costs for unloading and handling at the Project Site, labor, installation costs, overhead, profit and other expenses associated with the Work. The Contract Sum is the total amount payable by HCDE to Contractor for performance of the Work under the Agreement.

12. **Progress Payments and Contractor's Statements:**

12.1 HCDE agrees to make progress payments on account of the Contract Sum due Contractor, based on the percentage of Work completed by Contractor as follows:

- a) Not later than forty-five (45) days from the date HCDE receives Contractor's Statement, ninety-five percent (95%) of the undisputed portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the Work and ninety-five percent (95%) of the undisputed portion of the Contract Sum properly allocable to materials and equipment suitably stored at the Project Site or at some other location agreed upon in writing, for the period covered by the Application for Payment, less the aggregate of previous payments made by HCDE.
- b) Upon Substantial Completion of the entire Scope of Work, a sum sufficient to increase the total payments to ninety-five percent (95%) of the Contract Sum, less such amounts as HCDE shall determine for all incomplete Work and unsettled claims as provided in the Agreement

Contractor will furnish HCDE an itemized statement of completed portions of the Work and request payment therefore ("Statement"). Such Statement shall be supported by such data substantiating Contractor's right to payment as HCDE may require, such as copies of requisitions from Subcontractors

and material suppliers, and shall reflect retainage if provided for in the Agreement.

12.2 Contractor warrants that title to all Work covered by a Statement will pass to HCDE no later than the time of payment. Contractor further warrants that upon submittal of a Statement all Work submitted on a previous Statement and payments received from HCDE shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

12.3 HCDE has the right to request written evidence from Contractor that Contractor has properly paid Subcontractors and material and equipment supplier's amounts paid by HCDE to Contractor for subcontracted Work. If Contractor fails to furnish such evidence within seven days, HCDE shall have the right to contact Subcontractors to ascertain whether they have been properly paid. HCDE shall not have an obligation to pay or to see to the payment of money to a Subcontractor, except as may otherwise be required by law.

12.4 A progress payment, or partial or entire use or occupancy of the Project by HCDE shall not constitute acceptance of Work not in accordance with the Agreement.

12.5 Unless Contractor provides HCDE with a payment bond in the full penal sum of the Contract Sum, payments received by Contractor for Work properly performed by Subcontractors and suppliers shall be held by Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with Contractor for which payment was made by HCDE.

13. **Retainage:** HCDE shall withhold from payment(s) to Contractor a retainage of five percent (5%). The retainage shall be paid to Contractor upon Final Completion of the Work. Completion of the Work shall be considered final upon written approval by HCDE's designated representative.

14. **Taxes:** Contractor shall pay sales, consumer, use and similar taxes for the Work provided by Contractor that are legally enacted when the Agreement is executed, whether or not yet effective or merely scheduled to go into effect.

HCDE is exempt from the Texas Sales Tax on any purchase, lease or rental of tangible personal property and will issue Certificates of Exemption from the Texas State Sales Tax on materials furnished by Contractors on School Construction projects. Contractor shall abide by the sales tax exemption.

15. **Permits, Fees, Notices, and Compliance with Laws**

15.1 Unless otherwise provided in Agreement, Contractor shall secure and pay for any building permits as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Agreement and legally required at the time the Agreement is executed.

a) HCDE shall pay directly to the governing authority the cost of any permanent property utility assessments and similar utility connection charges including domestic water line and irrigation meter costs, fire vaults, and development fees.

b) Contractor shall pay any temporary utility charges and inspection fees, unless specifically indicated otherwise herein. Contractor shall be responsible for obtaining all necessary permits and inspections.

15.2 Contractor shall comply with, and takes full responsibility for complying with, safety rules, guidelines, standards, and requirements promulgated by the Occupational Safety and Health Administration (OSHA) applicable to the Project. Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Agreement. Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss. Contractor shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent sites and utilities. Contractor is responsible for compliance with any requirements included in the Agreement regarding hazardous materials.

15.4 If Contractor performs any portion of the Work contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

15.5 **Concealed or Unknown Conditions:** If Contractor encounters conditions at the Project Site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in any Construction Documents or (2) unknown physical conditions of an unusual nature, that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in any Construction Documents, Contractor shall promptly provide notice to HCDE before conditions are disturbed and in no event later than 21 days after first observance of the conditions. HCDE will promptly investigate such conditions and, if HCDE determines that they differ materially and cause an increase or decrease in Contractor's cost of, or time required for, performance of any part of the Work, will negotiate an equitable adjustment in the Contract Sum or Contract Time, or both, with Contractor in accordance with Article 36. If HCDE determines that the conditions at the Project Site are not materially different from those indicated in the Construction Documents and that no change in the terms of the Agreement is justified, HCDE will promptly notify Contractor, in writing.

16. **Intellectual Property:** Contractor shall pay all royalties and license fees. Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold HCDE harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by Construction Documents, or where the copyright violations are contained in Construction Documents or other documents prepared by or for HCDE. However, if Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, Contractor shall be responsible for such loss unless such information is promptly furnished to HCDE.

17. **Construction Schedule:** Contractor has prepared and submitted a Contractor's construction schedule for the Work, attached hereto and incorporated herein as Exhibit B ("Construction Schedule"). The schedule shall be revised at appropriate intervals, in accordance with Article 36, as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Construction Documents, and shall provide for expeditious and practicable execution of the Work. Contractor shall perform the Work in general accordance with the Construction Schedule. Contractor shall submit to HCDE updated construction schedules as necessary to reflect appropriate schedule revisions and shall take whatever action is necessary and within its control to assure that the Project completion schedule is met.

18. **Professional Services:** Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Construction Documents for a portion of the Work or unless Contractor needs to provide such services in order to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Construction Documents, HCDE and HCDE's Architect, if any, will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other documents prepared by such professional. HCDE shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided HCDE has specified to Contractor all performance and design criteria that such services must satisfy.

19. **Priority of Documents:** The Agreement shall prevail in case of an inconsistency among the Agreement, Job No. [ENTER], or Contractor's response to Job No. [ENTER]. Job No. [ENTER] shall prevail in case of an inconsistency with Contractor's response to Job No. [ENTER]. In the case of an inconsistency between the Agreement and Contractor's response to Job No. [ENTER] not clarified by a Valid Amendment, Contractor is deemed to have included the better quality or greater quantity of Work in the Contract Sum.

In the case of an inconsistency among the body of this Agreement (including Valid Amendments thereto), the accompanying Exhibits (including Valid Amendments thereto), and the Construction Documents (including Valid Amendments thereto), the provisions of the body of this Agreement shall control.

In the case of an inconsistency between the provisions of the Agreement and any Change Order not in accordance with Article 36, Contractor's work ticket, invoice, statement, purchase order, published rate schedule, or any other type of memoranda between HCDE and Contractor pertaining to the subject matter in the Agreement, the provisions of the Agreement (including Valid Amendments thereto) shall control.

Nothing in this Article prohibits Valid Amendments to be made in accordance with Article 36.

20. **Ownership of Construction Documents:** HCDE and/or HCDE's consultants, including but not limited to any Architect retained by HCDE, shall be deemed the authors and owners of their respective Construction Documents and will retain all common law, statutory and other reserved rights, including copyrights. Contractor, any Subcontractors, Sub-subcontractors, and material or equipment suppliers shall not own or claim a copyright in the Construction Documents. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Agreement and the Work is not to be construed as publication in derogation of HCDE's and/or HCDE's consultants' reserved rights.

Contractor, any Subcontractors, Sub-subcontractors and material or equipment suppliers are authorized to use and reproduce the Construction Documents provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Construction Documents. Contractor, any Subcontractors, Sub-subcontractors, and material

or equipment suppliers may not use the Construction Documents on other projects or for additions outside the scope of the Work without the specific written consent of HCDE and HCDE's consultants.

21. HCDE's Right to Stop the Work and Right to Carry Out the Work:

21.1 HCDE may temporarily stop the Work, at any time, for HCDE's convenience and without cause, for a period not to exceed two (2) weeks, upon three (3) days written notice to Contractor. The Work may be temporarily stopped for a period longer than two (2) weeks by a Valid Amendment in accordance with Article 36. If the Work is temporarily stopped at HCDE's request, the Contract Time shall be adjusted accordingly in accordance with Article 36.

21.2 If Contractor fails to correct Work that is not in accordance with the requirements of the Agreement or repeatedly fails to carry out Work in accordance with the Agreement, HCDE may issue a written order to Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of HCDE to stop the Work shall not give rise to a duty on the part of HCDE to exercise this right for the benefit of Contractor or any other person or entity, except as may otherwise be provided in the Agreement.

21.3 If Contractor defaults or neglects to carry out the Work in accordance with the Agreement and fails, within a ten-day period after receipt of written notice from HCDE, to commence and continue correction of such default or neglect with diligence and promptness, HCDE may, without prejudice to other remedies HCDE may have (including, but not limited to, termination of the Agreement), correct such deficiencies. In such case, an appropriate Change Order shall be issued, in accordance with Article 36, deducting from payments then or thereafter due Contractor the reasonable cost of correcting such deficiencies, including HCDE's expenses and compensation for additional services, if any, by HCDE's consultants, including but not limited to an Architect retained by HCDE, made necessary by such default, neglect or failure. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to HCDE.

22. HCDE's Right to Occupy: HCDE and Contractor agree that HCDE may occupy or use, without prejudice to the right of either Party, any completed or largely completed portions of the Project, notwithstanding the time for completing the entire Work or such portions may not have expired. Such beneficial occupancy and use shall not constitute Substantial Completion or HCDE's acceptance of any work not in accordance with the Agreement.

23. Date of Commencement: The date of commencement of the Work is **[ENTER]** Contractor shall not knowingly, except by agreement or instruction of HCDE in writing in accordance with Article 36, prematurely commence operations on the Project Site or elsewhere prior to the effective date of insurance required by Article 27 to be furnished by Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

24. Date of Substantial Completion: [ENTER]. The Date of Final Completion is thirty (30) days after Substantial Completion.

24.1 Time limits stated in the Agreement are of the essence of the Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work. Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time.

24.2 HCDE and Contractor agree that Contractor's failure to meet the deadlines established in

the Agreement will cause damage to HCDE, but such damage is difficult to establish. It is therefore expressly agreed, as a part of the consideration inducing HCDE to execute the Agreement, that Contractor's failure to achieve Substantial Completion and Final Completion by the agreed dates shall result in liquidated damages in the amount of \$100.00 per day for each and every day after the date of which Substantial Completion and Final Completion are to occur until Substantial Completion and Final Completion are achieved. Contractor agrees that HCDE may deduct liquidated damages from the final payment made to Contractor or from any compensation otherwise to be paid to Contractor. It is expressly understood that payment of liquidated damages in the amount of \$100.00 per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by HCDE in the event that the Work is not substantially completed or finally completed within the agreed times, or within the legally extended times, if any, otherwise provided herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damage being caused by additional compensation to personnel, for loss of interest on money and other miscellaneous increased costs, all of which are difficult of exact ascertainment.

24.3 When Contractor considers that the Work, or a portion thereof, which HCDE agrees to accept separately, is substantially complete, Contractor shall prepare and submit to HCDE a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of Contractor to complete all Work in accordance with the Agreement.

24.4 When Contractor considers that the Work is Finally Complete, Contractor shall prepare and submit to HCDE written notice that the Contractor finds the Work to be Finally Complete. Completion of the Work shall be considered final only upon written approval of Final Completion and acceptance of the Work by HCDE's designated representative. Final payment of the Contract Sum, constituting the unpaid balance of the Contract Sum, shall not be paid until the Work has been finally completed and accepted by HCDE's designated representative, in writing. Final payment shall be paid by HCDE to Contractor within thirty (30) days of HCDE's approval of Final Completion and acceptance of the Work.

24.5 If HCDE disputes a portion of any payment due to Contractor under the Agreement, HCDE may withhold any such disputed amounts, without interest, for a period of forty-five (45) days after such payment would otherwise have been due to Contractor, as long as HCDE makes a reasonable attempt to resolve the dispute with Contractor. If, after such forty-five (45) day withholding period, HCDE continues to dispute any portion of the payment, HCDE may continue to withhold any such disputed amount until the dispute is resolved, except that, if HCDE is found to have wrongfully withheld such disputed amount, Contractor shall be entitled to interest on the wrongfully withheld amount from the original date that payment of such amount was due to Contractor until the date HCDE pays such amount to Contractor in full. The interest rate under this section may not exceed the Judgment Rate published by the Office of Consumer Credit Commissioner.

24.6 If, within one year after the date of Final Completion of the Work, any of the Work is found to be not in accordance with the requirements of the Agreement, Contractor shall correct it, at Contractor's sole cost and expense, promptly after receipt of written notice from HCDE to do so. HCDE shall give such notice promptly after discovery of the condition. If Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from HCDE, HCDE may correct it in accordance with Article 21. Nothing contained in this Article 24.5 shall be construed to establish a period of limitation with respect to other obligations Contractor has under the

Agreement. Establishment of the one-year period for correction of Work as described herein relates only to the specific obligation of Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct the Work.

25. **HCDE's Right to Terminate:** HCDE may terminate the Agreement, at any time, for HCDE's convenience and without cause upon thirty (30) days written notice to Contractor. If HCDE terminates the Agreement, Contractor shall only be paid for the Work actually performed prior to the effective date of the termination.

Upon receipt of written notice from HCDE of such termination for HCDE's convenience, Contractor shall immediately: (a) cease operations as directed by HCDE in the notice; (b) take actions necessary, or that HCDE may direct, for the protection and preservation of the Work; and (c) except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders. In case of such termination for the Owner's convenience, Contractor shall be entitled to receive payment for Work actually performed prior to the effective date of the termination.

26. **Payment and Performance Bonds:** Contractor shall furnish (1) a Statutory Performance Bond for contract amounts over \$100,000.00 in an amount equal to One Hundred Percent (100%) of the Contract Sum as security for the faithful performance of the Agreement and (2) a Statutory Labor and Material Payment Bond for contract amounts over \$25,000.00 in an amount not less than One Hundred Percent (100%) of the Contract Sum as security for the payment of all persons performing labor on the project under the Agreement and furnishing materials in connection with the Agreement. The Performance Bond and the Labor and Material Payment Bond may be in one or in separate instruments in accordance with local law and shall be delivered to HCDE not later than the date of execution of the Agreement. Contractor shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney. The bonds shall be executed by a corporate surety in accordance with Texas Insurance Code 7.19-1.

27. **Insurance:**

27.1 At its sole cost and expense, Contractor shall purchase from and maintain, in a company or companies with not less than an "A" rating and meeting the minimum qualifications outlined in Texas Insurance Code § 3503.001 for insurance companies insuring work related to public entities, lawfully authorized to do business in the jurisdiction in which the Project is located, such coverage in the following limits, on an occurrence basis, with HCDE named as an additional insured, as follows:

- a) Builders' risk insurance in Contractor's and HCDE's names against loss or damage by fire or storm on the entire Work, including structures as well as materials and equipment adjacent thereto intended for use on the Project, in the amount of one hundred percent (100%) of the value;
- b) Workers' Compensation (with Waiver of subrogation to HCDE) Employer's Liability, including all states, U.S. Longshoremen, Harbor Workers and other endorsements, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, as required by statute and which meets the statutory requirements of Texas Labor Code Section 401.011(44) for all employees of Contractor providing services on the Project, for the duration of the Project Contractor shall comply with the requirements of Rule 28,

TAC Section 110.110, Reporting Requirements for Building or Construction Projects for Governmental Entities.

- c) Public liability in limits of not less than \$1,000,000;
- d) Property damage in limits of not less than \$1,000,000;
- e) Statutory and Bodily Injury by Accident: \$100,000 each employee. Bodily Injury by Disease: \$500,000 policy limit \$100,000 each employee;

27.2 All policies of insurance required of Contractor herein shall waive all rights of subrogation against HCDE, its officers, employees, and agents. All policies of insurance, including any renewals thereof, must specify that such coverage will not be canceled or materially changed without a minimum of thirty (30) days prior written notice to HCDE. HCDE shall be named as an “additional insured” on all insurance policies. Contractor shall furnish certified copies of original insurance policies to HCDE before any Work is started by Contractor.

27.3 The insurance requirements stated herein do not establish limits of Contractor’s liability and are separate from and independent of any indemnification obligation of Contractor. HCDE reserves the right to require additional insurance from Contractor as HCDE deems necessary. Contractor shall also require that its Subcontractors provide evidence of insurance of the same types and amounts as Contractor herein, prior to conducting any Work on the Project.

27.4 HCDE and Contractor hereby mutually release each other (and their successors, assigns, subcontractors, agents, and employees) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured thereunder. In the event of such insured loss, neither Party’s insurance company shall have a subrogated claim against the other.

27.5 If Contractor fails to obtain or maintain any of the required insurance coverage, HCDE may obtain and maintain such insurance, and Contractor shall reimburse HCDE for the actual cost of such insurance within thirty (30) days after receipt of HCDE’s invoice or HCDE may offset such amount against any payment due Contractor.

28. **No Mechanics or Materials Liens:** Contractor hereby acknowledges that mechanics and materials liens are unavailable against a public entity, including HCDE.

29. **Relationship of Parties:** Contractor is engaged under the Agreement as an independent contractor and not as an agent or employee of HCDE. Contractor is not entitled to benefits of any kind to which HCDE’s employees are entitled, including but not limited to unemployment compensation,

workers compensation, health insurance or retirement benefits. Contractor assumes full responsibility for payment of all federal, state and local taxes or contributions, including but not limited to, unemployment insurance, social security, Medicare and income taxes with respect to Contractor and Contractor's employees. The Agreement shall not be construed to create or imply any partnership or joint venture between the Parties hereto, nor shall it be construed or deemed an endorsement of a specific company or product. The Agreement does not authorize either Party to serve as the legal representative or agent of the other. Neither Party has any right or authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party.

30. Indemnity: CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HCDE, HCDE'S CONSULTANTS, AGENTS, AND EMPLOYEES HARMLESS FROM ANY AND ALL LOSS, EXPENSE, COST OR LIABILITY (INCLUDING REASONABLE ATTORNEY'S FEES AND EXPENSES), ARISING FROM ANY CLAIM OR CAUSE OF ACTION FOR ANY LOSS OR DAMAGE CAUSED BY OR ARISING FROM THE PERFORMANCE OF CONTRACTOR'S OBLIGATIONS UNDER THE AGREEMENT, INCLUDING, BUT NOT LIMITED TO, THE CONDUCT OF CONTRACTOR'S EMPLOYEES, SUBCONTRACTORS, SUB-SUBCONTRACTORS OR ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY THEM. IN CASE OF ANY SUCH CLAIM, CONTRACTOR, UPON NOTICE FROM HCDE, COVENANTS TO DEFEND ANY SUCH ACTION OR PROCEEDING, EVEN IF SUCH ACTION OR PROCEEDING ALLEGES THAT THE LOSS OR DAMAGE WAS CAUSED BY HCDE'S NEGLIGENCE.

In claims against any person or entity indemnified under this Article by an employee of Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Article shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

31. Antitrust Violations: To permit HCDE to recover damages suffered in antitrust violations, the Agreement must include the following wording, "Contractor hereby assigns to [HCDE] any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 U.S.C.A. Section 1 et.seq. (1973)," and HCDE hereby incorporates such language into the Agreement. Contractor shall include this provision in its agreements with each Subcontractor and supplier. Each Subcontractor shall include such provisions in agreements with Sub-subcontractors and suppliers.

32. Notices: All notices, consents, and requests ("Notices") provided to be given under the Agreement shall be given by hand-delivery, certified mail or registered mail, addressed to the proper Party, at the addresses indicated at the bottom of the Agreement. Notices shall be deemed to have been duly served if delivered in person to the designated representative of the Party; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the address of the Party as listed below. Notices are effective upon receipt. Each Party may change the address at which Notices may be sent to that Party by giving advance written notice of such change to the other Party by certified mail, return receipt requested.

33. Compliance With Laws: Contractor agrees that it will, in its performance of its obligations hereunder, fully comply with all applicable laws, regulations and ordinances of all relevant authorities, including but not limited to those pertaining to safety, and shall obtain all licenses, registrations or other

approvals required in order to fully perform its obligations hereunder. Contractor represents and warrants that all improvements made to the property shall comply with the Americans with Disabilities Act and all other applicable codes, regulations and laws.

34. **No Waiver:** No action or failure to act by HCDE or Contractor shall constitute a waiver of a right or duty afforded either Party under the Agreement, including, but not limited to, the requirements of Article 36, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing, signed by both Parties. The waiver by any Party of any right, obligation, or breach of the Agreement shall not be construed as a waiver of any other or subsequent right, obligation, or breach.

35. **No Third Party Beneficiaries:** The Agreement Documents, or any term or provisions thereof or any inclusion by reference, shall not be construed as being for the benefit of any party not in signatory thereto. No person, other than the Parties, is entitled to rely on any representation, warranty, covenant, or agreement contained herein.

36. **Amendment:** The Agreement may not be supplemented, amended, changed, or otherwise modified, except by a Valid Amendment, which requires an instrument in writing, to be attached to and incorporated in the Agreement in the form of either (1) a formal written amendment to the Agreement Documents signed and delivered by duly authorized representatives of both Parties hereto, or (2) a Change Order, issued by HCDE or its authorized representative, as provided in this section. The Agreement may not be supplemented, amended, changed, or otherwise modified by conduct of either Party, custom, usage of trade, or course of dealing.

36.1 **Change Orders:** If HCDE desires to increase the Scope of Work, the Parties will execute a written Change Order, signed by duly authorized representatives of both Parties hereto, increasing the Scope of Work and adjusting the Contract Sum and/or the Contract Time as mutually agreed by the Parties. In the event that HCDE desires to reduce the Scope of Work, HCDE may unilaterally issue a Change Order, signed by a duly authorized representative of HCDE only, reducing the Scope of Work and adjusting the Contract Sum and/or the Contract Time. If HCDE issues a Change Order reducing the Scope of Work, Contractor is entitled to payment for the portion of the deleted Work actually performed, if any, prior to the effective date of the Change Order. The Parties agree that in no event shall the action or failure to act by HCDE or Contractor constitute a waiver of requirements of this section, except as provided by Article 34.

In accordance with Texas Local Government Code § 271.060, the original Contract Sum may not be increased by more than twenty-five percent (25%). The original Contract Sum may not be decreased by more than twenty-five percent (25%) without the consent of Contractor.

36.2 **Adjustments in Excess of \$25,000:** Contractor hereby acknowledges that any Valid Amendment in which the Contract Sum is adjusted by more than \$25,000 shall require approval of HCDE's Board of Trustees, in accordance with HCDE's Policy CV (Local). The submission of Valid Amendments on a component basis, with the intention of circumventing the requirement of Board approval for Valid Amendments in excess of \$25,000 is prohibited.

37. **HCDE's Right to Audit:** HCDE, upon written notice, shall have the right to audit all documents relating to the Project at any time during construction and for a period of two (2) years after the Date of Final Completion. Records subject to audit shall include, but are not limited to, records which may have

a bearing on matters of interest to HCDE in connection with Contractor's Work for HCDE and shall be open to inspection and subject to audit and/or reproduction by HCDE's agents or its authorized representative to the extent necessary to adequately permit evaluation and verification of (a) Contractor's compliance with contract requirements (b) compliance with HCDE's procurement policies and procedures (c) compliance with provisions for computing bills to HCDE and (d) any other matters related to the Agreement between HCDE and Contractor. Each Party shall pay for its own costs and expenses incurred in assisting HCDE with audits performed pursuant to this Article. Contractor shall include audit provisions identical to this Article in all subcontracts and purchase orders.

38. **Assignment:** Neither Party shall assign or otherwise transfer the Agreement, any part hereof, or any payment or part of the payment which may accrue under the Agreement, without the prior written consent of the other Party. In the event HCDE grants such written approval, Contractor shall nonetheless be obligated to HCDE to complete the Project in the time and manner agreed herein, all in accordance with the terms and conditions of the Agreement. Contractor shall be liable for all acts and omissions of any assignee as if performed or omitted by Contractor.

39. **Attorney's Fees:** In the event either Party breaches any of the terms of the Agreement Documents whereby the Party not in default employs attorneys to protect or enforce its rights hereunder and prevails, then the defaulting Party agrees to pay the reasonable attorney's fees and expenses incurred by the non-defaulting Party, in addition to any other relief to which the non-defaulting Party may be entitled under the Agreement. This provision shall be construed as applicable to the entire Agreement.

40. **Entire Agreement:** The Agreement, the procurement solicitation issued by HCDE: Job/RFP No. [ENTER], including the terms and conditions detailed therein (the "RFP"), and Contractor's proposal submitted in response to Job/RFP No. [ENTER], and the attached and incorporated addendum or exhibits, if any, shall constitute the complete and exclusive written expression of the intentions of the Parties hereto with respect to the Project and shall supersede all previous communications, representations, agreements, promises or statements, either oral or written, by and between either Party with respect to the Project. In the event of a conflict between this Agreement and the RFP or Contractor's proposal submitted in response to the RFP, this Agreement shall control. In the event of a conflict between the RFP and Contractor's proposal submitted in response to the RFP, the RFP shall control. This Agreement supersedes any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Contractor after the Effective Date of this Agreement.

No supplements, retractions, amendments, modifications, or changes to the Agreement shall be valid unless they are Valid Amendments in accordance with Article 36. Any Valid Amendments to the Agreement must be in writing and signed by the required Party(ies) in accordance with Article 36. The Parties expressly agree that the Agreement shall not be construed against either Party.

41. **Governing Law and Venue:** The Agreement shall be governed by the law of the State of Texas, without regard to any provisions on conflicts of law. Venue for all legal proceedings related to the Agreement or the obligations thereunder shall be in Houston, Harris County, Texas, and the Parties hereby submit to the exclusive jurisdiction of the state and federal courts in Houston, Harris County, Texas.

42. **Severability:** In the event that any one or more of the provisions contained in the Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity,

illegality, or unenforceability shall not affect any other provisions of the Agreement, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

43. **Survival of Provisions:** All representations, warranties, covenants, indemnities, and other continuing obligations as expressly provided in the Agreement shall survive the expiration or earlier termination of the Agreement.

44. **Force Majeure:** Neither Party to the Agreement shall be liable for any failure to perform the terms of the Agreement when such failure is due to Force Majeure as defined in this Article. The term “Force Majeure” as used in the Agreement shall mean any delay or default in performance hereunder due to causes beyond the control of the Parties and without their fault or negligence that could not have been prevented or avoided by the affected Party through the exercise of due diligence, including, but not limited to” acts of God or the public; civil disturbances, arrests or restraints by rulers and people, acts, requests or interruptions of the federal, tribal, state, or local government or any agency thereof, or of any federal, tribal, state, or local officer purporting to act under duly constituted authority, court orders, present and future valid orders of any governmental entity, or any officer, agency or any instrumentality thereof, floods, wildfires, acts of the public enemy (including terrorists), wars, strikes, lockouts, or industrial disturbances, interruption of transportation, freight embargoes or failures, exhaustion or unavailability of equipment or services necessary to the performance of any provision herein due to allocations promulgated by authorized governmental entities , riots, rebellions, blockade, insurrection, sabotage, epidemics, invasions, landslides, earthquakes, quarantine, restrictions, breakage or accident to machinery or lines of pipe due to intervention of third party causes (not arising from the performance of the Work). **EXHIBIT A to Contractor Agreement
PREVAILING WAGE RATES**

All Contractors and Subcontractors shall comply with all applicable laws regarding prevailing wage rates including, but not limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this procurement by HCDE, including the Davis-Bacon Act. **All Contractors and Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity. All Contractors and Subcontractors must pay not less than the general prevailing wage rate as listed herein plus any applicable fringe benefits.**

The prevailing wage rates listed are to be considered the minimum to be paid, and the listing of prevailing wage rates shall not be construed to prohibit the payment of rates higher than those listed. The Contractor and Subcontractor(s) shall maintain an adequate workforce whether wage rates higher than those listed are required or not. HCDE will not consider claims for additional compensation because of payments of wage rates in excess of the applicable rates listed herein.

Chapter 2258 of the Texas Government Code applies to the construction of a public work, including a building, highway, road, excavation, and repair work or other project development or improvement, paid for in whole or in part from public funds, without regard to whether the work is done under public supervision or direction. Section 2258.021 mandates that a worker employed on a public work other than maintenance work by paid not less than the general prevailing rate of per diem wages for work or a similar character in the locality in which the work is performed and not less than the general prevailing wage rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for the public work with HCDE.

For projects involving federal funds, HCDE has adopted the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. § 276a et seq) and its subsequent amendments, as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work involving federal funds. See HCDE Policy CV (Local). The current U.S. Department of Labor wage determination rates for Texas may be accessed on the Internet at <http://www.access.gpo.gov/davisbacon/>. Click on Browse all Determinations by State and then click on Texas. Then locate Harris County. Click under the Building column for Harris County to access the rates for all trades.

For projects not involving federal funds, HCDE has adopted the prevailing wage rate as determined by Harris County, Texas as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work not involving federal funds. See HCDE Policy CV (Local). The current wage determination rates for Harris County, Texas may be accessed on the Internet at <http://www.eng.hctx.net/wage>. Click on Prevailing Wage Rate Building Construction to access the rates for all trades.

Prevailing Wage Rates: Base per Diem rate shall be taken as the hours worked per day times the Base Hourly Rate.

Overtime Rates: Over 40 hours per week and holidays at base hourly rate times 1.5.

Section 2258.023 of the Texas Government Code, entitled "PREVAILING WAGE RATES TO BE PAID BY CONTRACTOR AND SUBCONTRACTOR; PENALTY," states, in pertinent part:

- (a) The contractor who is awarded a contract by a public body or a subcontractor of the contractor shall pay not less than the rates determined under Section 2258.022 to a worker employed by it in the execution of the contract.
- (b) A contractor or subcontractor who violates this section shall pay to the state or a political subdivision of the state on whose behalf the contract is made, \$60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A public body awarding a contract shall specify this penalty in the contract.
- (d) The public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

Contractor certifies that it is in compliance with all applicable standards, orders and/or regulations issued pursuant to the programs subject to the Davis-Bacon Act (40 U.S.C. 276a et seq.), the Regulations of the Department of Labor, 29 CFR part 5, and Texas Government Code Chapter 2258.

To Whom It May Concern:

Harris County Department of Education (“HCDE”) is a Texas governmental entity, and as such, is required to comply with Section 2252.908 of the Texas Government Code (HB 1295). This provision states that governmental entities such as HCDE may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties form to the governmental entity at the time the business entity submits the signed contract to the governmental entity. The required form, Form 1295, is required to be completed on the Texas Ethics Commission’s website, and a notarized copy of the form is required to be submitted to HCDE.

On [REDACTED], Harris County Department of Education approved a contract with your organization, and a Form 1295 must have been submitted to HCDE at the time of the submission of the signed contract to HCDE. HCDE previously requested a completed Form 1295 from you. As of today, HCDE has not received the form from your organization.

This letter serves as notice that any and all contracts or agreements between the above business entity associated with the action taken by HCDE on [REDACTED] are terminated effective immediately due to your organization’s failure to submit the required Form 1295.

Thank you for your past services to Harris County Department of Education and for your cooperation in this matter.

HCDE is a local governmental entity established to promote education in Harris County, Texas and is duly authorized to provide programs and services in the State of Texas, including safety and security services through its Center for Safe and Secure Schools (“CSSS”). Both HCDE and the District desire to set forth, in writing, the terms and conditions of their agreement.

In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

The mandatory and exclusive venue for the adjudication or resolution of any dispute arising out of this Agreement shall be in Houston, Harris County, Texas, and the Parties hereby submit to the exclusive jurisdiction of said courts.
21. No Waiver. Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or equity to a Party, including the defense(s) of immunity. No failure on the part of either Party at any time to require the performance by the other Party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such Party's right to enforce such term, and no waiver on the part of either Party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by duly authorized representatives of the Parties hereto.

Provider agrees to pay any subcontractors, if any, the appropriate share of the payment received from HCDE not later than the tenth (10th) day after the date Provider receives the payment from HCDE. The exceptions to payments made by HCDE and/or Provider listed in Texas Government Code § 2251.002 shall apply to this Agreement.

7. **Reimbursements.** HCDE may reimburse Provider for the costs of expenses incurred by Provider in the course of gaining and/or maintaining compliance with EHS-CC program requirements and/or increasing the quality of Provider’s EHS Child Care program. In order to receive reimbursement from HCDE, Provider must (1) obtain written approval of the expense from an authorized HCDE representative prior to Provider incurring the expense and (2) submit documentation of the expense (i.e., receipt, invoice, etc.) to HCDE. HCDE, in its sole discretion, may approve or disapprove Provider’s request(s) for reimbursements under this Section.
8. **Training.** HCDE shall provide training to Provider prior to participation in the EHS Child Care program. HCDE shall provide Provider’s EHS teachers with ongoing training, professional development plans, coaching, and mentoring, including providing technical assistance and training to Provider’s teachers throughout the CDA credentialing process. - 1. Term.** This Agreement is effective from July 22, 2015 through June 30, 2016. The Parties may renew this Agreement by written agreement for up to four (4) additional terms of no more than one (1) year increments. All services must be completed during the effective dates of the Agreement.
- 2. Termination of Contract.** This Agreement shall remain in effect until (1) the Agreement expires by its terms or (2) the Agreement is terminated by mutual agreement of HCDE and Provider. In the event of a breach or default of the Agreement and/or the procurement solicitation by Provider, HCDE reserves the right to enforce the performance of the Agreement and/or the procurement solicitation in any manner prescribed by law or deemed to be in the best interest of HCDE. HCDE further reserves the right to terminate the Agreement immediately in the event Provider fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in this Agreement, the procurement solicitation, and/or set by HCDE; (2) comply with EHS program requirements, HSPPS, HHS Standards, or DFPS Minimum Standards; (3) maintain all required licenses, certifications, permits, or other required documentation; or (4) otherwise perform in accordance with this Agreement and/or the procurement solicitation. HCDE also reserves the right to terminate the Agreement immediately, with written notice to Provider, if HCDE believes, in its sole discretion, that it is in the best interest of HCDE to do so. Provider agrees that HCDE shall not be liable for damages in the event that HCDE declares Provider to be in default or breach of this Agreement and/or the procurement solicitation. Provider further agrees that upon termination of the Agreement for any reason, Provider shall, in good faith and with reasonable cooperation, aid in the transition to any new arrangement and/or Provider.

ARTICLE V: GENERAL PROVISIONS

- 1. Amendment.** No amendment of this Agreement shall be permitted unless first approved in writing by HCDE, and no such amendments shall have any effect unless and until a written amendment to this Agreement is executed by HCDE's Superintendent or its Assistant Superintendent for Business Services (or their designees) after any necessary approvals have been obtained from the HCDE Board of Trustees.
- 2. Assignment of Agreement.** Provider may not assign this Agreement or any of its rights, duties, or obligations hereunder without the prior written approval of HCDE. Any attempted assignment of this Agreement by Provider shall be null and void. Any obligation, responsibility, or requirement imposed on Provider or HCDE property provided to Provider under this Agreement may not be transferred, assigned, subcontracted, mortgaged, pledged, or otherwise disposed of or encumbered in any way by Provider without the prior written approval of HCDE. Provider is required to notify HCDE when any material change in operations occurs, including but not limited to, changes to or revocation of required licenses, certifications, permits, or other documentation necessary to perform this Agreement; bankruptcy; material changes in financial condition; change of ownership; and the like, within three (3) business days of such change.
- 3. Captions.** The captions herein are for convenience and identification purposes only, are not an integral part hereof, and are not to be considered in the interpretation of any part hereof.
- 4. Entire Agreement.** This Agreement, the procurement solicitation issued by HCDE, and Provider's proposal submitted in response to HCDE's procurement solicitation (RFP # 15/038JG), and the

attached and incorporated addendum or exhibits, including, but not limited to Exhibit A, contain the entire agreement of the parties relative to the purpose(s) of the Agreement and supersede any other representations, agreements, arrangements, negotiations, or understanding, oral or written, between the parties to this Agreement. In the event of a conflict between this Agreement and the procurement solicitation issued by HCDE or Provider's proposal submitted in response to HCDE's procurement solicitation, this Agreement shall control. In the event of a conflict between the procurement solicitation issued by HCDE and Provider's proposal submitted in response to HCDE's procurement solicitation, HCDE's procurement solicitation shall control. This Agreement supersedes any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, or similar documents relating hereto and which may be issued by Provider after the Effective Date of this Agreement.

5. **Equal Opportunity.** It is the policy of HCDE not to discriminate on the basis of race, color, National origin, gender, limited English proficiency or handicapping conditions in its programs. Provider agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), sex (except where based on a bona fide occupational qualification) or race, color, religion, national origin, or ancestry. Provider further agrees that every subcontract entered into for the performance of this Agreement shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor. Breach of this covenant may be regarded as a material breach of the Agreement.
6. **Force Majeure.** Neither HCDE or Provider shall be deemed to have breached any provision of this Agreement as a result of any delay, failure in performance, or interruption of service resulting directly or indirectly from acts of God, network failures, acts of civil or military authorities, civil disturbances, wars, energy crises, fires, transportation contingencies, interruptions in third-party telecommunications or Internet equipment or service, other catastrophes, or any other occurrences which are reasonably beyond such party's control. The parties to this Agreement are required to use due caution and preventive measures to protect against the effects of force majeure, and the burden of proving that a force majeure event has occurred shall rest on the party seeking relief under this provision. The party seeking relief due to force majeure is required to promptly notify the other party in writing, citing the details of the force majeure event and relief sought, and shall resume performance immediately after the obstacles to performance caused by a force majeure event have been removed, provided the Agreement has not been terminated. Delay or failure of performance, by either party to this Agreement, caused solely by a force majeure event, shall be excused for the period of delay caused solely by the force majeure event. Neither party shall have any claim for damages against the other resulting from delays caused solely by force majeure. Notwithstanding any other provision of this Agreement, in the event the Provider's performance of its obligations under this Agreement is delayed or stopped by a force majeure event, HCDE shall have the option to terminate this Agreement. This section shall not be interpreted as to limit or otherwise modify any of HCDE's contractual, legal, or equitable rights.
7. **Non-Appropriation.** Notwithstanding any other provision of this Agreement or obligation imposed on HCDE by this Agreement, HCDE shall have the right to terminate this Agreement without default or liability to Provider resulting from such termination, effective as of the end of any fiscal year of HCDE or of HCDE's Early Head Start program, if it is determined by HCDE, in HCDE's sole discretion, that there are insufficient funds to extend this Agreement, in accordance with Texas Local Government Code 271.903 concerning non-appropriation of funds for multi-year contracts. HCDE anticipates it will receive Early Head Start grant funds from the United States Department of Health

and Human Services in an amount equal to the cost of services to be provided under this Agreement. Provider further acknowledges that federal funds will be used to make all payments and pay for all of HCDE's obligations under this Agreement and that this Agreement is subject to appropriation and approval of an Early Head Start Grant by the United States federal government for the specific purpose of providing Early Head Start services in east and northeast Harris County. Notwithstanding anything to the contrary in this Agreement, this Agreement is contingent on HCDE receiving such funds. If HCDE does not receive sufficient funding to operate the Early Head Start program, HCDE may terminate this Agreement or reduce the scope of services provided under this Agreement, in HCDE's sole discretion, without penalty or further obligation to Provider, at any time upon written notice to Provider.

- 8. Governing Law and Venue.** The laws of the State of Texas, without regard to its provisions on conflicts of laws, govern this Agreement. Any dispute under this Agreement must be brought in the state and federal courts located in Houston, Harris County, Texas, and the parties hereby submit to the exclusive jurisdiction of said courts.
- 9. HCDE Property.** In the event of loss, damage, or destruction of any property owned by or loaned by HCDE that is caused by Provider or Provider's representative, agent, employee, contractor, or anyone under Provider's care, supervision, custody, and/or control, Provider shall indemnify HCDE and pay to HCDE the full value of or the full cost of repair or replacement of such property, whichever is greater, within thirty (30) days of Provider's receipt of written notice of HCDE's determination of the amount due. If Provider fails to make timely payment, HCDE may obtain such money from Provider by any means permitted by law, including, without limitation, offset or counterclaim against any money otherwise due to Provider by HCDE.
- 10. Indemnification.** PROVIDER SHALL INDEMNIFY AND HOLD HCDE HARMLESS FROM ALL CLAIMS, LIABILITIES, COSTS, SUITS OF LAW OR IN EQUITY, EXPENSES, ATTORNEYS' FEES, FINES, PENALTIES OR DAMAGES ARISING FROM THE ACTS OR OMISSIONS OF PROVIDER, PROVIDER'S EMPLOYEES, AGENTS, CONTRACTORS, OR ANYONE UNDER PROVIDER'S CARE, SUPERVISION, CUSTODY, OR CONTROL, IN CONNECTION WITH THIS AGREEMENT. Provider's obligations under this clause shall survive expiration or termination of this Agreement.
- 11. Interpretation.** Provider agrees that the normal rules of construction that require that any ambiguities in this Agreement are to be construed against the drafter shall not be employed in the interpretation of this Agreement.
- 12. IRS W-9.** In order to receive payment under this Agreement, Provider shall have a current I.R.S. W-9 Form on file with HCDE.
- 13. No Agency or Endorsements.** HCDE and Provider are independent contractors and have no power or authority to assume or create any obligation or responsibility on behalf of the other party. This Agreement shall not be construed or deemed an endorsement of a specific company or product. It is the intention of the parties that Provider is independent of HCDE and is not an employee, agent, joint venturer, or partner of HCDE, and nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and Provider or HCDE and any of Provider's agents. Provider agrees that HCDE has no responsibility for any conduct of any of Provider's employees, agents, representatives, contractors, subcontractors, or anyone under Provider's care, supervision, custody, or control.

14. Notice. Any notice provided under the terms of this Agreement by either party to the other shall be in writing and shall be given by hand-delivery or by certified or registered mail, return receipt requested. Notice shall be sufficient if made or addressed as follows:

Notice shall be deemed effective upon receipt. Each party may change the address at which notice may be sent to that party by giving notice of such change to the other party by certified or registered mail, return receipt requested.

15. Records Retention. Provider shall maintain its records and accounts in a manner that shall assure a full accounting for all services provided by Provider under this Agreement. These records and accounts shall be retained by Provider and made available for audit by HCDE for a period of not less than two (2) years from the date of completion of the services, receipt of the goods, or the date of the receipt by HCDE of Provider's final invoice or claim for payment in connection with this Agreement, whichever is later. If an audit has been announced, Provider shall retain its records and accounts until such audit has been completed.

16. Right to Audit. HCDE, upon written notice, shall have the right to audit all of Provider's records and accounts relating to this Agreement. Records subject to audit shall include, but are not limited to, records which may have a bearing on matters of interest to HCDE in connection with the Agreement and shall be open to inspection and subject to audit and/or reproduction by HCDE or its authorized representative(s) to the extent necessary to adequately permit evaluation and verification of: (a) Provider's compliance with this Agreement and the requirements of the solicitation, (b) compliance with provisions for computing billings, attendance records, and other documents submitted to HCDE, and/or (c) any other matters related to this Agreement.

17. Safety. Provider, its subcontractors, and their respective employees shall comply fully with all applicable federal, state, and local safety and health laws, ordinances, rules, and regulations in the performance of services under this Agreement, including, without limitation, those promulgated by HCDE, EHS, or HHS. In case of conflict, the most stringent safety requirements shall govern. Provider shall comply with all other safety guidelines and standards as required by HCDE. Provider shall indemnify and hold HCDE harmless from and against all claims, demands, suits, actions, judgments, fines, penalties, and liability of every kind arising from the breach of Provider's obligations under this provision.

18. Severability. In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

19. Subcontractors. If Provider uses subcontractors in the performance of any part of this Agreement, Provider shall be fully responsible to HCDE for all acts and omissions of the subcontractors just as Provider is responsible for Provider's own acts and omissions. Nothing in this Agreement shall

create for the benefit of any such subcontractor any contractual relationship between HCDE and any such subcontractor, nor shall it create any obligation on the part of HCDE to pay or to see to the payment of any moneys due any such subcontractor except as may otherwise be required by law.

20. Taxes. HCDE is tax-exempt, and HCDE shall not pay taxes for goods and/or services provided under this Agreement. Provider represents and warrants that it shall pay all taxes or similar amounts resulting from this Agreement, including, without limitation, any federal, state, or local income, sales or excise taxes of Provider or its employees. HCDE shall not be liable for any taxes resulting from this Agreement.

21. Tax Responsibilities of Provider and Indemnification for Taxes. Provider and all subcontractor(s) of Provider shall pay all federal, state, and local taxes applicable to their operation and any persons employed by Provider and all subcontractors of Provider. Provider shall require all subcontractors to hold HCDE harmless from any responsibility for taxes, damages, and interest. If applicable, contributions required under federal, state, and/or local laws and regulations and any other costs including, but not limited to, transaction privilege taxes, unemployment compensation insurance, Social Security, and Worker’s Compensation, shall be the sole responsibility of Provider.

22. Third Parties. Neither this Agreement, nor any provision or term hereof, nor any inclusion by reference shall be construed as being for the benefit of any party not in signatory hereto.

23. Waiver. No failure on the part of either party at any time to require the performance by the other party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such party’s right to enforce such term, and no waiver on the part of either party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this Contract shall be binding unless in writing and signed by duly authorized representatives of the parties hereto.

IN WITNESS HEREOF, HCDE and Provider have executed this Agreement to be effective on the date specified in Article IV, 1., Term, above.

6.1 Unless otherwise provided in the Agreement, Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or

permanent and whether or not incorporated or to be incorporated in the Work.

6.2 Contractor may make substitutions in the Work only with the consent of HCDE, after evaluation by HCDE and any consultant of HCDE and in accordance with a Change Order pursuant to Article 36.

7. Contractor's Employees and Subcontractors:

7.1 Contractor shall enforce strict discipline and good order among Contractor's employees and other persons carrying out the Work. Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

7.2 Contractor, Contractor's Subcontractors and Sub-subcontractors shall pay all workers not less than the general prevailing rate of the per diem wages for work of a similar character where the Project is located, as detailed in Exhibit A attached hereto and incorporated herein, and any applicable fringe benefits. The Project **[DOES / DOES NOT]** involve federal funds. Wages listed are minimum rates only. However, no claim for additional compensation above the Contract Sum shall be considered by HCDE because of payment of wage rate in excess of the applicable rate provided herein. Contractor and all Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity.

7.3 Contractor shall obtain all criminal history information required by Texas Education Code Chapter 22 regarding its "covered employees", as defined below. If Contractor is required by Chapter 22 to obtain the information from the fingerprint-based Applicant Clearinghouse of Texas, then Contractor will subscribe to that person's criminal history record information. Before beginning any Work on the Project, Contractor will provide written certification to HCDE that Contractor has complied with the statutory requirements as of that date. Upon request by HCDE, Contractor will provide, in writing: updated certifications and the names and any requested information regarding covered employees, so that HCDE may obtain criminal history record information on the covered employees. Contractor shall assume all expenses associated with obtaining criminal history record information.

- a) For the purposes of this Section, "covered employees" means employees, agents or Subcontractors of Contractor or any Sub-subcontractor who has or will have continuing duties related to the services to be performed on HCDE's Project and has or will have direct contact with HCDE's students. HCDE will decide what constitutes direct contact with its students. - b) Contractor is expressly prohibited from allowing anyone who has a disqualifying criminal history onto the Project Site/to perform any of the Work.

7.4 HCDE may demand that Contractor immediately remove any employee, agent, or Subcontractor of Contractor who has been convicted of a felony or misdemeanor involving moral turpitude from HCDE's property or location where students are likely to be present. HCDE may also demand that Contractor immediately remove any employee, agent, or Subcontractor of Contractor who has engaged in harassing or criminal behavior from HCDE's property or location where students are likely to be present.

7.5 By appropriate agreement, written where legally required for validity, Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to Contractor by terms of the Agreement, and to assume toward Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, which Contractor, by the Agreement, assumes toward HCDE. Each subcontract agreement shall preserve and protect the rights of HCDE with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, the benefit of all rights, remedies and redress against Contractor that Contractor, by the Agreement, has against HCDE. Where appropriate, Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Agreement to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Agreement. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

8. Construction by HCDE or by Separate Contractors:

8.1 HCDE reserves the right to perform construction or operations related to the Project with HCDE's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the Project Site under terms and conditions of the Agreement identical or substantially similar to these, including those portions related to insurance and waiver of subrogation.

8.2 HCDE shall provide for coordination of the activities of HCDE's own forces and of each Separate Contractor with the Work of Contractor, who shall cooperate with them. Contractor shall participate with other Separate Contractors and HCDE in reviewing their construction schedules. Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by Contractor, Separate Contractors and HCDE until subsequently revised.

8.3 Contractor shall afford HCDE and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Agreement.

8.4 If part of Contractor's Work depends for proper execution or results upon construction or operations by HCDE or a Separate Contractor, Contractor shall, prior to proceeding with that portion of the Work, promptly report to HCDE apparent discrepancies or defects in such other construction that would render it unsuitable for such proper execution and results. Failure of Contractor so to report shall constitute an acknowledgment that HCDE's or Separate Contractor's completed or partially completed construction is fit and proper to receive Contractor's Work, except as to defects not then reasonably discoverable by Contractor upon inspection.

8.5 Contractor shall reimburse HCDE for costs HCDE incurs that are payable to a Separate Contractor because of Contractor's delays, improperly timed activities, or defective construction.

8.6 Contractor shall promptly remedy damage Contractor wrongfully causes to completed or partially completed construction or to property of HCDE or Separate Contractors.

9. **Clean-up:** Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, Contractor shall remove waste materials, rubbish, Contractor's tools, construction equipment, machinery and surplus materials from and about the Project. Upon completion of the Work, Contractor shall provide final clean-up of all surfaces, without limitation, including but not limited to cleaning all surfaces, removing any adhesives and stickers, removing all trash and debris, and the like. If Contractor fails to clean up as provided in the Agreement, HCDE may clean up and HCDE shall be entitled to reimbursement from Contractor.

10. **Access to the Work:** HCDE is not required to make any inspections to check the quality or quantity of the Work. However, Contractor shall provide HCDE and HCDE's consultants, including but not limited to any Architect retained by HCDE, access to the Work in preparation and progress wherever located. Neither the exercise of such access rights by HCDE, nor the failure on the part of HCDE to discover or reject non-conforming Work shall be deemed an acceptance of such non-conforming Work or a waiver of any rights under the Agreement.

11. **Contract Sum:** In exchange for Contractor's complete performance of its obligations under the Agreement, HCDE shall pay to Contractor the total sum of [ENTER TOTAL DOLLAR AMOUNT] (the "Contract Sum"). The Contract Sum covers the cost to Contractor of all materials and equipment necessary for the Work and all required taxes, less applicable trade discounts, Contractor's reimbursable bond costs, and Contractor's costs for unloading and handling at the Project Site, labor, installation costs, overhead, profit and other expenses associated with the Work. The Contract Sum is the total amount payable by HCDE to Contractor for performance of the Work under the Agreement.

12. **Progress Payments and Contractor's Statements:**

12.1 HCDE agrees to make progress payments on account of the Contract Sum due Contractor, based on the percentage of Work completed by Contractor as follows:

- a) Not later than forty-five (45) days from the date HCDE receives Contractor's Statement, ninety-five percent (95%) of the undisputed portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the Work and ninety-five percent (95%) of the undisputed portion of the Contract Sum properly allocable to materials and equipment suitably stored at the Project Site or at some other location agreed upon in writing, for the period covered by the Application for Payment, less the aggregate of previous payments made by HCDE.
- b) Upon Substantial Completion of the entire Scope of Work, a sum sufficient to increase the total payments to ninety-five percent (95%) of the Contract Sum, less such amounts as HCDE shall determine for all incomplete Work and unsettled claims as provided in the Agreement

Contractor will furnish HCDE an itemized statement of completed portions of the Work and request payment therefore ("Statement"). Such Statement shall be supported by such data substantiating Contractor's right to payment as HCDE may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Agreement.

12.2 Contractor warrants that title to all Work covered by a Statement will pass to HCDE no later than the time of payment. Contractor further warrants that upon submittal of a Statement all Work submitted on a previous Statement and payments received from HCDE shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having

provided labor, materials and equipment relating to the Work.

12.3 HCDE has the right to request written evidence from Contractor that Contractor has properly paid Subcontractors and material and equipment suppliers amounts paid by HCDE to Contractor for subcontracted Work. If Contractor fails to furnish such evidence within seven days, HCDE shall have the right to contact Subcontractors to ascertain whether they have been properly paid. HCDE shall not have an obligation to pay or to see to the payment of money to a Subcontractor, except as may otherwise be required by law.

12.4 A progress payment, or partial or entire use or occupancy of the Project by HCDE shall not constitute acceptance of Work not in accordance with the Agreement.

12.5 Unless Contractor provides HCDE with a payment bond in the full penal sum of the Contract Sum, payments received by Contractor for Work properly performed by Subcontractors and suppliers shall be held by Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with Contractor for which payment was made by HCDE.

13. **Retainage:** HCDE shall withhold from payment(s) to Contractor a retainage of five percent (5%). The retainage shall be paid to Contractor upon Final Completion of the Work. Completion of the Work shall be considered final upon written approval by HCDE's designated representative.

14. **Taxes:** Contractor shall pay sales, consumer, use and similar taxes for the Work provided by Contractor that are legally enacted when the Agreement is executed, whether or not yet effective or merely scheduled to go into effect.

HCDE is exempt from the Texas Sales Tax on any purchase, lease or rental of tangible personal property and will issue Certificates of Exemption from the Texas State Sales Tax on materials furnished by Contractors on School Construction projects. Contractor shall abide by the sales tax exemption.

15. **Permits, Fees, Notices, and Compliance with Laws**

15.1 Unless otherwise provided in Agreement, Contractor shall secure and pay for any building permits as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Agreement and legally required at the time the Agreement is executed.

- a) HCDE shall pay directly to the governing authority the cost of any permanent property utility assessments and similar utility connection charges including domestic water line and irrigation meter costs, fire vaults, and development fees.
- b) Contractor shall pay any temporary utility charges and inspection fees, unless specifically indicated otherwise herein. Contractor shall be responsible for obtaining all necessary permits and inspections.

15.2 Contractor shall comply with, and takes full responsibility for complying with, safety rules, guidelines, standards, and requirements promulgated by the Occupational Safety and Health Administration (OSHA) applicable to the Project. Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Agreement. Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss. Contractor shall erect and maintain, as required by existing conditions and

performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent sites and utilities. Contractor is responsible for compliance with any requirements included in the Agreement regarding hazardous materials.

15.4 If Contractor performs any portion of the Work contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

15.5 **Concealed or Unknown Conditions:** If Contractor encounters conditions at the Project Site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in any Construction Documents or (2) unknown physical conditions of an unusual nature, that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in any Construction Documents, Contractor shall promptly provide notice to HCDE before conditions are disturbed and in no event later than 21 days after first observance of the conditions. HCDE will promptly investigate such conditions and, if HCDE determines that they differ materially and cause an increase or decrease in Contractor's cost of, or time required for, performance of any part of the Work, will negotiate an equitable adjustment in the Contract Sum or Contract Time, or both, with Contractor in accordance with Article 36. If HCDE determines that the conditions at the Project Site are not materially different from those indicated in the Construction Documents and that no change in the terms of the Agreement is justified, HCDE will promptly notify Contractor, in writing.

16. **Intellectual Property:** Contractor shall pay all royalties and license fees. Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold HCDE harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by Construction Documents, or where the copyright violations are contained in Construction Documents or other documents prepared by or for HCDE. However, if Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, Contractor shall be responsible for such loss unless such information is promptly furnished to HCDE.

17. **Construction Schedule:** Contractor has prepared and submitted a Contractor's construction schedule for the Work, attached hereto and incorporated herein as Exhibit B ("Construction Schedule"). The schedule shall be revised at appropriate intervals, in accordance with Article 36, as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Construction Documents, and shall provide for expeditious and practicable execution of the Work. Contractor shall perform the Work in general accordance with the Construction Schedule. Contractor shall submit to HCDE updated construction schedules as necessary to reflect appropriate schedule revisions and shall take whatever action is necessary and within its control to assure that the Project completion schedule is met.

18. **Professional Services:** Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Construction Documents for a portion of the Work or unless Contractor needs to provide such services in order to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Construction Documents, HCDE and HCDE's Architect, if any, will specify all performance and design criteria that such services must satisfy. Contractor

shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other documents prepared by such professional. HCDE shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided HCDE has specified to Contractor all performance and design criteria that such services must satisfy.

19. **Priority of Documents:** The Agreement shall prevail in case of an inconsistency among the Agreement, Job No. [ENTER], or Contractor's response to Job No. [ENTER]. Job No. [ENTER] shall prevail in case of an inconsistency with Contractor's response to Job No. [ENTER]. In the case of an inconsistency between the Agreement and Contractor's response to Job No. [ENTER] not clarified by a Valid Amendment, Contractor is deemed to have included the better quality or greater quantity of Work in the Contract Sum.

In the case of an inconsistency among the body of this Agreement (including Valid Amendments thereto), the accompanying Exhibits (including Valid Amendments thereto), and the Construction Documents (including Valid Amendments thereto), the provisions of the body of this Agreement shall control.

In the case of an inconsistency between the provisions of the Agreement and any Change Order not in accordance with Article 36, Contractor's work ticket, invoice, statement, purchase order, published rate schedule, or any other type of memoranda between HCDE and Contractor pertaining to the subject matter in the Agreement, the provisions of the Agreement (including Valid Amendments thereto) shall control.

Nothing in this Article prohibits Valid Amendments to be made in accordance with Article 36.

20. **Ownership of Construction Documents:** HCDE and/or HCDE's consultants, including but not limited to any Architect retained by HCDE, shall be deemed the authors and owners of their respective Construction Documents and will retain all common law, statutory and other reserved rights, including copyrights. Contractor, any Subcontractors, Sub-subcontractors, and material or equipment suppliers shall not own or claim a copyright in the Construction Documents. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Agreement and the Work is not to be construed as publication in derogation of HCDE's and/or HCDE's consultants' reserved rights.

Contractor, any Subcontractors, Sub-subcontractors and material or equipment suppliers are authorized to use and reproduce the Construction Documents provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Construction Documents. Contractor, any Subcontractors, Sub-subcontractors, and material or equipment suppliers may not use the Construction Documents on other projects or for additions outside the scope of the Work without the specific written consent of HCDE and HCDE's consultants.

21. **HCDE's Right to Stop the Work and Right to Carry Out the Work:**

21.1 HCDE may temporarily stop the Work, at any time, for HCDE's convenience and without cause, for a period not to exceed two (2) weeks, upon three (3) days written notice to Contractor. The Work may be temporarily stopped for a period longer than two (2) weeks by a Valid Amendment in accordance with Article 36. If the Work is temporarily stopped at HCDE's request, the Contract Time shall be adjusted accordingly in accordance with Article 36.

21.2 If Contractor fails to correct Work that is not in accordance with the requirements of the

Agreement or repeatedly fails to carry out Work in accordance with the Agreement, HCDE may issue a written order to Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of HCDE to stop the Work shall not give rise to a duty on the part of HCDE to exercise this right for the benefit of Contractor or any other person or entity, except as may otherwise be provided in the Agreement.

21.3 If Contractor defaults or neglects to carry out the Work in accordance with the Agreement and fails, within a ten-day period after receipt of written notice from HCDE, to commence and continue correction of such default or neglect with diligence and promptness, HCDE may, without prejudice to other remedies HCDE may have (including, but not limited to, termination of the Agreement), correct such deficiencies. In such case, an appropriate Change Order shall be issued, in accordance with Article 36, deducting from payments then or thereafter due Contractor the reasonable cost of correcting such deficiencies, including HCDE's expenses and compensation for additional services, if any, by HCDE's consultants, including but not limited to an Architect retained by HCDE, made necessary by such default, neglect or failure. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to HCDE.

22. **HCDE's Right to Occupy:** HCDE and Contractor agree that HCDE may occupy or use, without prejudice to the right of either Party, any completed or largely completed portions of the Project, notwithstanding the time for completing the entire Work or such portions may not have expired. Such beneficial occupancy and use shall not constitute Substantial Completion or HCDE's acceptance of any work not in accordance with the Agreement.

23. **Date of Commencement:** The date of commencement of the Work is [ENTER] Contractor shall not knowingly, except by agreement or instruction of HCDE in writing in accordance with Article 36, prematurely commence operations on the Project Site or elsewhere prior to the effective date of insurance required by Article 27 to be furnished by Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

24. **Date of Substantial Completion: [ENTER]. The Date of Final Completion is thirty (30) days after Substantial Completion.**

24.1 Time limits stated in the Agreement are of the essence of the Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work. Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time.

24.2 HCDE and Contractor agree that Contractor's failure to meet the deadlines established in the Agreement will cause damage to HCDE, but such damage is difficult to establish. It is therefore expressly agreed, as a part of the consideration inducing HCDE to execute the Agreement, that Contractor's failure to achieve Substantial Completion and Final Completion by the agreed dates shall result in liquidated damages in the amount of \$100.00 per day for each and every day after the date of which Substantial Completion and Final Completion are to occur until Substantial Completion and Final Completion are achieved. Contractor agrees that HCDE may deduct liquidated damages from the final payment made to Contractor or from any compensation otherwise to be paid to Contractor. It is expressly understood that payment of liquidated damages in the amount of \$100.00 per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by HCDE in the event that the Work is not substantially completed or finally completed within the agreed times, or within the legally extended times, if any, otherwise provided herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damage

being caused by additional compensation to personnel, for loss of interest on money and other miscellaneous increased costs, all of which are difficult of exact ascertainment.

24.3 When Contractor considers that the Work, or a portion thereof, which HCDE agrees to accept separately, is substantially complete, Contractor shall prepare and submit to HCDE a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of Contractor to complete all Work in accordance with the Agreement.

24.4 When Contractor considers that the Work is Finally Complete, Contractor shall prepare and submit to HCDE written notice that the Contractor finds the Work to be Finally Complete. Completion of the Work shall be considered final only upon written approval of Final Completion and acceptance of the Work by HCDE's designated representative. Final payment of the Contract Sum, constituting the unpaid balance of the Contract Sum, shall not be paid until the Work has been finally completed and accepted by HCDE's designated representative, in writing. Final payment shall be paid by HCDE to Contractor within thirty (30) days of HCDE's approval of Final Completion and acceptance of the Work.

24.5 If HCDE disputes a portion of any payment due to Contractor under the Agreement, HCDE may withhold any such disputed amounts, without interest, for a period of forty-five (45) days after such payment would otherwise have been due to Contractor, as long as HCDE makes a reasonable attempt to resolve the dispute with Contractor. If, after such forty-five (45) day withholding period, HCDE continues to dispute any portion of the payment, HCDE may continue to withhold any such disputed amount until the dispute is resolved, except that, if HCDE is found to have wrongfully withheld such disputed amount, Contractor shall be entitled to interest on the wrongfully withheld amount from the original date that payment of such amount was due to Contractor until the date HCDE pays such amount to Contractor in full. The interest rate under this section may not exceed the Judgment Rate published by the Office of Consumer Credit Commissioner.

24.6 If, within one year after the date of Final Completion of the Work, any of the Work is found to be not in accordance with the requirements of the Agreement, Contractor shall correct it, at Contractor's sole cost and expense, promptly after receipt of written notice from HCDE to do so. HCDE shall give such notice promptly after discovery of the condition. If Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from HCDE, HCDE may correct it in accordance with Article 21. Nothing contained in this Article 24.5 shall be construed to establish a period of limitation with respect to other obligations Contractor has under the Agreement. Establishment of the one-year period for correction of Work as described herein relates only to the specific obligation of Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct the Work.

25. **HCDE's Right to Terminate:** HCDE may terminate the Agreement, at any time, for HCDE's convenience and without cause upon thirty (30) days written notice to Contractor. If HCDE terminates the Agreement, Contractor shall only be paid for the Work actually performed prior to the effective date of the termination.

Upon receipt of written notice from HCDE of such termination for HCDE's convenience, Contractor shall immediately: (a) cease operations as directed by HCDE in the notice; (b) take actions necessary, or that HCDE may direct, for the protection and preservation of the Work; and (c) except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and

purchase orders and enter into no further subcontracts and purchase orders. In case of such termination for the Owner's convenience, Contractor shall be entitled to receive payment for Work actually performed prior to the effective date of the termination.

26. **Payment and Performance Bonds:** Contractor shall furnish (1) a Statutory Performance Bond for contract amounts over \$100,000.00 in an amount equal to One Hundred Percent (100%) of the Contract Sum as security for the faithful performance of the Agreement and (2) a Statutory Labor and Material Payment Bond for contract amounts over \$25,000.00 in an amount not less than One Hundred Percent (100%) of the Contract Sum as security for the payment of all persons performing labor on the project under the Agreement and furnishing materials in connection with the Agreement. The Performance Bond and the Labor and Material Payment Bond may be in one or in separate instruments in accordance with local law and shall be delivered to HCDE not later than the date of execution of the Agreement. Contractor shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney. The bonds shall be executed by a corporate surety in accordance with Texas Insurance Code 7.19-1.

27. **Insurance:**

27.1 At its sole cost and expense, Contractor shall purchase from and maintain, in a company or companies with not less than an "A" rating and meeting the minimum qualifications outlined in Texas Insurance Code § 3503.001 for insurance companies insuring work related to public entities, lawfully authorized to do business in the jurisdiction in which the Project is located, such coverage in the following limits, on an occurrence basis, with HCDE named as an additional insured, as follows:

- a) Builders' risk insurance in Contractor's and HCDE's names against loss or damage by fire or storm on the entire Work, including structures as well as materials and equipment adjacent thereto intended for use on the Project, in the amount of one hundred percent (100%) of the value;
- b) Workers' Compensation (with Waiver of subrogation to HCDE) Employer's Liability, including all states, U.S. Longshoremen, Harbor Workers and other endorsements, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, as required by statute and which meets the statutory requirements of Texas Labor Code Section 401.011(44) for all employees of Contractor providing services on the Project, for the duration of the Project Contractor shall comply with the requirements of Rule 28, TAC Section 110.110, Reporting Requirements for Building or Construction Projects for Governmental Entities.

27.2 All policies of insurance required of Contractor herein shall waive all rights of subrogation against HCDE, its officers, employees, and agents. All policies of insurance, including any renewals thereof, must specify that such coverage will not be canceled or materially changed without a minimum of thirty (30) days prior written notice to HCDE. HCDE shall be named as an “additional insured” on all insurance policies. Contractor shall furnish certified copies of original insurance policies to HCDE before any Work is started by Contractor.

27.3 The insurance requirements stated herein do not establish limits of Contractor’s liability and are separate from and independent of any indemnification obligation of Contractor. HCDE reserves the right to require additional insurance from Contractor as HCDE deems necessary. Contractor shall also require that its Subcontractors provide evidence of insurance of the same types and amounts as Contractor herein, prior to conducting any Work on the Project.

27.4 HCDE and Contractor hereby mutually release each other (and their successors, assigns, subcontractors, agents, and employees) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured thereunder. In the event of such insured loss, neither Party’s insurance company shall have a subrogated claim against the other.

27.5 If Contractor fails to obtain or maintain any of the required insurance coverage, HCDE may obtain and maintain such insurance, and Contractor shall reimburse HCDE for the actual cost of such insurance within thirty (30) days after receipt of HCDE’s invoice or HCDE may offset such amount against any payment due Contractor.

28. **No Mechanics or Materials Liens:** Contractor hereby acknowledges that mechanics and materials liens are unavailable against a public entity, including HCDE.

29. **Relationship of Parties:** Contractor is engaged under the Agreement as an independent contractor and not as an agent or employee of HCDE. Contractor is not entitled to benefits of any kind to which HCDE’s employees are entitled, including but not limited to unemployment compensation, workers compensation, health insurance or retirement benefits. Contractor assumes full responsibility for payment of all federal, state and local taxes or contributions, including but not limited to, unemployment insurance, social security, Medicare and income taxes with respect to Contractor and Contractor’s employees. The Agreement shall not be construed to create or imply any partnership or joint venture between the Parties hereto, nor shall it be construed or deemed an endorsement of a specific company or product. The Agreement does not authorize either Party to serve as the legal representative or agent of the other. Neither Party has any right or authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party.

30. **Indemnity: CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HCDE, HCDE’S CONSULTANTS, AGENTS, AND EMPLOYEES HARMLESS FROM ANY AND ALL LOSS, EXPENSE, COST OR LIABILITY (INCLUDING REASONABLE ATTORNEY’S FEES AND EXPENSES), ARISING FROM ANY CLAIM OR CAUSE OF ACTION FOR ANY LOSS OR DAMAGE CAUSED BY OR ARISING FROM THE PERFORMANCE OF CONTRACTOR’S OBLIGATIONS UNDER THE AGREEMENT, INCLUDING, BUT NOT LIMITED TO, THE CONDUCT OF CONTRACTOR’S EMPLOYEES, SUBCONTRACTORS, SUB-SUBCONTRACTORS OR ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY THEM. IN**

CASE OF ANY SUCH CLAIM, CONTRACTOR, UPON NOTICE FROM HCDE, COVENANTS TO DEFEND ANY SUCH ACTION OR PROCEEDING, EVEN IF SUCH ACTION OR PROCEEDING ALLEGES THAT THE LOSS OR DAMAGE WAS CAUSED BY HCDE'S NEGLIGENCE.

In claims against any person or entity indemnified under this Article by an employee of Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Article shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

31. **Antitrust Violations:** To permit HCDE to recover damages suffered in antitrust violations, the Agreement must include the following wording, "Contractor hereby assigns to [HCDE] any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 U.S.C.A. Section 1 et.seq. (1973)," and HCDE hereby incorporates such language into the Agreement. Contractor shall include this provision in its agreements with each Subcontractor and supplier. Each Subcontractor shall include such provisions in agreements with Sub-subcontractors and suppliers.

Contractor represents and warrants that all improvements made to the property shall comply with the Americans with Disabilities Act and all other applicable codes, regulations and laws.

34. **No Waiver:** No action or failure to act by HCDE or Contractor shall constitute a waiver of a right or duty afforded either Party under the Agreement, including, but not limited to, the requirements of Article 36, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing, signed by both Parties. The waiver by any Party of any right, obligation, or breach of the Agreement shall not be construed as a waiver of any other or subsequent right, obligation, or breach.

35. **No Third Party Beneficiaries:** The Agreement Documents, or any term or provisions thereof or any inclusion by reference, shall not be construed as being for the benefit of any party not in signatory thereto. No person, other than the Parties, is entitled to rely on any representation, warranty, covenant, or agreement contained herein.

36. **Amendment:** The Agreement may not be supplemented, amended, changed, or otherwise modified, except by a Valid Amendment, which requires an instrument in writing, to be attached to and incorporated in the Agreement in the form of either (1) a formal written amendment to the Agreement Documents signed and

36.1 **Change Orders:** If HCDE desires to increase the Scope of Work, the Parties will execute a written Change Order, signed by duly authorized representatives of both Parties hereto, increasing the Scope of Work and adjusting the Contract Sum and/or the Contract Time as mutually agreed by the Parties. In the event that HCDE desires to reduce the Scope of Work, HCDE may unilaterally issue a Change Order, signed by a duly authorized representative of HCDE only, reducing the Scope of Work and adjusting the Contract Sum and/or the Contract Time. If HCDE issues a Change Order reducing the Scope of Work, Contractor is entitled to payment for the portion of the deleted Work actually performed, if any, prior to the effective date of the Change Order. The Parties agree that in no event shall the action or failure to act by HCDE or Contractor constitute a waiver of requirements of this section, except as provided by Article 34.

In accordance with Texas Local Government Code § 271.060, the original Contract Sum may not be increased by more than twenty-five percent (25%). The original Contract Sum may not be decreased by more than twenty-five percent (25%) without the consent of Contractor.

36.2 **Adjustments in Excess of \$25,000:** Contractor hereby acknowledges that any Valid Amendment in which the Contract Sum is adjusted by more than \$25,000 shall require approval of HCDE's Board of Trustees, in accordance with HCDE's Policy CV (Local). Each Party shall pay for its own costs and expenses incurred in assisting HCDE with audits performed pursuant to this Article. Contractor shall include audit provisions identical to this Article in all subcontracts and purchase orders.

38. **Assignment:** Neither Party shall assign or otherwise transfer the Agreement, any part hereof, or any payment or part of the payment which may accrue under the Agreement, without the prior written consent of the other Party. In the event HCDE grants such written approval, Contractor shall nonetheless be obligated to HCDE to complete the Project in the time and manner agreed herein, all in accordance with the terms and conditions of the Agreement. Contractor shall be liable for all acts and omissions of any assignee as if performed or omitted by Contractor.

39. **Attorney's Fees:** In the event either Party breaches any of the terms of the Agreement Documents whereby the Party not in default employs attorneys to protect or enforce its rights hereunder and prevails, then the defaulting Party agrees to pay the reasonable attorney's fees and expenses incurred by the non-defaulting Party, in addition to any other relief to which the non-defaulting Party may be entitled under the Agreement. This provision shall be construed as applicable to the entire Agreement.

40. **Entire Agreement:** The Agreement, the procurement solicitation issued by HCDE: Job/RFP No. [ENTER], including the terms and conditions detailed therein (the "RFP"), and Contractor's proposal submitted in response to Job/RFP No. [ENTER], and the attached and incorporated addendum or exhibits, if any, shall constitute the complete and exclusive written expression of the intentions of the Parties hereto with respect to the Project and shall supersede all previous communications, representations, agreements, promises or statements, either oral or written, by and between either Party with respect to the Project. In the event of a conflict between this Agreement and the RFP or Contractor's proposal submitted in response to the RFP, this Agreement shall control. In the event of a conflict between the RFP and Contractor's proposal submitted in response to the RFP, the RFP shall control. This Agreement supersedes any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Contractor after the Effective Date of this Agreement.

No supplements, retractions, amendments, modifications, or changes to the Agreement shall be valid unless they are Valid Amendments in accordance with Article 36. Any Valid Amendments to the Agreement must be in writing and signed by the required Party(ies) in accordance with Article 36. The Parties expressly agree that the Agreement shall not be construed against either Party.

41. **Governing Law and Venue:** The Agreement shall be governed by the law of the State of Texas, without regard to any provisions on conflicts of law. Venue for all legal proceedings related to the Agreement or the obligations thereunder shall be in Houston, Harris County, Texas, and the Parties hereby submit to the exclusive jurisdiction of the state and federal courts in Houston, Harris County, Texas.

42. **Severability:** In the event that any one or more of the provisions contained in the Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions of the Agreement, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

43. **Survival of Provisions:** All representations, warranties, covenants, indemnities, and other continuing obligations as expressly provided in the Agreement shall survive the expiration or earlier termination of the Agreement.

44. **Force Majeure:** Neither Party to the Agreement shall be liable for any failure to perform the terms of the Agreement when such failure is due to Force Majeure as defined in this Article. The term "Force Majeure" as used in the Agreement shall mean any delay or default in performance hereunder due to causes beyond the control of the Parties and without their fault or negligence that could not have been prevented or avoided by the affected Party through the exercise of due diligence, including, but not limited to" acts of God or the public; civil disturbances, arrests or restraints by rulers and people, acts, requests or interruptions of the federal, tribal, state, or local government or any agency thereof, or of any federal, tribal, state, or local officer purporting to act under duly constituted authority, court orders, present and future valid orders of any governmental entity, or any officer, agency or any instrumentality thereof, floods, wildfires, acts of the public enemy (including terrorists), wars, strikes, lockouts, or industrial disturbances, interruption of transportation, freight embargoes or failures, exhaustion or unavailability of equipment or services necessary to the performance of any provision herein due to allocations promulgated by authorized governmental entities, riots, rebellions, blockade, insurrection, sabotage, epidemics, invasions, landslides, earthquakes, quarantine, restrictions, breakage or accident to machinery or lines of pipe due to intervention of third party causes (not arising from the performance of the Work). **EXHIBIT A to Contractor Agreement
PREVAILING WAGE RATES**

All Contractors and Subcontractors shall comply with all applicable laws regarding prevailing wage rates including, but not limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this procurement by HCDE, including the Davis-Bacon Act. **All Contractors and Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity. All Contractors and Subcontractors must pay not less than the general prevailing wage rate as listed herein plus any applicable fringe benefits.**

The prevailing wage rates listed are to be considered the minimum to be paid, and the listing of prevailing wage rates shall not be construed to prohibit the payment of rates higher than those listed. The Contractor and Subcontractor(s) shall

maintain an adequate workforce whether wage rates higher than those listed are required or not. HCDE will not consider claims for additional compensation because of payments of wage rates in excess of the applicable rates listed herein.

Chapter 2258 of the Texas Government Code applies to the construction of a public work, including a building, highway, road, excavation, and repair work or other project development or improvement, paid for in whole or in part from public funds, without regard to whether the work is done under public supervision or direction. Section 2258.021 mandates that a worker employed on a public work other than maintenance work be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed and not less than the general prevailing wage rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for the public work with HCDE.

For projects involving federal funds, HCDE has adopted the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. § 276a et seq) and its subsequent amendments, as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work involving federal funds. See HCDE Policy CV (Local). The current U.S. Department of Labor wage determination rates for Texas may be accessed on the Internet at <http://www.access.gpo.gov/davisbacon/>. Click on Browse all Determinations by State and then click on Texas. Then locate Harris County. Click under the Building column for Harris County to access the rates for all trades.

For projects not involving federal funds, HCDE has adopted the prevailing wage rate as determined by Harris County, Texas as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work not involving federal funds. See HCDE Policy CV (Local). The current wage determination rates for Harris County, Texas may be accessed on the Internet at <http://www.eng.hctx.net/wage>. Click on Prevailing Wage Rate Building Construction to access the rates for all trades.

Prevailing Wage Rates: Base per Diem rate shall be taken as the hours worked per day times the Base Hourly Rate.
Overtime Rates: Over 40 hours per week and holidays at base hourly rate times 1.5.

Section 2258.023 of the Texas Government Code, entitled "PREVAILING WAGE RATES TO BE PAID BY CONTRACTOR AND SUBCONTRACTOR; PENALTY," states, in pertinent part:

- (a) The contractor who is awarded a contract by a public body or a subcontractor of the contractor shall pay not less than the rates determined under Section 2258.022 to a worker employed by it in the execution of the contract.
- (b) A contractor or subcontractor who violates this section shall pay to the state or a political subdivision of the state on whose behalf the contract is made, \$60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A public body awarding a contract shall specify this penalty in the contract.
- (d) The public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

Contractor certifies that it is in compliance with all applicable standards, orders and/or regulations issued pursuant to the programs subject to the Davis-Bacon Act (40 U.S.C. 276a et seq.), the Regulations of the Department of Labor, 29 CFR part 5, and Texas Government Code Chapter 2258.

Interlocal Agreement
between Harris County Department of Education
& _____

Pursuant to the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and Chapter 271, Subchapter F of the Texas Local Government Code, and other similar, applicable laws of other states, this Interlocal Agreement (“Agreement”) is made and entered into by and between Harris County Department of Education (“HCDE”), located in Houston, Texas, and _____, a local governmental entity and/or political subdivision (“LGE”), located in _____ (city), _____ (state), for the purpose of contracting for the performance of governmental functions and services. The undersigned may be referred to in this Agreement individually as a “Party” and collectively as the “Parties.”

Preamble

HCDE is a local governmental entity established to promote education in Harris County, Texas and is duly authorized to provide programs and services in the State of Texas. Both HCDE and LGE desire to set forth, in writing, the terms and conditions of their agreement.

General Terms and Conditions

In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

1. Term. The term of this Agreement shall commence on the date of the first signature of this Agreement (“Effective Date”) and shall automatically renew annually, unless either Party gives thirty (30) days prior written notice of non-renewal.

2. Agreement. The terms of this Agreement shall apply and will be considered a part of any addendum, purchase order, or contract for programs and services delivered by HCDE. This Agreement and the attached and incorporated addenda, purchase orders, or exhibits, if any, contain the entire agreement of the parties, and there are no representations, agreements, arrangements, or undertakings, oral or written, between the Parties to this Agreement other than those set forth in this Agreement and duly executed in writing.

3. Purpose and Scope of Work.
 - A. **HCDE agrees to:**
 - Provide LGE with descriptive offerings of each of the programs and services that HCDE provides.
 - Provide programs and services upon LGE’s submission of independent contracts or purchase orders to HCDE and HCDE’s acceptance thereof. HCDE’s obligations to provide programs and services is contingent on HCDE acquiring and maintaining sufficient staffing through reasonable efforts to satisfy HCDE’s obligations under this Agreement and all similar obligations under its contracts with other local governmental entities.
 - Conduct, at a minimum, an annual audit or survey, as appropriate, for each of the programs and services that HCDE delivers.

 - B. **LGE agrees to:**
 - Participate in any or all of the programs and services that HCDE offers, in LGE’s sole discretion.

- Submit purchase order(s) or independent contract(s) for each of the HCDE programs and/or services that LGE desires to purchase and/or collaborate.
 - Agree to follow the terms and conditions of each independent contract or purchase order.
 - Designate a person to act as LGE's representative to each respective HCDE program and/or service delivered.
4. As is. HCDE makes this Agreement available to HCDE participating entities "as is" and is under no obligation to revise the terms, conditions, scope, prices, and/or any requirements of the Agreement for the benefit of LGE.
5. Master Contract. This Agreement can be utilized as a Master Contract. The general terms and conditions in this Agreement will serve to outline the working relationship between HCDE and LGE.

LGE agrees to adhere to the specific terms and conditions set forth for the HCDE programs and/or services as contracted by LGE. In the case of a conflict between this Agreement and any addendum, purchase order, or individual contract for a specific HCDE program or service, the provisions of the addendum, purchase order, or individual contract will govern.

6. Payments. The Parties agree that all payments made under this Agreement will be in an amount that fairly compensates the performing Party for the services or functions performed under this Agreement. The Parties further agree that each Party paying for the performance of governmental functions or services pursuant to this Agreement must make those payments from current revenues available to the paying Party.
7. Invoices. HCDE will invoice LGE for the HCDE programs and services that LGE purchases from HCDE. LGE agrees to remit payment to HCDE within thirty (30) days after the later of the following: (1) the date LGE receives the goods; (2) the date the performance of the service is completed; or (3) the date LGE receives an invoice for the goods or service. If LGE makes a payment to HCDE with a credit card, LGE agrees to pay to HCDE a surcharge fee consisting of any applicable credit card fees and/or costs incurred by HCDE, including, without limitation, the processing fee(s) charged to HCDE by the credit card company(ies).
8. Participation in HCDE's Cooperative Purchasing Program. If LGE elects to participate in HCDE's cooperative purchasing program, Choice Partners, LGE shall be permitted to purchase goods and services using the contracts competitively procured by HCDE. HCDE does not assess a fee to LGE for participation in Choice Partners. LGE shall make payments directly to vendors. LGE shall be responsible for ordering, inspecting, and accepting the goods and services purchased through Choice Partners. LGE shall further be responsible for the vendors' compliance with provisions relating to the specific quality of goods and services delivered and terms of delivered, as set forth between LGE and the vendor. HCDE is not responsible or liable for the performance of any vendor used by LGE as a result of this Agreement or LGE's participation in Choice Partners.
9. Compliance with Laws. Each Party is responsible for complying with applicable laws and regulations relating to this Agreement and any purchase made under this Agreement.

10. Termination. This Agreement may be terminated prior to the expiration of the Term hereof as follows:
- By either Party, with or without cause, upon thirty (30) days' prior written notice;
 - By mutual written agreement of the Parties; or
 - By either Party immediately if the other Party commits a material breach of any of the terms of this Agreement and no remedial action can be agreed upon by the Parties.

Termination of this Agreement by a Party shall not terminate an existing purchase order or individual contract between HCDE and LGE or between LGE and an HCDE cooperative purchasing program vendor. In the event of termination of this Agreement or any purchase order or individual contract, LGE shall be responsible for compensating HCDE for programs and services provided by HCDE up to the effective date of termination.

11. Assignment. Neither this Agreement nor any duties or obligations entered in subsequent contracts because of this agreement shall be assignable by either party without the prior written acknowledgment and authorization of both parties.
12. Conflict of Interest. During the Term of HCDE's service to LGE, LGE, its personnel and agents, shall not, directly or indirectly, whether for LGE's own account or with any other person or entity whatsoever, employ, solicit or endeavor to entice away any person who is employed by HCDE.
13. Contract Amendment. This Agreement may be amended only by the mutual agreement of all Parties, in writing, to be attached to and incorporated into this Agreement.
14. Notice. Any notice provided under the terms of this Agreement by either party to the other shall be in writing and shall be sent by **certified mail, return receipt requested**. Notice to shall be sufficient if made or addressed as follows:

15. Relation of Parties. It is the intention of the parties that LGE is independent of HCDE and not an employee, agent, joint venturer, or partner of HCDE and nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and LGE or HCDE and any of LGE's representatives.
16. Non-Exclusivity of Services. Nothing in this Agreement may be construed to imply that HCDE has exclusive right to provide LGE with programs or services. During the Term of this Agreement, LGE reserves the right to use all available resources to procure other programs and services as needed and, in doing so, will not violate any rights of HCDE.

17. Disclaimer. HCDE DOES NOT WARRANT THAT THE OPERATION OR USE OF HCDE PROGRAMS AND/OR SERVICES WILL BE UNINTERRUPTED OR ERROR FREE. HCDE HEREBY DISCLAIMS ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, IN REGARD TO ANY INFORMATION, PRODUCT, PROGRAM, OR SERVICE FURNISHED UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
18. Limitation of Liability. Without waiver of the Disclaimer in Article 17 of this Agreement, the Parties agree that:
 - Neither Party waives any immunity afforded to it under applicable law; and
 - Neither Party shall be liable to the other Party for special, incidental, or exemplary damages with regard to any lawsuit or formal adjudication arising out of or relating to this Agreement.
19. Severability. In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions, and the Agreement shall be construed as if such invalid, illegality, or unenforceable provision had never been contained in it.
20. Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, without regard to its conflicts of laws provisions. The mandatory and exclusive venue for the adjudication or resolution of any dispute arising out of this Agreement shall be in Houston, Harris County, Texas.
21. No Waiver. Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or equity to a Party, including the defense(s) of immunity. No failure on the part of either Party at any time to require the performance by the other Party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such Party's right to enforce such term, and no waiver on the part of either Party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by duly authorized representatives of the Parties hereto.
22. Benefit for Signatory Parties Only. Neither this Agreement, nor any term or provisions hereof, not any inclusion by reference, shall be construed as being for the benefit of any party not in signatory hereto.
23. Authorization. Each party acknowledges that the governing body of each Party to the Agreement has authorized and approved this Agreement.
24. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original constituting one and the same instrument.

I. PURPOSE

The District agrees to provide an after-school program(s), which must include activities to support language literacy and numeracy development during out-of-school time hours ("after-school program(s)") to students four to twelve years of age or up to the age of 19 with a documented disability. Students meeting these age requirements are referred to herein as “eligible students.”

II. TERM

This Agreement shall be for the period beginning **August 1, 2017** and ending **July 31, 2018** and is subject to the receipt of sufficient funds from HCDE.

III. AFTER-SCHOOL PROGRAM DESCRIPTION and REQUIREMENTS

A. The District agrees to provide after-school program(s) to eligible students in accordance with all applicable local, state, and federal laws and regulations, including, without limitation, those promulgated by the Texas Workforce Commission (“TWC”) and/or Gulf Coast Local Workforce Board. The District agrees to abide by all of the policies and procedures in the Center for Afterschool, Summer, Expanded Learning (CASE) Manual, which is incorporated by reference into this Agreement. The District agrees to abide by all of the guidelines developed by HCDE in furtherance of this Agreement.

B. The District agrees to provide facilities and personnel necessary to provide quality improvement activities in the after-school program(s) to eligible students. The District will provide the after-school program(s) at the following school(s): **INSERT**. Activities in the after-school program(s) will adhere to those approved and agreed upon in the District’s application form filed with HCDE.

C. The District will serve the number of students and operate the number of weeks, days and hours as outlined in the application filed with HCDE. The District agrees to inform HCDE of any changes in the hours of the after-school program(s), the ages of children served, holidays, the name of the contact person, or any other changes to the after-school program(s) at least three weeks prior to any changes through appropriate amendment forms.

Commented [HS1]: Do you want to include a start date for services, or is that specified in the application?

D. The District agrees to affirm enrollment of students and provision of services by completing a CASE registration form for each child enrolled in the after-school program.

E. The District agrees to track and maintain daily attendance records for students enrolled in programs. These records must be submitted to Center for Afterschool, Summer, and Expanded Learning (CASE) on by the 5th of each month, utilizing the attendance tracking system provided by Center for Afterschool, Summer, Expanded Learning.

F. The District agrees to expend funds received from HCDE to support language literacy and numeracy development within existing comprehensive after-school program(s). Expenditures must result from activities allowable under applicable TWC rules, including TWC rule § 809.16. The District agrees to submit quarterly certification of total expenditures for such after-school program(s), certifying that (a) expenditures have resulted from activities allowable under applicable TWC rules, including TWC rule § 809.16, and (b) expenditures funded through district funds have been expended for service delivery to eligible students in the afterschool program. The District agrees to provide this certification on the form attached hereto as Exhibit E. The District shall maintain its records and accounts in a manner that shall assure a full accounting of all expenditures paid for with both funds received from HCDE and local site matching funds relating to this Agreement. The District shall not use any federal grant funds as its local site matching funds for the after-school program(s) operated in accordance with this Agreement. The District agrees to submit a quarterly itemized report of all expenditures for the after-school program(s) funded by local site matching funds. The District agrees to provide this itemized expenditure report on the form attached hereto as Exhibit F. The District agrees to submit Exhibits E and F to HCDE by the 15th day of the first month of each quarter. The District's records and accounts shall also be retained by the District and made available for audit by HCDE, the Texas Workforce Commission, Gulf Coast Local Workforce Board, and/or representative(s) of those entities for a period of not less than three (3) years after the expiration or termination of this Agreement. If an audit has been announced, the District shall retain its records and accounts until such audit has been completed.

G. The District further agrees that it will comply with all terms and conditions of the U.S. Department of Health and Human Services Child Care and Development Fund grant/contract awarded to HCDE, passed through the Texas Workforce Commission/Gulf Coast Workforce Solutions Board, including all applicable laws, rules, and regulations that govern the award/contract and administration of the grant/contract. Those regulations include, but are not limited to, applicable regulations pertaining to reporting, regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under this Contract, and regulations pertaining to copyrights and rights in data. The District certifies compliance with all provisions, laws, acts, regulations, rules, and ordinances in the attached certifications, which are incorporated herein by reference. The District further agrees to abide by all of the guidelines developed by HCDE in furtherance of this Agreement. The District further agrees to comply with Title 2, Subtitle A, Chapter II, Part 200.331 of Subpart D, which requires that HCDE evaluate the District's, as the sub-recipient, risk of non-compliance with federal statutes, regulations, and the terms of the grant, and the District agrees to submit the all documents requested by HCDE so that HCDE can conduct a risk assessment of the District (the sub-award entity) for purposes of determining the appropriate sub-recipient monitoring described in 200.331 paragraphs (d) and (e).

H. The District acknowledges and agrees that it is solely responsible for all costs, wages, expenses, and fees associated with or arising from the operation of its after-school program(s).

Commented [SL2]: I am not sure that this language is necessary for this Agreement, as the risk assessment is only applicable in the event the District is a "sub-recipient." Is the District a "sub-recipient" in this case?
"Sub-recipient" is defined as "a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency."

I. The District shall complete the "Criminal History Certification" regarding the criminal history of covered employees, attached as Exhibit B and the "Felony Conviction Notice," attached as Exhibit C and incorporated by reference herein. In addition, the District agrees to comply with Title 40, Chapter 73, of the Texas Administrative Code. These provide in part that no persons in the United States shall, on the grounds of race, color, national origin, sex, age, disability, political beliefs or religion be excluded from participation in, or denied, any aid, care, service or other benefits provided by federal and/or state funding, or otherwise be subjected to discrimination.

Pursuant to the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, Harris County Department of Education (“HCDE”) and _____ Independent School District, (“ISD”) (individually a “Party” and collectively “Parties”) hereby enter into an Interlocal Contract (“Contract”) for the purpose of providing educational and related services for ISD’s student(s) at HCDE’s Fortis Academy.

BACKGROUND

HCDE is a political subdivision of the State of Texas and operates Fortis Academy, a specialized public recovery high school with the intent to help students who have completed a substance abuse or dependency rehabilitation program continue their high school education in a sober environment.

ISD is a public, independent school district in the State of Texas providing educational services to students within ISD’s boundaries. ISD has determined that placement at HCDE’s Fortis Academy is appropriate for certain student(s) who are residents of the ISD. As such, both HCDE and ISD desire to set forth in writing the conditions of their agreement.

CONTRACT

1. Term.

This Contract is for the term of _____, 20__ through _____, 20__. During said term, HCDE agrees to provide services described herein for one (1) unit(s) to eligible student(s) who ISD has determined may benefit from placement at HCDE’s Fortis Academy (referred to herein as “student(s)”) who are residents of the ISD. Except as otherwise specified in this Contract, and subject to applicable law and any necessary approval by Parties’ Boards of Trustees, the term shall extend from year to year automatically, unless any Party provides thirty (30) days advance written notice of intent not to renew the Contract.

2. HCDE Responsibilities.

- a) HCDE agrees to provide facilities and certified/licensed personnel necessary to provide educational and therapeutic services to the student(s) placed at Fortis Academy in accordance with applicable law and during the days and times set forth by Fortis Academy.
- b) HCDE agrees that all services provided by HCDE hereunder shall be provided by licensed providers of mental health and/or substance abuse when required by applicable law. HCDE may perform the services contracted for herein by using its own employees or independent contractors.
- c) HCDE agrees to furnish the ISD with a weekly statement of student(s)’s attendance.

3. ISD’s Responsibilities.

- a) ISD is responsible for providing transportation for the student(s) to and from Fortis Academy. Location of pick-up and drop-off points and time of service will be mutually determined by representatives of ISD and HCDE.
- b) ISD shall provide copies of all Student Records (as hereinafter defined) pertaining to the student(s) no later than five (5) HCDE business days prior to student(s)'s first day of attendance at Fortis Academy. ISD agrees to furnish HCDE a copy of any additional pertinent documents regarding the student(s) that may be requested from or obtained by ISD during the term of this Contract. Student Records to be provided by ISD include, but are not limited to, the following: (a) a recommendation letter from the student(s)'s campus or ISD stating explicitly why the student is being referred to Fortis Academy; (b) the student's Middle School Plan (for students in grades 6-8) or the student's Graduation Plan (for students in grades 9-12); (c) the student's current transcript, including all achievement test records; (d) for special education students, the student's current IEP, in accordance with Article 7 this Contract; (e) withdrawal form, which shall indicate the list of current courses in which the student is enrolled, the grade earned and the textbook and other instructional resources being used with that subject; and (f) the student's current year's attendance records. ISD shall provide copies of additional records, including Student Records, as reasonably requested by HCDE.

4. Student Records; Confidentiality.

For purposes of this Contract, "Student Records" shall be defined as student information including personal identifiers such as name, address, phone number, date of birth, Social Security number, and student identification number, and any student information protected by law, including "personally identifiable information" and student "education records" as those terms are defined by the Family Educational Rights and Privacy Act, 20 USC 1232g, as amended ("FERPA"); "personal information" as that term is defined in the Children's Online Privacy Protection Act of 1998 ("COPPA"); "personal information" as that term is defined in the Protection of Pupil Rights Amendment ("PPRA"); "personally identifiable information" as that term is defined in the Individuals with Disabilities Education Act, as amended ("IDEA"); "protected health information" as that term is defined in the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"); and "personal identifying information" and "sensitive personal information" as defined under the Texas Identity Theft Enforcement and Protection Act (Chapter 521, Texas Business and Commerce Code).

Notwithstanding any contrary provision of this Contract, both Parties and their employees, agents, and subcontractors may access and use Student Records only as permitted by law for the purpose(s) for which the disclosure was made. Both Parties agree to abide by FERPA's limitations and requirements imposed on school officials, including, but not limited to, the requirements of 34 C.F.R. 99.33(a). HCDE and ISD expressly agree that: (1) the services/functions to be provided by HCDE are services/functions for which ISD would otherwise use its own employees; (2) both Parties have been determined to meet the criteria set forth in ISD's annual notification of FERPA rights for being school officials with legitimate educational interests in the Student Records; (3) ISD is under HCDE's direct control with respect to ISD's access to, use of, and disclosure of Student Records as gathered and maintained by HCDE; (4) HCDE is under ISD's direct control with respect to HCDE's access to, use of, and disclosure of Student Records as gathered and maintained by HCDE; and (5) both Parties will use Student Records only for authorized purposes and will not re-disclose Student Records to other parties, unless each Party has specific authorization from the other Party to do so or the disclosure is otherwise permitted by applicable law, including without limitation, FERPA, HIPAA, COPPA, IDEA, PPRA and the Texas Identity Theft Enforcement and Protection Act.

5. Immunity.

Nothing in this Contract shall be construed as a waiver or relinquishment of any governmental immunities or defenses on behalf of either Party or their respective trustees, officers, employees, and agents as a result of the execution of this Contract or performance of the functions or obligations described herein.

6. Collaboration.

Both Parties agree to collaborate, as necessary, to administer the services described in this Contract and to act in the best interest of the student(s). Both Parties shall use collaborative problem-solving techniques and best efforts to resolve issues between the Parties as they may arise.

7. Special Education Services.

The ARD Committee of ISD has affirmed the classification and approved the recommendation of such contracted services. An HCDE representative must participate in the ARD Committee meeting considering the special education student(s)'s placement.
- b) HCDE is responsible for providing educational and support services to special education student(s) in the same manner those services are provided to non-disabled students. Any and all additional services and funding required to implement the student's Individualized Education Plan (IEP) and/or 504 plan are to be provided by ISD. ISD may make such services available in conjunction with Fortis Academy or at a separate time and location, at the discretion of ISD and the ARD Committee, with HCDE participation. If ISD chooses to make such services available in conjunction with Fortis Academy, ISD will cooperate with Fortis Academy to minimize disruption at Fortis Academy. If ISD requires the student(s) to leave Fortis Academy during the school day, the IEP must include transportation as a related service.
- c) HCDE will follow IDEA and other applicable laws when considering dismissal and/or expulsion of a qualified special education student(s) from the Fortis Academy program.

8. Monitoring Student Progress.

HCDE will update ISD on the progress of the referred student(s) at least once per semester, in a manner determined to be appropriate by HCDE, including, but not limited to, a grade report, summary of any formal disciplinary action, and summary of attendance. between Harris County Department of Education
& _____

This Participation Agreement (“Agreement”) is made and entered into by and between Harris County Department of Education (“HCDE”), located in Houston, Texas, and _____, a non-profit corporation (“Non-Profit”), located in _____ (city), _____ (state), for the purpose of permitting Non-Profit to participate in any or all of the programs and services that HCDE offers, including, without limitation, HCDE’s cooperative purchasing program, Choice Partners. The undersigned may be referred to in this Agreement individually as a “Party” and collectively as the “Parties.”

Preamble

HCDE is a local governmental entity established to promote education in Harris County, Texas and is duly authorized to provide programs and services in the State of Texas. Non-Profit certifies, represents, and warrants that it is a non-profit, tax-exempt entity. Both HCDE and Non-Profit desire to set forth, in writing, the terms and conditions of their agreement.

General Terms and Conditions

In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

1. Term. The term of this Agreement shall commence on the date of the first signature of this Agreement (“Effective Date”) and shall automatically renew annually, unless either Party gives thirty (30) days prior written notice of non-renewal.
2. Agreement. The terms of this Agreement shall apply and will be considered a part of any addendum, purchase order, or contract for programs and services delivered by HCDE. This Agreement and the attached and incorporated addenda, purchase orders, or exhibits, if any, contain the entire agreement of the parties, and there are no representations, agreements, arrangements, or undertakings, oral or written, between the Parties to this Agreement other than those set forth in this Agreement and duly executed in writing.
3. Purpose and Scope of Work.
 - A. HCDE agrees to:**
 - Provide Non-Profit with descriptive offerings of each of the programs and services that HCDE provides.
 - Provide programs and services upon Non-Profit’s submission of independent contracts or purchase orders to HCDE and HCDE’s acceptance thereof. HCDE’s obligations to provide programs and services is contingent on HCDE acquiring and maintaining sufficient staffing through reasonable efforts to satisfy HCDE’s obligations under this Agreement and all similar obligations under its contracts with other local governmental entities.
 - Conduct, at a minimum, an annual audit or survey, as appropriate, for each of the programs and services that HCDE delivers.
 - B. Non-Profit agrees to:**
 - Participate in any or all of the programs and services that HCDE offers, in Non-Profit’s sole discretion.

- Submit purchase order(s) or independent contract(s) for each of the HCDE programs and/or services that Non-Profit desires to purchase and/or collaborate.
 - Agree to follow the terms and conditions of each independent contract or purchase order.
 - Designate a person to act as Non-Profit's representative to each respective HCDE program and/or service delivered.
4. As is. HCDE makes this Agreement available to HCDE participating entities "as is" and is under no obligation to revise the terms, conditions, scope, prices, and/or any requirements of the Agreement for the benefit of Non-Profit.
 5. Master Contract. This Agreement can be utilized as a Master Contract. The general terms and conditions in this Agreement will serve to outline the working relationship between HCDE and Non-Profit.

Non-Profit agrees to adhere to the specific terms and conditions set forth for the HCDE programs and/or services as contracted by Non-Profit. In the case of a conflict between this Agreement and any addendum, purchase order, or individual contract for a specific HCDE program or service, the provisions of the addendum, purchase order, or individual contract will govern.

6. Payments. The Parties agree that all payments made under this Agreement will be in an amount that fairly compensates the performing Party for the services or functions performed under this Agreement. The Parties further agree that each Party paying for the performance of governmental functions or services pursuant to this Agreement must make those payments from current revenues available to the paying Party.
7. Invoices. HCDE will invoice Non-Profit for the HCDE programs and services that Non-Profit purchases from HCDE. Non-Profit agrees to remit payment to HCDE within thirty (30) days after the later of the following: (1) the date Non-Profit receives the goods; (2) the date the performance of the service is completed; or (3) the date Non-Profit receives an invoice for the goods or service. If Non-Profit makes a payment to HCDE with a credit card, Non-Profit agrees to pay to HCDE a surcharge fee consisting of any applicable credit card fees and/or costs incurred by HCDE, including, without limitation, the processing fee(s) charged to HCDE by the credit card company(ies).
8. Participation in HCDE's Cooperative Purchasing Program. If Non-Profit elects to participate in HCDE's cooperative purchasing program, Choice Partners, Non-Profit shall be permitted to purchase goods and services using the contracts competitively procured by HCDE. HCDE does not assess a fee to Non-Profit for participation in Choice Partners. Non-Profit shall make payments directly to vendors. Non-Profit shall be responsible for ordering, inspecting, and accepting the goods and services purchased through Choice Partners. Non-Profit shall further be responsible for the vendors' compliance with provisions relating to the specific quality of goods and services delivered and terms of delivered, as set forth between Non-Profit and the vendor. HCDE is not responsible or liable for the performance of any vendor used by Non-Profit as a result of this Agreement or Non-Profit's participation in Choice Partners.
9. Compliance with Laws. Each Party is responsible for complying with applicable laws and regulations relating to this Agreement and any purchase made under this Agreement.

10. Termination. This Agreement may be terminated prior to the expiration of the Term hereof as follows:

- By either Party, with or without cause, upon thirty (30) days' prior written notice;
- By mutual written agreement of the Parties; or
- By either Party immediately if the other Party commits a material breach of any of the terms of this Agreement and no remedial action can be agreed upon by the Parties.

Termination of this Agreement by a Party shall not terminate an existing purchase order or individual contract between HCDE and Non-Profit or between Non-Profit and an HCDE cooperative purchasing program vendor. In the event of termination of this Agreement or any purchase order or individual contract, Non-Profit shall be responsible for compensating HCDE for programs and services provided by HCDE up to the effective date of termination.

11. Assignment. Neither this Agreement nor any duties or obligations entered in subsequent contracts because of this agreement shall be assignable by either party without the prior written acknowledgment and authorization of both parties.

12. Conflict of Interest. During the Term of HCDE's service to Non-Profit, Non-Profit, its personnel and agents, shall not, directly or indirectly, whether for Non-Profit's own account or with any other person or entity whatsoever, employ, solicit or endeavor to entice away any person who is employed by HCDE.

13. Certificate of Interested Parties. HCDE is required to comply with House Bill 1295, which amended the Texas Government Code by adding Section 2252.908, Disclosure of Interested Parties. Section 2252.908 prohibits HCDE from entering into a contract with a business entity unless the business entity submits a Disclosure of Interested Parties (Form 1295) to HCDE at the time business entity submits the signed contract. Non-Profit agrees to complete the Certificate of Interested Parties electronically with the Texas Ethics Commission and submit the original signed, notarized certificate to HCDE with submission of this signed Agreement.

14. Contract Amendment. This Agreement may be amended only by the mutual agreement of all Parties, in writing, to be attached to and incorporated into this Agreement.

16. Relation of Parties. It is the intention of the parties that Non-Profit is independent of HCDE and not an employee, agent, joint venturer, or partner of HCDE and nothing in this

Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and Non-Profit or HCDE and any of Non-Profit's representatives.

17. Non-Exclusivity of Services. Nothing in this Agreement may be construed to imply that HCDE has exclusive right to provide Non-Profit with programs or services. 18. Disclaimer. HCDE DOES NOT WARRANT THAT THE OPERATION OR USE OF HCDE PROGRAMS AND/OR SERVICES WILL BE UNINTERRUPTED OR ERROR FREE. 22. No Waiver. Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or equity to a Party, including the defense(s) of immunity. No failure on the part of either Party at any time to require the performance by the other Party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such Party's right to enforce such term, and no waiver on the part of either Party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by duly authorized representatives of the Parties hereto.

The Contract Sum is the total amount payable by HCDE to Contractor for performance of the Work under the Agreement.

12. **Progress Payments and Contractor's Statements:**

12.1 HCDE's payment of the Contract Sum to Contractor shall be made no later than forty-five (45) days after final completion of the Work, upon presentation of Contractor's Statement by Contractor in an amount not to exceed the Contract Sum, unless subsequently amended by written agreement of the parties or Change Order, in accordance with Article 33. Final payment shall be conditioned upon Contractor's completion of all punchlist work, Contractor's submission of all required close-out documents, and HCDE's receipt of final lien releases from Contractor, its Subcontractors and suppliers, conditioned only upon receipt of final payment in the form required by Texas Property Code Chapter 53.

12.2 At HCDE's sole election, HCDE may make monthly progress payments to Contractor, within forty-five (45) days of HCDE's receipt of Contractor's Statement. Payment applications

Contractor will furnish HCDE an itemized statement of completed portions of the Work and request payment therefore ("Statement"). Such Statement shall be supported by such data substantiating Contractor's right to payment as HCDE may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Agreement.

12.3 Contractor warrants that title to all Work covered by a Statement will pass to HCDE no later than the time of payment. Contractor further warrants that upon submittal of a Statement all Work submitted on a previous Statement and payments received from HCDE shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

12.4 A progress payment, or partial or entire use or occupancy of the Project by HCDE shall not constitute acceptance of Work not in accordance with the Agreement.

13. **Retainage:** HCDE shall withhold from payment(s) to Contractor a retainage of five percent (5%). The retainage shall be paid to Contractor upon Final Completion of the Work. Completion of the Work shall be considered final upon written approval by HCDE's designated representative.

14. **Taxes:** Contractor shall pay sales, consumer, use and similar taxes for the Work provided by Contractor that are legally enacted when the Agreement is executed, whether or not yet effective or merely scheduled to go into effect.

HCDE is exempt from the Texas Sales Tax on any purchase, lease or rental of tangible personal property and will issue Certificates of Exemption from the Texas State Sales Tax on materials furnished by Contractors on School Construction projects. Contractor shall abide by the sales tax exemption.

15. **Permits, Fees, Notices, and Compliance with Laws**

15.1 Unless otherwise provided in Agreement, Contractor shall secure and pay for any building permits as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Agreement and legally required at the time the Agreement is executed.

15.2 Contractor shall comply with, and takes full responsibility for complying with, safety rules, guidelines, standards, and requirements promulgated by the Occupational Safety and Health Administration (OSHA) applicable to the Project. Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.

16. **Intellectual Property:** Contractor shall pay all royalties and license fees. Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold HCDE harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by Construction Documents, or where the copyright violations are contained in Construction Documents or other documents prepared by or for HCDE. However, if Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, Contractor shall be responsible for such loss unless such information is promptly furnished to HCDE.

17. **Construction Schedule:** Contractor has prepared and submitted a Contractor's construction schedule for the Work, attached hereto and incorporated herein as Exhibit B ("Construction Schedule"). The schedule shall be revised at appropriate intervals, in accordance with Article 33, as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Construction Documents, and shall provide for expeditious and practicable execution of the Work. Contractor shall perform the Work in general accordance with the Construction Schedule. Contractor shall submit to HCDE updated construction schedules as necessary to reflect appropriate schedule revisions and shall take whatever action is necessary and within its control to assure that the Project completion schedule is met.

18. **Professional Services:** Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Construction Documents for a portion of the Work or unless Contractor needs to provide such services in order to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Construction Documents, HCDE and HCDE's Architect, if any, will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other documents prepared by such professional. HCDE shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided HCDE has specified to Contractor all performance and design criteria that such services must satisfy.

19. **Priority of Documents:** The Agreement shall prevail in case of an inconsistency among the Agreement, Job/RFP No. [ENTER], or Contractor's response to Job/RFP No. [ENTER]. Job/RFP No. [ENTER] shall prevail in case of an inconsistency with Contractor's response to Job/RFP No. [ENTER]. In the case of an inconsistency between the Agreement and Contractor's response to Job/RFP No. [ENTER] not

clarified by a Valid Amendment, Contractor is deemed to have included the better quality or greater quantity of Work in the Contract Sum.

In the case of an inconsistency among the body of this Agreement (including Valid Amendments thereto), the accompanying Exhibits (including Valid Amendments thereto), and the Construction Documents (including Valid Amendments thereto), the provisions of the body of this Agreement shall control.

In the case of an inconsistency between the provisions of the Agreement and any Change Order not in accordance with Article 33, Contractor's work ticket, invoice, statement, purchase order, published rate schedule, or any other type of memoranda between HCDE and Contractor pertaining to the subject matter in the Agreement, the provisions of the Agreement (including Valid Amendments thereto) shall control.

Nothing in this Article prohibits Valid Amendments to be made in accordance with Article 33.

20. HCDE's Right to Stop the Work and Right to Carry Out the Work:

20.1 HCDE may temporarily stop the Work, at any time, for HCDE's convenience and without cause, for a period not to exceed two (2) weeks, upon three (3) days written notice to Contractor. The Work may be temporarily stopped for a period longer than two (2) weeks by a Valid Amendment in accordance with Article 33. If the Work is temporarily stopped at HCDE's request, the Contract Time shall be adjusted accordingly in accordance with Article 33.

20.2 If Contractor fails to correct Work that is not in accordance with the requirements of the Agreement or repeatedly fails to carry out Work in accordance with the Agreement, HCDE may issue a written order to Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of HCDE to stop the Work shall not give rise to a duty on the part of HCDE to exercise this right for the benefit of Contractor or any other person or entity, except as may otherwise be provided in the Agreement.

20.3 If Contractor defaults or neglects to carry out the Work in accordance with the Agreement and fails, within a ten-day period after receipt of written notice from HCDE, to commence and continue correction of such default or neglect with diligence and promptness, HCDE may, without prejudice to other remedies HCDE may have (including, but not limited to, termination of the Agreement), correct such deficiencies. In such case, an appropriate Change Order shall be issued, in accordance with Article 33, deducting from payments then or thereafter due Contractor the reasonable cost of correcting such deficiencies, including HCDE's expenses and compensation for additional services, if any, by HCDE's consultants, including but not limited to an Architect retained by HCDE, made necessary by such default, neglect or failure. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to HCDE.

21. HCDE's Right to Occupy: HCDE and Contractor agree that HCDE may occupy or use, without prejudice to the right of either Party, any completed or largely completed portions of the Project, notwithstanding the time for completing the entire Work or such portions may not have expired. Such beneficial occupancy and use shall not constitute Substantial Completion or HCDE's acceptance of any work not in accordance with the Agreement.

22. Date of Commencement: The date of commencement of the Work is **[ENTER]** Contractor shall not knowingly, except by agreement or instruction of HCDE in writing in accordance with Article 33, prematurely commence operations on the Project Site or elsewhere prior to the effective date of insurance

required by Article 26 to be furnished by Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

23. Date of Substantial Completion: [ENTER]. The Date of Final Completion is thirty (30) days after Substantial Completion.

23.1 Time limits stated in the Agreement are of the essence of the Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work. Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time.

23.2 HCDE and Contractor agree that Contractor's failure to meet the deadlines established in the Agreement will cause damage to HCDE, but such damage is difficult to establish. It is therefore expressly agreed, as a part of the consideration inducing HCDE to execute the Agreement, that Contractor's failure to achieve Substantial Completion and Final Completion by the agreed dates shall result in liquidated damages in the amount of \$[ENTER] per day for each and every day after the date of which Substantial Completion and Final Completion are to occur until Substantial Completion and Final Completion are achieved. Contractor agrees that HCDE may deduct liquidated damages from the final payment made to Contractor or from any compensation otherwise to be paid to Contractor. It is expressly understood that payment of liquidated damages in the amount of \$[ENTER] per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by HCDE in the event that the Work is not substantially completed or finally completed within the agreed times, or within the legally extended times, if any, otherwise provided herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damage being caused by additional compensation to personnel, for loss of interest on money and other miscellaneous increased costs, all of which are difficult of exact ascertainment.

23.3 When Contractor considers that the Work, or a portion thereof, which HCDE agrees to accept separately, is substantially complete, Contractor shall prepare and submit to HCDE a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of Contractor to complete all Work in accordance with the Agreement.

23.4 When Contractor considers that the Work is Finally Complete, Contractor shall prepare and submit to HCDE written notice that the Contractor finds the Work to be Finally Complete. Completion of the Work shall be considered final only upon written approval of Final Completion and acceptance of the Work by HCDE's designated representative. Final payment of the Contract Sum, constituting the unpaid balance of the Contract Sum, shall not be paid until the Work has been finally completed and accepted by HCDE's designated representative, in writing. Final payment shall be paid by HCDE to Contractor within thirty (30) days of HCDE's approval of Final Completion and acceptance of the Work.

23.5 If HCDE disputes a portion of any payment due to Contractor under the Agreement, HCDE may withhold any such disputed amounts, without interest, for a period of forty-five (45) days after such payment would otherwise have been due to Contractor, as long as HCDE makes a reasonable attempt to resolve the dispute with Contractor. If, after such forty-five (45) day withholding period, HCDE continues to dispute any portion of the payment, HCDE may continue to withhold any such disputed amount until the dispute is resolved, except that, if HCDE is found to have wrongfully withheld such disputed amount, Contractor shall be entitled to interest on the wrongfully withheld amount from the original date that payment of such amount was due to Contractor until the date HCDE pays such amount to Contractor in full. The interest rate under this section may not exceed the Judgment Rate published by the Office of Consumer Credit Commissioner.

23.6 If, within one year after the date of Final Completion of the Work, any of the Work is found to be not in accordance with the requirements of the Agreement, Contractor shall correct it, at Contractor's sole cost and expense, promptly after receipt of written notice from HCDE to do so. HCDE shall give such notice promptly after discovery of the condition. If Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from HCDE, HCDE may correct it in accordance with Article 20. Nothing contained in this Article 23.6 shall be construed to establish a period of limitation with respect to other obligations Contractor has under the Agreement. Establishment of the one-year period for correction of Work as described herein relates only to the specific obligation of Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct the Work.

24. **HCDE's Right to Terminate:** The Agreement may be terminated by HCDE, with or without cause, upon written notice to Contractor. On the effective date of termination, as stated by HCDE, Contractor shall immediately cease Work after taking all actions necessary or as directed by HCDE for protection and preservation of the Work already performed. Contractor shall be entitled to payment for all Work performed up to the effective date of termination.

25. **Payment and Performance Bonds:** Contractor shall furnish (1) a Statutory Performance Bond for contract amounts over \$100,000.00 in an amount equal to One Hundred Percent (100%) of the Contract Sum as security for the faithful performance of the Agreement and (2) a Statutory Labor and Material Payment Bond for contract amounts over \$25,000.00 in an amount not less than One Hundred Percent (100%) of the Contract Sum as security for the payment of all persons performing labor on the project under the Agreement and furnishing materials in connection with the Agreement. The Performance Bond and the Labor and Material Payment Bond may be in one or in separate instruments in accordance with local law and shall be delivered to HCDE not later than the date of execution of the Agreement. Contractor shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney. The bonds shall be executed by a corporate surety in accordance with Texas Insurance Code 7.19-1.

26. **Insurance:**

26.1 At its sole cost and expense, Contractor shall purchase from and maintain, in a company or companies with not less than an "A" rating and meeting the minimum qualifications outlined in Texas Insurance Code § 3503.001 for insurance companies insuring work related to public entities, lawfully authorized to do business in the jurisdiction in which the Project is located, such coverage in the following limits, on an occurrence basis, with HCDE named as an additional insured, as follows:

- a) Builders' risk insurance in Contractor's and HCDE's names against loss or damage by fire or storm on the entire Work, including structures as well as materials and equipment adjacent thereto intended for use on the Project, in the amount of one hundred percent (100%) of the value;
- b) Workers' Compensation (with Waiver of subrogation to HCDE) Employer's Liability, including all states, U.S. Longshoremen, Harbor Workers and other endorsements, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, as required by statute and which meets the statutory requirements of Texas Labor Code Section 401.011(44) for all employees of Contractor providing services on the Project, for the duration of the Project Contractor shall comply with the requirements of Rule 28, TAC Section 110.110, Reporting Requirements for Building or Construction Projects for Governmental Entities.

- c) Public liability in limits of not less than \$1,000,000;

- f) Commercial General Liability Occurrence Form including, but not limited to, Premises and Operations, Products Liability Broad Form Property Damage, Contractual Liability, Personal and Advertising Injury Liability and where the exposure exists, coverage for watercraft, blasting collapse, and explosions, blowout, catering and underground damage.
 - \$300,000 each occurrence Limit Bodily Injury and Property Damage combined
 - \$300,000 Products-Completed Operations Aggregate Limit \$500,000 per Job Aggregate
 - \$300,000 Personal and Advertising Injury Limit
 - Bodily Injury liability of not less than \$1,000,000
- g) Automobile Liability Coverage
 - \$300,000 Combined Liability Limits Bodily Injury and Property Damage Combined

26.2 All policies of insurance required of Contractor herein shall waive all rights of subrogation against HCDE, its officers, employees, and agents. All policies of insurance, including any renewals thereof, must specify that such coverage will not be canceled or materially changed without a minimum of thirty (30) days prior written notice to HCDE. HCDE shall be named as an “additional insured” on all insurance policies. Contractor shall furnish certified copies of original insurance policies to HCDE before any Work is started by Contractor.

26.3 The insurance requirements stated herein do not establish limits of Contractor’s liability and are separate from and independent of any indemnification obligation of Contractor. HCDE reserves the right to require additional insurance from Contractor as HCDE deems necessary. Contractor shall also require that its Subcontractors provide evidence of insurance of the same types and amounts as Contractor herein, prior to conducting any Work on the Project.

26.4 HCDE and Contractor hereby mutually release each other (and their successors, assigns, subcontractors, agents, and employees) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured thereunder. In the event of such insured loss, neither Party’s insurance company shall have a subrogated claim against the other.

26.5 If Contractor fails to obtain or maintain any of the required insurance coverage, HCDE may obtain and maintain such insurance, and Contractor shall reimburse HCDE for the actual cost of such insurance within thirty (30) days after receipt of HCDE’s invoice or HCDE may offset such amount against any payment due Contractor.

27. **Relationship of Parties:** Contractor is engaged under the Agreement as an independent contractor and not as an agent or employee of HCDE. Contractor is not entitled to benefits of any kind to which HCDE’s employees are entitled, including but not limited to unemployment compensation, workers compensation, health insurance or retirement benefits. Contractor assumes full responsibility for payment of all federal, state and local taxes or contributions, including but not limited to, unemployment insurance, social security, Medicare and income taxes with respect to Contractor and Contractor’s employees. The Agreement shall not be construed to create or imply any partnership or joint venture between the Parties hereto, nor shall it be construed or deemed an endorsement of a specific company or product. The Agreement does not authorize either Party to serve as the legal representative or agent of the other. Neither Party has any right or

authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party.

28. **Indemnity:** CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HCDE, HCDE'S CONSULTANTS, AGENTS, AND EMPLOYEES HARMLESS FROM ANY AND ALL LOSS, EXPENSE, COST OR LIABILITY (INCLUDING REASONABLE ATTORNEY'S FEES AND EXPENSES), ARISING FROM ANY CLAIM OR CAUSE OF ACTION FOR ANY LOSS OR DAMAGE CAUSED BY OR ARISING FROM CONTRACTOR'S ACTS OR OMISSIONS.

29. **Notices:** All notices, consents, and requests ("Notices") provided to be given under the Agreement shall be given by hand-delivery, certified mail or registered mail, addressed to the proper Party, at the addresses indicated at the bottom of the Agreement. Notices shall be deemed to have been duly served if delivered in person to the designated representative of the Party; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the address of the Party as listed below. Notices are effective upon receipt. Each Party may change the address at which Notices may be sent to that Party by giving advance written notice of such change to the other Party by certified mail, return receipt requested.

30. **Compliance With Laws:** Contractor agrees that it will, in its performance of its obligations hereunder, fully comply with all applicable laws, regulations and ordinances of all relevant authorities, including but not limited to those pertaining to safety, and shall maintain any and all applicable licenses, certifications, registrations or other approvals required to fully perform its obligations hereunder. Contractor represents and warrants that all improvements made to the property shall comply with the Americans with Disabilities Act and all other applicable codes, regulations and laws.

31. **No Waiver:** No action or failure to act by HCDE or Contractor shall constitute a waiver of a right or duty afforded either Party under the Agreement, including, but not limited to, the requirements of Article 33, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing, signed by both Parties. The waiver by any Party of any right, obligation, or breach of the Agreement shall not be construed as a waiver of any other or subsequent right, obligation, or breach.

32. **No Third Party Beneficiaries:** The Agreement Documents, or any term or provisions thereof or any inclusion by reference, shall not be construed as being for the benefit of any party not in signatory thereto. No person, other than the Parties, is entitled to rely on any representation, warranty, covenant, or agreement contained herein.

33. **Amendment:** The Agreement may not be supplemented, amended, changed, or otherwise modified, except by a Valid Amendment, which requires an instrument in writing, to be attached to and incorporated in the Agreement in the form of either (1) a formal written amendment to the Agreement Documents signed and delivered by duly authorized representatives of both Parties hereto, or (2) a Change Order, issued by HCDE or its authorized representative, as provided in this section. The Agreement may not be supplemented, amended, changed, or otherwise modified by conduct of either Party, custom, usage of trade, or course of dealing.

33.1 **Change Orders:** If HCDE desires to increase the Scope of Work, the Parties will execute a written Change Order, signed by duly authorized representatives of both Parties hereto, increasing the Scope of Work and adjusting the Contract Sum and/or the Contract Time as mutually agreed by the Parties. In the event that HCDE desires to reduce the Scope of Work, HCDE may unilaterally issue a Change Order, signed

by a duly authorized representative of HCDE only, reducing the Scope of Work and adjusting the Contract Sum and/or the Contract Time. If HCDE issues a Change Order reducing the Scope of Work, Contractor is entitled to payment for the portion of the deleted Work actually performed, if any, prior to the effective date of the Change Order. The Parties agree that in no event shall the action or failure to act by HCDE or Contractor constitute a waiver of requirements of this section, except as provided by Article 31.

In accordance with Texas Local Government Code § 271.060, the original Contract Sum may not be increased by more than twenty-five percent (25%). The original Contract Sum may not be decreased by more than twenty-five percent (25%) without the consent of Contractor.

34. **Attorney's Fees:** In the event either Party breaches any of the terms of the Agreement Documents whereby the Party not in default employs attorneys to protect or enforce its rights hereunder and prevails, then the defaulting Party agrees to pay the reasonable attorney's fees and expenses incurred by the non-defaulting Party, in addition to any other relief to which the non-defaulting Party may be entitled under the Agreement. This provision shall be construed as applicable to the entire Agreement.

35. **Entire Agreement:** The Agreement Documents shall constitute the complete and exclusive written expression of the intentions of the Parties hereto with respect to the Project and shall supersede all previous communications, representations, agreements, promises or statements, either oral or written, by and between either Party with respect to the Project. In the event of a conflict between this Agreement and the RFP or Contractor's proposal submitted in response to the RFP, this Agreement shall control. The Agreement Documents supersede any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Contractor after the Effective Date of this Agreement.

No supplements, retractions, amendments, modifications, or changes to the Agreement shall be valid unless they are Valid Amendments in accordance with Article 33. Any Valid Amendments to the Agreement must be in writing and signed by the required Party(ies) in accordance with Article 33. The Parties expressly agree that the Agreement shall not be construed against either Party.

36. **Governing Law and Venue:** The Agreement shall be governed by the law of the State of Texas, without regard to any provisions on conflicts of law. Venue for all legal proceedings related to the Agreement or the obligations thereunder shall be in Houston, Harris County, Texas, and the Parties hereby submit to the exclusive jurisdiction of the state and federal courts in Houston, Harris County, Texas.

37. **Severability:** In the event that any one or more of the provisions contained in the Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions of the Agreement, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

38. **Survival of Provisions:** All representations, warranties, covenants, indemnities, and other continuing obligations as expressly provided in the Agreement shall survive the expiration or earlier termination of the Agreement.

39. **Force Majeure:** Neither Party to the Agreement shall be liable for any failure to perform the terms of the Agreement when such failure is due to Force Majeure as defined in this Article. The term "Force Majeure" as used in the Agreement shall mean any delay or default in performance hereunder due to causes beyond the control of the Parties and without their fault or negligence that could not have been prevented or

avoided by the affected Party through the exercise of due diligence, including, but not limited to” acts of God or the public; civil disturbances, arrests or restraints by rulers and people, acts, requests or interruptions of the federal, tribal, state, or local government or any agency thereof, or of any federal, tribal, state, or local officer purporting to act under duly constituted authority, court orders, present and future valid orders of any governmental entity, or any officer, agency or any instrumentality thereof, floods, wildfires, acts of the public enemy (including terrorists), wars, strikes, lockouts, or industrial disturbances, interruption of transportation, freight embargoes or failures, exhaustion or unavailability of equipment or services necessary to the performance of any provision herein due to allocations promulgated by authorized governmental entities , riots, rebellions, blockade, insurrection, sabotage, epidemics, invasions, landslides, earthquakes, quarantine, restrictions, breakage or accident to machinery or lines of pipe due to intervention of third party causes (not arising from the performance of the Work). Force majeure shall not include rainout or ordinary weather days that require Work stoppage, and in no event shall include routine scheduled equipment maintenance or breakage.

**EXHIBIT A to Contractor Agreement
PREVAILING WAGE RATES**

All Contractors and Subcontractors shall comply with all applicable laws regarding prevailing wage rates including, but not limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this procurement by HCDE, including the Davis-Bacon Act. **All Contractors and Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity. All Contractors and Subcontractors must pay not less than the general prevailing wage rate as listed herein plus any**

applicable fringe benefits.

The prevailing wage rates listed are to be considered the minimum to be paid, and the listing of prevailing wage rates shall not be construed to prohibit the payment of rates higher than those listed. The Contractor and Subcontractor(s) shall maintain an adequate workforce whether wage rates higher than those listed are required or not. HCDE will not consider claims for additional compensation because of payments of wage rates in excess of the applicable rates listed herein.

Chapter 2258 of the Texas Government Code applies to the construction of a public work, including a building, highway, road, excavation, and repair work or other project development or improvement, paid for in whole or in part from public funds, without regard to whether the work is done under public supervision or direction. Section 2258.021 mandates that a worker employed on a public work other than maintenance work be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed and not less than the general prevailing wage rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for the public work with HCDE.

For projects involving federal funds, HCDE has adopted the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. § 276a et seq) and its subsequent amendments, as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work involving federal funds. See HCDE Policy CV (Local). The current U.S. Department of Labor wage determination rates for Texas may be accessed on the Internet at <http://www.access.gpo.gov/davisbacon/>. Click on Browse all Determinations by State and then click on Texas. Then locate Harris County. Click under the Building column for Harris County to access the rates for all trades.

For projects not involving federal funds, HCDE has adopted the prevailing wage rate as determined by Harris County, Texas as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work not involving federal funds. See HCDE Policy CV (Local). The current wage determination rates for Harris County, Texas may be accessed on the Internet at <http://www.eng.hctx.net/wage>. Click on Prevailing Wage Rate Building Construction to access the rates for all trades.

Prevailing Wage Rates: Base per Diem rate shall be taken as the hours worked per day times the Base Hourly Rate.
Overtime Rates: Over 40 hours per week and holidays at base hourly rate times 1.5.

Section 2258.023 of the Texas Government Code, entitled "PREVAILING WAGE RATES TO BE PAID BY CONTRACTOR AND SUBCONTRACTOR; PENALTY," states, in pertinent part:

- (a) The contractor who is awarded a contract by a public body or a subcontractor of the contractor shall pay not less than the rates determined under Section 2258.022 to a worker employed by it in the execution of the contract.
- (b) A contractor or subcontractor who violates this section shall pay to the state or a political subdivision of the state on whose behalf the contract is made, \$60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A public body awarding a contract shall specify this penalty in the contract.
- (d) The public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

Contractor certifies that it is in compliance with all applicable standards, orders and/or regulations issued pursuant to the programs subject to the Davis-Bacon Act (40 U.S.C. 276a et seq.), the Regulations of the Department of Labor, 29 CFR part 5, and Texas Government Code Chapter 2258.

 - By mutual written agreement of the Parties; or
 - By either Party immediately if the other Party commits a material breach of any of the terms of this Agreement and no remedial action can be agreed upon by the Parties.

Contractor shall assume all liabilities incurred within the scope of consequential damages and incidental expenses, as set forth in the vendor or manufacturer's warranty, which result from either delivery or use of product, which does not meet the specifications within this Agreement or the solicitation procurement.

& _____

This Participation Agreement (“Agreement”) is made and entered into by and between Harris County Department of Education (“HCDE”), located in Houston, Texas, and _____, a non-profit corporation (“Non-Profit”), located in _____ (city), _____ (state), for the purpose of permitting Non-Profit to participate in any or all of the programs and services that HCDE offers, including, without limitation, HCDE’s cooperative purchasing program, Choice Partners. The undersigned may be referred to in this Agreement individually as a “Party” and collectively as the “Parties.”

Preamble

HCDE is a local governmental entity established to promote education in Harris County, Texas and is duly authorized to provide programs and services in the State of Texas. Non-Profit certifies, represents, and warrants that it is a non-profit, tax-exempt entity. Both HCDE and Non-Profit desire to set forth, in writing, the terms and conditions of their agreement.

General Terms and Conditions

In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

1. Term. The term of this Agreement shall commence on the date of the first signature of this Agreement (“Effective Date”) and shall automatically renew annually, unless either Party gives thirty (30) days prior written notice of non-renewal.
2. Agreement. The terms of this Agreement shall apply and will be considered a part of any addendum, purchase order, or contract for programs and services delivered by HCDE. This Agreement and the attached and incorporated addenda, purchase orders, or exhibits, if any, contain the entire agreement of the parties, and there are no representations, agreements, arrangements, or undertakings, oral or written, between the Parties to this Agreement other than those set forth in this Agreement and duly executed in writing.
3. Purpose and Scope of Work.
 - A. HCDE agrees to:**
 - Provide Non-Profit with descriptive offerings of each of the programs and services that HCDE provides.
 - Provide programs and services upon Non-Profit’s submission of independent contracts or purchase orders to HCDE and HCDE’s acceptance thereof. HCDE’s obligations to provide programs and services is contingent on HCDE acquiring and maintaining sufficient staffing through reasonable efforts to satisfy HCDE’s obligations under this Agreement and all similar obligations under its contracts with other local governmental entities.
 - Conduct, at a minimum, an annual audit or survey, as appropriate, for each of the programs and services that HCDE delivers.
 - B. Non-Profit agrees to:**
 - Participate in any or all of the programs and services that HCDE offers, in Non-Profit’s sole discretion.

- Submit purchase order(s) or independent contract(s) for each of the HCDE programs and/or services that Non-Profit desires to purchase and/or collaborate.
 - Agree to follow the terms and conditions of each independent contract or purchase order.
 - Designate a person to act as Non-Profit's representative to each respective HCDE program and/or service delivered.
4. As is. HCDE makes this Agreement available to HCDE participating entities "as is" and is under no obligation to revise the terms, conditions, scope, prices, and/or any requirements of the Agreement for the benefit of Non-Profit.
 5. Master Contract. This Agreement can be utilized as a Master Contract. The general terms and conditions in this Agreement will serve to outline the working relationship between HCDE and Non-Profit.

Non-Profit agrees to adhere to the specific terms and conditions set forth for the HCDE programs and/or services as contracted by Non-Profit. In the case of a conflict between this Agreement and any addendum, purchase order, or individual contract for a specific HCDE program or service, the provisions of the addendum, purchase order, or individual contract will govern.

6. Payments. The Parties agree that all payments made under this Agreement will be in an amount that fairly compensates the performing Party for the services or functions performed under this Agreement. The Parties further agree that each Party paying for the performance of governmental functions or services pursuant to this Agreement must make those payments from current revenues available to the paying Party.
7. Invoices. HCDE will invoice Non-Profit for the HCDE programs and services that Non-Profit purchases from HCDE. Non-Profit agrees to remit payment to HCDE within thirty (30) days after the later of the following: (1) the date Non-Profit receives the goods; (2) the date the performance of the service is completed; or (3) the date Non-Profit receives an invoice for the goods or service. If Non-Profit makes a payment to HCDE with a credit card, Non-Profit agrees to pay to HCDE a surcharge fee consisting of any applicable credit card fees and/or costs incurred by HCDE, including, without limitation, the processing fee(s) charged to HCDE by the credit card company(ies).
8. Participation in HCDE's Cooperative Purchasing Program. If Non-Profit elects to participate in HCDE's cooperative purchasing program, Choice Partners, Non-Profit shall be permitted to purchase goods and services using the contracts competitively procured by HCDE. HCDE does not assess a fee to Non-Profit for participation in Choice Partners. Non-Profit shall make payments directly to vendors. Non-Profit shall be responsible for ordering, inspecting, and accepting the goods and services purchased through Choice Partners. Non-Profit shall further be responsible for the vendors' compliance with provisions relating to the specific quality of goods and services delivered and terms of delivered, as set forth between Non-Profit and the vendor. HCDE is not responsible or liable for the performance of any vendor used by Non-Profit as a result of this Agreement or Non-Profit's participation in Choice Partners.
9. Compliance with Laws. Each Party is responsible for complying with applicable laws and regulations relating to this Agreement and any purchase made under this Agreement.

10. Termination. This Agreement may be terminated prior to the expiration of the Term hereof as follows:

- By either Party, with or without cause, upon thirty (30) days' prior written notice;
- By mutual written agreement of the Parties; or
- By either Party immediately if the other Party commits a material breach of any of the terms of this Agreement and no remedial action can be agreed upon by the Parties.

Termination of this Agreement by a Party shall not terminate an existing purchase order or individual contract between HCDE and Non-Profit or between Non-Profit and an HCDE cooperative purchasing program vendor. In the event of termination of this Agreement or any purchase order or individual contract, Non-Profit shall be responsible for compensating HCDE for programs and services provided by HCDE up to the effective date of termination.

11. Assignment. Neither this Agreement nor any duties or obligations entered in subsequent contracts because of this agreement shall be assignable by either party without the prior written acknowledgment and authorization of both parties.

12. Conflict of Interest. During the Term of HCDE's service to Non-Profit, Non-Profit, its personnel and agents, shall not, directly or indirectly, whether for Non-Profit's own account or with any other person or entity whatsoever, employ, solicit or endeavor to entice away any person who is employed by HCDE.

13. Certificate of Interested Parties. HCDE is required to comply with House Bill 1295, which amended the Texas Government Code by adding Section 2252.908, Disclosure of Interested Parties. Section 2252.908 prohibits HCDE from entering into a contract with a business entity unless the business entity submits a Disclosure of Interested Parties (Form 1295) to HCDE at the time business entity submits the signed contract. Non-Profit agrees to complete the Certificate of Interested Parties electronically with the Texas Ethics Commission and submit the original signed, notarized certificate to HCDE with submission of this signed Agreement.

14. Contract Amendment. This Agreement may be amended only by the mutual agreement of all Parties, in writing, to be attached to and incorporated into this Agreement.

15. Notice. Any notice provided under the terms of this Agreement by either party to the other shall be in writing and shall be sent by **certified mail, return receipt requested**. Notice to shall be sufficient if made or addressed as follows:

16. Relation of Parties. It is the intention of the parties that Non-Profit is independent of HCDE and not an employee, agent, joint venturer, or partner of HCDE and nothing in this

Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and Non-Profit or HCDE and any of Non-Profit's representatives.

17. Non-Exclusivity of Services. Nothing in this Agreement may be construed to imply that HCDE has exclusive right to provide Non-Profit with programs or services. The mandatory and exclusive venue for the adjudication or resolution of any dispute arising out of this Agreement shall be in Houston, Harris County, Texas.
22. No Waiver. Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or equity to a Party, including the defense(s) of immunity. No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by duly authorized representatives of the Parties hereto.

11. **Contract Sum:** In exchange for Contractor's complete performance of its obligations under the Agreement, HCDE shall pay to Contractor the total sum of [ENTER TOTAL DOLLAR AMOUNT] (the "Contract Sum"). The Contract Sum covers the cost to Contractor of all materials and equipment necessary for the Work and all required taxes, less applicable trade discounts, Contractor's reimbursable bond costs, and Contractor's costs for unloading and handling at the Project Site, labor, installation costs, overhead, profit and other expenses associated with the Work. 12.1 HCDE's payment of the Contract Sum to Contractor shall be made no later than forty-five (45) days after final completion of the Work, upon presentation of Contractor's Statement by Contractor in an amount not to exceed the Contract Sum, unless subsequently amended by written agreement of the parties or Change Order, in accordance with Article 33. 12.2 At HCDE's sole election, HCDE may make monthly progress payments to Contractor, within forty-five (45) days of HCDE's receipt of Contractor's Statement. Payment applications

Contractor will furnish HCDE an itemized statement of completed portions of the Work and request payment therefore ("Statement"). Such Statement shall be supported by such data substantiating Contractor's right to payment as HCDE may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Agreement.

12.3 Contractor warrants that title to all Work covered by a Statement will pass to HCDE no later than the time of payment. Contractor further warrants that upon submittal of a Statement all Work submitted on a previous Statement and payments received from HCDE shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

12.4 A progress payment, or partial or entire use or occupancy of the Project by HCDE shall not constitute acceptance of Work not in accordance with the Agreement.

13. **Retainage:** HCDE shall withhold from payment(s) to Contractor a retainage of five percent (5%). The retainage shall be paid to Contractor upon Final Completion of the Work. Completion of the Work shall be considered final upon written approval by HCDE's designated representative.

14. **Taxes:** Contractor shall pay sales, consumer, use and similar taxes for the Work provided by Contractor that are legally enacted when the Agreement is executed, whether or not yet effective or merely scheduled to go into effect.

HCDE is exempt from the Texas Sales Tax on any purchase, lease or rental of tangible personal property and will issue Certificates of Exemption from the Texas State Sales Tax on materials furnished by Contractors on School Construction projects. Contractor shall abide by the sales tax exemption.

15. **Permits, Fees, Notices, and Compliance with Laws**

15.1 Unless otherwise provided in Agreement, Contractor shall secure and pay for any building permits as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Agreement and legally required at the time the Agreement is executed.

15.2 Contractor shall comply with, and takes full responsibility for complying with, safety rules, guidelines, standards, and requirements promulgated by the Occupational Safety and Health Administration (OSHA) applicable to the Project. Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.

16. **Intellectual Property:** Contractor shall pay all royalties and license fees. Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold HCDE harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by Construction Documents, or where the copyright violations are contained in Construction Documents or other documents prepared by or for HCDE. However, if Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, Contractor shall be responsible for such loss unless such information is promptly furnished to HCDE.

17. **Construction Schedule:** Contractor has prepared and submitted a Contractor's construction schedule for the Work, attached hereto and incorporated herein as Exhibit B ("Construction Schedule"). The schedule shall be revised at appropriate intervals, in accordance with Article 33, as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Construction Documents, and shall provide for expeditious and practicable execution of the Work. Contractor shall perform the Work in general accordance with the Construction Schedule. Contractor shall submit to HCDE updated construction schedules as necessary to reflect appropriate schedule revisions and shall take whatever action is necessary and within its control to assure that the Project completion schedule is met.

18. **Professional Services:** Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Construction Documents for a portion of the Work or unless Contractor needs to provide such services in order to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Construction Documents, HCDE and HCDE's Architect, if any, will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other documents prepared by such professional. HCDE shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided HCDE has specified to Contractor all performance and design criteria that such services must satisfy.

19. **Priority of Documents:** The Agreement shall prevail in case of an inconsistency among the Agreement, Job/RFP No. [ENTER], or Contractor's response to Job/RFP No. [ENTER]. Job/RFP No. [ENTER] shall prevail in case of an inconsistency with Contractor's response to Job/RFP No. [ENTER]. In the case of an inconsistency between the Agreement and Contractor's response to Job/RFP No. [ENTER] not

clarified by a Valid Amendment, Contractor is deemed to have included the better quality or greater quantity of Work in the Contract Sum.

In the case of an inconsistency among the body of this Agreement (including Valid Amendments thereto), the accompanying Exhibits (including Valid Amendments thereto), and the Construction Documents (including Valid Amendments thereto), the provisions of the body of this Agreement shall control.

In the case of an inconsistency between the provisions of the Agreement and any Change Order not in accordance with Article 33, Contractor's work ticket, invoice, statement, purchase order, published rate schedule, or any other type of memoranda between HCDE and Contractor pertaining to the subject matter in the Agreement, the provisions of the Agreement (including Valid Amendments thereto) shall control.

Nothing in this Article prohibits Valid Amendments to be made in accordance with Article 33.

20. HCDE's Right to Stop the Work and Right to Carry Out the Work:

20.1 HCDE may temporarily stop the Work, at any time, for HCDE's convenience and without cause, for a period not to exceed two (2) weeks, upon three (3) days written notice to Contractor. The Work may be temporarily stopped for a period longer than two (2) weeks by a Valid Amendment in accordance with Article 33. If the Work is temporarily stopped at HCDE's request, the Contract Time shall be adjusted accordingly in accordance with Article 33.

20.2 If Contractor fails to correct Work that is not in accordance with the requirements of the Agreement or repeatedly fails to carry out Work in accordance with the Agreement, HCDE may issue a written order to Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of HCDE to stop the Work shall not give rise to a duty on the part of HCDE to exercise this right for the benefit of Contractor or any other person or entity, except as may otherwise be provided in the Agreement.

20.3 If Contractor defaults or neglects to carry out the Work in accordance with the Agreement and fails, within a ten-day period after receipt of written notice from HCDE, to commence and continue correction of such default or neglect with diligence and promptness, HCDE may, without prejudice to other remedies HCDE may have (including, but not limited to, termination of the Agreement), correct such deficiencies. In such case, an appropriate Change Order shall be issued, in accordance with Article 33, deducting from payments then or thereafter due Contractor the reasonable cost of correcting such deficiencies, including HCDE's expenses and compensation for additional services, if any, by HCDE's consultants, including but not limited to an Architect retained by HCDE, made necessary by such default, neglect or failure. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to HCDE.

21. HCDE's Right to Occupy: HCDE and Contractor agree that HCDE may occupy or use, without prejudice to the right of either Party, any completed or largely completed portions of the Project, notwithstanding the time for completing the entire Work or such portions may not have expired. Such beneficial occupancy and use shall not constitute Substantial Completion or HCDE's acceptance of any work not in accordance with the Agreement.

22. Date of Commencement: The date of commencement of the Work is **[ENTER]** Contractor shall not knowingly, except by agreement or instruction of HCDE in writing in accordance with Article 33, prematurely commence operations on the Project Site or elsewhere prior to the effective date of insurance

required by Article 26 to be furnished by Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

23. Date of Substantial Completion: [ENTER]. The Date of Final Completion is thirty (30) days after Substantial Completion.

23.1 Time limits stated in the Agreement are of the essence of the Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work. Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion and Final Completion within the Contract Time.

23.2 HCDE and Contractor agree that Contractor's failure to meet the deadlines established in the Agreement will cause damage to HCDE, but such damage is difficult to establish. It is therefore expressly agreed, as a part of the consideration inducing HCDE to execute the Agreement, that Contractor's failure to achieve Substantial Completion and Final Completion by the agreed dates shall result in liquidated damages in the amount of \$[ENTER] per day for each and every day after the date of which Substantial Completion and Final Completion are to occur until Substantial Completion and Final Completion are achieved. Contractor agrees that HCDE may deduct liquidated damages from the final payment made to Contractor or from any compensation otherwise to be paid to Contractor. It is expressly understood that payment of liquidated damages in the amount of \$[ENTER] per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by HCDE in the event that the Work is not substantially completed or finally completed within the agreed times, or within the legally extended times, if any, otherwise provided herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damage being caused by additional compensation to personnel, for loss of interest on money and other miscellaneous increased costs, all of which are difficult of exact ascertainment.

23.3 When Contractor considers that the Work, or a portion thereof, which HCDE agrees to accept separately, is substantially complete, Contractor shall prepare and submit to HCDE a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of Contractor to complete all Work in accordance with the Agreement.

23.4 When Contractor considers that the Work is Finally Complete, Contractor shall prepare and submit to HCDE written notice that the Contractor finds the Work to be Finally Complete. Completion of the Work shall be considered final only upon written approval of Final Completion and acceptance of the Work by HCDE's designated representative. Final payment of the Contract Sum, constituting the unpaid balance of the Contract Sum, shall not be paid until the Work has been finally completed and accepted by HCDE's designated representative, in writing. Final payment shall be paid by HCDE to Contractor within thirty (30) days of HCDE's approval of Final Completion and acceptance of the Work.

23.5 If HCDE disputes a portion of any payment due to Contractor under the Agreement, HCDE may withhold any such disputed amounts, without interest, for a period of forty-five (45) days after such payment would otherwise have been due to Contractor, as long as HCDE makes a reasonable attempt to resolve the dispute with Contractor. If, after such forty-five (45) day withholding period, HCDE continues to dispute any portion of the payment, HCDE may continue to withhold any such disputed amount until the dispute is resolved, except that, if HCDE is found to have wrongfully withheld such disputed amount, Contractor shall be entitled to interest on the wrongfully withheld amount from the original date that payment of such amount was due to Contractor until the date HCDE pays such amount to Contractor in full. The interest rate under this section may not exceed the Judgment Rate published by the Office of Consumer Credit Commissioner.

23.6 If, within one year after the date of Final Completion of the Work, any of the Work is found to be not in accordance with the requirements of the Agreement, Contractor shall correct it, at Contractor's sole cost and expense, promptly after receipt of written notice from HCDE to do so. HCDE shall give such notice promptly after discovery of the condition. If Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from HCDE, HCDE may correct it in accordance with Article 20. Nothing contained in this Article 23.6 shall be construed to establish a period of limitation with respect to other obligations Contractor has under the Agreement. Establishment of the one-year period for correction of Work as described herein relates only to the specific obligation of Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct the Work.

24. **HCDE's Right to Terminate:** The Agreement may be terminated by HCDE, with or without cause, upon written notice to Contractor. On the effective date of termination, as stated by HCDE, Contractor shall immediately cease Work after taking all actions necessary or as directed by HCDE for protection and preservation of the Work already performed. Contractor shall be entitled to payment for all Work performed up to the effective date of termination.

25. **Payment and Performance Bonds:** Contractor shall furnish (1) a Statutory Performance Bond for contract amounts over \$100,000.00 in an amount equal to One Hundred Percent (100%) of the Contract Sum as security for the faithful performance of the Agreement and (2) a Statutory Labor and Material Payment Bond for contract amounts over \$25,000.00 in an amount not less than One Hundred Percent (100%) of the Contract Sum as security for the payment of all persons performing labor on the project under the Agreement and furnishing materials in connection with the Agreement. The Performance Bond and the Labor and Material Payment Bond may be in one or in separate instruments in accordance with local law and shall be delivered to HCDE not later than the date of execution of the Agreement. Contractor shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney. The bonds shall be executed by a corporate surety in accordance with Texas Insurance Code 7.19-1.

26. **Insurance:**

26.1 At its sole cost and expense, Contractor shall purchase from and maintain, in a company or companies with not less than an "A" rating and meeting the minimum qualifications outlined in Texas Insurance Code § 3503.001 for insurance companies insuring work related to public entities, lawfully authorized to do business in the jurisdiction in which the Project is located, such coverage in the following limits, on an occurrence basis, with HCDE named as an additional insured, as follows:

26.2 All policies of insurance required of Contractor herein shall waive all rights of subrogation against HCDE, its officers, employees, and agents. All policies of insurance, including any renewals thereof, must specify that such coverage will not be canceled or materially changed without a minimum of thirty (30) days prior written notice to HCDE. HCDE shall be named as an “additional insured” on all insurance policies. Contractor shall furnish certified copies of original insurance policies to HCDE before any Work is started by Contractor.

26.3 The insurance requirements stated herein do not establish limits of Contractor’s liability and are separate from and independent of any indemnification obligation of Contractor. HCDE reserves the right to require additional insurance from Contractor as HCDE deems necessary. Contractor shall also require that its Subcontractors provide evidence of insurance of the same types and amounts as Contractor herein, prior to conducting any Work on the Project.

26.4 HCDE and Contractor hereby mutually release each other (and their successors, assigns, subcontractors, agents, and employees) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured thereunder. In the event of such insured loss, neither Party’s insurance company shall have a subrogated claim against the other.

26.5 If Contractor fails to obtain or maintain any of the required insurance coverage, HCDE may obtain and maintain such insurance, and Contractor shall reimburse HCDE for the actual cost of such insurance within thirty (30) days after receipt of HCDE’s invoice or HCDE may offset such amount against any payment due Contractor.

27. **Relationship of Parties:** Contractor is engaged under the Agreement as an independent contractor and not as an agent or employee of HCDE. Contractor is not entitled to benefits of any kind to which HCDE’s employees are entitled, including but not limited to unemployment compensation, workers compensation, health insurance or retirement benefits. Contractor assumes full responsibility for payment of all federal, state and local taxes or contributions, including but not limited to, unemployment insurance, social security, Medicare and income taxes with respect to Contractor and Contractor’s employees. The Agreement shall not be construed to create or imply any partnership or joint venture between the Parties hereto, nor shall it be construed or deemed an endorsement of a specific company or product. The Agreement does not authorize either Party to serve as the legal representative or agent of the other. Neither Party has any right or

authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party.

28. **Indemnity:** CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HCDE, HCDE'S CONSULTANTS, AGENTS, AND EMPLOYEES HARMLESS FROM ANY AND ALL LOSS, EXPENSE, COST OR LIABILITY (INCLUDING REASONABLE ATTORNEY'S FEES AND EXPENSES), ARISING FROM ANY CLAIM OR CAUSE OF ACTION FOR ANY LOSS OR DAMAGE CAUSED BY OR ARISING FROM CONTRACTOR'S ACTS OR OMISSIONS.

29. **Notices:** All notices, consents, and requests ("Notices") provided to be given under the Agreement shall be given by hand-delivery, certified mail or registered mail, addressed to the proper Party, at the addresses indicated at the bottom of the Agreement. Notices shall be deemed to have been duly served if delivered in person to the designated representative of the Party; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the address of the Party as listed below. Notices are effective upon receipt. Each Party may change the address at which Notices may be sent to that Party by giving advance written notice of such change to the other Party by certified mail, return receipt requested.

30. **Compliance With Laws:** Contractor agrees that it will, in its performance of its obligations hereunder, fully comply with all applicable laws, regulations and ordinances of all relevant authorities, including but not limited to those pertaining to safety, and shall maintain any and all applicable licenses, certifications, registrations or other approvals required to fully perform its obligations hereunder. Contractor represents and warrants that all improvements made to the property shall comply with the Americans with Disabilities Act and all other applicable codes, regulations and laws.

31. **No Waiver:** No action or failure to act by HCDE or Contractor shall constitute a waiver of a right or duty afforded either Party under the Agreement, including, but not limited to, the requirements of Article 33, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing, signed by both Parties. The waiver by any Party of any right, obligation, or breach of the Agreement shall not be construed as a waiver of any other or subsequent right, obligation, or breach.

32. **No Third Party Beneficiaries:** The Agreement Documents, or any term or provisions thereof or any inclusion by reference, shall not be construed as being for the benefit of any party not in signatory thereto. No person, other than the Parties, is entitled to rely on any representation, warranty, covenant, or agreement contained herein.

33. **Amendment:** The Agreement may not be supplemented, amended, changed, or otherwise modified, except by a Valid Amendment, which requires an instrument in writing, to be attached to and incorporated in the Agreement in the form of either (1) a formal written amendment to the Agreement Documents signed and delivered by duly authorized representatives of both Parties hereto, or (2) a Change Order, issued by HCDE or its authorized representative, as provided in this section. The Agreement may not be supplemented, amended, changed, or otherwise modified by conduct of either Party, custom, usage of trade, or course of dealing.

33.1 **Change Orders:** If HCDE desires to increase the Scope of Work, the Parties will execute a written Change Order, signed by duly authorized representatives of both Parties hereto, increasing the Scope of Work and adjusting the Contract Sum and/or the Contract Time as mutually agreed by the Parties. In the event that HCDE desires to reduce the Scope of Work, HCDE may unilaterally issue a Change Order, signed

by a duly authorized representative of HCDE only, reducing the Scope of Work and adjusting the Contract Sum and/or the Contract Time. If HCDE issues a Change Order reducing the Scope of Work, Contractor is entitled to payment for the portion of the deleted Work actually performed, if any, prior to the effective date of the Change Order. The Parties agree that in no event shall the action or failure to act by HCDE or Contractor constitute a waiver of requirements of this section, except as provided by Article 31.

In accordance with Texas Local Government Code § 271.060, the original Contract Sum may not be increased by more than twenty-five percent (25%). The original Contract Sum may not be decreased by more than twenty-five percent (25%) without the consent of Contractor.

34. **Attorney's Fees:** In the event either Party breaches any of the terms of the Agreement Documents whereby the Party not in default employs attorneys to protect or enforce its rights hereunder and prevails, then the defaulting Party agrees to pay the reasonable attorney's fees and expenses incurred by the non-defaulting Party, in addition to any other relief to which the non-defaulting Party may be entitled under the Agreement. This provision shall be construed as applicable to the entire Agreement.

35. **Entire Agreement:** The Agreement Documents shall constitute the complete and exclusive written expression of the intentions of the Parties hereto with respect to the Project and shall supersede all previous communications, representations, agreements, promises or statements, either oral or written, by and between either Party with respect to the Project. In the event of a conflict between this Agreement and the RFP or Contractor's proposal submitted in response to the RFP, this Agreement shall control. The Agreement Documents supersede any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Contractor after the Effective Date of this Agreement.

No supplements, retractions, amendments, modifications, or changes to the Agreement shall be valid unless they are Valid Amendments in accordance with Article 33. Any Valid Amendments to the Agreement must be in writing and signed by the required Party(ies) in accordance with Article 33. The Parties expressly agree that the Agreement shall not be construed against either Party.

36. **Governing Law and Venue:** The Agreement shall be governed by the law of the State of Texas, without regard to any provisions on conflicts of law. Venue for all legal proceedings related to the Agreement or the obligations thereunder shall be in Houston, Harris County, Texas, and the Parties hereby submit to the exclusive jurisdiction of the state and federal courts in Houston, Harris County, Texas.

37. **Severability:** In the event that any one or more of the provisions contained in the Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions of the Agreement, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

38. **Survival of Provisions:** All representations, warranties, covenants, indemnities, and other continuing obligations as expressly provided in the Agreement shall survive the expiration or earlier termination of the Agreement.

39. **Force Majeure:** Neither Party to the Agreement shall be liable for any failure to perform the terms of the Agreement when such failure is due to Force Majeure as defined in this Article. The term "Force Majeure" as used in the Agreement shall mean any delay or default in performance hereunder due to causes beyond the control of the Parties and without their fault or negligence that could not have been prevented or

avoided by the affected Party through the exercise of due diligence, including, but not limited to” acts of God or the public; civil disturbances, arrests or restraints by rulers and people, acts, requests or interruptions of the federal, tribal, state, or local government or any agency thereof, or of any federal, tribal, state, or local officer purporting to act under duly constituted authority, court orders, present and future valid orders of any governmental entity, or any officer, agency or any instrumentality thereof, floods, wildfires, acts of the public enemy (including terrorists), wars, strikes, lockouts, or industrial disturbances, interruption of transportation, freight embargoes or failures, exhaustion or unavailability of equipment or services necessary to the performance of any provision herein due to allocations promulgated by authorized governmental entities , riots, rebellions, blockade, insurrection, sabotage, epidemics, invasions, landslides, earthquakes, quarantine, restrictions, breakage or accident to machinery or lines of pipe due to intervention of third party causes (not arising from the performance of the Work). **EXHIBIT A to Contractor Agreement
PREVAILING WAGE RATES**

All Contractors and Subcontractors shall comply with all applicable laws regarding prevailing wage rates including, but not limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this procurement by HCDE, including the Davis-Bacon Act. **All Contractors and Subcontractors shall comply with all state and federal laws including, but not limited to, laws of labor, minimum wage, safety, and equal employment opportunity. All Contractors and Subcontractors must pay not less than the general prevailing wage rate as listed herein plus any**

applicable fringe benefits.

The prevailing wage rates listed are to be considered the minimum to be paid, and the listing of prevailing wage rates shall not be construed to prohibit the payment of rates higher than those listed. The Contractor and Subcontractor(s) shall maintain an adequate workforce whether wage rates higher than those listed are required or not. HCDE will not consider claims for additional compensation because of payments of wage rates in excess of the applicable rates listed herein.

Chapter 2258 of the Texas Government Code applies to the construction of a public work, including a building, highway, road, excavation, and repair work or other project development or improvement, paid for in whole or in part from public funds, without regard to whether the work is done under public supervision or direction. Section 2258.021 mandates that a worker employed on a public work other than maintenance work be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed and not less than the general prevailing wage rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for the public work with HCDE.

For projects involving federal funds, HCDE has adopted the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. § 276a et seq) and its subsequent amendments, as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work involving federal funds. See HCDE Policy CV (Local). The current U.S. Department of Labor wage determination rates for Texas may be accessed on the Internet at <http://www.access.gpo.gov/davisbacon/>. Click on Browse all Determinations by State and then click on Texas. Then locate Harris County. Click under the Building column for Harris County to access the rates for all trades.

For projects not involving federal funds, HCDE has adopted the prevailing wage rate as determined by Harris County, Texas as the prevailing rate of per diem wages in HCDE for each craft or type of worker needed to execute a public works contract and also for legal holiday and overtime work not involving federal funds. See HCDE Policy CV (Local). The current wage determination rates for Harris County, Texas may be accessed on the Internet at <http://www.eng.hctx.net/wage>. Click on Prevailing Wage Rate Building Construction to access the rates for all trades.

Prevailing Wage Rates: Base per Diem rate shall be taken as the hours worked per day times the Base Hourly Rate.
Overtime Rates: Over 40 hours per week and holidays at base hourly rate times 1.5.

Section 2258.023 of the Texas Government Code, entitled "PREVAILING WAGE RATES TO BE PAID BY CONTRACTOR AND SUBCONTRACTOR; PENALTY," states, in pertinent part:

- (a) The contractor who is awarded a contract by a public body or a subcontractor of the contractor shall pay not less than the rates determined under Section 2258.022 to a worker employed by it in the execution of the contract.
- (b) A contractor or subcontractor who violates this section shall pay to the state or a political subdivision of the state on whose behalf the contract is made, \$60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A public body awarding a contract shall specify this penalty in the contract.
- (d) The public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

Contractor certifies that it is in compliance with all applicable standards, orders and/or regulations issued pursuant to the programs subject to the Davis-Bacon Act (40 U.S.C. 276a et seq.), the Regulations of the Department of Labor, 29 CFR part 5, and Texas Government Code Chapter 2258.

If the conditions do materially differ and cause an increase or decrease in Contractor's cost or the time required for performing any part of the Work, an equitable adjustment shall be made and the Job Order modified in writing accordingly.

10.8 **Equitable Adjustment:** No request by Contractor for an equitable adjustment to the Job Order under this Article shall be allowed unless Contractor has given the written notice required. - b. Terminate the Contractor for default upon seven (7) days written notice.

11.5 **Liability:** Owner's approval or acceptance of Contractor's Work shall not release Contractor from any liability for any defects in the Work.

- 11.6 Owner inspections and tests, if any, are for the sole benefit of Owner and do not:
- a. Relieve Contractor of responsibility for providing adequate quality control measures;
 - b. Relieve Contractor of responsibility for damage to or loss of the material before acceptance;
 - c. Constitute or imply acceptance; or
 - d. Affect the continuing rights of Owner after acceptance of the complete work.

11.7 The presence or absence of an inspector does not relieve Contractor from any Contract or Job Order requirement, nor is the inspector authorized to change any term or condition of the Job Order without Owner's written authorization.

11.8 Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by Owner. Owner may charge to Contractor any additional cost of inspection or test when Work is not ready at the time specified by Contractor for inspection or test, or when prior rejection makes re-inspection or retest necessary. Owner shall perform all inspections and tests in a manner that will not unnecessarily delay the Work. Special, full size and performance tests shall be performed as described in the Job Order.

11.9 If, before acceptance of the entire Work, Owner decides to examine already-completed Work by removing it or tearing it out, Contractor, on request, shall promptly furnish all necessary facilities, labor, and material for this task. Acceptance shall be final and conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or Owner's rights under any warranty or guarantee.

Before taking possession of or using any work, Owner shall furnish Contractor a list of items of work remaining to be performed or corrected on those portions of the Work that Owner intends to take possession of or use. However, failure of Owner to list any item of work shall not relieve Contractor of responsibility for complying with the terms of this Contract or the Job Order. Owner possession or use shall not be deemed an acceptance of any work under this Contract. While Owner has such possession or use, Contractor shall be relieved of the responsibility for the loss of or damage to the Work resulting from Owner's possession or use. If prior possession or use by Owner delays the progress of the Work or causes additional expense to Contractor, and such expenses or delays are adequately documented and substantiated by Contractor, an equitable adjustment shall be made in the Job Order price and/or the period of performance, and the Job Order shall be modified in writing accordingly.

Contractor shall **only remove trees when specifically authorized by Owner to do so**, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during performance by the operation of equipment, or by workmen, Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree pruning compound as directed by Owner.

12.2 **Existing Improvements:** Contractor shall protect from damage all existing improvements and utilities at or near the Job Order site and on adjacent property of third parties, the locations of which are made known to or should be known by Contractor. The Contractor shall be obligated to repair or replace any defective or non-conforming Work for a period of one (1) year from the date of final acceptance of the Work. If Owner takes possession of any part of the Work before final acceptance, this one (1) year correction period shall continue for a period of one (1) year from the date possession is taken.

Contractor shall use an acceptable invoice form and shall include supporting documents to reflect a written breakdown of the total price showing the amount included therein for each principal category of the Work, in such detail as requested, to provide a basis for determining progress payments. In the estimation of Work completed, Owner will authorize payment for material delivered on the site and preparatory work done if Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform the Work.

15.3 **Application for Payment:** With each Application for Payment, Contractor must attach/detail the following information:

15.5 **Liquidated Damages:** Contractor is expected to complete each Job Order on a timely basis. Liquidated damages may be assessed at Owner's option for Contractor's failure to timely complete each Job Order and/or phase of the scope of work detailed in a Job Order. Owner may withhold as liquidated damages, or require Contractor to pay a "per day" amount, to be set forth in the Job Order, as liquidated damages for any Work not completed by the completion day set forth in the Job Order. These liquidated damages are not a penalty but are compensation to Owner for additional expenses incurred and inconvenience caused by Contractor's failure to allow Owner to receive the premises at the designated time of completion.

XVI. TERMINATION FOR CONVENIENCE OF OWNER

16.1 **Termination:** Owner may, with or without cause, terminate performance of the Work under this Contract or any Job Order in whole or, from time to time, in part, if Owner determines that termination is in Owner's interest. Owner shall effect such termination by delivering to Contractor a Notice of Termination specifying the extent of termination and the effective date.

16.2 After receipt of a Notice of Termination, and except as directed by Owner, Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this Article:

- a. Stop work as specified in the notice;

- b. Place no further subcontracts or orders (referred to as subcontracts in this Article) for materials, services or facilities, except as necessary to complete any Work not terminated;
- c. Assign to Owner, as directed by Owner, all right, title, and interest of Contractor under the subcontracts to the extent they relate to the Work terminated, in which case Owner shall have the right to settle or to pay any termination settlement proposal arising out of those terminations, or with approval or ratification to the extent required by Owner, Contractor shall settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, the approval or ratification of which will be final for purposes of this Section;
- d. As directed by Owner, transfer title and deliver to Owner:
 - i. The fabricated or un-fabricated parts, Work in process, completed Work, supplies, and other material produced or acquired for the Work terminated, and
 - ii. The completed or partially completed plans, drawings, information, and other property that, if the Contract and/or Job Order had been completed, would be required to be furnished to Owner;
- e. Complete performance of the Work not terminated;
- f. Take any action that may be necessary, or that Owner may direct, for the protection and preservation of the property related to this Contract and/or the Job Order that is in the possession of Contractor and in which Owner has or may acquire an interest;
- g. Use its best efforts to sell, as directed or authorized by Owner, any property of the types referred to in paragraph 16.2(c) above; provided, however, that Contractor is not required to extend credit to any purchaser and may acquire the property under the conditions prescribed by, and at prices approved by, Owner. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by Owner under the Contract and/or Job Order, credited to the price or cost of the Work, or paid in any other manner directed by Owner.

XVII. DEFAULT

17.1 **Termination of Right to Proceed:** If Owner determines that Contractor is not prosecuting the Work with sufficient diligence to ensure completion within the time specified in the Job Order, or fails to complete the Work within this time, Owner may terminate the Contractor's right to proceed with the Work (or separable part of the Work), upon seven (7) calendar days' written notice to the Contractor. In this event, Owner may take over the Work and complete it by contract or otherwise and may take possession of and use any materials, appliances, and plant on the site necessary for completing the Work.

Contractor's right to proceed shall not be terminated under this Section, if:

- a. The delay in completing the Work arises from unforeseeable causes beyond the control and without the fault or negligence of Contractor. Examples of such causes include:
 - i. acts of God or of the public enemy,
 - ii. acts of Owner in its contractual capacity,
 - iii. acts of another Contractor in the performance of a written Contract with Owner,

- b. Contractor, within seven (7) calendar days from the beginning of any such delay (unless extended by Owner), shall notify Owner in writing of the causes of delay. Owner shall ascertain the facts and the extent of delay. If, in the judgment of Owner, the findings of fact warrant such action, the time for completing the Work under the Job Order shall be extended.

If, after termination of Contractor's right to proceed, it is determined that Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Owner. The rights and remedies of Owner in this Article are in addition to any other rights and remedies provided by law or under this Contract.

17.2 Termination for Default: In the event Contractor fails to carry out or comply with any of the terms and conditions of this Contract or any Job Order, Owner may notify Contractor of such failure or default in writing and demand that the failure or default be remedied within seven (7) calendar days; in the event Contractor fails to remedy such failure or default within seven (7) day period, Owner shall have the right to terminate this Contract and/or any Job Order. Without limiting the foregoing, the following shall constitute a material breach by Contractor, upon the occurrence of which Contractor shall immediately notify Owner: Contractor: (i) ceases its business operations; (ii) makes a general assignment for the benefit of creditors; (iii) is adjudged bankrupt; or (iv) becomes insolvent.

17.3 Effect of Termination: Termination of this Contract or any Job Order under any circumstances whatsoever shall not effect or relieve Contractor from any obligation or liability that may have been incurred or will be incurred, and such termination by Owner shall not limit any other right or remedy available to Owner at law or in equity.

XVIII. CANCELLATION FOR CONFLICT OF INTEREST

18.1 Pursuant to applicable law, Owner may cancel this Contract, without penalty or further obligation to Contractor, if any person significantly involved in initiating, negotiating, securing, drafting or creating this Contract on behalf of the Owner was at any time while this Contract or extension of this Contract is in effect, an employee or agent of any other party to this Contract in any capacity or consultant to any other party of this Contract. However, there is no obligation on either party to participate unless both parties agree. If another governmental entity chooses to utilize a contract established by this procurement solicitation and subsequent Agreement, contracts will be awarded individually by those governmental entities, and goods/services would be provided under the same contract pricing and purchasing terms established by this procurement solicitation. Any such separate, independent contract developed as a result of this procurement solicitation and/or the Agreement is exclusively between such other governmental entity and Vendor and shall have no effect or impact on HCDE or HCDE's contract with Vendor. It is expressly understood that HCDE shall in no way be liable for the obligations of any other governmental entity contracting with Vendor pursuant to this section.~~

5.5 Inspection & Acceptance

Awarded vendor(s) shall deliver the goods or services procured on this contract to the HCDE division issuing a Purchase Order. If delivery is not or cannot be made within proper time period, the awarded vendor must receive authorization from the issuing HCDE division for the delayed delivery. If defective or incorrect goods are delivered, HCDE may make the determination, in its sole discretion, to return the goods to the vendor at no cost to HCDE. The vendor agrees to pay all shipping and handling costs for any such return shipment. The vendor also shall be responsible for arranging the return of the defective or incorrect goods.

5.6 Minority & Women's Business Enterprise (MWBE), Historically Underutilized Business (HUB), and Small Business Enterprise (SBE) participation

HCDE encourages the use of HUB, MWBE, and SBE both as prime and subcontractors. However, these entities must meet the same minimum standards and requirements as the prime contractor. It will be the responsibility of the prime contractor to pre-qualify any subcontractors offered as HUB, MWBE and SBE participants. Proposers shall indicate on their submitted proposals whether or not they are a HUB, MWBE, or SBE vendor and with whom they are certified, e.g., State, City, Federal.

When federal funds are expended by HCDE or any CP member, Vendor is required to take all affirmative steps set forth in 2 CFR 200.321 to solicit and reach out to small, minority and women owned firms for any subcontracting opportunities, including:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

5.7 Formation of Contract (Execution of Offer)

A response to this solicitation is an offer to contract with HCDE based upon the terms, conditions, scope of work, and specifications contained in this procurement solicitation. A solicitation/proposal does not become a contract unless and until it is accepted by HCDE after approval by the HCDE Board of Trustees. A contract is formed when either HCDE's Superintendent or Assistant Superintendent for Business Services signs the Execution of Offer form. The proposer must submit a signed Execution of Offer Form in the Response Attachment section of the HCDE eBid system, thus eliminating the need for the formal signing of a separate contract.

5.8 Non-Exclusive Contract

Any contract resulting from this solicitation is non-exclusive and shall be awarded with the understanding and agreement that it is for the sole convenience of HCDE. HCDE is free to have multiple contracts for the awarded goods and services and may initiate other procurement solicitations or purchasing activity with other vendors at any time, in HCDE's sole discretion.

5.9 Pricing

HCDE requires that the pricing submitted in proposals be offered as a quantity one price. HCDE may request the awarded vendor(s) to provide discounts or other adjustments to the quantity one price for larger orders, on a per-purchase order basis. If discounts or quantity prices are offered by an awarded vendor, the vendor must also offer the same reductions in pricing to be available for orders of similar size.

PART 6.0 – FINANCIAL OFFER & QUESTIONNAIRE

Proposers must respond to all questions and identify all costs, fees, or charges for which HCDE may be billed under the “Bid Attributes” and “Bid Line Items” sections in the HCDE eBid System. Costs not indicated in proposals will not be paid. Proposers are to provide written documentation for any exceptions.

PART 7.0 – GENERAL TERMS AND CONDITIONS

The words “bids,” “requests for proposals,” “quotes,” “RFPs,” “solicitation,” “procurement,” and their derivatives may be used interchangeably in these terms and conditions. These terms and conditions apply to all bids, requests for proposals, quotes, competitive sealed proposals, and other procurement solicitations to which they are attached. The term “Vendor” means each awarded vendor chosen by HCDE.

These General Terms and Conditions are part of the final contract in each commodity and/or service contract and are part of the terms and conditions of each purchase order or other bid/proposal forms issued in connection with this solicitation.

Proposers are responsible for identifying any exceptions to these terms and conditions. **ANY EXCEPTIONS MUST BE NOTED IN THE “SUPPLIER NOTES TO BUYER SECTION” OF THE EBID SYSTEM.** Proposals that are qualified with conditional clauses, items not called for, or other irregularities may be considered non-responsive by HCDE and eliminated from further consideration by HCDE.

This Agreement is entered into between Harris County Department of Education (“HCDE”) and Vendor, having submitted a proposal in response to a procurement solicitation issued by HCDE and whose proposal has been accepted and awarded by HCDE. In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, HCDE and Vendor, intending to be legally bound, and subject to the terms, conditions, and provisions of this Agreement, agree as follows:

7.1 Agreement Terms; Amendment

The terms of this Agreement shall govern all procurements conducted hereunder. No pre-published terms on the Vendor’s order acknowledgments, invoices, or other forms shall have any force or effect. Further, no amendment of this Agreement shall be permitted unless first approved in writing by HCDE, and no such amendments shall have any effect unless and until a written amendment to this Agreement is executed by HCDE’s Superintendent or its Assistant Superintendent for Business Services (or their designees) after any necessary approvals have been obtained from the HCDE Board of Trustees.

7.2 Assignment of Agreement

Vendor may not assign this Agreement or any of its rights, duties, or obligations hereunder without the prior written approval of HCDE. Any attempted assignment of this Agreement by Vendor shall be null and void. Any purchase or work order made as a result of this Agreement may not be transferred, assigned, subcontracted, mortgaged, pledged, or otherwise disposed of or encumbered in any way by Vendor without the prior written approval of HCDE. Vendor is required to notify HCDE when any material change in operations occurs, including but not limited to, changes in distribution rights for awarded products, bankruptcy, material changes in financial condition, change of ownership, and the like, within three (3) business days of such change.

7.3 Captions

The captions herein are for convenience and identification purposes only, are not an integral part hereof, and are not to be considered in the interpretation of any part hereof.

7.4 Catalog Discounts

In the event of a catalog discount type proposal, Vendor may be allowed to make additions and/or deletions from Vendor’s offerings on an annual basis during the Agreement renewal period, in HCDE’s sole discretion, provided the item(s) substituted are of a like quality and category. These changes will be compliant with the format of Vendor’s original proposal (i.e. manufacturer name, product category, or entire catalog discount). HCDE will send notification to Vendor(s) seeking any additions and/or deletions, and Vendor will return these proposed changes on company letterhead within the given timeframe. If HCDE, in its sole discretion, accepts Vendor’s proposed changes, such changes will remain in effect for the entire year until the next renewal period.

7.5 Certifications. Vendor hereby certifies that it is not a company identified on the Texas Comptroller’s list of companies known to have contracts with, or provide supplies or services to, a foreign organization designated as a Foreign Terrorist Organization by the U.S. Secretary of State. Vendor further certifies and verifies that neither Vendor, nor any affiliate, subsidiary, or parent company of Vendor, if any (the “Vendor Companies”),

boycotts Israel, and Vendor agrees that Vendor and Vendor Companies will not boycott Israel during the term of this Agreement. For purposes of this Agreement, the term “boycott” shall mean and include terminating business activities or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory.

Vendor certifies and agrees that it shall not assist an employee, contractor, or agent of HCDE or of any other school district in obtaining a new job if the Vendor knows, or has probable cause to believe, that the individual engaged in sexual misconduct regarding a minor or student in violation of the law. Routine transmission of an administrative or personnel file does not violate this prohibition. See HCDE Policy CJ (Legal) and (Local).

7.6 Compliance with Laws

Vendor shall comply with all applicable federal, state, and local laws, statutes, ordinances, standards, orders, rules, and regulations, including, as applicable, workers’ compensation laws, minimum and maximum salary and wage statutes and regulations, prompt payment and licensing laws and regulations, the Davis-Bacon Act (40 U.S.C. § 276a / 29 CFR Part 5), the Copeland “Anti-Kickback” Act (18 U.S.C. § 874 / 29 CFR Part 5), the Equal Opportunity Employment requirements (Executive Orders 11246 and 11375 / 41 CFR Chapter 60), the McNamara-O’Hara Service Contract Act (41 U.S.C. 351), Section 306 of the Clean Air Act (42 U.S.C. § 1857h, Section 508 of the Clean Water Act (33 U.S.C. § 1368), Executive Order 11738, Environmental Protection Agency regulations (40 CFR Part 15), the Contract Work Hours and Safety Act (40 U.S.C. § 3701-3708; 29 C.F.R. Part 5), the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200), the Education Department General Administrative Regulations, 2 C.F.R. Parts 200 and 3474, and 34 C.F.R. Parts 75-77 and 81 (“EDGAR”), mandatory standards and policies contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871), and all applicable requirements and regulations, including those related to reporting, patent rights, copyrights, data rights and those mandated by federal agencies making awards of federal funds to HCDE. Vendor understands that Vendor is ineligible to receive a contract award with HCDE if Vendor or its principal(s) is listed on the government wide exclusions in the System for Award Management (Debarment and Suspension Orders Executive Orders 12549 and 12689) or is 30 days or more delinquent in paying child support (Tex. Fam. Code § 231.006). For the entire duration of this Contract, Vendor and all subcontractors shall maintain all required licenses, certifications, permits, and any other documentation necessary to perform this Contract. Vendor must comply with all state and local building code requirements unless otherwise specifically provided in the HCDE’s Purchase Order, and Vendor must pay all fees and charges for connections to outside services and for use of property outside the project site. When required or requested by HCDE, Vendor shall furnish HCDE with satisfactory proof of Vendor’s compliance with this provision.

7.7 Confidentiality

Vendor and HCDE agree to secure the confidentiality of all information and records in accordance with applicable federal and state laws, rules, and regulations. Vendor and HCDE understand that the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, governs the privacy and security of educational records and information and agree to abide by FERPA rules and regulations, as applicable. Vendor also acknowledges that HCDE is subject to the Texas Public Information Act, and Vendor waives any claim against and releases from liability HCDE, its officers, employees, agents, and attorneys with respect to disclosure of information provided under or in this Agreement or otherwise created, assembled, maintained, or held by Vendor and determined by HCDE, the Attorney General of Texas, or a court of law to be subject to disclosure under the Texas Public Information Act.

7.8 Contract Term

The initial term of the Agreement is for a period of one (1) year, with HCDE having the option to renew the Agreement for four (4) additional years in one (1) year increments. Consequently, the total term of the Agreement may be for a period of five (5) years. The phrase “Term” in this Agreement shall mean the then-current Term of the Agreement, whether the initial term or a renewal term.

7.9 Criminal History Review (SB 9 Contractor Certification: Contractor Employees Form; SB 9 Contractor Certification: Subcontractor Form – must be filled out and attached to proposal in the Response Attachment section, if applicable)

Prior to commencing any work under the Agreement, if Vendor contracts with HCDE to provide services, Vendor must certify, on the form provided herein, that for each covered employee of Vendor who will have direct contact with students, Vendor has obtained, as required by Texas Education Code Section 22.0834: (a) state criminal history record information from a law enforcement or criminal justice agency or a private entity that is a consumer reporting agency governed by the Fair Credit Reporting Act (15 U.S.C. Section 1681 et seq.) for each covered employee of Vendor employed before January 1, 2008; and (b) national criminal history record information for each employee of Vendor employed on or after January 1, 2008. Vendor must also obtain similar certifications of compliance with Texas Education Code Chapter 22's requirements from any subcontractors on the form provided herein. Covered employees with disqualifying criminal history are prohibited from serving at HCDE; Vendor and any subcontracting entity may not permit a covered employee to provide services at a school if the employee has been convicted of a felony or misdemeanor offense that would prevent a person from being employed under Tex. Educ. Code § 22.085(a) (i.e., Title 5 felony or an offense requiring registration as a sex offender and victim was under 18 years of age or was enrolled in a public school at the time the offense occurred). Covered employees do not include employees of a contracting or subcontracting entity that is providing engineering, architectural, or construction services on a project to design, construct, alter, or repair a public work if: (1) the public work does not involve the construction, alteration, or repair of an instructional facility as defined by Texas Education Code Section 46.001; (2) the employee's duties will be completed more than seven (7) days before a new instructional facility will be used for instruction; or (3) for an existing instructional facility, the work area contains sanitary facilities separated from all areas used by students by a fence at least six (6) feet high, and the Contractor adopts, informs employees of, and enforces a policy prohibiting employees and any subcontractor's employees from interacting with students or entering areas used by students. Tex. Educ. Code §§ 22.0834(a-1), .08341. The criminal history record information review obligation applies if Vendor contracts with HCDE to provide services; it does not apply to a contract for the purchase of goods or real estate.

7.10 Customer Reference List

Vendor agrees to submit a customer reference list upon request by HCDE.

7.11 Customer support

Vendor shall provide timely and accurate technical advice and sales support to HCDE and HCDE staff. Vendor shall respond to requests for customer support within one (1) business day after receipt of the request. Vendor shall provide training to HCDE staff regarding products and/or services supplied by Vendor, at no additional charge, if requested by HCDE.

7.12 Entire Agreement

This Agreement, the procurement solicitation issued by HCDE, and Vendor's proposal submitted in response to HCDE's procurement solicitation, and the attached and incorporated addendum or exhibits, if any, contain the entire agreement of the parties relative to the purpose(s) of the Agreement and supersede any other representations, agreements, arrangements, negotiations, or understanding, oral or written, between the parties to this Agreement. In the event of a conflict between this Agreement and the procurement solicitation issued by HCDE or Vendor's proposal submitted in response to HCDE's procurement solicitation, this Agreement shall control. In the event of a conflict between the procurement solicitation issued by HCDE and Vendor's proposal submitted in response to HCDE's procurement solicitation, HCDE's procurement solicitation shall control. This Agreement supersedes any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Vendor after the Effective Date of this Agreement.

7.13 Equal Opportunity

It is the policy of HCDE not to discriminate on the basis of race, color, National origin, gender, limited English proficiency or handicapping conditions in its programs. Vendor agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), sex (except where based on a bona fide occupational qualification) or race, color, religion, national origin, or ancestry. Vendor further agrees that every subcontract entered into for the performance of this Agreement shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor.

Breach of this covenant may be regarded as a material breach of the Agreement.

7.14 Force Majeure

Neither HCDE or Vendor shall be deemed to have breached any provision of this Agreement as a result of any delay, failure in performance, or interruption of service resulting directly or indirectly from acts of God, network failures, acts of civil or military authorities, civil disturbances, wars, energy crises, fires, transportation contingencies, interruptions in third-party telecommunications or Internet equipment or service, other catastrophes, or any other occurrences which are reasonably beyond such party's control.

The parties to this Agreement are required to use due caution and preventive measures to protect against the effects of force majeure, and the burden of proving that a force majeure event has occurred shall rest on the party seeking relief under this provision. The party seeking relief due to force majeure is required to promptly notify the other party in writing, citing the details of the force majeure event and relief sought, and shall resume performance immediately after the obstacles to performance caused by a force majeure event have been removed, provided the Agreement has not been terminated. Delay or failure of performance, by either party to this Agreement, caused solely by a force majeure event, shall be excused for the period of delay caused solely by the force majeure event. Neither party shall have any claim for damages against the other resulting from delays caused solely by force majeure. Notwithstanding any other provision of this Agreement, in the event the Vendor's performance of its obligations under this Agreement is delayed or stopped by a force majeure event, HCDE shall have the option to terminate this Agreement. This section shall not be interpreted as to limit or otherwise modify any of HCDE's contractual, legal, or equitable rights.

7.15 Governing Law and Venue

The laws of the State of Texas, without regard to its provisions on conflicts of laws, govern this Agreement. The mandatory, exclusive jurisdiction for any dispute under this Agreement is in the state and federal courts located in Houston, Harris County, Texas.

In the event of loss, damage, or destruction of any property owned by or loaned by HCDE that is caused by Vendor or Vendor's representative, agent, employee, or contractor, Vendor shall indemnify HCDE and pay to HCDE the full value of or the full cost of repair or replacement of such property, whichever is greater, within thirty (30) days of Vendor's receipt of written notice of HCDE's determination of the amount due. 7.17 Indemnification

VENDOR SHALL INDEMNIFY AND HOLD HCDE HARMLESS FROM ALL CLAIMS, LIABILITIES, COSTS, SUITS OF LAW OR IN EQUITY, EXPENSES, ATTORNEYS' FEES, FINES, PENALTIES OR DAMAGES ARISING FROM THE ACTS OR OMISSIONS OF VENDOR, VENDOR'S EMPLOYEES, AGENTS, OR SUBCONTRACTORS, IN CONNECTION WITH THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE ARISING FROM CLAIMED INFRINGEMENT OF ANY PATENTS, TRADEMARKS, COPYRIGHT OR OTHER CORRESPONDING RIGHT(S) WHICH IS RELATED TO ANY ITEM VENDOR IS REQUIRED TO DELIVER. During the Term of this Agreement, HCDE reserves the right to use all available resources to procure other products and/or services as needed and doing so will not violate any rights of Vendor.

7.23 New Products

New products that meet the specifications detailed in the solicitation may be added to this Agreement, with prior written approval from HCDE. Pricing of any new products shall be equivalent to the percentage discount or proposed prices for other similar products. Any order issued pursuant to this Agreement shall conform to the specifications and descriptions identified in this Agreement and in the solicitation. Unless otherwise agreed to in advance by HCDE, Vendor will not deliver substitutes without prior authorization from HCDE.

7.25 No Agency or Endorsements

HCDE and Vendor are independent contractors and have no power or authority to assume or create any obligation or responsibility on behalf of the other party. This Agreement shall not be construed or deemed an endorsement of a specific company or product. It is the intention of the parties that Vendor is independent of HCDE and is not an employee, agent, joint venturer, or partner of HCDE, and nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and Vendor or HCDE and any of Vendor's agents. Vendor agrees that HCDE has no responsibility for any conduct of any of Vendor's employees, agents, representatives, contractors, or subcontractors.

7.26 Non-Appropriation Clause

Renewal of this Agreement, if any, will be in accordance with Texas Local Government Code § 271.903 concerning non-appropriation of funds for multi-year contracts. Notwithstanding any other provision of this Agreement or obligation imposed on HCDE by this Agreement, HCDE shall have the right to terminate this Agreement without default or liability to Vendor resulting from such termination, effective as of the expiration of each budget period of HCDE if it is determined by HCDE, in HCDE's sole discretion, that there are insufficient funds to extend this Agreement. The parties agree that this Agreement is a commitment of HCDE's current revenue only.

7.27 Notice

Any notice provided under the terms of this Agreement by either party to the other shall be in writing and shall be given by hand-delivery or by certified or registered mail, return receipt requested. Notice shall be sufficient if made or addressed to the address listed in the signature line of this Agreement. Notice shall be deemed effective upon receipt. Each party may change the address at which notice may be sent to that party by giving notice of such change to the other party by certified or registered mail, return receipt requested.

7.28 Penalties

If Vendor is unable to provide the goods or services at the prices quoted in Vendor's proposal or if Vendor fails to fulfill or abide by the terms and conditions of the Agreement, HCDE may take the following action(s), in HCDE's sole discretion, and Vendor agrees to comply with HCDE's action(s):

- (b) have Vendor pay the difference between Vendor's price and the price of the next acceptable proposal (as determined by HCDE);
- (c) have Vendor pay the difference between Vendor's price and the actual purchase price of the good or service on the open market; and/or

Vendor and all subcontractors of Vendor shall comply with all laws regarding wage rates including, but not

limited to, Texas Government Code Chapter 2258 and any related federal requirements applicable to this Agreement and to this solicitation by HCDE.

7.32 Prices

All prices in Vendor's proposal shall be firm for the Term of the Agreement. All price changes shall be presented to HCDE for acceptance or rejection by HCDE, in its sole discretion, using the same format as was accepted in Vendor's original proposal; all price changes for goods and/or services provided under this Agreement must be approved, in writing, by HCDE prior to taking effect. The following documentation shall be provided to support a request for a price change: justification for change/increase; terms and conditions; market conditions; manufacturers/distributors' impact (if any).

7.33 Quantities

Because all commodities will be provided on an "as needed" basis, HCDE makes no representation either orally or in writing to the amount of commodities, services, or related items HCDE will use during the Term of the Agreement.

7.34 Records Retention

Vendor shall maintain its records and accounts in a manner that shall assure a full accounting for all goods and/or services provided by Vendor to HCDE under this Agreement. These records and accounts shall be retained by Vendor and made available for audit by HCDE for a period of not less than three (3) years from the date of completion of the services, receipt of the goods, or the date of the receipt by HCDE of Vendor's final invoice or claim for payment in connection with this Agreement, whichever is later. If an audit has been announced, Vendor shall retain its records and accounts until such audit has been completed.

When federal funds are expended by HCDE pursuant to this Contract, Vendor certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions, and the Agreement shall be construed as if such invalid, illegal, or unenforceable

provision had never been contained in it.

Vendor agrees that HCDE shall not be liable for damages in the event that HCDE declares Vendor to be in default or breach of this Agreement and/or the procurement solicitation. Vendor further agrees that upon termination of the Agreement for any reason, Vendor shall, in good faith and with reasonable cooperation, aid in the transition to any new arrangement and/or vendor.

7.44 Waiver

No failure on the part of either party at any time to require the performance by the other party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such party's right to enforce such

term, and no waiver on the part of either party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this Contract shall be binding unless in writing and signed by duly authorized representatives of the parties hereto.

- Identification and confirmation that the product is a film, manuscript, book, utility service (including electricity, gas, or water), or a captive replacement part or component for equipment
- Sole source does not apply to mainframe data-processing equipment and peripheral attachments with a single item purchase price in excess of \$15,000.

It is incumbent upon the Department to obtain and retain documents from the proposer which clearly delineate the reasons that qualify the purchase to be made on a sole source basis. In order to do business with HCDE as a Sole Source Vendor, HCDE must receive a notarized Sole Source Affidavit along with

proof of your company qualifying as a sole source.

It will be the responsibility of the prime contractor to pre-qualify any subcontractors offered as HUB, MWBE and SBE participants. Proposers shall indicate on their submitted proposals whether or not they are a HUB, MWBE, or SBE vendor and with whom they are certified, e.g., State, City, Federal.

PART 7.0 – GENERAL TERMS AND CONDITIONS

The words “bids,” “requests for proposals,” “quotes,” “RFPs,” “solicitation,” “procurement,” and their derivatives may be used interchangeably in these terms and conditions. These terms and conditions apply to all bids, requests for proposals, quotes, competitive sealed proposals, and other procurement solicitations to which they are attached. The term “Vendor” means each awarded vendor chosen by HCDE.

These General Terms and Conditions are part of the final contract in each commodity and/or service contract and are part of the terms and conditions of each purchase order or other bid/proposal forms issued in connection with this solicitation.

Proposers are responsible for identifying any exceptions to these terms and conditions. **ANY EXCEPTIONS MUST BE NOTED IN THE “SUPPLIER NOTES TO BUYER SECTION” OF THE EBID SYSTEM.** Proposals that are qualified with conditional clauses, items not called for, or other irregularities may be considered non-responsive by HCDE and eliminated from further consideration by HCDE.

This Agreement is entered into between Harris County Department of Education (“HCDE”) and Vendor, having submitted a proposal in response to a procurement solicitation issued by HCDE and whose proposal has been accepted and awarded by HCDE. In consideration of the mutual covenants and conditions contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, HCDE and Vendor, intending to be legally bound, and subject to the terms, conditions, and provisions of this Agreement, agree as follows:

7.1 Agreement Terms; Amendment

The terms of this Agreement shall govern all procurements conducted hereunder. No pre-published terms on the Vendor’s order acknowledgments, invoices, or other forms shall have any force or effect. Further, no amendment of this Agreement shall be permitted unless first approved in writing by HCDE, and no such amendments shall have any effect unless and until a written amendment to this Agreement is executed by HCDE’s Superintendent or its Assistant Superintendent for Business Services (or their designees) after any necessary approvals have been obtained from the HCDE Board of Trustees.

7.2 Assignment of Agreement

Vendor may not assign this Agreement or any of its rights, duties, or obligations hereunder without the prior written approval of HCDE. Any attempted assignment of this Agreement by Vendor shall be null and void. Any purchase or work order made as a result of this Agreement may not be transferred, assigned, subcontracted, mortgaged, pledged, or otherwise disposed of or encumbered in any way by Vendor without the prior written approval of HCDE. Vendor is required to notify HCDE when any material change in operations occurs, including but not limited to, changes in distribution rights for awarded products, bankruptcy, material changes in financial condition, change of ownership, and the like, within three (3) business days of such change.

7.3 Captions

The captions herein are for convenience and identification purposes only, are not an integral part hereof, and are not to be considered in the interpretation of any part hereof.

7.4 Catalog Discounts

In the event of a catalog discount type proposal, Vendor may be allowed to make additions and/or deletions from Vendor’s offerings on an annual basis, in HCDE’s sole discretion, provided the item(s) substituted are of a like quality and category. These changes will be compliant with the format of Vendor’s original proposal (i.e. manufacturer name, product category, or entire catalog discount). HCDE will send notification to Vendor(s) seeking any additions and/or deletions, and Vendor will return these proposed changes on company letterhead within the given timeframe. If HCDE, in its sole discretion, accepts Vendor’s proposed changes, such changes will remain in effect for the entire year until the next annum.

7.5 Certifications. Vendor hereby certifies that it is not a company identified on the Texas Comptroller’s list of companies known to have contracts with, or provide supplies or services to, a foreign organization designated as a Foreign Terrorist Organization by the U.S. Secretary of State.

If (a) Vendor is not a sole proprietorship; (b) Vendor has ten (10) or more full-time employees; and (c) this

Agreement has a value of \$100,000 or more, the following certification shall apply; otherwise, this certification is not required. Pursuant to Chapter 2270 of the Texas Government Code, the Contractor hereby certifies and verifies that neither the Contractor, nor any affiliate, subsidiary, or parent company of the Contractor, if any (the “Vendor Companies”), boycotts Israel, and the Vendor agrees that the Vendor and Vendor Companies will not boycott Israel during the term of this Agreement. For purposes of this Agreement, the term “boycott” shall mean and include refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

Vendor certifies and agrees that it shall not assist an employee, contractor, or agent of HCDE or of any other school district in obtaining a new job if the Vendor knows, or has probable cause to believe, that the individual engaged in sexual misconduct regarding a minor or student in violation of the law. Routine transmission of an administrative or personnel file does not violate this prohibition. *See* HCDE Policy CJ (Legal) and (Local).

7.6 Compliance with Laws

Vendor shall comply with all applicable federal, state, and local laws, statutes, ordinances, standards, orders, rules, and regulations, including, as applicable, workers’ compensation laws, minimum and maximum salary and wage statutes and regulations, prompt payment and licensing laws and regulations, the Davis-Bacon Act (40 U.S.C. § 276a / 29 CFR Part 5), the Copeland “Anti-Kickback” Act (18 U.S.C. § 874 / 29 CFR Part 5), the Equal Opportunity Employment requirements (Executive Orders 11246 and 11375 / 41 CFR Chapter 60), the McNamara-O’Hara Service Contract Act (41 U.S.C. 351), Section 306 of the Clean Air Act (42 U.S.C. § 1857h, Section 508 of the Clean Water Act (33 U.S.C. § 1368), Executive Order 11738, Environmental Protection Agency regulations (40 CFR Part 15), the Contract Work Hours and Safety Act (40 U.S.C. § 3701-3708; 29 C.F.R. Parts 75-77 and 81 (“EDGAR”), mandatory standards and policies contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871), and all applicable requirements and regulations, including those related to reporting, patent rights, copyrights, data rights and those mandated by federal agencies making awards of federal funds to HCDE. Vendor understands that Vendor is ineligible to receive a contract award with HCDE if Vendor or its principal(s) is listed on the government wide exclusions in the System for Award Management (Debarment and Suspension Orders Executive Orders 12549 and 12689) or is 30 days or more delinquent in paying child support (Tex. Fam. Code § 231.006). For the entire duration of this Contract, Vendor and all subcontractors shall maintain all required licenses, certifications, permits, and any other documentation necessary to perform this Contract. Vendor must comply with all state and local building code requirements unless otherwise specifically provided in the HCDE’s Purchase Order, and Vendor must pay all fees and charges for connections to outside services and for use of property outside the project site. When required or requested by HCDE, Vendor shall furnish HCDE with satisfactory proof of Vendor’s compliance with this provision.

Vendor and HCDE agree to secure the confidentiality of all information and records in accordance with applicable federal and state laws, rules, and regulations. Vendor and HCDE understand that the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, governs the privacy and security of educational records and information and agree to abide by FERPA rules and regulations, as applicable. Vendor also acknowledges that HCDE is subject to the Texas Public Information Act, and Vendor waives any claim against and releases from liability HCDE, its officers, employees, agents, and attorneys with respect to disclosure of information provided under or in this Agreement or otherwise created, assembled, maintained, or held by Vendor and determined by HCDE, the Attorney General of Texas, or a court of law to be subject to disclosure under the Texas Public Information Act.

7.8 Contract Term

The initial term of the Agreement is for a period of five (5) years (“Term”).

7.9 Criminal History Review (SB 9 Contractor Certification: Contractor Employees Form; SB 9 Contractor Certification: Subcontractor Form – must be filled out and attached to proposal in the Response Attachment section, if applicable)

Prior to commencing any work under the Agreement, if Vendor contracts with HCDE to provide services,

Vendor must certify, on the form provided herein, that for each covered employee of Vendor who will have direct contact with students, Vendor has obtained, as required by Texas Education Code Section 22.0834: (a) state criminal history record information from a law enforcement or criminal justice agency or a private entity that is a consumer reporting agency governed by the Fair Credit Reporting Act (15 U.S.C. Section 1681 et seq.) for each covered employee of Vendor employed before January 1, 2008; and (b) national criminal history record information for each employee of Vendor employed on or after January 1, 2008. Vendor must also obtain similar certifications of compliance with Texas Education Code Chapter 22's requirements from any subcontractors on the form provided herein. Covered employees with disqualifying criminal history are prohibited from serving at HCDE; Vendor and any subcontracting entity may not permit a covered employee to provide services at a school if the employee has been convicted of a felony or misdemeanor offense that would prevent a person from being employed under Tex. Educ. Code § 22.085(a) (i.e., Title 5 felony or an offense requiring registration as a sex offender and victim was under 18 years of age or was enrolled in a public school at the time the offense occurred). Covered employees do not include employees of a contracting or subcontracting entity that is providing engineering, architectural, or construction services on a project to design, construct, alter, or repair a public work if: (1) the public work does not involve the construction, alteration, or repair of an instructional facility as defined by Texas Education Code Section 46.001; (2) the employee's duties will be completed more than seven (7) days before a new instructional facility will be used for instruction; or (3) for an existing instructional facility, the work area contains sanitary facilities separated from all areas used by students by a fence at least six (6) feet high, and the Contractor adopts, informs employees of, and enforces a policy prohibiting employees and any subcontractor's employees from interacting with students or entering areas used by students. Tex. Educ. Code §§ 22.0834(a-1), .08341. The criminal history record information review obligation applies if Vendor contracts with HCDE to provide services; it does not apply to a contract for the purchase of goods or real estate.

7.10 Customer Reference List

Vendor agrees to submit a customer reference list upon request by HCDE.

7.11 Customer support

Vendor shall provide timely and accurate technical advice and sales support to HCDE and HCDE staff. Vendor shall respond to requests for customer support within one (1) business day after receipt of the request. Vendor shall provide training to HCDE staff regarding products and/or services supplied by Vendor, at no additional charge, if requested by HCDE.

7.12 Entire Agreement

This Agreement, the procurement solicitation issued by HCDE, and Vendor's proposal submitted in response to HCDE's procurement solicitation, and the attached and incorporated addendum or exhibits, if any, contain the entire agreement of the parties relative to the purpose(s) of the Agreement and supercede any other representations, agreements, arrangements, negotiations, or understanding, oral or written, between the parties to this Agreement. In the event of a conflict between this Agreement and the procurement solicitation issued by HCDE or Vendor's proposal submitted in response to HCDE's procurement solicitation, this Agreement shall control. In the event of a conflict between the procurement solicitation issued by HCDE and Vendor's proposal submitted in response to HCDE's procurement solicitation, HCDE's procurement solicitation shall control. This Agreement supersedes any conflicting terms and conditions on any purchase or work orders, invoices, checks, order acknowledgements, forms, purchase orders, or similar commercial documents relating hereto and which may be issued by Vendor after the Effective Date of this Agreement.

7.13 Equal Opportunity

It is the policy of HCDE not to discriminate on the basis of race, color, National origin, gender, limited English proficiency or handicapping conditions in its programs. Vendor agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), sex (except where based on a bona fide occupational qualification) or race, color, religion, national origin, or ancestry. Vendor further agrees that every subcontract entered into for the performance of this Agreement shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor. Breach of this covenant may be regarded as a material breach of the Agreement.

7.14 Force Majeure

Neither HCDE or Vendor shall be deemed to have breached any provision of this Agreement as a result of any delay, failure in performance, or interruption of service resulting directly or indirectly from acts of God, network failures, acts of civil or military authorities, civil disturbances, wars, energy crises, fires, transportation contingencies, interruptions in third-party telecommunications or Internet equipment or service, other catastrophes, or any other occurrences which are reasonably beyond such party's control.

The parties to this Agreement are required to use due caution and preventive measures to protect against the effects of force majeure, and the burden of proving that a force majeure event has occurred shall rest on the party seeking relief under this provision. The party seeking relief due to force majeure is required to promptly notify the other party in writing, citing the details of the force majeure event and relief sought, and shall resume performance immediately after the obstacles to performance caused by a force majeure event have been removed, provided the Agreement has not been terminated. Delay or failure of performance, by either party to this Agreement, caused solely by a force majeure event, shall be excused for the period of delay caused solely by the force majeure event. Neither party shall have any claim for damages against the other resulting from delays caused solely by force majeure. Notwithstanding any other provision of this Agreement, in the event the Vendor's performance of its obligations under this Agreement is delayed or stopped by a force majeure event, HCDE shall have the option to terminate this Agreement. This section shall not be interpreted as to limit or otherwise modify any of HCDE's contractual, legal, or equitable rights.

7.15 Governing Law and Venue

The laws of the State of Texas, without regard to its provisions on conflicts of laws, govern this Agreement. The mandatory, exclusive jurisdiction for any dispute under this Agreement is in the state and federal courts located in Houston, Harris County, Texas.

7.16 HCDE Property

In the event of loss, damage, or destruction of any property owned by or loaned by HCDE that is caused by Vendor or Vendor's representative, agent, employee, or contractor, Vendor shall indemnify HCDE and pay to HCDE the full value of or the full cost of repair or replacement of such property, whichever is greater, within thirty (30) days of Vendor's receipt of written notice of HCDE's determination of the amount due. If Vendor fails to make timely payment, HCDE may obtain such money from Vendor by any means permitted by law, including, without limitation, offset or counterclaim against any money otherwise due to Vendor by HCDE.

VENDOR SHALL INDEMNIFY AND HOLD HCDE HARMLESS FROM ALL CLAIMS, LIABILITIES, COSTS, SUITS OF LAW OR IN EQUITY, EXPENSES, ATTORNEYS' FEES, FINES, PENALTIES OR DAMAGES ARISING FROM THE ACTS OR OMISSIONS OF VENDOR, VENDOR'S EMPLOYEES, AGENTS, OR SUBCONTRACTORS, IN CONNECTION WITH THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE ARISING FROM CLAIMED INFRINGEMENT OF ANY PATENTS, TRADEMARKS, COPYRIGHT OR OTHER CORRESPONDING RIGHT(S) WHICH IS RELATED TO ANY ITEM VENDOR IS REQUIRED TO DELIVER. In order to receive payment under this Agreement, Vendor shall have a current I.R.S. W-9 Form on file with HCDE.

7.22 Multiple Contract Awards; Non-Exclusivity

HCDE reserves the right to award multiple contracts for each commodity category. Commodity categories are established at the sole discretion of HCDE. Nothing in this Agreement may be construed to imply that Vendor has the exclusive right to provide products and/or services to HCDE. During the Term of this Agreement, HCDE reserves the right to use all available resources to procure other products and/or services as needed and doing so will not violate any rights of Vendor.

7.23 New Products

New products that meet the specifications detailed in the solicitation may be added to this Agreement, with prior written approval from HCDE. Pricing of any new products shall be equivalent to the percentage discount or proposed prices for other similar products. Vendor may replace or add products to an existing contract if: the replacing products are equal to or superior to the original products offered; are discounted in a similar or to a greater degree; and the products meet the requirements of the original solicitation. No products may be

added to avoid competitive procurement procedures. HCDE may reject any proposed additions, without cause, in its sole discretion.

7.24 No Substitution

Any order issued pursuant to this Agreement shall conform to the specifications and descriptions identified in this Agreement and in the solicitation. Unless otherwise agreed to in advance by HCDE, Vendor will not deliver substitutes without prior authorization from HCDE.

7.25 No Agency or Endorsements

HCDE and Vendor are independent contractors and have no power or authority to assume or create any obligation or responsibility on behalf of the other party. This Agreement shall not be construed or deemed an endorsement of a specific company or product. It is the intention of the parties that Vendor is independent of HCDE and is not an employee, agent, joint venturer, or partner of HCDE, and nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venturer or partner, between HCDE and Vendor or HCDE and any of Vendor's agents. Vendor agrees that HCDE has no responsibility for any conduct of any of Vendor's employees, agents, representatives, contractors, or subcontractors.

7.26 Non-Appropriation Clause

As a multi-year agreement, this Agreement is subject to Texas Local Government Code § 271.903 concerning non-appropriation of funds for multi-year contracts. Notwithstanding any other provision of this Agreement or obligation imposed on HCDE by this Agreement, HCDE shall have the right to terminate this Agreement without default or liability to Vendor resulting from such termination, effective as of the expiration of each budget period of HCDE if it is determined by HCDE, in HCDE's sole discretion, that there are insufficient funds to extend this Agreement. The parties agree that this Agreement is a commitment of HCDE's current revenue only.

7.27 Notice

Any notice provided under the terms of this Agreement by either party to the other shall be in writing and shall be given by hand-delivery or by certified or registered mail, return receipt requested. Notice shall be sufficient if made or addressed to the address listed in the signature line of this Agreement. Notice shall be deemed effective upon receipt. Each party may change the address at which notice may be sent to that party by giving notice of such change to the other party by certified or registered mail, return receipt requested.

7.28 Penalties

If Vendor is unable to provide the goods or services at the prices quoted in Vendor's proposal or if Vendor fails to fulfill or abide by the terms and conditions of the Agreement, HCDE may take the following action(s), in HCDE's sole discretion, and Vendor agrees to comply with HCDE's action(s):

Agreement and to this solicitation by HCDE.

7.32 Prices

All prices in Vendor's proposal shall be firm for the Term of the Agreement. All price changes shall be presented to HCDE for acceptance or rejection by HCDE, in its sole discretion, using the same format as was accepted in Vendor's original proposal; all price changes for goods and/or services provided under this Agreement must be approved, in writing, by HCDE prior to taking effect. The following documentation shall be provided to support a request for a price change: justification for change/increase; terms and conditions; market conditions; manufacturers/distributors' impact (if any).

7.33 Quantities

Because all commodities will be provided on an "as needed" basis, HCDE makes no representation either orally or in writing to the amount of commodities, services, or related items HCDE will use during the Term of the Agreement.

7.34 Records Retention

Vendor shall maintain its records and accounts in a manner that shall assure a full accounting for all goods and/or services provided by Vendor to HCDE under this Agreement. These records and accounts shall be retained by Vendor and made available for audit by HCDE for a period of not less than three (3) years from the date of completion of the services, receipt of the goods, or the date of the receipt by HCDE of Vendor's final invoice or claim for payment in connection with this Agreement, whichever is later. If an audit has been announced, Vendor shall retain its records and accounts until such audit has been completed.

When federal funds are expended by HCDE pursuant to this Contract, Vendor certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. Vendor further certifies that Vendor will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

7.35 Right to Audit

HCDE, upon written notice, shall have the right to audit all of Vendor's records and accounts relating to this Agreement. Records subject to audit shall include, but are not limited to, records which may have a bearing on matters of interest to HCDE in connection with Vendor's work for HCDE and shall be open to inspection and subject to audit and/or reproduction by HCDE or its authorized representative(s) to the extent necessary to adequately permit evaluation and verification of:

- (a) Vendor's compliance with this Agreement and the requirements of the solicitation,
- (b) compliance with HCDE procurement policies and procedures,

In case of conflict, the most stringent safety requirements shall govern. Vendor shall comply with all other safety guidelines and standards as required by HCDE. Vendor shall indemnify and hold HCDE harmless from and against all claims, demands, suits, actions, judgments, fines, penalties, and liability of every kind arising from the breach of Vendor's obligations under this provision.

7.37 Severability

In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

7.38 Shipments

Vendor shall ship ordered products within seven (7) working days for available goods and within four (4) to six (6) weeks for special-order items after the receipt of the purchase order unless otherwise previously agreed to, in writing, by HCDE. If a product cannot be shipped within that timeframe, Vendor shall notify HCDE of the reasons why the product has not shipped and shall provide an estimated shipping date, if applicable. HCDE may cancel the order if the estimated shipping time is not acceptable to HCDE, in its sole discretion.

7.39 Subcontractors

If Vendor uses subcontractors in the performance of any part of this Agreement, Vendor shall be fully responsible to HCDE for all acts and omissions of the subcontractors just as Vendor is responsible for Vendor's own acts and omissions. Nothing in this Agreement shall create for the benefit of any such subcontractor any contractual relationship between HCDE and any such subcontractor, nor shall it create any obligation on the part of HCDE to pay or to see to the payment of any moneys due any such subcontractor except as may otherwise be required by law.

7.40 Taxes

HCDE is tax-exempt, and HCDE shall not pay taxes for goods and/or services provided under this Agreement. Vendor represents and warrants that it shall pay all taxes or similar amounts resulting from this Agreement, including, without limitation, any federal, state, or local income, sales or excise taxes of Vendor or its employees. HCDE shall not be liable for any taxes resulting from this Agreement.

7.41 Tax Responsibilities of Vendor and Indemnification for Taxes

Vendor and all subcontractor(s) of Vendor shall pay all federal, state, and local taxes applicable to their operation and any persons employed by Vendor and all subcontractors of Vendor. Vendor shall require all subcontractors to hold HCDE harmless from any responsibility for taxes, damages, and interest. If applicable, contributions required under federal, state, and/or local laws and regulations and any other costs including, but not limited to, transaction privilege taxes, unemployment compensation insurance, Social Security, and Worker's Compensation, shall be the sole responsibility of Vendor.

7.42 Termination of Contract

This Agreement shall remain in effect until (1) the Agreement expires by its terms or (2) the Agreement is terminated by mutual agreement of HCDE and Vendor. In the event of a breach or default of the Agreement and/or the procurement solicitation by Vendor, HCDE reserves the right to enforce the performance of the Agreement and/or the procurement solicitation in any manner prescribed by law or deemed to be in the best interest of HCDE. HCDE further reserves the right to terminate the Agreement immediately in the event Vendor fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in this Agreement, the procurement solicitation, and/or a purchase or work order; (2) make any payments owed; or (3) otherwise perform in accordance with this Agreement and/or the procurement solicitation. HCDE also reserves the right to terminate the Agreement immediately, with written notice to Vendor, if HCDE believes, in its sole discretion, that it is in the best interest of HCDE to do so. Vendor agrees that HCDE shall not be liable for damages in the event that HCDE declares Vendor to be in default or breach of this Agreement and/or the procurement solicitation. Vendor further agrees that upon termination of the Agreement for any reason, Vendor shall, in good faith and with reasonable cooperation, aid in the transition to any new arrangement and/or vendor.

7.43 Title and Risk of Loss

Whenever HCDE is purchasing (and not leasing) an item under this Agreement, title and risk of loss shall pass upon the later of HCDE's acceptance of the item or payment of the applicable invoice.

All deliveries under this Agreement shall be delivered: **Freight Prepaid, F.O.B. Destination, Full Freight Allowed, Inside Delivery** and shall be included in all pricing in Vendor's proposal unless otherwise clearly stated in writing in Vendor's proposal.

7.44 Waiver

No failure on the part of either party at any time to require the performance by the other party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such party's right to enforce such term, and no waiver on the part of either party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification of any of the provisions of this

Contract shall be binding unless in writing and signed by duly authorized representatives of the parties hereto.

7.45 Warranty

All goods and/or services provided by Vendor under this Agreement must be warranted to be free from defects in material, workmanship, and free from such defects in design for a period of one (1) year upon the later of HCDE's acceptance of the product and/or service or payment of the applicable invoice. Vendor warrants that all goods and/or services furnished under this Agreement shall conform in all respects to the terms of this Agreement, including any drawings, specifications, and/or standards incorporated herein, including, without limitation, those detailed in the procurement solicitation issued by HCDE. In addition, Vendor warrants that goods and/or services are suitable for and will perform in accordance with the purposes for which they are intended. Vendor shall assume all liabilities incurred within the scope of consequential damages and incidental expenses, as set forth in the vendor or manufacturer's warranty, which result from either delivery or use of product, which does not meet the specifications within this Agreement or the solicitation procurement.

7.46 Website Support

Vendor agrees to cooperate with HCDE in publicizing contract particulars on HCDE's website. Vendor agrees to work with HCDE in updating and maintaining current information on Vendor's activities related to the Agreement on the website. Vendor agrees to provide an electronic version of its logo for use on HCDE's website upon request and provide other information as reasonably requested by HCDE to help ensure that HCDE's website is current and consistently updated.

7.47 Workforce

Vendor shall employ only orderly and competent workers, skilled in the performance of the services, if any, which shall be performed under this Agreement. However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity,
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust, and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for U.S. federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the *Exemptions* box, any code(s) that may apply to you. See *Exempt payee code* and *Exemption from FATCA reporting code* on page 3.

Exempt payee code. Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends. The following codes identify payees that are exempt from backup withholding:

Interest and dividend payments	All exempt payees except for 7

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.GOV or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

- 1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.
- 2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.
- 3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.
- 4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).
- 5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

SB 9 Contractor Certification: Contractor Employees

(As applicable)

Background: Texas Education Code Chapter 22 requires entities that contract with school districts to obtain criminal history records on covered employees. Covered employees with disqualifying criminal histories are prohibited from serving at a school district. Contractors must certify to HCDE that they have complied and must obtain similar certifications from their subcontractors. *See SB 9 Contractor Certification: Subcontractor attachment.* The law requires each contractor to obtain the criminal histories of its covered employees. For more information or to set up an account, a contractor should contact the Texas Department of Public Safety's Crime Records Service at 512.424.2474.

Definitions:

Covered employees: Employees of a contractor who have or will have continuing duties related to the service to be performed at a school district and have or will have direct contact with students. Public Works Exception to Covered Employees: Covered employees do not include employees of a contracting or subcontracting entity that is providing engineering, architectural, or construction services on a project to design, construct, alter, or repair a public work if: (1) the public work does not involve the construction, alteration, or repair of an instructional facility as defined by Texas Education Code Section 46.001; (2) the employee's duties will be completed more than seven (7) days before a new instructional facility will be used for instruction; or (3) for an existing instructional facility, the work area contains sanitary facilities separated from all areas used by students by a fence at least six (6) feet high, and the Contractor adopts, informs employees of, and enforces a policy prohibiting employees and any subcontractor's employees from interacting with students or entering areas used by students.

Disqualifying criminal history: (1) a conviction or other criminal history information designated by HCDE; (2) a felony or misdemeanor offense that would prevent a person from being employed under Texas Education Code § 22.085(a), that is: if at the time of the offense, the victim was under 18 or was enrolled in a public school: (a) a felony offense under Title 5, Texas Penal Code; (b) an offense on conviction for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an offense under federal law or the laws of another state that is equivalent to (a) or (b).

Types of Criminal History Record Information:

- For employees hired by Contractor before January 1, 2008—Any law enforcement or criminal justice agency;

If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that its employees will not become *covered employees*. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

Or

[] Some or all of Contractor's employees are *covered employees*. If this box is checked, I further certify that:

- (1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.
- (2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify HCDE in writing within 3 business days.
- (3) Upon request, Contractor will provide HCDE with the name and any other requested information of covered employees so that HCDE may obtain criminal history record information on the covered employees.

If HCDE (or a CP member) objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at HCDE (or CP member's location).

COMPLIANCE WITH BUY AMERICAN PROVISION

The Buy American provision, set out in 7 C.F.R. Part 210.21(d), requires participants in the National School Lunch Program and School Breakfast Program to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. “Substantially” means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically. When USDA Foods items are manufactured into processed end products, 51% of resulting food products must be of United States origin.

Vendor certifies that, in compliance with the Buy American provision, its products are “domestic commodities or products” as defined by 7 C.F.R. § 210.21(d).

_____ **Initials of Authorized Representative of Vendor**

Vendor further certifies that its product(s): _____, **were processed in the U.S. and contain at least _____% (insert % of weight or volume) of its agricultural food component(s) from the U.S.**

Alternatively, Vendor hereby acknowledges its products DO NOT comply with the Buy American provision, set forth in 7 C.F.R. § 210.21(d).

_____ **Initials of Authorized Representative of Vendor**

REQUEST FOR EXCEPTION FROM THE BUY AMERICAN PROVISION

Exceptions to the Buy American provision should be utilized as a last resort; however, an exception may be approved upon request. If Vendor did not certify compliance with the Buy American provision above, it may request an exception by checking one or both of the following grounds for an exception:

- The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality.

- The costs of a U.S. product are significantly higher than the non-domestic product.

Vendor certifies that it submits this request for an exception from the Buy American provision in good faith and with the reasonable belief that: (a) the product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality; and/or (b) the costs of a U.S. product are significantly higher than the non-domestic product.

If you do not have a number, see *How to get a TIN*, later.

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amounts reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. 1.0 Overview

In an effort to better serve our customers and ensure a level of accountability appropriate for a public institution, this manual has been compiled to provide instructions and guidelines for the issuance and use of the procurement card along with instructions for reconciliation and review of card transactions. Changes to this manual may be made over time as the program develops and new or unforeseen purchasing situations arise.

2.0 Introduction to the Procurement Card Program

The purpose of the Harris County Department of Education (“HCDE”/the “Department”) Procurement Card (P-Card) Program is to establish an efficient and cost-effective method of purchasing and paying for small dollar transactions. The P-Card can be used with any merchant that accepts MasterCard as a form of payment.

The use of a P-Card as a purchasing method is a privilege and not a right, thus we need to ensure that ALL regulations are followed.

The P-Card Program is designed to supplement our purchasing program by giving users some flexibility. Use of the P-Card must not circumvent the purchasing process. If used to its potential, the P-Card Program will result in a significant reduction in the volume of purchase orders and related documentation including invoices and checks. In addition, corresponding work processes associated with ordering and check-writing will be reduced.

3.0 Who Can Obtain a P-Card?

A P-Card may be issued only to permanent full-time employees of the Department whose job duties require the use of a P-Card. Cards are issued to individual employees (in the employee’s name) rather than to a specific department or division. No more than one (1) card may be issued to any employee.

4.0 How Do I Obtain a P-Card and Keep It?

4.1 Complete a New P-Card Request Packet

Full-time HCDE employees whose duties call for making purchases with a credit card and authorized by their division director may submit a New P-Card Request Packet. The packet includes: (1) P-Card Request Form; (2) Employee Procurement Card Agreement; and (3) JP Morgan Chase Procurement Card Application. The complete packet must be submitted to the Procurement Card Administrator with the approval of the employee’s immediate supervisor/budget manager and executive team member of the division where the employee works. See Attachment A for the complete New P-Card Request Packet.

P-Card Request Form – Enter the employee information and cardholder classification. If selecting a different transaction limit from the one assigned for the classification, specify the reason. If someone other than the Cardholder will be preparing the Monthly Expense Reports as discussed in Section 10, include the information for the assigned Facilitator. The Human Resources Division will verify that the card applicant is a full-time employee.

Employee Procurement Card Agreement – Potential Cardholder, Executive Team Member, and Approving Officials (usually the Division Director/Budget Manager) must acknowledge spending limit and sign this agreement.

JP Morgan Chase Procurement Card Application – All the highlighted areas must be completely filled out. The “Home Address” section must be the actual address of the

employee. Do not sign this form; only the P-Card Administrator will sign and process this form.

Reminder: No Cardholder shall be allowed to be his or her own “approving official”. The Executive Team Member must assign a knowledgeable individual acting in a supervisory capacity as the Approving Official. (See section 11.0 for a description of Approving Official Roles and Duties). If the cardholder is the only employee of a particular department, the next level of authority (Executive Team Member) must be assigned as the Approving Official.

4.2 Complete P-Card Training

Training is mandatory for all P-Card roles: Cardholder, Executive Team Members, Approving Officials, and P-Card Facilitator. Once all required documents have been submitted to the P-Card Administrator, the Cardholder will be scheduled for training. If any of the aforementioned employees have not completed training, they will also be scheduled. Cards will not be disbursed until training has been completed.

4.3 Sign the P-Card Receipt and Acknowledgement Form

The P-Card Administrator will provide the P-Card Receipt and Acknowledgement Form (Attachment B) to the cardholder for signature upon receipt of the new card. Cardholders must sign this form which acknowledges the completion of training and receipt of the P-Card.

By signing this form, the Cardholder acknowledges:

- Receipt of the P-Card Manual
- Training received regarding all P-Card matters and fully understand all the procedures and regulations outlined in the manual; including procedures for P-Card expenditures, reconciliation of monthly expense reports, what constitutes proper supporting documentation, and consequences for P-Card violations
- Receipt of the P-Card

4.4 Complete Refresher Training

P-Card “refresher” training will be required annually or as required by the Purchasing Division. The Cardholder, Executive Team Member, Approving Official, and those individuals holding Facilitator roles will be required to complete a refresher training course in order to maintain P-Card privileges. Failure to complete training within thirty (30) days of notice will result in suspension of P-Card privileges until such time as the training has been successfully completed. Instructions for completion of the refresher training will be provided by the Purchasing Division to the individuals holding the various P-Card roles.

5.0 Spending Limits

All P-Cards have monthly cardholder spending limits. These limits automatically refresh each month. Limits vary for each Cardholder and are established by the Director of Purchasing (as indicated in the P-Card Request Form). Increases to the limits on any card must be made in writing via a P-Card Maintenance Form (Attachment C). The increase must be approved by both the Purchasing Director and the Assistant Superintendent of Business Services. If the limit increase request is approved, the Program Administrator will adjust the card purchasing limit and the adjustment is effective immediately.

5.1 P-Card Controls

Cardholders act as purchasing agents for HCDE; therefore, expenditures made with the P-Card must be only for those items that are for official HCDE business and furthermore, for those items allowed to be purchased using a P-Card as outlined in this manual. Additional controls have been added to each P-Card in order to assist in keeping charges within HCDE monetary spending

limits. These spending limits are embedded in each P-Card via the magnetic strip and are imposed at the point of sale when the card is swiped.

5.2 Cardholder Spending Limits

The available limits on a P-Card include:

\$\$ per transaction – Single Transaction Limit (STL)

\$\$ per month – Credit Limit (CL) – this is a monthly limit

The Department's maximum limit on P-Card purchases is \$3,499 per transaction.

The established standard monthly credit card limit is based on the Cardholder's budgetary responsibility not to exceed \$5,000 per month. If a cardholder requires a higher monthly limit, the Cardholder's Division Director may request, with appropriate justification, an exception. All monthly limits, including those above \$5,000, are reviewed on an annual basis to determine if there is still a need for the higher limit.

Your judicious review/sign-off of transactions is important to maintain purchasing capacity; however, your timely and prudent evaluation of purchases also serves to validate the Department's ability to utilize the P-Card within the parameters of policy and procedures

5.3 Merchant Activity Type Limits

Specific types of businesses are identified by a Standard Industrial Classification (SIC) Code, commonly referred to as Merchant Category Code (MCC). Based on the nature of some categories, specific MCC codes may be restricted for use on the card. If you have difficulty using your card with any particular vendor, please contact the P-Card Administrator.

6.0 Acceptable Purchases (Things I Can Buy)

All purchases made with the P-Card must be for official HCDE business and must NEVER be used for personal purchases (intentional or unintentional), regardless of the circumstance. The P-Card may be used to purchase supplies and materials, non-inventoried equipment, and various services valued at \$3,499 or less, including shipping or handling charges, insurance, etc. provided there is no requirement to sign a contract or agreement.

Your P-Card is not intended to bypass established purchasing or payment procedures. Procurement bidding procedure requirements should be utilized as required and appropriate. The P-Card is intended to complement the existing processes available and is not intended for after-the fact-payment.

The Technology Support Services division participates in the acquisition process of HCDE technology-related purchases, as necessary. One of the goals of the Technology Division is to ensure that HCDE technology standards are consistently adhered to; however, realizing that there are a few items that should not require Technology approval. To assist you with expediting your technology purchases, the list below contains approved items that P-Card users are allowed to purchase without consulting Technology:

- Cameras (photo equipment)

7.2 Unallowable P-Card Practices

Inappropriate use of the P-Card or failure to abide by the P-Card Program and Procedures will result in revocation of the card and appropriate disciplinary action, including termination of employment.

A. Splitting Orders/Making Sequential Purchases

Splitting orders/transactions or making sequential purchases with the Department P-Card is prohibited. Ensure that individual transaction limits are never exceeded. Transaction splitting is the practice of committing multiple P-Card transactions to circumvent the Cardholder's one-time transaction limit, bypass HCDE competitive bidding requirements, or avoid the card's monthly card limit. Sequential purchases mean purchases, made over a period, of items that in normal purchasing practices would be purchased in one transaction.

B. Single Purchases of \$3,500 or More

The P-Card is intended for small dollar transactions. Single purchases of \$3,500 or more are required to be done via a purchase order. Exceptions may be made with prior written approval from the Assistant Superintendent for Business Services.

C. Using the P-Card to Pay Outstanding Invoices Against Active Purchase Orders

The P-Card should never be used to pay any type of outstanding purchase order or items that were ordered but not processed through a requisition.

D. Limitations on Vendors That Can Be Used

Cardholders must not make P-Card purchases from friends or relatives where the Cardholder has a financial interest. Additionally, the Cardholder must not accept any gift or gratuity from any source when it is offered, or appears to be offered, to influence your decision in making a P-Card purchase. The use of coupons, rebates, or rewards programs from vendors, banks, or other institutions that offer free/promotional items for the benefit of the Cardholder are not allowed when purchasing items with the P-Card. Any items received as a direct result of

using the P-Card must be for the benefit of the Department and are expected to remain on HCDE premises. For example: An office supply vendor has a rewards program that allows a customer to earn free items based on accumulated points/dollars spent.

E. P-Card Sharing

Only that person named on the P-Card is the authorized user. P-Card sharing is prohibited and will result in immediate termination of the P-Card and all P-Card privileges. P-Card sharing is the practice of allowing an individual other than the cardholder whose name appears on the front of the P-Card to have access to the P-Card or P-Card number to initiate or complete a transaction. P-Card sharing increases the risk of fraud and cardholder liability.

Best practices to prevent fraud and misuse include NOT allowing an individual other than the Cardholder to:

- have physical possession of the P-Card to make payments to point of sale vendors;
- have access to the P-Card number and expiration date to make payments via telephone, internet, or in person;
- have access to receipts or invoices that display the complete P-Card number and expiration date.

F. Using the P-Card for Personal Use

The use of the P-Card for personal expenditures is strictly prohibited. Cardholders who violate this rule must *immediately* report the personal use and reimburse the funds within fifteen (15) working days. The Purchasing Division is required to report the misuse, regardless of the cardholder's intent to reimburse the Department, to the Assistant Superintendent for Business, Executive Team Member, and Human Resources Division.

Personal purchases are considered a misappropriation of HCDE funds, a criminal offense, and will be reported to the appropriate authorities. An example would be when a cardholder includes a personal purchase with a departmental order to take advantage of free shipping, tax exemption status or pricing discounts.

All personal use (intentional or unintentional) of the P-Card must be handled by the cardholder as follows:

- Immediately report the purchase to the Division Director and the Purchasing Division P-Card Administrator by completing the "P-Card Reporting form"
- Attach a memo on letterhead explaining the circumstance of what happened (including a timeline of the incident) and include a copy of the receipt and/or other supporting documentation.
- Attach a check payable to Harris County Department of Education within fifteen (15) working days of transaction
- Submit the entire package to the Purchasing Division

G. Exceeding the Single Transaction Limit

Every P-Card has an assigned Single Transaction Limit that has been approved by the Executive Team Member. Cardholders are cautioned to avoid exceeding this limit. While this limit is embedded in the magnetic strip in the card, vendors who do not swipe the card may exceed the single transaction limit. If the cardholder allows the vendor to exceed the single transaction limit, this will be considered a violation of the P-Card Manual.

H. Reimbursing Unauthorized Charges

Cardholders may be held personally responsible for unauthorized purchases using the p-card including, but not limited to:

- Paying for personal purchases
- Payment of sales tax
- Unauthorized gratuities

A personal check or money order must be submitted for such transactions to the Purchasing Division with fifteen (15) working days of notification to the cardholder. Failure to reimburse HCDE within this timeframe will result in action from the HCDE superintendent.

8.0 How to Make Purchases with Your P-Card

Only the individual to whom the card has been issued may use the card. When purchasing an item, the following procedures should be followed:

8.1 Approval Procedure

Always follow proper internal departmental procedures in obtaining approval for the purchase. If unsure as to whether an item to be purchased does or does not fall within HCDE P-Card guidelines, please contact the Facilitator within the Division or the P-Card Administrator before making the purchase. Cardholders must notify the P-Card Administrator and the Purchasing Division if they are being directed by their supervisor to execute or approve unallowable transactions. All reports will be handled without retribution.

8.2 Provide Vendor with Request/Required Card Information

Be prepared to provide the vendor with any or all of the following information: card number, name, expiration date, billing address, billing phone number, and the three-digit credit card security/verification code that is located in the signature block of the card.

HCDE's billing address must be on all receipts and backup documentation and not the Cardholder's address. HCDE's address is:

Harris County Department of Education
6300 Irvington Boulevard
Houston, TX 77022

8.3 Tax Exempt Status

Inform the vendor that the Department is exempt from sales tax. If the vendor requests a tax exemption certificate, use the one provided in Attachment E. Although HCDE does not pay Texas sales tax, we are required to pay hotel occupancy taxes and airport parking taxes.

If the Cardholder gets charged Texas sales taxes, the Cardholder will be personally liable for reimbursement of the tax to HCDE.

8.4 Shipping Instructions

Give the merchant detailed shipping instructions which must include the following:

1. Your Name, Department Name
2. Building, Room Number
3. Street Address
4. City, State, Zip Code
5. Phone Number

P-Card purchases should be delivered directly to the individual Cardholder's place of work; otherwise, arrangements should be made to pick up the merchandise at the vendor's place of business. In instances where delivery must be through the warehouse, the Cardholder is responsible for immediately notifying the warehouse that goods are expected to arrive.

8.5 Maintain Transaction Log (Recommended)

As P-Card transactions occur, Cardholders are recommended to record all purchases and credits on a transaction log. Transaction logs help to keep a running tally of monthly charges and identify outstanding transactions not yet appearing on the monthly expense report. Maintaining these logs will assist the cardholder in staying within the established purchasing limits of the card. The log may also be used to verify receipt of the correct quantity and product along with verification of billing in the correct price. Cardholders may use a format which contains the following information:

- Purchase made by the cardholder
- Vendor's name
- Detailed description of item(s) purchased
- Date of purchase
- Date item(s) received
- Date item(s) billed on the bank statement
- Amount of the purchase (including freight)
- Name of the employee making the purchase
- Budget accounts
- Business purpose for the purchase

Transaction logs although not required, assist Facilitators in cases where the Cardholder does not prepare his/her own monthly expense report.

8.6 Ensure Adequate Documentation is Obtained and Exists

If receipts do not provide sufficient detail to identify what the purchase is and what the business reason is for the purchase, the Cardholder should include additional details documented on the receipt, transaction log or other supporting documentation. If adequate documentation is unavailable, a Missing Receipt Affidavit form (Attachment F) must be completed, signed, and submitted with the monthly expense report. A pattern of missing receipts, which is defined as more than three (3) times in one fiscal year, will result in suspension of P-Card privileges.

8.7 Security

Cardholders are responsible for safeguarding the P-Card and account number at all times. To prevent unauthorized use and limit the potential for fraud, the cardholder should use basic security measures, as outlined below:

- Keep the P-Card and account number in a secure location and safeguard it as if it were your own personal credit card
- Do not loan or share the P-card with others, including co-workers within the department
- If purchasing by phone, caution the vendor to refrain from placing the P-Card number on the shipping label or anywhere on the outside of the package
- Review transactions in SmartData in a timely manner to detect unauthorized transactions
- Review the monthly bank statements immediately upon receipt, to detect unauthorized transactions
- Before placing an order with an online merchant, make sure the site is secure before entering your account information. The URL, or web site address, should begin with https. A graphic, such as a lock, should appear in the bottom right corner of your browser bar

- Lost, stolen, or fraudulently used P-Cards must be reported immediately to JPMorgan Chase by calling 1-800-890-0669 within 24 hours of discovering the loss, theft, or fraudulent use. The Cardholder's Approving Official and the P-Card Administrators in Procurement must also be notified immediately in writing.
 - JP Morgan Chase will send the Cardholder an Affidavit of Fraud in which the Cardholder is to identify the fraudulent charges, sign and date the Affidavit.
 - The Cardholder must submit the Affidavit of Fraud to JPMorgan Chase and a copy to the P-Card Administrator.
 - A fraud case can't be investigated without receipt of the affidavit by JPMorgan Chase. It is the cardholder's responsibility to keep in contact with JP Morgan Chase and report those findings to the P-Card Administrator in regard to the fraudulent charges.

8.8 Obtain Best Value

All purchases must comply with the purchasing requirements as outlined in HCDE's Financial Operating Guidelines. When purchasing goods and/or services, the following is the order of precedence which should be followed: HCDE contracts, Choice Partners Cooperative contracts, other cooperative contracts in which HCDE participates (with approval of Purchasing Division), and then open market. After verifying that the item is not available on an CDE/Choice Partners contract, the Cardholder must utilize lowest price based on requirements, quality, and availability to obtain the maximum value of each dollar expended.

9.0 Resolve Disputes

The Cardholder is responsible for resolving disputes with the vendor such as incorrect pricing, delivery problems, incorrect items received, damaged items, etc... A fraudulent charge is not handled in the same manner as a dispute. See Section 8.7 (last paragraph) for the correct method of handling fraudulent charges.

Most disputes can be resolved by calling the vendor and having them issue a credit back to the P-Card account. Never accept cash, store credits, or gift cards in lieu of a credit to the P-Card account. Please contact the P-Card Administrators for guidance if a vendor insists on providing a credit in a form other than a credit back to the P-Card.

If the vendor fails to promptly credit your account, file a dispute with JPMorgan Chase within sixty (30) days of the billing issue date. Document all correspondence including dates, individuals involved, and a brief description of the problem and keep this form in your records, filed with the expense report. If no resolution can be achieved between the Cardholder and the vendor, follow the procedures below:

- Report the dispute to JPMorgan Chase by contacting the Dispute Department at 866-491-9432. At such time, they will try to clear the dispute on the spot; however, if they cannot resolve it via telephone, the Cardholder will be required to provide JPMorgan Chase with a narrative of the disputed transaction via fax to the attention of Merchant Dispute Department at 888-297-0768. The transaction will be set aside until the dispute is resolved; please note that the Merchant has 45 days to respond; if no response has been received, then the transaction will be credited.
- Send a copy of the completed dispute form to the P-Card Administrator and the individual responsible for compiling the reconciliation package.
- Add a comment in SmartData noting that the charge has been disputed and that either a credit is expected or that a dispute form has been faxed to the bank
- Contact the P-Card Administrators for additional assistance if JPMorgan Chase is unable to resolve a dispute

- Note: All sign offs must still occur within SmartData and the monthly expense report. Sign off does not indicate approval of the charge provided comments are entered in SmartData to indicate that a dispute has been filed

10.0 Reconciliation of Monthly Expense Reports and Billing Statements

A reconciliation of the monthly expense reports to receipts, invoices, and other supporting documentation must occur on a monthly basis. The following steps must be completed when performing the monthly reconciliation process:

- Step 1: Compile the monthly reconciliation package. This “package”, which consists of all original documentation, including receipts, credits, records of disputed transactions and other supporting documentation must be reconciled and attached to the Monthly Expense Report. Departments may use the suggested Monthly Reconciliation Checklist (Attachment G) to assist in completing the monthly reconciliation.
- Step 2: The Cardholder must review the reconciliation package and sign and date the monthly expense report to indicate that a review of the reconciliation package has been conducted. Cardholder must ensure that funds are available on the account where the expense is being coded. If no funds are available, a budget transfer must be initiated to cover these expenses. The reconciliation package should be submitted to the Approving Official or Facilitator in a timely manner so that the package can be reviewed and approved by the Approving Official.
- Step 3: A propriety review of each Cardholder’s transactions must occur to ensure that the purchase was reasonable, appropriate and necessary while also in compliance with P-Card rules and regulations. This review may be completed by a Facilitator or the Approving Official; however, the Approving Official is responsible for ensuring that a propriety review has been conducted. The individual conducting the propriety review must sign the monthly expense report package to indicate that the propriety review has been performed.
- Step 4: The Approving Official must review the reconciled expense report package on a monthly basis. This review must be evidenced by a signature of the Approving Official on the JPMorgan Chase SmartData Expense Report for the assigned cardholder.
- Step 5: The Facilitator must send the signed expense report package to the Procurement Card Specialist and retain a copy for their records. The P-Card Specialist reconciles the expense reports to the monthly billing statements and ensures that all purchases were conducted in accordance to P-Card guidelines.

11.0 Departmental Roles/Duties within the P-Card Program

There are three mandatory roles listed below that must be assigned for each P-Card. Each role has mandatory duties associated with that role. Please note that the Approving Official and the Executive Team Member may be the same individual.

Cardholder

This role is assigned by the Executive Team Member. The Cardholder is the individual to whom the P-Card is issued. All cardholders must be permanent (full-time) employees of the Department whose job duties require the use of a P-Card. Cards are issued to individual employees and never to a specific department or division. No more than one (1) card may be issued to an employee. Note: The Cardholder must never be his/her own “approving official”.

Mandatory Duties:

- Attend initial training prior to receipt of a new P-Card

- Complete refresher training every two (2) years or as often as directed by the Procurement Office
- Sign the Conflict of Interest Disclosure Forms (Fraud)
- Record each transaction on a transaction log as the purchase (or credit) occurs – *this is a recommended practice and not mandatory*
- Provide adequate documentation for each transaction for inclusion with the monthly expense report. Submit documentation to the Approving Official or Facilitator for inclusion in the reconciled monthly expense report.
- Sign and date the monthly reconciled expense report and assure that funding is available when posting the transaction to the general ledger.
- If a personal charge has accidentally been made on the P-Card, the item must immediately be paid in full by personal check made payable to the Harris County Department of Education from the Cardholder. (See Section 7.2, Subsection F).

If terminating employment with the Department or transferring to another department, the Cardholder must notify the Approving Official, Executive Team Member, and the P-Card Administrator in Procurement in writing and turn in the P-Card immediately to one of these individuals.

Executive Team Member

This role has sole authority for assignment of P-Cards and roles. This responsibility to assign cards and roles may not be delegated (even to those individuals holding signature authority). The Executive Team Member has overall budgetary responsibility for the department's P-Card program and is responsible for following sound business practices. The Executive Team Member approves the issuance of new cards which includes setting the single transaction and monthly credit limits. This individual also assigns P-Card roles to employees within the department, balancing control and operating convenience in those designations. The Executive Team Member may also act as an Approving Official.

Please note: Contact the P-Card Administrator or someone in the Business Services Division if guidance is needed in determining who should serve as the Executive Team Member for your division.

Mandatory Duties:

- Complete required training
- Approve and Monitor the Issuance of P-Cards:
 - Approve new P-Card requests via the P-Card Request Form (Attachment A) to establish cardholder single transaction/monthly credit limits and default accounts.
 - Ensure that only permanent (regular) employees whose duties require purchasing card use are issued P-Cards
 - For every P-Card issued, assign an Approving Official who acts in a supervisory capacity to the cardholder.
 - Assign individuals to act as Facilitators, as needed, to perform various other mandatory duties (multiple Facilitators may be assigned)
 - Periodically assess the continuing business need for each card issued within the department at least annually
 - Re-evaluate transaction and spending limits periodically
 - Approve Cardholder profile change requests as needed using the P-Card Maintenance Form (Attachment C). This form addresses changes to the single transaction limit, monthly credit limit, role assignment changes and other changes.
 - Notify the P-Card Administrator if the Cardholder leaves the department or is no longer an employee of the Department.
- Ensure Monthly Review and Segregation of Duties:

- Assign a knowledgeable individual acting in a supervisory capacity (usually the Division Director/Budget Manager) to the cardholder as the Approving Official for each card. Sufficient internal controls must be established and implemented to ensure that this knowledgeable individual review the monthly expense report package, including receipts and other supporting documentation for approval in a timely manner during regularly scheduled billing cycles.
- Establish and Maintain Internal Controls as specified in Policy CAA (Local) – Fiscal Management Goals and Objectives – Financial Ethics.

Approving Official (Division Directors/Budget Managers)

The Executive Team Member must assign a knowledgeable individual acting in a supervisory capacity (to the Cardholder) as the Approving Official. Once this role is assigned, the duties of this position may not be delegated. Note: The Approving Official may also be the Executive Team Member and may perform other mandatory functions associated with P-Cards.

Mandatory Duties:

- Attend initial training prior to assuming the role of Approving Official
- Complete refresher training every two (2) years or as often as directed by the Procurement Office
- Review the P-Card purchases of assigned Cardholders on at least a monthly basis to verify that all transactions were properly authorized and that a propriety review was conducted to ensure that charges were appropriate and directly related to HCDE business as well as sufficiently supported with documentation that describes the nature and purpose of each transaction. Evidence that a propriety statement with a signature or with comments added in SmartData.
- Sufficient documentation and description generally means that an external reviewer, with access only to the statement and supporting documentation, could identify the following:
 - Detailed list of items(s) purchased
 - Intended business use of items purchased
 - Date and amount of the purchase
 - Vendor Name
- Ensure that the Cardholder has signed and dated the monthly expense report.
- Sign the monthly expense report to show evidence that a reconciliation and review of transactions has been completed. Ensure that the supporting documentation which includes receipts, invoices, and dispute forms are attached to the signed expense report.
- Identify any policy violations and discuss with the Cardholder to provide additional instruction. If a violation occurs (even if unintentional or if a credit was received), Approving Officials must report the situation in writing using the P-Card Reporting Form (Attachment D). Please forward a copy to the Executive Team Member.
- If the Cardholder is no longer employed at HCDE or has transferred to a new department, the Approving Official is responsible for ensuring that:
 1. The P-Card has been cancelled immediately, cut-up and returned to the P-Card Administrators in Procurement
 2. All transactions have been entered in SmartData
 3. Adequate documentation exists for each transaction
- Notify the P-Card Administrator immediately upon change in cardholder's employment status including:
 - Change of Department
 - Change of Position, Role or Title

- Leaves of Absence
- Termination, resignation or retirement – The Approving Official must notify the P-Card Administrator immediately so that the card can be deactivated promptly

If desired, the Approving Official may also monitor P-Card purchases on a more frequent basis in the SmartData program. Please contact the P-Card Administrators for assistance in setting up “view only” access in SmartData.

Note: Signature authority for the P-Card approval process may not be delegated.

Other Mandatory Duties/Functions

The following duties/functions listed below may be performed by individual’s other than the Cardholder, Approving Official or Executive Team Member. If someone other than an individual holding one of the three mandatory roles is completing these duties, this person is considered to be performing the role of a “Facilitator” and must be assigned by the Executive Team Member (See Attachments K and L for Facilitator forms). Facilitators must also receive the same training as Cardholders.

In order to ensure that transactions are recorded correctly and reviewed on a timely basis, the person completing these duties must perform the following:

- Enter detailed comments in SmartData that describe the item/service purchased including the reason for the purchase. The website for logging in to SmartData can be found at: <https://sdol.mastercard.com/jpmorganchase>.
- Enter the budget account codes and ensure that there are sufficient funds in the general ledger. If you need guidance regarding a particular account to use, please contact the staff in the Business Services Division.
- Reconcile the monthly expense report to the receipts, invoices and other supporting documentation. (See Section 10.0 Reconciliation of Expense reports)
- Ensure that a propriety review has occurred and is documented. A propriety review indicates that the purchase was reasonable, appropriate and necessary while also in compliance with P-Card rules and regulations.
- Send the reconciliation package (complete reconciled monthly expense report with signatures and attached documentation) to the P-Card Specialist in the Purchasing Division and retain a copy for your records.

Facilitators assist Cardholders in preparing their expense reports. This does not excuse cardholders from their responsibilities.

12.0 Compliance: Administration, Reviews and Violations

12.1 Program Administration

The Procurement Office is responsible for the overall administration of the P-Card program. Administrative roles within the P-Card program include the Procurement Director and P-Card Administrator, the P-Card Specialist within the Procurement Department, and the Assistant Superintendent for Business Services in the Business Services Division. Please refer to the table in Appendix A for a list of the responsibilities and duties assigned for each P-Card Administrative role.

12.2 Business Services Division Review

The Business Services Division will conduct random post-audit reviews and compliance inspections of P-Card transactions to ensure compliance with all P-Card policies and procedures and identify improper use of the P-Card such as unallowable purchases, purchases in excess of single transaction limits, split-orders, payment of sales tax, purchases from “high risk” vendors, excessive purchasing activity, etc. Inactive accounts (those with little or no activity over the past

12 months) will also be reviewed and may be deactivated or cancelled. The P-Card Administrators will discuss the status of inactive accounts with Approving Officials or Executive Team Members prior to deactivation or cancellation. Statistics regarding P-Card compliance will be provided to the Assistant Superintendent for Business Services on a routine basis.

The individual assigned the responsibility for retaining P-Card documentation must submit receipts and any other supporting documentation upon request. Providing detailed comments in SmartData and submitting documentation as quickly as possible will help to facilitate this review process.

Failure to provide documentation i.e. invoice, receipt or other supporting documentation detailing specific transactions may result in the cancellation or restriction of a department's P-Card privileges. Cardholders will be required to reimburse the Department for purchases that have not been appropriately documented. In addition, approving officials may also be required to reimburse the department if the Approving Official approved the purchase.

13.0 Violations, Fraud, Waste and Abuse

13.1 Violations and Written Notices

Violations of rules governing the use of P-Cards can be the result of noncompliance with policy or procedure or can be as severe as misuse which could result in disciplinary actions up to and including employment termination and civil and criminal charges.

Violations of policies and procedures governing use of the procurement card can be classified as minor or major. The action taken is dependent upon the type of violation and the number of previous occurrences. The Purchasing Director and the P-Card Administrator can suspend a cardholder's privileges with or without input from the cardholder's department. All other actions are determined at the appropriate level. Any alleged violation or questionable transaction could result in an immediate suspension of card privileges pending a review to determine what, if any, action is appropriate.

Minor Violations

Minor violations are instances that are "accidental" and without willful intent, or associated with a delinquent reconciliation of the Monthly Expense Report. Examples include but are not limited to:

1. Purchases that should have been made through a purchase order
2. Failure to reconcile and return the Monthly Expense Report in a timely manner
3. Payment of sales tax
4. Not obtaining prior approvals for purchases

Cardholders will receive a minor violation in the form of an electronic memo from the P-Card Specialist. A copy of the violation memo will be sent to the Cardholder's immediate supervisor, Executive Team Member, and budget manager (if applicable). Repetitive violations of any type in a 12-month period will result in a major violation being issued.

Major Violations

Major violations are instances that show disregard for established policy and procedures, whether intentional or not. Examples include but are not limited to:

1. Purchasing unauthorized or restricted items
2. Splitting orders to avoid the single transaction limit
3. Allowing others to use your card
4. Any and all personal purchases, even without willful intent

5. Accumulating minor violations as defined above (3 minor violations equates to 1 major violation)

Any major violation will result in immediate temporary suspension of the cardholder's privileges and notification to their department. If no fraud or theft is involved, reinstatement of the P-Card privileges can be made after 30 days at the request of the cardholder's supervisor, with the approval of the Assistant Superintendent of Business Services. If a second suspension is required, it will be permanent.

13.2 Detection and Prevention of Fraud

The Department is responsible for ensuring that the institution's assets are safeguarded from fraud, waste, and abuse. The Department will seek restitution for any inappropriate charges made to the P-Card. Fraudulent or intentional misuse of the card will result in revocation of the card and/or possible criminal charges, including termination. Any employee of the Department who knowingly:

- a. uses a purchasing card for personal gain;
- b. purchases items on such purchasing card that are not authorized for purchase by such employee;
- c. purchases items in violation of this manual; or
- d. retains for such employee's personal use a rebate or refund from a vendor, bank, or other financial institution for a purchase or the use of a purchasing card

shall be subject to immediate termination of employment, restitution for the amount of the improper purchases, and criminal prosecution.

An employee's supervisor who knowingly intentionally, willfully, wantonly, or recklessly allows or who conspires with an employee who is issued a purchasing card to violate any p-card procedures shall also be subject to immediate termination of employment and criminal prosecution.

An employee may report improper activities through their supervisor, or to the Purchasing Division by completing a P-Card Reporting Form (Attachment D).

14.0 Documentation Needed to Prepare the Monthly Expense Report Package

Section 10 describes the steps needed to prepare the monthly expense report package. Cardholders are required to submit an expense report to the P-Card Specialist the Purchasing Division on a monthly basis. Lists of cut-off dates for submission are included in the Business Services calendar and the P-Card Specialist sends monthly reminders. It is the Cardholders responsibility to ensure the timely submission of all documentation to the Purchasing Division.

Failure to Submit Timely Expense Reports – Cardholders that fail to submit the report by the deadline may be subject to either (1) temporary loss of the card or (2) permanent loss of the card. It is each division's responsibility to ensure that a backup person and/or facilitator has been selected to address the the monthly completion and submission of monthly expense reports in the event that the primary person is absent or unavailable. It is also the division's responsibility to assign an authorized person who has signature authority to sign the monthly expense report in the event the budget manager is absent or unavailable. The signature authorization form on file with the Business Office may need to be updated to reflect that the appropriate person is authorized to submit the monthly expense report package.

If a Cardholder does not have any purchases for the month, a "Financial Transaction Summary" should be printed out, signed by the cardholder, Approving Official and sent to the P-Card Specialist in the Purchasing Division.

The following are general guidelines to assist you in documenting and preparing your monthly expense report(s):

14.1 Receipts

Original, itemized (detailed) receipts of all P-Card transactions must accompany the Monthly Expense Report Package. A credit card charge slip is not considered adequate documentation.

14.2 Lost Receipts

If a receipt is lost or stolen, the Cardholder should make every attempt to obtain a duplicate copy of the receipt from the vendor. If unable to obtain a receipt, the charges will become the personal liability of the Cardholders. A check or money order payable to Harris County Department of Education must be submitted within 30 days of the purchase to the Purchasing Division for the full amount of the transaction. A Cardholder may also make arrangements with the Business Office for payroll deductions.

14.3 Travel Expenses (6411 – 6414)

All travel-related expenses (parking, airfare, meals, toll roads, rental cars, hotel, etc.) must comply with HCDE Travel Reimbursement procedures which can be found in the Financial Operating Guidelines.

A copy of your Request to Attend and the Travel Reimbursement Request form is required for each trip along with the agenda or notice of the trip/event. The link to the Request to attend is as follows:

<https://hcdeportal.hcde-texas.org/Nintex/SitePages/RTA%20and%20Travel%20Reimbursement.aspx>

The Request to Attend and Travel Reimbursement forms must be attached behind the airline, hotel, or conference transaction receipts from the trip. In cases where transactions occur and are billed prior to the actual trip (i.e. registration fees, airline tickets, etc.) a copy of the Request to Attend must be attached behind the receipts for charges made prior to the actual trip.

Airfare – HCDE is not exempt from paying airfare taxes. The HCDE Airfare Quote Form (see Attachment H) should be completed by the Cardholder to ensure that HCDE is getting the best value when flying. Three (3) quotes must be procured from any airline company that accepts MasterCard as a form of payment. Quotes must be from different airlines. The form and airline quotes must accompany the airfare receipt when submitting the monthly expense report. For locations that are not serviced by more than one airline (i.e. Dallas Love Field from Houston Bush Airport, document that the other quotes are not available.) Avoid paying a premium by booking your flights fourteen days or more in advance.

The p-card may be used to pay for baggage fees; however, Accounts Payable will only reimburse the cardholder for the first checked bag if a fee is assessed. Any additional baggage or overweight baggage fees will be the responsibility of the traveler and HCDE will have to be reimbursed by the traveler.

Hotel – Please note that HCDE is not exempt from paying hotel occupancy taxes. When booking a hotel ensure that you are obtaining the best value for your money and factor other incidental expenses such as parking fees, distance to venue, taxis, etc. It is recommended that the bill include HCDE in the name; for instance, reserve as John Doe/HCDE.

Valet parking is allowed under certain circumstances:

- (1) When the employee traveling has multiple luggage and conference or booth materials and
- (2) When the individual safety is at risk

Fuel (Gas) and Meals – Fuel purchases are only allowable for HCDE vehicles and rental cars being used for business purposes. Note that fuel for your personal vehicle and meals during your trip are not allowable P-Card expenses. The cost of gas is reimbursed on a

mileage rate basis and meals are reimbursed on a per diem basis by submitting a Travel Reimbursement Request to the business office.

Tips - Reimbursements for tips/gratuities for the following services are considered personal services and are unallowable for reimbursements: maid service; valet parking; taxi/shuttle/ground transportation; baggage handler; bell hopper; restroom attendant; and concierge services.

Cancellations- Employees cancelling travel costs must provide adequate documentation prior to the travel beginning in order to get a refund or a cancellation. The P card user must secure the supervisor's approval prior to the cancellation. Failure to secure cancellation may require reimbursement to HCDE. Emergency situations are allowed, but after returning to work, the p-card user must secure approval for the cancellation due to **family** emergency.

Non -employees: Travel expense payments are allowed for non HCDE employees under the following circumstances:

A request to attend must be prepared for the non HCDE employees due to a grant, and the P card user will be held liable for any misappropriation or misuse by the non HCDE employee. The name of the non HCDE employee must be listed on the request to attend and may not be substituted. Furthermore, a copy of the grant or contract allowing or requiring the travel must be attached.

14.4 Business Meals

Business meals are allowed only when entertaining HCDE business clients. A meeting agenda and sign-in sheet must be submitted for meeting meals/refreshment expenses.

The original itemized meal receipt (list of food items purchased) and the credit card payment authorization slip (total charged to credit card) must be turned in along with a notation of the reason for meeting and a list of people in attendance. When dining in a restaurant, taxes will be applied to the total charge of your meal. It is the cardholder's prerogative to request the tax exemption to the vendor.

Tips – Follow the Tips and Gratuities policy in the Financial Operating Guidelines for guidance on maximum tip amount allowed. Cardholders will be required to reimburse HCDE for tips in excess of the maximum amount allowed.

Tips for Meals:

For the purpose of business meetings, HCDE allows up to a maximum of **15% of the meal expense as a gratuity to the waitperson for excellent service**. Gratuities established by a restaurant for parties over a certain number of persons are allowable and will be reimbursed in full providing that the request for reimbursement accompany documents and or receipts that substantiates (time, date, purpose and a list of the attendees) the business meeting. For example, if an establishment assesses an 18-25% gratuity (usually for larger parties) the employee will be reimbursed for the total of the bill.

Catering & Delivery

It is allowable to have food catered and or delivered when conducting business on behalf of HCDE. A meeting agenda and sign in sheet must be submitted for meeting meals/refreshment expenses.

The original itemized meal receipt (list of food items purchased) and the credit card payment authorization slip (total charged to credit card) must be turned in along with a notation of the reason for meeting and a list of people in attendance.

Tips – Follow the Tips and Gratuities policy in the Financial Operating Guidelines for guidance on maximum tip amount allowed. Cardholders will be required to reimburse HCDE for tips in excess of the maximum amount allowed.

Tips for Catering/Food Delivery:

The delivery fee for food often covers the expenses for delivery such as vehicle fuel and use, insurance expense and ‘to go’ supplies (containers, etc.) and not a gratuity for the delivery person. HCDE allows a maximum of **10% of the food** total to be paid for catering/food delivery expenses. For example,

Invoice total:	\$ 75.00
LESS Delivery fee:	<u>- 10.00</u>
Food Total:	\$ 65.00
Maximum allowable tip:	<u>\$ 6.50</u>

Retirement Celebration

Employees retiring from Harris County Department of Education (HCDE) may be honored with a reception. The Human Resources Division allocates \$200.00 for the purpose of purchasing refreshments for the reception and a small bouquet of flowers. Gifts for the retiree may not be purchased using the P-Card. The Department has pre-selected gifts allotted for retirees (See HCDE Retiree’s Gift Brochure) available through the Human Resources division. The Department does not sponsor private (division only) receptions.

The documentation for the reception cost should include:

- Retirement letter from the employee that was submitted to the Human Resources Division and the Division Director indicating their intent to retire
- P-Card Authorization Form for Retirement Celebration/ Years of Service Recognition approved by the Human Resources Executive Director
- Original itemized receipts
- JP Morgan Chase Smart Data Expense Report with signatures from both the P-Card Approving Official and the Human Resources Executive Director

The following object code should be used when entering the transaction into the JP Morgan Chase Smart Data: **64160025 Retirement/Years of Service Receptions**. The description should identify the Retirees Name- Retirement Reception.

Years of Service Recognition Celebration

Employees with 20, 25 and 30 years of service will be honored by recognizing their service with a reception. The Human Resources Division allocates \$100.00 for the purpose of purchasing refreshments for the reception. Gifts for years of service recognition may not be purchased using the P-Card. A plaque will be purchased by the Human Resources Division and provided to the Division Director for presentation to the recognized employee. The Department does not sponsor private (division only) receptions.

The documentation for the reception cost should include:

- Letter/Memo from the Human Resources Division stating that the employee was employed with HCDE for the required years (i.e. 20, 25 or 30 years)
- P-Card Authorization Form for Retirement Celebration/ Years of Service Recognition approved by the Human Resources Executive Director
- Original itemized receipts
- JP Morgan Chase Smart Data Expense Report with signatures from both the P-Card Approving Official and the Human Resources Executive Director

The following object code should be used when entering the transaction into JP Morgan Chase Smart Data: **64160025 Retirement/Years of Service Receptions**. The description should identify the Name of the Recognized Employee- Years of Service Reception.

14.5 Split Purchases

Split budget transactions are allowed. Written authorization from the other division's budget manager must be submitted along with the monthly expense report in order to use another division's budget code.

14.6 Budget Codes

Ensure that budget codes are correct; double-check all information on the report before turning it in each month.

14.7 Finalizing the Expense Report Package

1. Place all supporting documentation in the order that it appears on the Expense Report
2. Highlight backup quotes on airlines
3. Explain why, if any, purchases were delivered to a location other than 6300 Irvington
4. Explain reasons for credits issued
5. Do not tape over ink on receipts as the ink will disappear over time

Follow these steps in preparing your monthly expense report package:

1. Immediately following the end of the billing cycle, a Smart Data report should be ran for the FULL billing cycle.
2. Place all supporting documentation in the order that it appears on the Expense Report
3. All documentation is fed through an imaging scanner; therefore:
 - a. RECEIPTS SHOULD NOT BE ATTACHED WITH STAPLES OR PAPER CLIPS.
 - b. Receipts smaller than 8 ½" by 11" should be taped **securely** to a sheet of paper.
 - c. All receipts should lay flat on the paper.
4. DO NOT write on the reverse side of a receipt.
5. Ensure that all backup documentation is attached for travel-related and meal expenses as described in this section
6. Cardholders and supervisor must each sign and date the **Monthly Expense Report**.
7. Place all supporting documentation into an inter-office envelope, send to Internal Purchasing Attn: Quality Assurance Specialist.

Note: If you are traveling at the time of the deadline and are unable to submit your documentation, it is **the cardholder responsibility** to inform their supervisor, so that proper arrangements can be made for the timely submission of the expense report to Purchasing Division.

SUBJECT: BUDGET FINANCIAL GUIDELINES		

Budgeting is a year-round activity, from the proposed budget estimates to the final amended budget and expenditures in the annual financial report. The Budget Development Process is comprised of three major phases: planning, implementation, and evaluation.

The HCDE fiscal year is September 1st through August 31st. The budget planning phase includes a Budget Planning Calendar that is approved by the HCDE Board in December. Budget Managers are trained and requested budgets are submitted. The Budget Return packages are approved by the appropriate Assistant Superintendent and include: eFinance forms, web-based forms, and other required forms, including the HR Position listing. Once the Planning, Preparation & Submission, and Review & Coordination phases of the budget process have been completed, the HCDE budget is ready for adoption.

Administration presents an official budget to the Board of Trustees annually at the June or July board meetings for approval for the succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them (estimated revenues). The budget is presented in relation to Department and division goals, and highlights of the budget are discussed in the Executive Budget Summary report in the Budget Book which is posted in the HCDE web site.

Final budget allocations are formally approved by the Board, which subsequently establishes a tax rate sufficient to support the approved budget.

Fund Code	FY Code	Function Code	Location Code	Program Code	Budget Manager Code	Object Code	Sub Object Code

NUMBER OF DIGITS:

(3) (1) (2) (3) (2) (3) (4) (4)

FY = Fiscal Year. The Fiscal Year Code is the last digit of the fiscal year. For example: for fiscal year (FY) 2020-21, the fiscal year code is 1.

BUDGET MONITORING - MONTHLY BUDGET REPORTS

Budget Managers should have access to their budget reports on the EFinance financial system, and have the security clearance to run the following reports:

- Detail Revenue Status Report
- Detail Expenditure Status Report
- Revenue Audit Trail Report
- Expenditure Audit Trail Report

Instructions for printing these reports are available on the **HCDE Portal / Business Services / Reports in eFinance.**

New Budget Managers must complete the eFinancePlus Request form on line indicating the type of access requested which requires budget manager’s approval. This form also requires the Business Services approval. Once all approvals have been obtained, Technology staff will grant the access requested.

SUBJECT: BUDGET TRANSFER & ADJUSTMENT PROCEDURES		

Introduction

A budget is an estimate of planned expenditures and expected revenues. Many changes can take place between estimating for the proposed budget in February and the start of the new fiscal year in September. Program and operational changes will mean budget changes. It is essential, for planning, control and management objectives, to revise the budget as it becomes necessary. These changes to the budget are made in the form of (I) Budget Transfers or (II) Budget Adjustments.

Budget Transfers are submitted on line and require budget managers approval. Budget Amendments require board approval and are presented to the board on a monthly basis.

Responsibility for budget development and budget performance rests with the Budget Managers.

I. BUDGET TRANSFER

When to Prepare a Budget Transfer

A budget transfer is required when funds need to be moved from one account to another to cover operating costs. Below are possible scenarios that cause budget transfers:

1. An expenditure is greater than estimated, and will cause the account to be overdrawn. Funds from a different account are used to cover the increase.
2. The program plan for your division has changed, resulting in the need to move funds from one account to another.
3. A requisition amount is over the budget amount. Funds from a different account are used to cover the difference.

If funds are not available in a particular line item, no transactions can be done until a budget transfer is processed and allows sufficient funds for the transaction to be processed.

	BUDGET PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED:		REVISED DATE: 8-13-20
SUBJECT: BUDGET TRANSFER & ADJUSTMENT PROCEDURES		

Budget Transfer Approval Signature Requirements

Budget transfer are processed on line and require the following signatures:

1. Budget Manager (should be Director level or above) approval signature.
2. Accounting Staff Approval Signature.
3. Chief Accounting Officer approval signature up to \$24,999
4. Assistant Superintendent for Business Services signature is required for all transfers over \$25,000.

A detailed reason for the transfer must be included.

II. BUDGET AMENDMENT

When to Prepare a Budget Amendment- (Board Approval Required)

Budget amendments should be processed if either the revenues or expenditure allocation need to change. Below are possible scenarios that cause budget amendments:

1. A new contract is obtained and it will result in higher revenues and expenditures than originally budgeted.
2. The program is reduced, resulting in both estimated revenues and budgeted expenditures being less than originally budgeted.

A detailed reason for the amendment must be included.

Budget Amendments Approval Signature Requirements

Budget amendments for locally-funded budgets always required Budget Manager, Business Services and Board approval.

Budget amendments require special approval, as follows:

1. If the budget is state - or federally funded, the budget amendment must be approved by grantor agency before it can go the HCDE board for approval if the grant regulations require their approval first.
Refer to the application and amendment instructions.
2. Superintendent approval is required anytime funds are appropriated from fund balance, before it goes to the HCDE board for approval. Each request is reviewed for merit and need.
3. In addition, check with the Executive Team supervisor to see if your budget amendments require their approval and or signature.

	BUDGET PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED:		REVISED DATE: 8-13-20
SUBJECT: BUDGET TRANSFER & ADJUSTMENT PROCEDURES		

Processing a Budget Amendment

The budget manager initiates the budget amendment.

- If the amendment does not require one of the ‘special approvals’ listed above, forward it directly to the staff accountant.
- If the budget adjustment requires ‘special approval’ (as previously described), please obtain the necessary approvals.
- Since budget amendments requires HCDE Board approval, forward it to the Business Services in plenty of time for it to be included in the Budget Amendment Report for the next board meeting agenda. Check the Business Services monthly calendar for due dates.

Business Services will review the budget amendment to assure that appropriate approvals have been obtained, that the budget codes are correct, and that adequate funds are available for any accounts being decreased.

Amendment Guidelines for State and Federal Grants through TEA

Budget managers may transfer within the approved budget to meet unanticipated required expenditures and to make limited changes to the previously approved budget. However, certain types of changes require prior approval from TEA.

An adjustment (amendment) is necessary when:

- the proposed revision would result in the need for additional funding except as noted in the guidelines for specific programs, cumulative transfers among direct cost categories exceed (at any time during the grant period) 25%* of the total current approved budget for the program. The cumulative total is defined as the total amount of additions to any class-object code not including deletions. (*Check your grant for the applicable percentages.)
- any transfer of funds allotted for training costs, i.e. from direct payments to trainers to other expense categories.
- any budget amendment to a grant containing construction costs.
- any revision to the scope or objectives of the grant (regardless of the necessity of an amendment to the associated budget)
- a request to extend the period of the grant.
- an increase in the quantity of capital outlay items requested.
- an increase/decrease in the number of positions approved on Schedule #3B- Payroll Costs.

	BUDGET PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED:		REVISED DATE: 8-13-20
SUBJECT: BUDGET TRANSFER & ADJUSTMENT PROCEDURES		

- adding an item which requires prior approval.
- adding a new class/object code not previously budgeted.
- any other unspecified reason.

Under no circumstances may the total expenditures exceed the total amount approved. Also, budget amendments must be approved by TEA and the notice of grant award (NOGA) from TEA received in Business Services before they are presented to the HCDE Board for approval.

SUBJECT: Budgeting for Replacement Assets		

Some assets (i.e., land) will last a lifetime. Others are replaced according to a replacement schedule or when the asset becomes too expensive to repair. Funds for major replacements items come out of the Reserve Fund Balance. **Funds budgeted for replacement of assets cannot be used for any other purchase.**

The following steps will guide you in including these replacements in your proposed budget.

1. You will be given a report titled Replacement Asset Listing in your budget packet. Review the report for assets that are scheduled to be replaced during the next fiscal year. This report is generated by the computer system, based on the estimated useful life of the asset. **If you did not get the report, no assets are scheduled for replacement this year.** Call Business Analyst if you have any questions about this.
2. Evaluate the 'REPLACEMENT DATE' for each asset listed on your report. If you believe that the expected life should be increased, change the replacement date on the list by lining through the printed dated and printing the new date just above it. Business Services will review your recommendations for updating the estimated useful life for the assets you marked.

Now you can concentrate on those assets that need to be replaced during the budget process.

3. Estimate the cost of replacing an item using current price catalogs (Butler, Hallmark, Office Depot, etc.). If you are unsure of any aspect of replacing a particular item, contact Purchasing Support for assistance. For technology items, do a Helpdesk request for quotes on these items. Items should be considered individually and not in groups when using these criteria.
4. Highlight the items you wish to replace and put replacement costs into your proposed budget using the appropriate expenditure object codes.

664X-XXXX - Replacement capital assets are identified as an item having a value of \$5,000.00 or more and an expected useful life of more than one year.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 04/01/2006		REVISED DATE: 8/11/20
SUBJECT: Budgeting for Replacement Assets		

6394-XXXX - Replacement assets having a value of \$1,000.00 or more, including sensitive items, but less than \$5,000.00 - unit cost, should use object code 6394 (Replacement) and the appropriate sub-object code.

6399-XXXX - All other assets (desks, file cabinets, etc.) under \$1,000.00 should be charged to general supply object code 6399 except sensitive items.

NOTE: The 6399 account code expenditures are not offset by Reserved Fund Balance.

Compliance

Responsibility of the Administrator in Charge of Compliance:

- Ensuring that HCDE is in compliance with written procedures; board policies; local, state, and federal laws; and regulations.
- Ensuring that HCDE internal controls are comprehensive and effective and that the written procedures are updated as necessary and followed throughout the Department;
- Ensuring that HCDE stays current and in compliance with all taxing responsibilities involving equalization tax revenues and the payment of applicable local and state taxes.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: CAA Local
DATE DEVELOPED: 5/15/2009		REVISED DATE: 08/13/2020
SUBJECT: INTERNAL CONTROLS		

Purpose

To provide guidelines for HCDE organization-wide internal controls.

Procedure

Internal controls have been established by HCDE's financial management to provide reasonable assurance that assets of HCDE are being properly safeguarded, financial records are fairly and accurately maintained, and governing statutes and policies are correctly followed. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state, and local grant funding, HCDE is also responsible for ensuring that an adequate internal control structure is in place to guarantee and document compliance with applicable laws and regulations related to these programs.

Each year HCDE is audited by an independent audit firm. The firm looks at sample financial transactions from the fiscal year under audit, the internal controls in place, and the annual financial report. Transactions are sampled to ascertain whether accounting processes and procedures are being followed correctly and consistently. Internal controls are reviewed to determine if they adequately and effectively safeguard the assets (financial, physical and human assets) of the Department. The audit report is reviewed to ensure that it is free from material misstatements and that the financial results at fiscal yearend are fairly presented.

As part of the HCDE single audit, tests are made of its internal control structure and its compliance with applicable laws and regulations, including those related to federal financial assistance programs.

Purchases of fixed assets are controlled by purchasing procedures, and the safekeeping of fixed assets is controlled by inventory procedures.

Fraud Prevention Model and Awareness Program

In reaction to accounting scandals at Enron, WorldCom, Tyco, etc., the American Institute of Certified Public Accountants' (AICPA) Auditing Standards Board issued Statement of Auditing Standard, No. 99 (SAS #99): CONSIDERATION OF FRAUD IN A FINANCIAL STATEMENT AUDIT in October 2002 and it became effective for audits of financial statements for periods beginning on or after December 15, 2002.

SAS #99 requires the auditor to gather information necessary to identify risks of material misstatement due to fraud by the following:

- Making inquiries of management and others within HCDE
- Considering the results of analytical procedures performed in planning the audit
- Considering FRAUD risk factors
- Considering certain other information

The HCDE Fraud Prevention Model and Awareness Program supports SAS #99 by communicating to management and others an awareness and understanding of fraud, and educating management about fraud and the types of controls that will deter and detect fraud.

The Business Office alone cannot prevent and/or detect all the types of fraud that may be perpetrated within the Department. It takes all HCDE employees being aware and being knowledgeable that fraud could occur to possibly prevent fraud from occurring or even detecting a fraud that has occurred.

All personnel, especially management personnel, have the responsibility to (1) safeguard HCDE assets: financial, physical, and human, and to (2) be aware of the risks of fraud. This Program is a great way to bring awareness to management personnel of their responsibilities in this area. This Program is also one of the ways the independent auditors have to evaluate HCDE internal controls.

The HCDE Risk Awareness Process provides an organization-wide process to address internal control and risk-based standards and to satisfy an audit requirement per Statement of Auditing Standards No. 115. Communicating Internal Control Related Matters, from the AICPA. Risk Awareness reports are prepared at the beginning of the fiscal year and subsequent evaluation of risk process are done by the executive team at year end.

DATE DEVELOPED: 5/15/2009		REVISED DATE: 08/13/2020
SUBJECT: AUDIT		

Purpose

To provide guidelines for the performance of an annual independent financial audit.

Procedure

Requirements

HCDE is required by state law, federal law, [and local board policy](#) to perform an annual audit. The audit shall be a financial audit (as distinguished from a performance audit). A financial statement audit is performed to determine whether the financial statements present fairly the financial position, results, of operations, and cash flows or changes in financial position of HCDE, and whether HCDE has complied with laws and regulations for those transactions and events that may have a material effect on the financial statements. The Business Services Division prepares a Comprehensive Annual Financial Report (“CAFR”) to satisfy this requirement. The purpose of the report is to provide the Board of Trustees, management, staff, grantor agencies, citizens, the business community, and other interested parties with detailed information reflecting the Department’s financial condition. This report is prepared in accordance with Generally Accepted Accounting Principles and reporting standards as promulgated by the Governmental Accounting Standards Board.

A single audit must be performed in all instances when HCDE expends \$750,000 or more from federal awards. Financial related audits (including “single audit”) include determining if the financial information is presented in accordance with established or stated criteria, if HCDE has adhered to specific financial compliance requirements, and if HCDE internal controls over financial reporting and safeguarding assets is suitably designed and implemented to achieve the control objective.

Frequency

State law requires the annual financial report to be completed within 180 days after the fiscal year end. The HCDE fiscal year end is August 31.

Funding

Audit costs are paid from local funds.

Selection of Audit Services

Several factors besides price are to be considered when HCDE selects an independent external auditor, including the experience of the proposer, availability of staff with the appropriate qualifications, and the results of the proposer's external quality control ("peer") reviews. The selection process should consist of re-engaging the prior-year auditor or seeking new auditors through the request for proposal process. Before entering into an agreement with HCDE, the proposer may request to survey the financial records and/or have discussions with management to identify issues or problem areas which may affect the performance of the audit.

Engagement Letter

Prior to the engagement, the HCDE Board of Trustees require the auditors to provide a written proposal or an engagement letter. An engagement letter is an annual written agreement that is binding upon both HCDE and the public accounting firm. It is intended to set forth the terms for the current year's audit. The engagement letter should be an integral part of the auditor's file and will be attached to or referred to in the board minutes concerning auditor selection.

Audits Conducted by GAAS and GAGAS

Auditing standards provide measures of quality that can be used to judge the effectiveness of the tests and procedures used to meet the audit objectives. Standards for traditional financial audits are known as generally accepted auditing standards (GAAS) and are promulgated by the American Institute of Certified Accountants through the Auditing Standards Board. Supplemental standards for financial audits of governments, as well as standards for public sector performance auditing, have been established by the U. S. General Accounting Office in its publication *Government Auditing Standards*, commonly referred to as 'the Yellow Book.' These standards form generally accepted government auditing standards (GAGAS). While GAAS and GAGAS are fundamentally similar, GAGAS goes beyond GAAS in setting additional standards for public sector audits. When an auditor performs a financial audit in accordance with GAGAS, the engagement letter should specify this requirement. When auditors are engaged to perform a single audit (in accordance with the Single Audit Act Amendments of 1996), they must perform the audit in accordance with GAGAS in addition to GAAS.

Performing the Audit

The external auditor will be appointed as far in advance as possible of the close of the fiscal year to be audited. An understanding should be reached regarding the scope of the audit (which must meet applicable professional standards and requirements of the HCDE board). After an agreement is reached, the auditor will be granted as much latitude as necessary to assure that records are in order, that the accounting system meets required standards, and that proper internal controls are in place.

Audit Work Papers

Federal law requires the retention of audit work papers for three years. U.S. Department of Education regulations require retention of supporting documentation for federal programs for at least five years. Thus, HCDE will require their auditors to retain their audit work papers for at least five years. This requirement should be included in the engagement letter. Although the work papers are subject to review by auditors from the General Accounting Office and other applicable governmental agencies, they are not otherwise considered to be records open to the general public.

SUBJECT: PROPERTY TAX		

Purpose

To provide an overview of property appraisal, levying the tax rate and the assessment and collection of property taxes for the purpose of education equalization.

Procedures

Tax Code and County-Wide Appraisal Department

The Texas Tax Code (“Tax Code”), Title 1. Property Tax Code provides for county-wide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board responsible for appraising property for all taxable units within the county. The Harris County Appraisal District (“HCAD”) is responsible for appraising property within Harris County, Texas, generally as of January 1 of each year. The appraisal values set by HCAD are subject to review and change by the Appraisal Review Board. Such appraisal rolls and estimated tax revenues, as approved by the Appraisal Review Board, are used by the Department in establishing its tax rate.

Property Subject to Taxation by the Department

Except for certain exemptions provided by Texas law, all real and certain tangible personal property with a tax status within the Department’s taxing authority, which is Harris County, Texas, is subject to taxation by the Department. Principal categories of exempt property (including certain exemptions which are subject to local option by the Board of Trustees) include:

- property owned by the State of Texas or its political subdivisions if the property is used for public purposes;
- property exempt from ad valorem taxation by federal law;
- certain improvements to real property and certain tangible personal property located in designated reinvestment zones on which the Department has agreed to abate ad valorem taxes;
- so-called “Freeport property” including property detained within the Department’s taxing authority for up to 175 days for purpose of assembly or other processing;

- certain household goods, family supplies and personal effects;
- farm products owned by the producers;
- certain property of a nonprofit corporation used in scientific research and educational activities benefiting a college or university;
- designated historic sites;
- tangible personal property not held or used for production of income;
- solar and wind powered energy devices;
- most individually owned automobiles;
- an exemption from \$5,000 up to \$12,000 for property owned by disabled veterans or the surviving spouses or children of a deceased veteran who died while on active duty in the armed forces; and
- certain classes of intangible property.

A constitutional amendment was approved by the voters on November 6, 2007, that authorizes the Texas Legislature to enact legislation to reduce the frozen amount of taxes for taxpayers 65 years of age or older and the disabled, so that the frozen tax amount will be proportionate to the reduction in local ad valorem taxes under the Reform Legislation. Legislation to implement the constitutional amendment has been passed by the 80th Legislature and signed by the Governor. Owners of agricultural and open space land, under certain circumstances, may request valuation of such land on the basis of productive capacity rather than market value.

A city or a county may create a tax increment financing district (“TIF”) within the city or county, as applicable, with defined boundaries and establish a base value of taxable property in the TIF at the time of its creation. Overlapping taxing units may agree with the city or county to contribute all or part of future ad valorem taxes levied and collected against the “incremental value” (taxable value in excess of the base value) of taxable real property in the TIF to pay or finance the costs of certain public improvements in the TIF, and such taxes levied and collected for and on behalf of the TIF are not available for general use by such contributing taxing units.

Article VIII, Section 1-j of the Texas Constitution provides for an exemption from ad valorem taxation for “Freeport property,” which is defined as goods detained in the state for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication. Taxing units that took action prior to April 1, 1990 may continue to tax Freeport property and decisions to continue to tax Freeport property may be reversed in the future. However, decisions to exempt Freeport property are not subject to reversal.

Article VIII, Section 1-n of the Texas Constitution provides for the exemption from taxation of “goods-in-transit.” “Goods-in-transit” is defined by a provision of the Tax Code, which is effective for tax years 2008 and thereafter, as personal property acquired or imported into Texas and transported to another location in the State or outside of the State within 175 days of the date the property was acquired or imported into Texas. The exemption excludes oil, natural gas, petroleum products, aircraft and special inventory, including motor vehicle, vessel and out-board motor, heavy

equipment and manufactured housing inventory. The Tax Code provision permits local governmental entities, on a local option basis, to take official action by January 1 of the year preceding a tax year, after holding a public hearing, to tax goods-in-transit during the following tax year. A taxpayer may receive only one of the Freeport exemptions or the goods-in-transit exemptions for items of personal property.

Residential Homestead Exemption

The Texas Constitution permits the exemption of certain percentages of the market value of residential homesteads from ad valorem taxation. The Constitution authorizes the governing body of each political subdivision in the state to exempt up to twenty percent (20%) of the market value of all residential homesteads from ad valorem taxation, and permits an additional optional homestead exemption for taxpayers 65 years of age or older and disabled persons.

The Department has granted an exemption of \$5,000 or 20%, whichever is greater, of the assessed value of the regular residence homesteads. Additionally, the Department has granted an additional exemption of the first \$160,000 of the assessed value of the resident homestead of persons disabled OR over 65 years of age.

Valuation of Property for Taxation

Generally, property in the Department must be appraised by HCAD at 100% market value as of January 1 of each year. In determining the market value of property, different methods of appraisal may be used, including the cost method of appraisal, the income method of appraisal and market data comparison method of appraisal. The chief appraiser for HCAD determines the method to be used. Once an appraisal roll is prepared and finally approved by the Appraisal Review Boards, it is used by the Department in establishing its tax rate. Appraisals under the Tax Code are based on one hundred percent (100%) of market value, except as described below, and no appraisal ratio can be applied.

State law further limits the appraised value of a residence homestead for a tax year to an amount not to exceed the lesser of (1) the market value of the property or (2) 110% of the appraised value of the resident homestead for the preceding tax year plus the market value of all new improvements to the property. The Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its fair market value. Landowners wishing to avail themselves of the agricultural use designation must apply for the designation, and the appraiser is required by the Tax Code to act on each claimant's right to the designation individually. If a claimant receives the designation and later loses it by changing the use of the property or selling it to an unqualified owner, the Department can collect taxes for previous years based on the new value, including three years for agricultural use and five years for agricultural open-space land and timberland prior to the loss of the designation.

Property Appraisals-Department and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the Department, may appeal an order of the Appraisal Review Boards by filing a petition for review in district court within 45 days after notice is received that a final order has been entered. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party, or through binding arbitration, if requested by the taxpayer. Additionally, taxing units may bring suit against HCAD to compel compliance with the Tax Code.

Also, if taxpayers believe the Department has not calculated and published the rates or other required information in good faith, they may ask a district court to stop the Department from adopting a tax rate until it complies with the law.

Setting the Tax Rate

Section 26.05 of the Property Tax Code provides that the governing body of a taxing unit is required to adopt the annual tax rate for the unit before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the taxing unit, and a failure to adopt a tax rate by such required date will result in the tax rate for the taxing unit for the tax year to be the lower of the effective tax rate calculated for that tax year or the tax rate adopted by the taxing unit for the preceding tax year.

By each September 30 or as soon thereafter as practicable, HCDE's Board of Trustees adopts a tax rate per \$100 taxable value for the current year. Before adopting its annual tax rate, a public meeting must be held for the purpose of adopting a budget for the succeeding year. A notice of public meeting to discuss budget and proposed tax rate must be published by the legally required date.

HCDE adheres to the Texas Constitution and the Property Tax Code and complies with the guidance provided by the Texas Comptroller Public Accounts' *Truth-In-Taxation* guide with certain steps in adopting the tax rate, including calculating and setting its tax rate, holding the required series of Board of Trustee hearings, and publishing the required newspaper notices.

The tax rate may consist of two components: (1) "M & O" rate for funding of maintenance and operation expenditures, and (2) "I & S" interest and sinking rate for the payment of debt. The Department has an M & O tax rate; the Department does not currently have an I & S tax rate.

Levy and Collection of Taxes

The Harris County Tax Assessor-Collector is responsible for the collection of taxes for HCDE. By September 30 or the 60th day, whichever is later, after the Department receives the certified appraisal roll from the Harris County Appraisal District, HCDE's Board of Trustees must set the tax rate based upon the valuation of property within the

Department as of the preceding January 1. Taxes are due October 1 or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty from six percent (6%) to twelve percent (12%) of the amount of the tax, depending on the time of payment and accrued interest at the rate of one percent (1%) per month. If the tax is not paid by the following July 1, an additional penalty of up to twenty percent (20%) may be imposed by the Department.

The Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances. The Department, however, does not permit split payments and discounts are not allowed.

Department's Rights in the Event of Tax Delinquencies

Taxes levied by the Department are a personal obligation of the owner of the property. The Department has no lien for unpaid taxes on personal property but does have a lien for unpaid taxes upon real property, which lien is discharged upon payment. On January 1 of each year, such tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on the property. The Department's tax lien is on parity with the tax liens of other such taxing units. A tax lien on real property taxes takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

Except with respect to taxpayers who are 65 years of age or older, at any time after taxes on property become delinquent, the Department may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the Department must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights, or by bankruptcy proceedings which restrict the collection of taxpayer debts.

Tax Rate Limitations

The Department is authorized by law, pursuant to an election held in Harris County in 1937, to levy an annual tax upon all taxable property within its boundaries, within the limits prescribed by law, for the equalization of educational opportunities in Harris County and the payment of all administration expenses. The Department has levied such tax and ordered such tax to be assessed and collected on all taxable property in Harris County.

Under Article VII, Section 3 of the Texas Constitution, the Department may levy an ad valorem tax only if such tax has been approved by voters within the boundaries of the Department at an election. The Department's ad valorem tax was authorized pursuant to Chapter 18, Acts of the 44th Legislature (1935), and Article 2790e, Vernon's Texas Civil Statutes (codified as Chapter 18, Texas Education Code), and an election held within Harris County on April 3, 1937. Such tax is limited to \$.01 per \$100 of assessed valuation.

Department Application of Tax Code

By law, for tax rate calculation and reporting purposes, HCDE is a local government and is treated as a large county taxing agency.

HCDE adheres to the Texas Constitution and the Property Tax Code and complies with the guidance provided by the Texas Comptroller Public Accounts' *Truth-In-Taxation* guide with certain steps in adopting the tax rate, including calculating and setting its tax rate, holding the required series of Board of Trustee hearings, and publishing the required newspaper notices.

The Department has granted an exemption of \$5,000 or 20%, whichever is greater, of the assessed value of the regular residence homesteads. Additionally, the Department has granted an additional exemption of the first \$160,000 of the assessed value of the resident homestead of persons disabled OR over 65 years of age.

The Department does not tax non-business personal property. The Department does not permit split payments and discounts are not allowed. The Department does not tax Freeport property.

The Department has a Maintenance and Operations (M & O) tax rate; the Department does not have an Interest and Sinking (I & S) tax rate for the payment of debt.

SUBJECT: FRAUD PREVENTION MODEL AND AWARENESS PROGRAM		

Purpose

To provide guidelines for the annual program to safeguard assets and prevent fraudulent activity.

Procedure

The American Institute of Certified Public Accountants' (AICPA) Auditing Standards Board (ASB) issued Statement of Auditing Standard, No. 99 (SAS #99): CONSIDERATION OF FRAUD IN A FINANCIAL STATEMENT AUDIT in October 2002 and it became effective for audits of financial statements for periods beginning on or after December 15, 2002.

SAS #99 defines FRAUD as an intentional act that results in a material misstatement in financial statements. There are **2 types of FRAUD** considered:

1. Misstatements arising from fraudulent financial reporting (e.g. falsification of accounting records); and
2. Misstatements arising from the misappropriation of assets (e.g. theft of assets or fraudulent expenditures).

SAS #99 requires the auditor to gather information necessary to identify risks of material misstatement due to FRAUD by the following:

- Making inquiries of management and others within HCDE
- Considering the results of analytical procedures performed in planning the audit
- Considering FRAUD risk factors
- Considering other information

The HCDE Fraud Prevention Model and Awareness Program supports SAS #99 by communicating to management and others an awareness and understanding of FRAUD, and educating management about FRAUD and the types of controls that will deter and detect FRAUD. The Business Office alone cannot prevent and/or detect all the types of FRAUD that may be perpetrated within the Department. It takes all HCDE

employees being aware and being knowledgeable that FRAUD could occur to possibly prevent FRAUD from occurring or even detecting a FRAUD that has occurred.

All personnel, especially management personnel, have the responsibility to

- safeguard HCDE resources: financial, physical and human, and
- be aware of the risks of FRAUD.

This Program is a great way to bring awareness to management personnel of their responsibilities in this area. This Program is also one of the ways the independent auditors have to evaluate HCDE internal controls.

The HCDE Fraud Prevention Model and Awareness Program goes hand in hand with the Risk Awareness Program.

Responsibility of the Administrator in Charge:

1. Receive annual training from Business Services on how to establish internal controls
2. Provide training to internal staff
3. Conduct annual Risk Awareness Program
4. Document annual review
5. Safeguard Department assets
6. Maintain and monitor internal controls

Responsibility of Business Services:

1. Provide training to campuses and divisions on internal controls
2. Conduct risk awareness program Department-wide
3. Document annual reviews

SUBJECT: AUTHORIZATION FOR ELECTRONIC PURCHASING PROCEDURE		

Purpose

To provide a procedure for processing electronic purchase orders.

Procedure

The Pentamation Finance System is an electronic requisitioning system designed to automate the request for purchases and prepare a purchase order. Levels of approval are required and act as internal controls over the purchasing requests.

Performed by the Division Director:

1. Receive annual training on purchasing policies and procedures by Purchasing Department and Business Office.
2. Provide training to division staff as needed. Please contact Purchasing or the Business Office if you want one-on-one training.
3. Accountability for purchases lies with the administrator in charge. This accountability cannot be assigned or delegated.
4. Approval for purchases may be delegated, but final responsibility still lies with the administrator in charge.
5. Two alternative approval processes are shown in **EXHIBIT 1**. Any additional approval level must be communicated to the Technology Department for implementation.
6. Submit requests for purchases-the requisition-prior to beginning work or ordering goods. All purchases must be made via a duly authorized purchase order as per [local policy](#).
7. Check the coding of expenditures to make sure that the Texas Education Agency's *Financial Accountability System Resource Guide* is followed. Guidance for budget numbers is available in the *Financial Operating Guidelines* and is also available from the Business Office.

9. Follow up with Purchasing Staff to check the status on purchases.

10. Follow up with Accounts Payable to make sure that payment is made on time and within contract timelines. Payments are made per the Business Services calendar.
11. Check Pentamation for payments made to the vendor and the status of encumbrances.
12. Every year, each division director and administrator must identify the approval authorizations for purchases and complete and submit the following:

SUBJECT: COMPLIANCE WITH PREVAILING WAGES REQUIREMENT		

Memorandum Notice to Contractors

To:	Contractors subject to the Davis Bacon Act
From:	HCDE Compliance Officer
Ref:	Procedures to meet requirements under the Davis Bacon Act
Date:	FY 2020-2021

Purpose:

The purpose of this document is to provide guidance to contractors performing construction work related to a project funded through federal funds received by Harris County Department of Education.

In order to establish the process, we need to identify a series of definitions as follows:

1.0 Source of Federal law:

Davis Bacon Act is approved under **PUBLIC LAW 107-217-AUG. 21, 2002 [as amended]**. The Davis-Bacon Act, referred to in par. (1), is act of Mar. 3, 1931, ch. 411, 46 Stat. 1494, as amended, which was classified generally to sections 276a to 276a-5 of former Title 40, Public Buildings, Property, and Works, and was repealed and reenacted as sections **3141-3144, 3146, and 3147 of this title by Pub. L. 107-217, Secs. 1, 6(b), Aug. 21, 2002, 116 Stat. 1062, 1304.**

2.0 Source of State Law (CV Legal):

A worker, laborer, or mechanic employed on a public work, exclusive of maintenance work, by or on behalf of a district shall be paid not less than the general prevailing rate of per diem wages. The general prevailing rate of per diem wages is the rate of per diem wages for work of a similar character in the locality in which the work is performed, and also includes the rate of per diem wages for legal holiday and overtime work. A worker is employed on a public work if the worker is employed by a contractor or subcontractor in the execution of a contract for public work with a district. **Gov't Code 2258.001, 2258.021**

CV Legal (Continued)

A board shall determine, as a sum certain, the general prevailing rate of per diem wages in a district for each craft or type of worker needed to execute the contract and also for legal holiday and over-time work. To ascertain the general prevailing rate of per diem wages, a board shall either conduct a survey of the wages received by classes of workers, laborers, and mechanics employed on projects of a character similar to the contract work in a district or adopt the prevailing wage rate as determined by the U. S. Department of Labor. A board shall specify the prevailing rate of per

diem wages in the call for bids and in the contract itself. A board's determination of the general prevailing rates of per diem wages shall be final. *Gov't. Code 2258.001, 2258.022*

HCDE has adopted the General Wage Determinations through the procurement process. The Business Office and the division receiving federal funds will provide applicable wage determinations to the contractors.

3.0 Davis Bacon Act requirements:

While completion of Form WH-347 is optional, **it is mandatory** for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts **to respond to the information collection** contained in 29 C.F.R. §§ 3.3, 5.5(a).

The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federally financed or assisted construction contracts **to "furnish weekly a statement with respect to the wages paid each employee during the preceding week."**

U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a **signed "Statement of Compliance" indicating that the payrolls are correct and complete** and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed.

DOL and federal contracting agencies (i.e. HCDE) receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Under the Davis-Bacon and related Acts, the contractor is **required to pay not less than prevailing wage, including fringe benefits**, as predetermined by the Department of Labor. The contractor's obligation to pay fringe benefits may be met either by payment of the fringe benefits to bona fide benefit plans, funds or programs or by making payments to the covered workers (laborers and mechanics) as cash in lieu of fringe benefits.

This payroll provides for the contractor to **show on the face of the payroll** all monies to each worker, whether as basic rates or as cash in lieu of fringe benefits, and provides for the contractor's representation in the statement of compliance on the payroll (as shown on page 2) that he/she is paying for fringe benefits required by the contract and not paid as cash in lieu of fringe benefits.

The advertised **specifications for every contract in excess of \$2,000**, to which the Federal Government or the District of Columbia is a party, **for construction, alteration, or repair, including painting and decorating, of public buildings and public works** of the Government or the District of Columbia that are located in a State or the District of Columbia and which requires or involves the **employment of mechanics or laborers** shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics.

4.0 Federal Funds received by HCDE:

HCDE receives federal funds and often appropriates funds for the purpose of payment of construction projects that are subject to the Davis Bacon Act.

5.0 Applicable Projects:

Projects are identified by the Division receiving federal funds and the Purchasing Division. This identification will be facilitation through the budget coding system. All projects subject to the Davis

Bacon Act will be coded internally by HCDE under budget object code 6200 contracted services and budget code object 6600 capital outlay.

In order to comply with the Davis Bacon Act, the contractor must comply with the following:

- (1) Identify the appropriate wage determination and**
- (2) Report the wages to comply with the wage determination.**

6.0 Wage Determination:

A “wage determination” is the listing of wage rates and fringe benefit rates for each classification of laborers and mechanics which the WHD Administrator has determined to be prevailing in a given area (usually a county) for a particular type of construction.

7.0 Wage Determination website:

On September 26, 2005, the Wage Determinations online website (<http://www.wdol.gov>) became the official site for all Davis-Bacon GWDs.

8.0 Type of construction: Projects Of A Similar Character:

As a matter of longstanding policy, DOL has distinguished four general types of construction for purposes of making prevailing wage determinations: building construction, residential construction, heavy construction, and highway construction. All Agency Memoranda Nos. 130 and 131 provide guidance in the application of this policy. Generally, for wage determination purposes, a project consists of all construction necessary to complete a facility regardless of the number of contracts involved, so long as all contracts awarded are closely related in purpose, time, and place.

All Agency Memorandum No. 130 -- “Application Of The Standard Of Comparison ‘Projects of a Character Similar’ Under the Davis-Bacon And Related Acts” provides general descriptions of each general type of construction and includes lists of examples in each general category. In brief:

Building Construction includes the construction, rehabilitation and repair of sheltered enclosures with walk-in access for the purpose of housing persons, machinery, equipment, or supplies.

Residential Construction includes the construction, rehabilitation, and repair of single family houses, townhouses, and apartment buildings of no more than four (4) stories in height.

Highway Construction includes the construction, alteration or repair of roads, streets, highways, runways, parking areas and most other paving work not incidental to building or heavy construction.

Heavy Construction is a “catch-all” category which includes those projects which cannot be classified as Building, Residential or Highway. Heavy construction is often further distinguished on the basis of the characteristics of particular projects, such as dredging, water and sewer line, dams, major bridges and flood control projects.

9.0 How to Locate GWDs (General Wage Determinations):

The WDOL web site (<http://www.wdol.gov>) contains all current wage determinations as well as previous modifications to the wage determinations (archived wage determinations) and a listing of the wage determinations to be modified in the next publication cycle.

Current, archived or due to be revised Davis-Bacon wage determinations can be found by selecting one of these options from the “Davis Bacon Act” main menu:

- Selecting DBA WDs
- Archived WDs
- WDs to be revised

10.0 Requirement to complete Form WH-347 by Contractors:

The Certified Payroll Report is an optional form for use by contractors and sub-contractors on federally financed or assisted construction contracts in attesting that laborers and mechanics were paid prevailing wages and fringe benefits in accordance with requirements of the Davis Bacon and Related Acts (DBRA) and the Copeland “Anti-Kickback” Act. The properly completed form may be used to provide required payroll information to contracting agencies for review. The form can be downloaded from <http://www.dol.gov/whd/forms/wh347.pdf>

HCDE requires that this form be submitted before payment is finalized on each project applicable to the Davis Bacon Act.

11.0 Instructions to complete Form WH 347:

Instructions to complete the form are attached in a pdf format. The source of these instructions is the U.S. Wage and Hour Division. Instructions can be downloaded from <http://www.dol.gov/whd/forms/wh347instr.htm>

12.0 Reports submitted to the Accounting, Reporting and Compliance Officer:

Reports are required to be submitted to the Accounting, Reporting and Compliance Officer in the Business Office. The Contractor should seal the WH 347 Reports. The Business Office will date and stamp the reports received. The Business Office will open the reports and review them with the Compliance Officer and the division receiving federal funds.

13.0 Review of WH 347 Reports:

The reports will be reviewed for compliance. Failure to submit the reports will delay and-or prevent the payment of funds for the project.

14.0 Failure to pay prevailing wage rates:

Upon review of the payrolls, the Accounting, Reporting and Compliance Officer will determine whether the contractor is in compliance with the prevailing wage rates in the GWD General Wage Determination.

If the contractor did not comply, a letter will be sent to the contractor. The letter will state that the contractor is required to cure the requirements and show documentation of compliance.

15.0 Clarifications and questions:

For any clarifications and questions regarding these requirements, contact the Compliance Office at 713-696-1344 or send an email at jmartinez@hcde-texas.org

EFFECTIVE DATE: July 26, 2005		REVISED DATE: August 19, 2020
SUBJECT: Acceptance of Donations		

Purpose: To implement a donor-relations initiative that encompasses the effective acknowledgement and stewardship of donors; and internal record-keeping and communication processes that meet HCDE policy.

Donation is defined as the act of giving to a fund or cause, or a gift or grant. HCDE defines a donation as any cash or in-kind gift a division or program of HCDE receives that benefits HCDE and/or its clients or students.

Goals:

- Adhere to HCDE Policy that requires that the Board is notified of all donations
- Provide donors with documentation of gift
- Acknowledge donors in a timely manner
- Recognize donors in the manner appropriate to their level of gift
- Eliminate duplicate requests to the same donor

Before a donation is accepted, the person receiving the gift on behalf of HCDE and/or its clients must ensure that steps 1 through 3 are completed as follows. Steps 4 and 5 must occur within five working days of receipt of the gift. Steps 6 and 7 will occur prior to the next board meeting after receipt of the gift.

Step 1: Donor/staff complete a Donation Receipt form (triplicate NCR form) which includes donor name, address, telephone number, email, descriptions of the items donated, their value and what program area they are supporting. (Refer to Donations/Gift Form) - Donor may specify on the form if they wish their donation anonymous.
HCDE Donation Receipt Forms in triplicate NCR format may be obtained from Resource Development division.
 Note: Staff may also use the Donation Receipt form found on the portal at <http://hcdeportal>. If used, make a copy for division files and send original to Resource Development division. Disregard Steps 2 through 5.

Step 2: When donor completes form, have donor return form to HCDE staff – person accepting gift.

Step 3: HCDE staff tears off the back page (pink) of the triplicate Donation Receipt Form and give it to the donor.

- Step 4:** HCDE staff tears off the remaining back page (yellow) for filing with the division.
- Step 5:** HCDE staff sends the front page (white) to Resource Development (RD). If more than one donation, staff will compile all in one batch and send to RD.
- Step 6:** As receipts are received, RD prepares and mails acknowledgement letters signed by the HCDE Superintendent to the donor.
- Step 7:** RD uses the information on the forms to prepare and maintain an Excel worksheet, reporting monthly donor activity.
- Step 8:** RD staff uses the forms to maintain donor information by division within a contact management database.
- Step 9:** RD prepares the donation report for donations over \$50.00 and submits to Superintendent Secretary for an information item for the board and Business Services to include in their report to the board.
- Step 10:** RD coordinates with relevant divisions and Communications and Public Information on donor stewardship activities.

 - c. RD will use Outlook email options (yes; no) as responses from ET members; division contacts are also included to receive the responses, as they occur.
5. The division director will coordinate the Proposal Development team reviews and edits. This team will review the narrative sections of the proposal individually and as a whole as they are completed. Proposal Development team may include, but is not limited to,
- ◆ division director and staff,
 - ◆ division supervisor,
 - ◆ Resource Development,

- ◆ Technology,
- ◆ Facilities,
- ◆ Business Services,
- ◆ Human Resources and
- ◆ Assistant Superintendent.

Note: Responsibility for completion of review process lies with the division submitting the proposal.

The complexity of the proposal and potential impact of the grant on the organization determines the involvement of the team members. For instance, initial applications for Head Start and Early Childhood Intervention required meetings that included all aforementioned participant divisions.

 - ◆ Copy of the cover page with signature of authorizing official
 - ◆ Copy of the project budget summary
 - ◆ Executive summary or abstract
 - c. Resource Development staff prepares and submits a hard copy and electronic version of the draft board agenda item(s), with a copy of the supporting documentation provided by the division to Assistant Superintendents for approval.
 - d. Upon approval, the Director submits the item to the Superintendent's Secretary for placement on the board agenda.
 - e. On board date, the Director and relevant Division Director present the proposed plan to the HCDE board of trustees for their approval/ratification.

7. Distribute Submitted Proposals

- a. The Division that submits the final signed proposal will create and email a PDF version of the proposal to Resource Development for distribution to the following:

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 04/01/2006 REVISED DATE: 08/19/2020		
SUBJECT: Grant Indirect Cost-Definition, Establishing the Rate, Limits & Accounting for Indirect Cost (IC)		

Purpose

Business Services will establish an annual indirect cost rate and operate as a part of the grant team to lend its expertise to the development of grant applications and reporting. Total Federal grant program costs, multiplied by the indirect cost rate, equals total indirect costs.

Approved indirect cost rates are valid for one year July 1-June 30.

Responsibility

Senior Accountant

Definition

Indirect cost revenues recognized in the General Fund are intended to defray the cost of providing certain services (including but not limited to accounting, auditing, payroll processing, technology support, and HR) to grant programs. These business costs are incurred by HCDE as a whole, and an attempt to maintain separate time and effort accounting for each specific grant would be prohibitive. By calculating and using an indirect cost rate, indirect cost revenues can be transferred from the grant to the general fund to compensate HCDE for department-wide expenditures used to facilitate the grant.

It is not necessary to track the use of indirect cost revenues once they are transferred to the General Fund. Once earned, the revenues may be used for any education-related expenditure, including administrative costs and fixed costs incurred in administrating the grant.

Establishing the IC Rate

Indirect cost rates are established to determine the amount of indirect cost revenue that can be recorded in the General Fund.

Business Services will complete the necessary process to obtain an indirect cost rate from the Texas Education Agency (TEA). TEA, in cooperation with the U.S. Department

of Education, has developed an indirect cost plan to be used by school districts in Texas. This plan includes HCDE.

OMB Circular A-87, which establishes cost principles and standards for federally funded grants, is a key resource for indirect cost information. The Circular includes provisions for determining indirect cost rates for grantees and sub-grantees of federal grants and contracts.

The rate will be communicated to other HCDE personnel-including but not limited to Resource Development, federal grant budget managers, and Executive Team-as soon as it is received.

Limits

There are three major limitations affecting how much indirect cost may be recovered:

- Federal law or grant conditions may limit the amount of indirect cost that can be earned. For example, if HCDE has a rate of 7.5% and the law only allows 5%, then HCDE can recover indirect costs equal to only 5% of the direct costs. Some grants may contain terms and conditions that limit the amount of indirect cost allowable or prohibit any recovery of indirect costs.
- Recovery of indirect costs on grants is subject to the availability of funds. The total direct costs for the grant plus the indirect costs earned cannot exceed the maximum grant entitlement.
- Indirect costs can be recovered only to the extent that HCDE makes direct program expenditures. The indirect cost rate is applied to the eligible direct cost amount expended not to the amount of the grant award.

Accounting for IC

Various programs use the indirect cost rate when they apply for federal grants. If a grant award period is longer than the 7/1-6/30 indirect cost effective period, then more than one rate will apply.

Reimbursement Requests: When indirect cost revenues are earned as a result of a reimbursement request, a journal entry will be prepared and entered to record the receipt of IC in the General Fund.

Final Expenditure Report: Indirect cost revenues receivable as a result of the final report will be posted to the General Fund when the final report is prepared; indirect cost revenues will be posted to receivables upon receipt at year end.

SUBJECT: Grant Indirect Distribution in General Fund

Purpose

Indirect cost earned from grants is recorded in the General Fund, and it is used to fund part of the Human Resources, Business Service, Technology and Adult Education expenditures.

Grants Indirect Cost calculations

Divisions will use the restricted indirect cost rate approved by the Texas Education Agency in preparing grant applications or the maximum rate allowed by the grantor. Total grant program costs, multiplied by the indirect cost rate, equals total indirect costs. HCDE policy requires budget managers to budget the maximum indirect cost allowable under the grant.

Indirect cost rates are valid for one year July 1-June 30. More than one indirect cost rate must be used to calculate indirect cost when a grant period is longer than this period.

Indirect cost distribution

When the grant drawdowns are prepared in a monthly basis, the indirect cost earned is calculated. When the monies are received, a journal entry is prepared to record the cash received. The indirect cost amount is recorded in the general fund as revenue in the department wide budget manager division. When all the monthly transactions are recorded, the monthly indirect cost earned is distributed to the Human Resources, Business Service, Technology and Adult Education divisions as follows:

- The first allocation is to the Adult Education Division. The year to date expenditure report is printed and is compared to the year to date revenue for this division. If there is difference, indirect cost is allocated to cover the difference.
- Once the Adult Ed allocation is done, the remainder of the monthly indirect cost is allocated to Human Resources, Business Service and Technology is based on the divisions annual expenditure budget.
- This distribution is calculated each month.
- At fiscal year-end once all accruals and expenditures have been posted, the final indirect cost distribution is done based on actual expenditure percentages between Human Resources, Business Service and Technology rather than expenditure budgets. Adult Education expenditures will always be covered first and the remainder will be allocated to the other three divisions.
- The following excel spreadsheet is used for the distribution of the indirect cost:

Micro-purchase procedures comprise a subset of a non-Federal entity's small purchase procedures. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions). It is **\$3,000** except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

HCDE has a more restrictive policy at \$2,500.

Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is **\$150,000**, but this threshold is periodically adjusted for inflation. (Also see definition of §200.67 Micro-purchase.)

STANDARDS FOR FINANCIAL AND PROGRAM MANAGEMENT

- §200.300 Statutory and national policy requirements. As outlined by subtitle.
- §200.301 Performance measurement. As outlined by subtitle.
- §200.302 Financial management.

(a) HCDE has established Financial Management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award, in order to prepare reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the Federal award. HCDE has assigns a fund code for all state and federal funds and reports each month the financial results for each fund. A general ledger is also maintained and it supports the financial reports and drawdowns for each grant.

(b) The financial management system of each non-Federal entity must provide for the following (see also §§200.333 Retention requirements for records, 200.334 Requests for transfer of records, 200.335 Methods for collection, transmission and storage of information, 200.336 Access to records, and 200.337 Restrictions on public access to records):

(1) Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal agency, and name of the pass-through entity, if any. **HCDE assigns a fund code for each State and Federal grant.**

(2) Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §§200.327 Financial reporting and 200.328 Monitoring and reporting program performance. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient must not be required to establish an accrual accounting system. This recipient may develop accrual data for its reports on the basis of an analysis of the documentation on hand. Similarly, a pass-through entity must not require a subrecipient to establish an accrual accounting system and must allow the subrecipient to develop accrual data for its reports on the basis of an analysis of the documentation on hand. **HCDE uses modified accrual basis of accounting as required by GAAP and GASB standards. However, accrual information is also submitted to the granting agency as needed.**

(3) Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

(4) Effective control over, and accountability for, all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes. See §200.303 Internal controls. **HCDE maintains accountability of all funds, property and assets as needed.**

(5) Comparison of expenditures with budget amounts for each Federal award. **HCDE tracks budget to actual amounts each month in a financial report.**

(6) Written procedures to implement the requirements of §200.305 Payment. **HCDE implements a reimbursement procedure and not an advance procedure for submitting drawdowns. All funds are expended first and then drawn down from the granting agency.**

(7) Written procedures for determining the allowability of costs in accordance with Subpart E—Cost Principles of this part and the terms and conditions of the Federal award. **HCDE has implemented a financial operating guide to make sure that all Staff is provided with guidance to determine the allowability of expenditures.**

§200.303 Internal controls.

HCDE has:

(a) Established and maintained effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). **HCDE has implemented grant procedures and internal processes to make sure that grant requirements are adhered to by the various divisions. Program Directors are required to implement controls at the program delivery level, and the Business Office is required to implement controls at the financial management and reporting level. HCDE further implements a risk assessment process, and it is updated every six months.**

(b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. **See letter (a) above.**

(c) Evaluate and monitor the non-Federal entity's compliance with statutes, regulations and the terms and conditions of Federal awards. **See letter (a) above.**

(d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. **See letter (a) above.**

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality. **See letter (a) above.**

PROPERTY STANDARDS

§200.310 Insurance coverage.

The non-Federal entity must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with Federal funds as provided to property owned by the non-Federal entity. Federally-owned property need not be insured unless required by the terms and conditions of the Federal award. **HCDE maintains insurance on all property subject to deductibles.**

See CRB Legal and Local

§200.311 Real property.

When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from the Federal awarding agency or pass-through entity. The instructions must provide for one of the following alternatives:

- (1) Retain title after compensating the Federal awarding agency.
- (2) Sell the property and compensate the Federal awarding agency.
- (3) Transfer title to the Federal awarding agency or to a third party designated/approved by the Federal awarding agency. [78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75884, Dec. 19, 2014]

HCDE follows disposition of property in accordance with this section's requirements. See CI Local.

§200.312 Federally-owned and exempt property.

In accordance with federal requirements, the non-federal entity must submit annually an inventory listing of federally-owned property in its custody to the Federal awarding agency. Upon completion of the Federal award or when the property is no longer needed, the non-Federal entity must report the property to the Federal awarding agency for further Federal agency utilization. **HCDE follows disposition of property in accordance with this section's requirements. See CI Local.**

§200.315 Intangible property.

HCDE follows the use of intangible property in accordance with this section's requirements.

§200.316 Property trust relationship.

As outlined by subtitle.

PROCUREMENT STANDARDS

§200.317 Procurements by states.

When procuring property and services under a Federal award, a state must follow the same policies and procedures it uses for procurements from its non-Federal funds. The state will comply with §200.322 Procurement of recovered *materials* and ensure that every purchase order or other contract includes any clauses required by section §200.326 Contract provisions. All other non-Federal entities, including sub-recipients of a state, will follow §§200.318 General procurement standards through 200.326 Contract provisions.

HCDE follows a more restrictive procurement policy than the requirement under 200.318. HCDE follows policies CH Legal and CH Local which requires procurement in cumulative contracts with vendors above \$50,000, and policies CV Legal and CV Local for construction projects.

§200.318 General procurement standards.

(a) The Non-Federal entity must use its own documented procurement procedures which reflect applicable State, local, and tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this part. **HCDE uses its procurement policies under policies CH legal and CH Local.**

(b) Non-Federal entities must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. **HCDE has implemented financial operating guidelines for grant staff to follow in administering grants.**

(c)(1) The Non-Federal entity must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

HCDE has amended policy CH Local as follows:

No employee, officer, or agent may participate in the selection, award, or administration of a contract if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization

which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

The officers, employees, and agents of HCDE may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, HCDE has set a deminimis amount of less than \$50 per year for items that are unsolicited and of minimal and promotional items.

Violations of this standard by an employee will be reported to the Superintendent's Office and addressed through our personnel policies. Violations of this standard by an officer or the Superintendent shall be addressed to the Board President and addressed through the board policies.

(2) If the non-Federal entity has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the non-Federal entity is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization. **HCDE procurement policies and procedures apply to all HCDE divisions.**

(d) The Non-Federal entity's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. **HCDE performs a needs assessment and evaluation by each program director prior to recommending the requisition. The culmination of such assessment is the program director's signature. Often the program director also conducts analysis to determine the best value to HCDE when making a recommendation for purchase.**

(e) To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal Government, the non-Federal entity is encouraged to enter into state and local intergovernmental agreements or inter-entity agreements where appropriate for procurement or use of common or shared goods and services. **HCDE participates in purchasing cooperatives and shared service arrangements in order to get the best value for divisions and grants.**

(f) The Non-Federal entity is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs. **HCDE uses policies CH Legal and CH Local to purchase goods. One of the allowable methods is inter local agreements which include agencies and local governments, federal and state entities. As available and feasible, HCDE utilizes this method of purchasing equipment and property.**

(g) The Non-Federal entity is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost. **HCDE uses policies CV Legal and CV Local to procure construction projects. Some of the allowable methods are CCSP and CM-At-Risk, and Design Build, which include often utilize value engineering in the negotiations to arrive at the best price.**

(h) The Non-Federal entity must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. See also §200.212 Suspension and debarment. **HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value.**

(i) The Non-Federal entity must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price. **HCDE uses a procurement process that maintains the history of the selection process, the contract, and the basis of the contract price. The financial operating guidelines outlines the process, and the information regarding the bid process is maintained electronically in the HCDE ebid system (powered by Ionwave systems)**

(j)(1) The Non-Federal entity may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a non-Federal entity is the sum of:

(i) The actual cost of materials; and

(ii) Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

(2) Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the non-Federal entity awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls. **HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract.**

(k) The Non-Federal entity alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all

contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the non-Federal entity of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgment for that of the non-Federal entity unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction. **HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and procurement and contract. All contracts are signed either by the Superintendent or the Assistant Superintendent for Business.**

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

§200.319 Competition.

(a) All procurement transactions must be conducted in a manner providing full and open competition consistent with the standards of this section. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

- (1) Placing unreasonable requirements on firms in order for them to qualify to do business;
- (2) Requiring unnecessary experience and excessive bonding;
- (3) Noncompetitive pricing practices between firms or between affiliated companies;
- (4) Noncompetitive contracts to consultants that are on retainer contracts;
- (5) Organizational conflicts of interest;
- (6) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement; and
- (7) Any arbitrary action in the procurement process.

HCDE develops all requests for proposals internally and does not allow a consultant or external entity to participate in the development of request for proposals.

(b) The Non-Federal entity must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. While policy CH Legal has a local preference meaning the state of Texas, it does not apply to federal purchases in accordance with Government Code 2251.001-004.

Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(c) The Non-Federal entity must have written procedures for procurement transactions. These procedures must ensure that all solicitations:

(1) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and

(2) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(d) The Non-Federal entity must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the non-Federal entity must not preclude potential bidders from qualifying during the solicitation period.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process.

§200.320 Methods of procurement to be followed.

The non-Federal entity must use one of the following methods of procurement.

(a) Procurement by micro-purchases. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold (§200.67 Micro-purchase). To the extent practicable, the non-Federal entity must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the non-Federal entity considers the price to be reasonable. **HCDE uses policies CH Legal and CH Local which is more restrictive.**

(b) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources. **HCDE uses policies CH Legal and CH Local which are more restrictive.**

(c) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in paragraph (c)(1) of this section apply.

(1) In order for sealed bidding to be feasible, the following conditions should be present:

(i) A complete, adequate, and realistic specification or purchase description is available;

(ii) Two or more responsible bidders are willing and able to compete effectively for the business; and

(iii) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(2) If sealed bids are used, the following requirements apply:

(i) Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publically advertised;

(ii) The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;

(iii) All bids will be opened at the time and place prescribed in the invitation for bids, and for local and tribal governments, the bids must be opened publicly;

(iv) A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(v) Any or all bids may be rejected if there is a sound documented reason.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process.

HCDE follows a more restrictive procurement policy than the requirement under 200. 318. HCDE follows policies CH Legal and CH Local which requires procurement in cumulative contracts with vendors above \$50,000, and policies CV Legal and CV Local for construction projects.

(d) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;

(2) Proposals must be solicited from an adequate number of qualified sources;

(3) The Non-Federal entity must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;

(4) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(5) The Non-Federal entity may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process. Professional Services are also procured under Chapter 44.031 or Chapter 2252.003.

(e) [Reserved]

(f) Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

(1) The item is available only from a single source; **According to policy CH Legal or Chapter 44.031, single source is an allowed method of procurement provided that the vendor is able to provide a sole source letter.**

(2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; **According to policy CH Legal or Chapter 44.031, emergency purchases are allowed as an allowed method of procurement provided that the purchases meets the requirements of 44.031(h)**

(3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or **In situations that the awarding agency authorizes the non competitive process, HCDE will document the approval.**

(4) After solicitation of a number of sources, competition is determined inadequate.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

§200.321 Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms.

a) The Non-Federal entity must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

(b) Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and

(6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) of this section.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE

also has operating guidelines covering the procurement process. Part of the evaluation factors in policy CH Legal include (minority and women owned) historically underutilized businesses.

§200.322 Procurement of recovered materials.

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process. Part of the request for proposal terms and conditions are to adhere to all applicable federal, state and local laws.

§200.323 Contract cost and price.

(a) The Non-Federal entity must perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, the non-Federal entity must make independent estimates before receiving bids or proposals.

(b) The Non-Federal entity must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(c) Costs or prices based on estimated costs for contracts under the Federal award are allowable only to the extent that costs incurred or cost estimates included in negotiated prices would be allowable for the non-Federal entity under Subpart E—Cost

Principles of this part. The non-Federal entity may reference its own cost principles that comply with the Federal cost principles.

(d) The cost plus a percentage of cost and percentage of construction cost methods of contracting must not be used.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process. Part of the selection process and evaluation, HCDE staff performs budget estimates for prospective purchases. During the evaluation phase, HCDE conducts tabulations to compare and arrive at the best value.

§200.324 Federal awarding agency or pass-through entity review.

(a) The Non-Federal entity must make available, upon request of the Federal awarding agency or pass-through entity, technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the non-Federal entity desires to have the review accomplished after a solicitation has been developed, the Federal awarding agency or pass-through entity may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(b) The Non-Federal entity must make available upon request, for the Federal awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:

(1) The Non-Federal entity's procurement procedures or operation fails to comply with the procurement standards in this part;

(2) The procurement is expected to exceed the Simplified Acquisition Threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation;

(3) The procurement, which is expected to exceed the Simplified Acquisition Threshold, specifies a "brand name" product;

(4) The proposed contract is more than the Simplified Acquisition Threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the Simplified Acquisition Threshold.

(c) The Non-Federal entity is exempt from the pre-procurement review in paragraph (b) of this section if the Federal awarding agency or pass-through entity determines that its procurement systems comply with the standards of this part.

(1) The Non-Federal entity may request that its procurement system be reviewed by the Federal awarding agency or pass-through entity to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews must occur where there is continuous high-dollar funding, and third-party contracts are awarded on a regular basis;

(2) The Non-Federal entity may self-certify its procurement system. Such self-certification must not limit the Federal awarding agency's right to survey the system. Under a self-certification procedure, the Federal awarding agency may rely on written assurances from the non-Federal entity that it is complying with these standards. The non-Federal entity must cite specific policies, procedures, regulations, or standards as being in compliance with these requirements and have its system available for review.

HCDE uses policies CH Legal and CH Local which identify the factors in determining the best value and the method of procurement and contract. HCDE also has operating guidelines covering the procurement process. HCDE maintains records of all processes available for review and all procurements have a right to audit clause.

§200.325 Bonding requirements.

For construction or facility improvement contracts or subcontracts exceeding the Simplified Acquisition Threshold (Which is \$150,000), the Federal awarding agency or pass-through entity may accept the bonding policy and requirements of the non-Federal entity provided that the Federal awarding agency or pass-through entity has made a determination that the Federal interest is adequately protected. If such a determination has not been made, the minimum requirements must be as follows:

(a) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

(b) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(c) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

HCDE uses policies CV Legal and CV Local which identify the factors in determining the best value and the method of procurement and contract for construction projects. Policy CV Legal requires performance bonds above \$100,000 and \$25,000 for payment bonds.

§200.326 Contract provisions.

The non-Federal entity's contracts must contain the applicable provisions described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

All HCDE contracts and request for proposals have termination clauses, breach of contract clauses and the following provisions:

1. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148).
2. Equal Employment Opportunity
3. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708).
4. Rights to Inventions Made Under a Contract or Agreement
5. Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended
6. Debarment and Suspension (Executive Orders 12549 and 12689)
7. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

PERFORMANCE AND FINANCIAL MONITORING AND REPORTING

§200.327 Financial reporting.

Unless otherwise approved by OMB, the Federal awarding agency may solicit only the standard, OMB-approved government wide data elements for collection of financial information (at time of publication the Federal Financial Report or such future collections as may be approved by OMB and listed on the OMB Web site). This information must be collected with the frequency required by the terms and conditions of the Federal award, but no less frequently than annually nor more frequently than quarterly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes, and preferably in coordination with performance reporting

HCDE adheres to reporting requirements in accordance with the federal packet on an annual basis.

§200.328 Monitoring and reporting program performance.

(a) *Monitoring by the non-Federal entity.* The non-Federal entity is responsible for oversight of the operations of the Federal award supported activities. The non-Federal entity must monitor its activities under Federal awards to assure compliance with applicable Federal requirements and performance expectations are being achieved. Monitoring by the non-Federal entity must cover each program, function or activity. See

also §200.331 Requirements for pass-through *entities*. **HCDE has assigned a program director for each grant to make sure that grant requirements are met.**

(b) *Non-construction performance reports*. The Federal awarding agency must use standard, OMB-approved data elements for collection of performance information (including performance progress reports, Research Performance Progress Report, or such future collections as may be approved by OMB and listed on the OMB Web site).

HCDE adheres to the required program reports as outlined by the granting agency.

(1) The Non-Federal entity must submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity. Intervals must be no less frequent than annually nor more frequent than quarterly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes. Annual reports must be due 90 calendar days after the reporting period; quarterly or semiannual reports must be due 30 calendar days after the reporting period. Alternatively, the Federal awarding agency or pass-through entity may require annual reports before the anniversary dates of multiple year Federal awards. The final performance report will be due 90 calendar days after the period of performance end date. If a justified request is submitted by a non-Federal entity, the Federal agency may extend the due date for any performance report.

HCDE adheres to the required program reports as outlined by the granting agency.

(2) The Non-Federal entity must submit performance reports using OMB-approved government wide standard information collections when providing performance information. As appropriate in accordance with above mentioned information collections, these reports will contain, for each Federal award, brief information on the following unless other collections are approved by OMB:

HCDE adheres to the required program reports as outlined by the granting agency.

(i) A comparison of actual accomplishments to the objectives of the Federal award established for the period. Where the accomplishments of the Federal award can be quantified, a computation of the cost (for example, related to units of accomplishment) may be required if that information will be useful. Where performance trend data and analysis would be informative to the Federal awarding agency program, the Federal awarding agency should include this as a performance reporting requirement.

(ii) The reasons why established goals were not met, if appropriate.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(c) Construction performance reports. For the most part, onsite technical inspections and certified percentage of completion data are relied on heavily by Federal awarding agencies and pass-through entities to monitor progress under Federal awards and sub awards for construction. The Federal awarding agency may require additional performance reports only when considered necessary.

HCDE adheres to the required program reports as outlined by the granting agency.

(d) Significant developments. Events may occur between the scheduled performance reporting dates that have significant impact upon the supported activity. In such cases, the non-Federal entity must inform the Federal awarding agency or pass-through entity as soon as the following types of conditions become known:

HCDE adheres to the required program reports as outlined by the granting agency.

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

(e) The Federal awarding agency may make site visits as warranted by program needs.

(f) The Federal awarding agency may waive any performance report required by this part if not needed.

§200.329 Reporting on real property.

The Federal awarding agency or pass-through entity must require a non-Federal entity to submit reports at least annually on the status of real property in which the Federal Government retains an interest, unless the Federal interest in the real property extends 15 years or longer. In those instances where the Federal interest attached is for a period of 15 years or more, the Federal awarding agency or pass-through entity, at its option, may require the non-Federal entity to report at various multi-year frequencies (e.g., every two years or every three years, not to exceed a five-year reporting period; or a Federal awarding agency or pass-through entity may require annual reporting for the first three years of a Federal award and thereafter require reporting every five years).

HCDE adheres to the required program reports as outlined by the granting agency.

SUB-RECIPIENT MONITORING AND MANAGEMENT

§200.330 Sub-recipient and contractor determinations.

The non-Federal entity may concurrently receive Federal awards as a recipient, a sub recipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities. Therefore, a pass-through entity must make **case-by-case determinations** whether each agreement it makes for the disbursement of Federal program funds casts the party receiving the funds **in the role of** a subrecipient or a contractor. The Federal awarding agency may supply and require recipients to comply with additional guidance to support these determinations provided such guidance does not conflict with this section.

(a) **Subrecipients.** A sub award is for the purpose of carrying out a portion of a Federal award and creates a Federal assistance relationship with the subrecipient. See §200.92 Sub award. Characteristics which support the classification of the non-Federal entity as a subrecipient include when the non-Federal entity:

- (1) Determines who is eligible to receive what Federal assistance;
- (2) Has its performance measured in relation to whether objectives of a Federal program were met;
- (3) Has responsibility for programmatic decision making;
- (4) Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
- (5) In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

(b) **Contractors.** A contract is for the purpose of obtaining goods and services for the non-Federal entity's own use and creates a procurement relationship with the contractor. See §200.22 Contract. Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the non-Federal entity receiving the Federal funds:

- (1) Provides the goods and services within normal business operations;
- (2) Provides similar goods or services to many different purchasers;
- (3) Normally operates in a competitive environment;
- (4) Provides goods or services that are ancillary to the operation of the Federal program; and

(5) Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

(c) *Use of judgment in making determination.* In determining whether an agreement between a pass-through entity and another non-Federal entity casts the latter as a subrecipient or a contractor, **the substance of the relationship** is more important than the form of the agreement. All of the characteristics listed above may not be present in all cases, and the pass-through entity must use judgment in classifying each agreement as a sub award or a procurement contract.

HCDE makes determinations on sub recipients and contractors in accordance with this section, and contracts are determined as such.

[§200.331 Requirements for pass-through entities.](#)

All pass-through entities must:

(a) Ensure that every sub award is clearly identified to the subrecipient as a sub award and includes the following information at the time of the sub award and if any of these data elements change, include the changes in subsequent sub award modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and sub award. Required information includes:

(1) Federal Award Identification.

(i) Subrecipient name (which must match the name associated with its unique entity identifier);

(ii) Subrecipient's unique entity identifier;

(iii) Federal Award Identification Number (FAIN);

(iv) Federal Award Date (see §200.39 Federal award date);

(v) Sub award Period of Performance Start and End Date;

(vi) Amount of Federal Funds Obligated by this action;

(vii) Total Amount of Federal Funds Obligated to the subrecipient;

(viii) Total Amount of the Federal Award;

(ix) Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA);

(x) Name of Federal awarding agency, pass-through entity, and contact information for awarding official,

(xi) CFDA Number and Name; the pass-through entity must identify the dollar amount made available under each Federal award and the CFDA number at time of disbursement;

(xii) Identification of whether the award is R&D; and

(xiii) Indirect cost rate for the Federal award (including if the de minimis rate is charged per §200.414 Indirect (F&A) costs).

(2) All requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations and the terms and conditions of the Federal award.

(3) Any additional requirements that the pass-through entity imposes on the subrecipient in order for the pass-through entity to meet its own responsibility to the Federal awarding agency including identification of any required financial and performance reports;

(4) An approved federally recognized indirect cost rate negotiated between the subrecipient and the Federal Government or, if no such rate exists, either a rate negotiated between the pass-through entity and the subrecipient (in compliance with this part), or a de minimis indirect cost rate as defined in §200.414 Indirect (F&A) costs, paragraph (f) of this part.

(5) A requirement that the subrecipient permit the pass-through entity and auditors to have access to the subrecipient's records and financial statements as necessary for the pass-through entity to meet the requirements of this part; and

(6) Appropriate terms and conditions concerning closeout of the sub award.

(b) Evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the sub award for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section, which may include consideration of such factors as:

(1) The subrecipient's prior experience with the same or similar sub awards;

(2) The results of previous audits including whether or not the subrecipient receives a Single Audit in accordance with Subpart F—Audit Requirements of this part, and the extent to which the same or similar sub award has been audited as a major program;

(3) Whether the subrecipient has new personnel or new or substantially changed systems; and

(4) The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

(c) Consider imposing specific sub award conditions upon a subrecipient if appropriate as described in §200.207 Specific conditions.

(d) Monitor the activities of the subrecipient as necessary to ensure that the sub award is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the sub award; and that sub award performance goals are achieved. Pass-through entity monitoring of the subrecipient must include:

(1) Reviewing financial and performance reports required by the pass-through entity.

(2) Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means.

(3) Issuing a management decision for audit findings pertaining to the Federal award provided to the subrecipient from the pass-through entity as required by §200.521 Management decision.

(e) Depending upon the pass-through entity's assessment of risk posed by the subrecipient (as described in paragraph (b) of this section), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:

(1) Providing subrecipients with training and technical assistance on program-related matters; and

(2) Performing on-site reviews of the subrecipient's program operations;

(3) Arranging for agreed-upon-procedures engagements as described in §200.425 Audit services.

(f) Verify that every subrecipient is audited as required by Subpart F—Audit Requirements of this part when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in §200.501 Audit requirements.

(g) Consider whether the results of the subrecipient's audits, on-site reviews, or other monitoring indicate conditions that necessitate adjustments to the pass-through entity's own records.

(h) Consider taking enforcement action against noncompliant subrecipients as described in §200.338 Remedies for noncompliance of this part and in program regulations.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE makes determinations on sub recipients and contractors in accordance with this section, and contracts are determined as such.

§200.332 Fixed amount sub-awards.

With prior written approval from the Federal awarding agency, a pass-through entity may provide sub awards based on fixed amounts up to the Simplified Acquisition Threshold, provided that the sub awards meet the requirements for fixed amount awards in §200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts.

HCDE makes determinations on sub recipients and contractors in accordance with this section, and contracts are determined as such.

RECORD RETENTION AND ACCESS

§200.333 Retention requirements for records.

Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of **three years** from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a subrecipient. Federal awarding agencies and pass-through entities must not impose any other record retention requirements upon non-Federal entities. The only exceptions are the following:

(a) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

(b) When the non-Federal entity is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.

(c) Records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.

(d) When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 3-year retention requirement is not applicable to the non-Federal entity.

(e) Records for program income transactions after the period of performance. In some cases, recipients must report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the

earning of the program income starts from the end of the non-Federal entity's fiscal year in which the program income is earned.

(f) Indirect cost rate proposals and cost allocations plans. This paragraph applies to the following types of documents and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) *If submitted for negotiation.* If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the pass-through entity) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(2) *If not submitted for negotiation.* If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the pass-through entity) for negotiation purposes, then the 3-year retention period for the proposal, plan, or computation and its supporting records starts from the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

HCDE complies with the State of Texas requirements which are more extensive than the federal requirements.

[§200.334 Requests for transfer of records.](#)

The Federal awarding agency must request transfer of certain records to its custody from the non-Federal entity when it determines that the records possess long-term retention value. However, in order to avoid duplicate recordkeeping, the Federal awarding agency may make arrangements for the non-Federal entity to retain any records that are continuously needed for joint use.

HCDE complies with the State of Texas requirements which are more extensive than the federal requirements.

[§200.335 Methods for collection, transmission and storage of information.](#)

In accordance with the May 2013 Executive Order on Making Open and Machine Readable the New Default for Government Information, the Federal awarding agency and the non-Federal entity should, whenever practicable, collect, transmit, and store Federal award-related information in open and machine-readable formats rather than in closed formats or on paper. The Federal awarding agency or pass-through entity must always provide or accept paper versions of Federal award-related information to and from the non-Federal entity upon request. If paper copies are submitted, the Federal awarding agency or pass-through entity must not require more than an original and two copies. When original records are electronic and cannot be altered, there is no need to create and retain paper copies. When original records are paper, electronic versions

may be substituted through the use of duplication or other forms of electronic media provided that they are subject to periodic quality control reviews, provide reasonable safeguards against alteration, and remain readable.

HCDE complies with the State of Texas retention requirements which are more extensive than the federal requirements.

§200.336 Access to records.

(a) Records of non-Federal entities. The Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives, must have the right of access to any documents, papers, or other records of the non-Federal entity which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the non-Federal entity's personnel for the purpose of interview and discussion related to such documents.

(b) Only under extraordinary and rare circumstances would such access include review of the true name of victims of a crime. Routine monitoring cannot be considered extraordinary and rare circumstances that would necessitate access to this information. When access to the true name of victims of a crime is necessary, appropriate steps to protect this sensitive information must be taken by both the non-Federal entity and the Federal awarding agency. Any such access, other than under a court order or subpoena pursuant to a bona fide confidential investigation, must be approved by the head of the Federal awarding agency or delegate.

(c) Expiration of right of access. The rights of access in this section are not limited to the required retention period but last as long as the records are retained. Federal awarding agencies and pass-through entities must not impose any other access requirements upon non-Federal entities.

HCDE complies with the State of Texas retention requirements which are more extensive than the federal requirements. Access is provided to grant auditors as needed on an annual basis. In addition, the terms and conditions of all bid notification and contracts include a right to audit clause.

§200.337 Restrictions on public access to records.

No Federal awarding agency may place restrictions on the non-Federal entity that limit public access to the records of the non-Federal entity pertinent to a Federal award, except for protected personally identifiable information (PII) or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency. The Freedom of Information Act (5 U.S.C. 552) (FOIA) does not apply to those records that remain under a non-Federal entity's control except as required under §200.315 Intangible property. Unless required by Federal, state, local, and tribal statute, non-Federal entities are not required

to permit public access to their records. The non-Federal entity's records provided to a Federal agency generally will be subject to FOIA and applicable exemptions.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE complies with the State of Texas retention requirements and Open Records Act requirements as necessary.

REMEDIES FOR NONCOMPLIANCE

§200.338 Remedies for noncompliance.

If a non-Federal entity fails to comply with Federal statutes, regulations or the terms and conditions of a Federal award, the Federal awarding agency or pass-through entity may impose additional conditions, as described in §200.207 Specific conditions. If the Federal awarding agency or pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, the Federal awarding agency or pass-through entity may take one or more of the following actions, as appropriate in the circumstances:

(a) Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.

(b) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(c) Wholly or partly suspend or terminate the Federal award.

(d) Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a Federal awarding agency).

(e) Withhold further Federal awards for the project or program.

(f) Take other remedies that may be legally available.

CLOSEOUT

§200.343 Closeout.

The Federal awarding agency or pass-through entity will close-out the Federal award when it determines that all applicable administrative actions and all required work of the Federal award have been completed by the non-Federal entity. This section specifies the actions the non-Federal entity and Federal awarding agency or pass-through entity must take to complete this process at the end of the period of performance.

(a) The Non-Federal entity must submit, no later than **90 calendar days** after the end date of the period of performance, all financial, performance, and other reports as required by the terms and conditions of the Federal award. The Federal awarding agency or pass-through entity may approve extensions when requested by the non-Federal entity.

(b) Unless the Federal awarding agency or pass-through entity authorizes an extension, a non-Federal entity must **liquidate all obligations** incurred under the Federal award not later than 90 calendar days after the end date of the period of performance as specified in the terms and conditions of the Federal award.

(c) The Federal awarding agency or pass-through entity must make prompt payments to the non-Federal entity for allowable reimbursable costs under the Federal award being closed out.

(d) The Non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that are not authorized to be retained by the non-Federal entity for use in other projects. See OMB Circular A-129 and see §200.345 Collection of amounts due, for requirements regarding unreturned amounts that become delinquent debts.

(e) Consistent with the terms and conditions of the Federal award, the Federal awarding agency or pass-through entity must make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The Non-Federal entity must account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§200.310 Insurance coverage through 200.316 Property trust relationship and 200.329 Reporting on real property.

(g) The Federal awarding agency or pass-through entity should complete all closeout actions for Federal awards no later than one year after receipt and acceptance of all required final reports.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE has procedures in place to make sure that all grants are closed out and all payments made by the 90th day.

POST-CLOSEOUT ADJUSTMENTS AND CONTINUING RESPONSIBILITIES

§200.344 Post-closeout adjustments and continuing responsibilities.

(a) The closeout of a Federal award does not affect any of the following:

(1) The right of the Federal awarding agency or pass-through entity to disallow costs and recover funds on the basis of a later audit or other review. The Federal awarding agency or pass-through entity must make any cost disallowance determination and notify the non-Federal entity within the record retention period.

(2) The obligation of the non-Federal entity to return any funds due as a result of later refunds, corrections, or other transactions including final indirect cost rate adjustments.

(3) Audit requirements in Subpart F—Audit Requirements of this part.

(4) Property management and disposition requirements in Subpart D—Post Federal Award Requirements of this part, §§200.310 Insurance Coverage through 200.316 Property trust relationship.

(5) Records retention as required in Subpart D—Post Federal Award Requirements of this part, §200.333 Retention requirements for records through 200.337 Restrictions on public access to records.

(b) After closeout of the Federal award, a relationship created under the Federal award may be modified or ended in whole or in part with the consent of the Federal awarding agency or pass-through entity and the non-Federal entity, provided the

responsibilities of the non-Federal entity referred to in paragraph (a) of this section, including those for property management as applicable, are considered and provisions made for continuing responsibilities of the non-Federal entity, as appropriate.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE has procedures to make sure that grant requirements are met, and all funds are audited on an annual basis in accordance with federal, state and local guidelines.

COLLECTION OF AMOUNTS DUE

§200.345 Collection of amounts due. As outlined by subtitle.

HCDE has implemented procedures to make sure grant requirements are met.

Subpart E—Cost Principles

GENERAL PROVISIONS

§200.400 Policy guide. As outlined by the subtitle.

§200.401 Application. As outlined by the subtitle.

BASIC CONSIDERATIONS

§200.402 Composition of costs. As outlined by the subtitle.

Total cost. The total cost of a Federal award is the sum of the allowable direct and allocable indirect costs less any applicable credits.

§200.403 Factors affecting allowability of costs. As outlined by the subtitle.

Except where otherwise authorized by statute, costs must meet the following general criteria in order to be allowable under Federal awards:

- (a) **Be necessary and reasonable** for the performance of the Federal award and be allocable thereto under these principles.

HCDE documents this through the certification of expenditures and approval by each program manager.

- (b) **Conform to any limitations or exclusions** set forth in these principles or in the Federal award as to types or amount of cost items.

HCDE documents this through the certification of expenditures and approval by each program manager.

- (c) **Be consistent with policies and procedures** that apply uniformly to both federally-financed and other activities of the non-Federal entity.

HCDE documents this through the certification of expenditures and approval by each program manager.

- (d) Be accorded **consistent treatment**. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.

HCDE documents this through the certification of expenditures and approval by each program manager. In addition, all expenditures are reviewed by the Business Office for consistent treatment.

- (e) Be determined in accordance with **generally accepted accounting principles** (GAAP), except, for state and local governments and Indian tribes only, as otherwise provided for in this part.

HCDE documents this through the certification of expenditures and approval by each program manager. The Business Office establishes financial operating guidelines that follow GAAP for local governments.

- (f) **Not be included** as a cost or used to meet cost sharing or matching requirements **of any other federally-financed program** in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b).

HCDE does not use federal dollars to match other federal dollars.

Be adequately documented. See also §§200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

HCDE maintains documents for all expenditures and signatures are included from program manager and the Business Office as needed.

§200.404 Reasonable costs. As outlined by the subtitle

A cost is reasonable if, in its nature and amount, it does not exceed **that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.** The question of reasonableness is particularly important when the non-Federal entity is predominantly federally-funded. In determining **reasonableness of a given cost**, consideration must be given to:

- (a) Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award.

- (b) The restraints or requirements imposed by such factors as: sound business practices; **arm's-length bargaining**; Federal, state, local, tribal, and other laws and regulations; and terms and conditions of the Federal award.

- (c) **Market prices** for comparable goods or services for the geographic area.

(d) Whether the individuals **concerned acted with prudence** in the circumstances considering their responsibilities to the non-Federal entity, its employees, where applicable its students or membership, the public at large, and the Federal Government.

(e) Whether the non-Federal entity significantly **deviates from its established practices and policies regarding the incurrence of costs**, which may unjustifiably increase the Federal award's cost.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE procures goods and services to arrive at best value and determines that reasonable costs are used to charge to the all cost objectives whether federal or non-federal.

§200.405 Allocable costs. As outlined by the subtitle

(a) A cost is allocable to a particular Federal award **or other cost objective** if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received. This standard is met if the cost:

(1) Is **incurred specifically** for the Federal award;

(2) Benefits both the Federal award and other work of the non-Federal entity and **can be distributed in proportions that may be approximated using reasonable methods**; and

(3) **Is necessary to the overall operation** of the non-Federal entity and is assignable in part to the Federal award in accordance with the principles in this subpart.

(b) All activities which benefit from the non-Federal entity's indirect (F&A) cost, including unallowable activities and donated services by the non-Federal entity or third parties, will receive **an appropriate allocation of indirect costs**.

(c) Any cost allocable to a particular Federal award under the principles provided for in this part may **not be charged to other Federal awards** to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the non-Federal entity from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.

(d) **Direct cost allocation principles**. If a cost benefits two or more projects or activities in proportions that can be determined without undue effort or cost, the cost must be allocated to the projects **based on the proportional benefit**. If a cost benefits two or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, then, notwithstanding paragraph (c) of this

section, the costs may be allocated or transferred to benefitted projects on any reasonable documented basis. Where the purchase of equipment or other capital asset is specifically authorized under a Federal award, the costs are assignable to the Federal award regardless of the use that may be made of the equipment or other capital asset involved when no longer needed for the purpose for which it was originally required. See also §§200.310 Insurance coverage through 200.316 Property trust relationship and 200.439 Equipment and other capital expenditures.

(e) If the contract is subject to CAS, costs must be allocated to the contract pursuant to the Cost Accounting Standards. To the extent that CAS is applicable, the allocation of costs in accordance with CAS takes precedence over the allocation provisions in this part.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE has adopted cost allocation plans that meet the allocable requirements. Program managers review all expenditures and determine whether the cost is allocable to the cost objective.

§200.406 Applicable credits. As outlined by the subtitle

(a) Applicable credits refer to those **receipts or reduction-of-expenditure-type** transactions that offset or reduce expense items allocable to the Federal award as direct or indirect (F&A) costs. Examples of such transactions are: purchase discounts, rebates or allowances, recoveries or indemnities on losses, insurance refunds or rebates, and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the non-Federal entity relate to allowable costs, they must be credited to the Federal award either as a cost reduction or cash refund, as appropriate.

(b) In some instances, the amounts received from the Federal Government to finance activities or service operations of the non-Federal entity should be treated as applicable credits. Specifically, the concept of **netting such credit items** (including any amounts used to meet cost sharing or matching requirements) must be recognized in determining the rates or amounts to be charged to the Federal award. (See §§200.436 Depreciation and 200.468 Specialized service facilities, for areas of potential application in the matter of Federal financing of activities.)

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE applies all rebates and credits that are applicable to each cost objective.

§200.407 Prior written approval (prior approval). As outlined by the subtitle

Under any given Federal award, the reasonableness and allocability of certain items of costs may be difficult to determine. In order to avoid subsequent disallowance or dispute based on unreasonableness or no allocability, the non-Federal entity may **seek the prior written approval of the cognizant agency for indirect costs or the Federal awarding agency in advance of the incurrence of special or unusual costs**. Prior written approval should include the timeframe or scope of the agreement. The absence of prior written approval on any element of cost will not, in itself, affect the reasonableness or allocability of that element, unless prior approval is specifically required for allowability as described under **certain circumstances in the following sections of this part**:

(a) §200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts, paragraph (b)(5);

(b) §200.306 Cost sharing or matching;

(c) §200.307 Program income;

(d) §200.308 Revision of budget and program plans;

(e) §200.311 Real property;

(f) §200.313 Equipment;

(g) §200.332 Fixed amount sub awards;

(h) §200.413 Direct costs, paragraph (c);

(i) §200.430 Compensation—personal services, paragraph (h);

(j) §200.431 Compensation—fringe benefits;

(k) §200.438 Entertainment costs;

(l) §200.439 Equipment and other capital expenditures;

(s) §200.455 Organization costs;

(t) §200.456 Participant support costs;

(u) §200.458 Pre-award costs;

(v) §200.462 Rearrangement and reconversion costs;

DIRECT AND INDIRECT (F&A) COSTS

§200.412 Classification of costs. As outlined by the subtitle

There is no universal rule for classifying certain costs as either direct or indirect (F&A) under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the Federal award or other final cost objective. Therefore, it is essential that each item of cost incurred for the same purpose be treated consistently in like circumstances either as a direct or an indirect (F&A) cost in order to avoid possible double-charging of Federal awards. Guidelines for determining direct and indirect (F&A) costs charged to Federal awards are provided in this subpart.

HCDE allocates cost and classifies costs according to each cost objective, and the program manager reviews, determines and certifies all costs prior to the expenditure being incurred.

§200.413 Direct costs. As outlined by the subtitle

- a) *General.* Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect (F&A) costs. See also §200.405 Allocable costs.

HCDE determines which costs are direct and documents approval from the program manager through their review and certification (approval) on expenditures.

(b) *Application to Federal awards.* Identification with the Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. Typical costs charged directly to a Federal award are the compensation of employees who work on that award, their related fringe benefit costs, the costs of materials and other items of expense incurred for the Federal award. If directly related to a specific award, certain costs that otherwise would be treated as indirect costs may also include extraordinary utility consumption, the cost of materials supplied from stock or services rendered by specialized facilities or other institutional service operations.

(c) The salaries of administrative and clerical staff should normally be treated as indirect (F&A) costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

- (1) Administrative or clerical services are integral to a project or activity;
- (2) Individuals involved can be specifically identified with the project or activity;
- (3) Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency; and
- (4) The costs are not also recovered as indirect costs.

HCDE identifies the cost that is associated with the federal grant in order to determine the nature of the direct or indirect cost.

(d) *Minor items.* Any direct cost of minor amount may be treated as an indirect (F&A) cost for reasons of practicality where such accounting treatment for that item of cost is consistently applied to all Federal and non-Federal cost objectives.

(e) The costs of certain activities are not allowable as charges to Federal awards. However, even though these costs are unallowable for purposes of computing charges to Federal awards, they nonetheless must be treated as direct costs for purposes of determining indirect (F&A) cost rates and be allocated their equitable share of the non-Federal entity's indirect costs if they represent activities which:

- (1) Include the salaries of personnel,
- (2) Occupy space, and
- (3) Benefit from the non-Federal entity's indirect (F&A) costs.

HCDE calculates indirect costs according to the federal requirements, and the calculation is sent to TEA (granting agency) for review and approval.

(f) For nonprofit organizations, the costs of activities performed by the non-Federal entity primarily as a service to members, clients, or the general public when significant and necessary to the non-Federal entity's mission must be treated as direct costs whether or not allowable, and be allocated an equitable share of indirect (F&A) costs. Some examples of these types of activities include:

(1) Maintenance of membership rolls, subscriptions, publications, and related functions. See also §200.454 Memberships, subscriptions, and professional activity costs.

(2) Providing services and information to members, legislative or administrative bodies, or the public. See also §§200.454 Memberships, subscriptions, and professional activity costs and 200.450 Lobbying.

(3) Promotion, lobbying, and other forms of public relations. See also §§200.421 Advertising and public relations and 200.450 Lobbying.

(4) Conferences except those held to conduct the general administration of the non-Federal entity. See also §200.432 Conferences.

(5) Maintenance, protection, and investment of special funds not used in operation of the non-Federal entity. See also §200.442 Fund raising and investment management costs.

(6) Administration of group benefits on behalf of members or clients, including life and hospital insurance, annuity or retirement plans, and financial aid. See also §200.431 Compensation—fringe benefits.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75885, Dec. 19, 2014]

HCDE is a local government and not a non for profit organization.

§200.414 Indirect (F&A) costs. As outlined by the subtitle

(a) *Facilities and Administration Classification.* For major IHEs and major nonprofit organizations, indirect (F&A) costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director’s office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable). For nonprofit organizations, library expenses are included in the “Administration” category; for institutions of higher education, they are included in the “Facilities” category. Major IHEs are defined as those required to use the Standard Format for Submission as noted in Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs) paragraph C. 11. Major nonprofit organizations are those which receive more than \$10 million dollars in direct Federal funding.

(b) *Diversity of nonprofit organizations.* Because of the diverse characteristics and accounting practices of nonprofit organizations, it is not possible to specify the types of cost which may be classified as indirect (F&A) cost in all situations. Identification with a Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. However, typical examples of indirect (F&A) cost for many nonprofit organizations may include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.

(c) *Federal Agency Acceptance of Negotiated Indirect Cost Rates.* (See also §200.306 Cost sharing or matching.)

(1) The negotiated rates must be accepted by all Federal awarding agencies. A Federal awarding agency may use a rate different from the negotiated rate for a class of Federal awards or a single Federal award only when required by Federal statute or regulation, or when approved by a Federal awarding agency head or delegate based on documented justification as described in paragraph (c)(3) of this section.

(2) The Federal awarding agency head or delegate must notify OMB of any approved deviations.

(3) The Federal awarding agency must implement, and make publicly available, the policies, procedures and general decision-making criteria that their programs will follow to seek and justify deviations from negotiated rates.

(4) As required under §200.203 Notices of funding opportunities, the Federal awarding agency must include in the notice of funding opportunity the policies relating to indirect cost rate reimbursement, matching, or cost share as approved under paragraph

(e)(1) of this section. As appropriate, the Federal agency should incorporate discussion of these policies into Federal awarding agency outreach activities with non-Federal entities prior to the posting of a notice of funding opportunity.

(d) Pass-through entities are subject to the requirements in §200.331 Requirements for pass-through entities, paragraph (a)(4).

(e) Requirements for development and submission of indirect (F&A) cost rate proposals and cost allocation plans are contained in Appendices III-VII and Appendix IX as follows:

(1) Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs);

(2) Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations;

(3) Appendix V to Part 200—State/Local Governmentwide Central Service Cost Allocation Plans;

(4) Appendix VI to Part 200—Public Assistance Cost Allocation Plans;

(5) Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals; and

(6) Appendix IX to Part 200—Hospital Cost Principles.

(f) In addition to the procedures outlined in the appendices in paragraph (e) of this section, any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in §200.403 Factors affecting allowability of costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

(g) Any Non-Federal entity that has a current federally negotiated indirect cost rate may apply for a one-time extension of the rates in that agreement for a period of up to four years. This extension will be subject to the review and approval of the cognizant agency for indirect costs. If an extension is granted the non-Federal entity may not request a rate review until the extension period ends. At the end of the 4-year extension, the non-Federal entity must re-apply to negotiate a rate. Subsequent one-time extensions (up to four years) are permitted if a renegotiation is completed between each extension request.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75886, Dec. 19, 2014]

HCDE calculates indirect costs according to the federal requirements, and the calculation is sent to TEA (granting agency) for review and approval.

§200.415 Required certifications. As outlined by the subtitle

Required certifications include:

(a) To assure that expenditures are proper and in accordance with the terms and conditions of the Federal award and approved project budgets, the annual and final fiscal reports or vouchers requesting payment under the agreements must include a certification, signed by an official who is authorized to legally bind the non-Federal entity, which reads as follows: **“By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).”**

HCDE has implemented a certification for all draw down payments in the Business Office. The Program Director, the Staff Accountant, the Chief Accounting Officer and the Assistant Supt for Business will sign.

(b) Certification of cost allocation plan or indirect (F&A) cost rate proposal. Each cost allocation plan or indirect (F&A) **cost rate proposal must comply** with the following:

(1) A proposal to establish a cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the non-Federal entity, must be certified by the non-Federal entity using the Certificate of Cost Allocation Plan or Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. **The certificate must be signed on behalf of the non-Federal entity by an individual at a level no lower than vice president or chief financial officer of the non-Federal entity that submits the proposal.** **HCDE has implemented this requirement as part of the submission for the rate.**

(2) Unless the non-Federal entity has elected the option under §200.414 Indirect (F&A) costs, paragraph (f), the Federal Government may either disallow all indirect (F&A) costs or unilaterally establish such a plan or rate when the non-Federal entity fails to submit a certified proposal for establishing such a plan or rate in accordance with the requirements. Such a plan or rate may be based upon audited historical data or such other data that have been furnished to the cognizant agency for indirect costs and for which it can be demonstrated that all unallowable costs have been excluded. When a

cost allocation plan or indirect cost rate is unilaterally established by the Federal Government because the non-Federal entity failed to submit a certified proposal, the plan or rate established will be set to ensure that potentially unallowable costs will not be reimbursed.

(c) Certifications by non-profit organizations as appropriate that they did not meet the definition of a major nonprofit organization as defined in §200.414 Indirect (F&A) costs, paragraph (a).

(d) See also §200.450 Lobbying for another required certification.

SPECIAL CONSIDERATIONS FOR STATES, LOCAL GOVERNMENTS AND INDIAN TRIBES

§200.416 Cost allocation plans and indirect cost proposals. As outlined by the subtitle

(a) For states, local governments and Indian tribes, certain services, such as motor pools, computer centers, purchasing, accounting, etc., are provided to operating agencies on a centralized basis. Since Federal awards are performed within the individual operating agencies, **there needs to be a process whereby these central service costs can be identified and assigned to benefitted activities on a reasonable and consistent basis.** The central service cost allocation plan provides that process.

(b) Individual operating agencies (governmental department or agency), normally charge Federal awards for indirect costs through an indirect cost rate. A separate indirect cost rate(s) proposal for each operating agency is usually necessary to claim indirect costs under Federal awards. Indirect costs include:

(1) The indirect costs originating in each department or agency of the governmental unit carrying out Federal awards and

(2) The costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

(c) The requirements for development and submission of cost allocation plans (for central service costs and public assistance programs) and indirect cost rate proposals are contained in appendices IV, V and VI to this part.

HCDE prepares an indirect cost proposal and uses it to charge indirect costs.

§200.417 Interagency service. As outlined by the subtitle

The cost of services provided by one agency to another within the governmental unit may include allowable direct costs of the service plus a pro-rated share of indirect costs. A standard indirect cost allowance equal to ten percent of the direct salary and wage cost of providing the service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service. These services do not include centralized services included in central service cost allocation plans as described in Appendix V to Part 200—State/Local Government and Indian Tribe-Wide Central Service Cost Allocation Plans.

HCDE prepares an indirect cost proposal and uses it to charge indirect costs.

GENERAL PROVISIONS FOR SELECTED ITEMS OF COST

§200.420 Considerations for selected items of cost.

§200.421 Advertising and public relations.

(a) The term advertising costs means the costs of advertising media and corollary administrative costs. **Advertising media include magazines, newspapers, radio and television, direct mail, exhibits, electronic or computer transmittals, and the like.**

(b) The **only allowable advertising costs** are those which are solely for:

(1) The recruitment of personnel required by the non-Federal entity for performance of a Federal award (See also §200.463 Recruiting costs); **(HCDE uses advertising, but it is charged part of indirect costs).**

(2) The procurement of goods and services for the performance of a Federal award; **(HCDE uses advertising, but it is charged part of indirect costs).**

(3) The disposal of scrap or surplus materials acquired in the performance of a Federal award except when non-Federal entities are reimbursed for disposal costs at a predetermined amount; or **(HCDE uses advertising, but it is charged part of indirect costs).**

(4) Program outreach and other specific purposes necessary to meet the requirements of the Federal award. **(HCDE uses advertising, and it is charged to the direct program cost.)**

(c) The term “**public relations**” **includes** community relations and means those activities dedicated to maintaining the image of the non-Federal entity or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.

(d) The **only allowable public relations costs** are:

(1) Costs specifically required by the Federal award; **(HCDE uses public relations, and it is charged to the direct program cost.)**

(2) Costs of communicating with the public and press pertaining to specific activities or accomplishments which result from performance of the Federal award (these costs are considered necessary as part of the outreach effort for the Federal award); or **(HCDE uses public relations costs, but they are charged part of indirect costs).**

(3) Costs of conducting general liaison with news media and government public relations officers, to the extent that such activities are limited to communication and liaison necessary to keep the public informed on matters of public concern, such as notices of funding opportunities, financial matters, etc. **(HCDE uses public relations costs, but they are charged part of indirect costs).**

(e) **Unallowable advertising and public relations costs** include the following:

(1) All advertising and public relations costs other than as specified in paragraphs (b) and (d) of this section;

(2) Costs of meetings, conventions, convocations, or other events related to other activities of the entity (see also §200.432 Conferences), including:

(i) Costs of displays, demonstrations, and exhibits;

(ii) Costs of meeting rooms, hospitality suites, and other special facilities used in conjunction with shows and other special events; and

(iii) Salaries and wages of employees engaged in setting up and displaying exhibits, making demonstrations, and providing briefings;

(3) Costs of promotional items and memorabilia, including models, gifts, and souvenirs;

(4) Costs of advertising and public relations designed solely to promote the non-Federal entity.

HCDE does not allow these costs to be paid through federal funds in accordance with this section.

§200.422 Advisory councils.

Costs incurred by advisory councils or committees **are unallowable** unless authorized by statute, the Federal awarding agency or as an indirect cost where allocable to Federal awards. See §200.444 General costs of government, applicable to states, local governments and Indian tribes.

HCDE does not allow these costs to be paid through federal funds in accordance with this section unless they are authorized and documented in the federal application.

§200.423 Alcoholic beverages. Unallowable

§200.424 Alumni/ae activities. Unallowable

§200.425 Audit services.

(a) A reasonably proportionate share of the costs of audits required by, and performed in accordance with, the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507), as implemented by requirements of this part, are allowable. However, the following audit costs are unallowable:

(1) Any costs when audits required by the Single Audit Act and Subpart F—Audit Requirements of this part have not been conducted or have been conducted but not in accordance therewith; and

(2) Any costs of auditing a non-Federal entity that is exempted from having an audit conducted under the Single Audit Act and Subpart F—Audit Requirements of this part because its expenditures under Federal awards are less than \$750,000 during the non-Federal entity's fiscal year.

(b) The costs of a financial statement audit of a non-Federal entity that does not currently have a Federal award may be included in the indirect cost pool for a cost allocation plan or indirect cost proposal.

(c) Pass-through entities may charge Federal awards for the cost of agreed-upon-procedures engagements to monitor subrecipients (in accordance with Subpart D—Post Federal Award Requirements of this part, §§200.330 Subrecipient and contractor determinations through 200.332 Fixed Amount Sub awards) who are exempted from the requirements of the Single Audit Act and Subpart F—Audit Requirements of this part. This cost is allowable only if the agreed-upon-procedures engagements are:

(1) Conducted in accordance with GAGAS attestation standards;

(2) Paid for and arranged by the pass-through entity; and

(3) Limited in scope to one or more of the following types of compliance requirements: activities allowed or unallowed; allowable costs/cost principles; eligibility; and reporting.

(HCDE uses audit costs, but they are charged part of indirect costs).

§200.426 Bad debts. Unallowable

§200.427 Bonding costs.

(a) Bonding costs arise when the Federal awarding agency requires assurance against financial loss to itself or others by reason of the act or default of the non-Federal entity. They arise also in instances where the non-Federal entity requires similar assurance, including: bonds as bid, performance, payment, advance payment, infringement, and fidelity bonds for employees and officials.

(b) Costs of bonding required pursuant to the terms and conditions of the Federal award are allowable.

(c) Costs of bonding required by the non-Federal entity in the general conduct of its operations are allowable as an indirect cost to the extent that such bonding is in accordance with sound business practice and the rates and premiums are reasonable under the circumstances.

(HCDE uses bonding costs, but they are charged part of indirect costs).

§200.428 Collections of improper payments.

The costs incurred by a non-Federal entity to recover improper payments are allowable as either direct or indirect costs, as appropriate. Amounts collected may be used by the non-Federal entity in accordance with cash management standards set forth in §200.305 *Payment*.

(HCDE uses collections of receivables costs, but they are charged part of indirect costs).

§200.429 Commencement and convocation costs. Unallowable

§200.430 Compensation—personal services.

(a) *General.* Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits

which are addressed in §200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of this part, and that the total compensation for individual employees:

(1) Is reasonable for the services rendered and conforms to the established written policy of the non-Federal entity consistently applied to both Federal and non-Federal activities;

(2) Follows an appointment made in accordance with a non-Federal entity's laws and/or rules or written policies and meets the requirements of Federal statute, where applicable; and

(3) Is determined and supported as provided in paragraph (i) of this section, Standards for Documentation of Personnel Expenses, when applicable.

(b) *Reasonableness.* Compensation for employees engaged in work on Federal awards will be considered reasonable to the extent that it is consistent with that paid for similar work in other activities of the non-Federal entity. In cases where the kinds of employees required for Federal awards are not found in the other activities of the non-Federal entity, compensation will be considered reasonable to the extent that it is comparable to that paid for similar work in the labor market in which the non-Federal entity competes for the kind of employees involved.

(c) ***Professional activities outside the non-Federal entity.*** Unless an arrangement is specifically authorized by a Federal awarding agency, a non-Federal entity must follow its written non-Federal entity-wide policies and practices concerning the permissible extent of professional services that can be provided outside the non-Federal entity for non-organizational compensation. Where such non-Federal entity-wide written policies do not exist, or do not adequately define the permissible extent of consulting or other non-organizational activities undertaken for extra outside pay, the Federal Government may require that the effort of professional staff working on Federal awards be allocated between:

(1) Non-Federal entity activities, and

(2) Non-organizational professional activities. If the Federal awarding agency considers the extent of non-organizational professional effort excessive or inconsistent with the conflicts-of-interest terms and conditions of the Federal award, appropriate arrangements governing compensation will be negotiated on a case-by-case basis.

(d) *Unallowable costs.* (1) Costs which are unallowable under other sections of these principles must not be allowable under this section solely on the basis that they constitute personnel compensation.

(2) The allowable compensation for certain employees is subject to a ceiling in accordance with statute. For the amount of the ceiling for cost-reimbursement contracts, the covered compensation subject to the ceiling, the covered employees, and other

relevant provisions, see 10 U.S.C. 2324(e)(1)(P), and 41 U.S.C. 1127 and 4304(a)(16). For other types of Federal awards, other statutory ceilings may apply.

(e) *Special considerations.* Special considerations in determining allowability of compensation will be given to any change in a non-Federal entity's compensation policy resulting in a substantial increase in its employees' level of compensation (particularly when the change was concurrent with an increase in the ratio of Federal awards to other activities) or any change in the treatment of allowability of specific types of compensation due to changes in Federal policy.

(f) *Incentive compensation.* Incentive compensation to employees based on cost reduction, or efficient performance, suggestion awards, safety awards, etc., is allowable to the extent that the overall compensation is determined to be reasonable and such costs are paid or accrued pursuant to an agreement entered into in good faith between the non-Federal entity and the employees before the services were rendered, or pursuant to an established plan followed by the non-Federal entity so consistently as to imply, in effect, an agreement to make such payment.

(g) *Nonprofit organizations.* For compensation to members of nonprofit organizations, trustees, directors, associates, officers, or the immediate families thereof, determination must be made that such compensation is reasonable for the actual personal services rendered rather than a distribution of earnings in excess of costs. This may include directors and executive committee member's fees, incentive awards, allowances for off-site pay, incentive pay, location allowances, hardship pay, and cost-of-living differentials.

(h) *Institutions of higher education (IHEs).* (1) Certain conditions require special consideration and possible limitations in determining allowable personnel compensation costs under Federal awards. Among such conditions are the following:

(i) Allowable activities. Charges to Federal awards may include reasonable amounts for activities contributing and directly related to work under an agreement, such as delivering special lectures about specific aspects of the ongoing activity, writing reports and articles, developing and maintaining protocols (human, animals, etc.), managing substances/chemicals, managing and securing project-specific data, coordinating research subjects, participating in appropriate seminars, consulting with colleagues and graduate students, and attending meetings and conferences.

(ii) Incidental activities. Incidental activities for which supplemental compensation is allowable under written institutional policy (at a rate not to exceed institutional base salary) need not be included in the records described in paragraph (i) of this section to directly charge payments of incidental activities, such activities must either be specifically provided for in the Federal award budget or receive prior written approval by the Federal awarding agency.

(2) *Salary basis.* Charges for work performed on Federal awards by faculty members during the academic year are allowable at the IBS rate. Except as noted in

paragraph (h)(1)(ii) of this section, in no event will charges to Federal awards, irrespective of the basis of computation, exceed the proportionate share of the IBS for that period. This principle applies to all members of faculty at an institution. IBS is defined as the annual compensation paid by an IHE for an individual's appointment, whether that individual's time is spent on research, instruction, administration, or other activities. IBS excludes any income that an individual earns outside of duties performed for the IHE. Unless there is prior approval by the Federal awarding agency, charges of a faculty member's salary to a Federal award must not exceed the proportionate share of the IBS for the period during which the faculty member worked on the award.

(3) *Intra-Institution of Higher Education (IHE) consulting.* Intra-IHE consulting by faculty is assumed to be undertaken as an IHE obligation requiring no compensation in addition to IBS. However, in unusual cases where consultation is across departmental lines or involves a separate or remote operation, and the work performed by the faculty member is in addition to his or her regular responsibilities, any charges for such work representing additional compensation above IBS are allowable provided that such consulting arrangements are specifically provided for in the Federal award or approved in writing by the Federal awarding agency.

(4) Extra Service Pay normally represents overload compensation, subject to institutional compensation policies for services above and beyond IBS. Where extra service pay is a result of Intra-IHE consulting, it is subject to the same requirements of paragraph (b) above. It is allowable if all of the following conditions are met:

(i) The Non-Federal entity establishes consistent written policies which apply uniformly to all faculty members, not just those working on Federal awards.

(ii) The Non-Federal entity establishes a consistent written definition of work covered by IBS which is specific enough to determine conclusively when work beyond that level has occurred. This may be described in appointment letters or other documentations.

(iii) The supplementation amount paid is commensurate with the IBS rate of pay and the amount of additional work performed. See paragraph (h)(2) of this section.

(iv) The salaries, as supplemented, fall within the salary structure and pay ranges established by and documented in writing or otherwise applicable to the non-Federal entity.

(v) The total salaries charged to Federal awards including extra service pay are subject to the Standards of Documentation as described in paragraph (i) of this section.

(5) *Periods outside the academic year.* (i) Except as specified for teaching activity in paragraph (h)(5)(ii) of this section, charges for work performed by faculty members on Federal awards during periods not included in the base salary period will be at a rate not in excess of the IBS.

(ii) Charges for teaching activities performed by faculty members on Federal awards during periods not included in IBS period will be based on the normal written policy of the IHE governing compensation to faculty members for teaching assignments during such periods.

(6) *Part-time faculty.* Charges for work performed on Federal awards by faculty members having only part-time appointments will be determined at a rate not in excess of that regularly paid for part-time assignments.

(7) *Sabbatical leave costs.* Rules for sabbatical leave are as follow:

(i) Costs of leaves of absence by employees for performance of graduate work or sabbatical study, travel, or research are allowable provided the IHE has a uniform written policy on sabbatical leave for persons engaged in instruction and persons engaged in research. Such costs will be allocated on an equitable basis among all related activities of the IHE.

(ii) Where sabbatical leave is included in fringe benefits for which a cost is determined for assessment as a direct charge, the aggregate amount of such assessments applicable to all work of the institution during the base period must be reasonable in relation to the IHE's actual experience under its sabbatical leave policy.

(8) *Salary rates for non-faculty members.* Non-faculty full-time professional personnel may also earn "extra service pay" in accordance with the non-Federal entity's written policy and consistent with paragraph (h)(1)(i) of this section.

(i) *Standards for Documentation of Personnel Expenses* (1) Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

(i) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;

(ii) Be incorporated into the official records of the non-Federal entity;

(iii) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities (for IHE, this per the IHE's definition of IBS);

(iv) Encompass both federally assisted and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy;

(v) Comply with the established accounting policies and practices of the non-Federal entity (See paragraph (h)(1)(ii) above for treatment of incidental work for IHEs.); and

(vi) [Reserved]

(vii) Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

(viii) Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes, provided that:

(A) The system for establishing the estimates produces reasonable approximations of the activity actually performed;

(B) Significant changes in the corresponding work activity (as defined by the non-Federal entity's written policies) are identified and entered into the records in a timely manner. Short term (such as one or two months) fluctuation between workload categories need not be considered as long as the distribution of salaries and wages is reasonable over the longer term; and

(C) The Non-Federal entity's system of internal controls includes processes to review after-the-fact interim charges made to a Federal awards based on budget estimates. All necessary adjustment must be made such that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

(ix) Because practices vary as to the activity constituting a full workload (for IHEs, IBS), records may reflect categories of activities expressed as a percentage distribution of total activities.

(x) It is recognized that teaching, research, service, and administration are often inextricably intermingled in an academic setting. When recording salaries and wages charged to Federal awards for IHEs, a precise assessment of factors that contribute to costs is therefore not always feasible, nor is it expected.

(2) For records which meet the standards required in paragraph (i)(1) of this section, the non-Federal entity will not be required to provide additional support or documentation for the work performed, other than that referenced in paragraph (i)(3) of this section.

(3) In accordance with Department of Labor regulations implementing the Fair Labor Standards Act (FLSA) (29 CFR part 516), charges for the salaries and wages of nonexempt employees, in addition to the supporting documentation described in this section, must also be supported by records indicating the total number of hours worked each day.

(4) Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported in the same manner as salaries and wages claimed for reimbursement from Federal awards.

(5) For states, local governments and Indian tribes, substitute processes or systems for allocating salaries and wages to Federal awards may be used in place of or in addition to the records described in paragraph (1) if approved by the cognizant agency for indirect cost. Such systems may include, but are not limited to, random moment sampling, “rolling” time studies, case counts, or other quantifiable measures of work performed.

(i) Substitute systems which use sampling methods (primarily for Temporary Assistance for Needy Families (TANF), the Supplemental Nutrition Assistance Program (SNAP), Medicaid, and other public assistance programs) must meet acceptable statistical sampling standards including:

(A) The sampling universe must include all of the employees whose salaries and wages are to be allocated based on sample results except as provided in paragraph (i)(5)(iii) of this section;

(B) The entire time period involved must be covered by the sample; and

(C) The results must be statistically valid and applied to the period being sampled.

(ii) Allocating charges for the sampled employees' supervisors, clerical and support staffs, based on the results of the sampled employees, will be acceptable.

(iii) Less than full compliance with the statistical sampling standards noted in subsection (5)(i) may be accepted by the cognizant agency for indirect costs if it concludes that the amounts to be allocated to Federal awards will be minimal, or if it concludes that the system proposed by the non-Federal entity will result in lower costs to Federal awards than a system which complies with the standards.

(6) Cognizant agencies for indirect costs are encouraged to approve alternative proposals based on outcomes and milestones for program performance where these are clearly documented. Where approved by the Federal cognizant agency for indirect costs, these plans are acceptable as an alternative to the requirements of paragraph (i)(1) of this section.

(7) For Federal awards of similar purpose activity or instances of approved blended funding, a non-Federal entity may submit performance plans that incorporate funds from multiple Federal awards and account for their combined use based on performance-oriented metrics, provided that such plans are approved in advance by all involved Federal awarding agencies. In these instances, the non-Federal entity must submit a request for waiver of the requirements based on documentation that describes the method of charging costs, relates the charging of costs to the specific activity that is

applicable to all fund sources, and is based on quantifiable measures of the activity in relation to time charged.

(8) For a non-Federal entity where the records do not meet the standards described in this section, the Federal Government may require personnel activity reports, including prescribed certifications, or equivalent documentation that support the records as required in this section.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75886, Dec. 19, 2014]

HCDE uses personnel costs, and they are charged part of direct costs as allowed under this section.

§200.431 Compensation—fringe benefits.

- (a) Fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. Except as provided elsewhere in these principles, the costs of fringe benefits are allowable provided that the benefits are reasonable and are required by law, non-Federal entity-employee agreement, or an established policy of the non-Federal entity.

HCDE allocates fringe benefits in accordance with policies consistent to federal and non-federal cost objectives.

(b) *Leave.* The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

(1) They are provided under established written leave policies; **HCDE applies all personnel policies consistently to all employees.**

(2) The costs are equitably allocated to all related activities, including Federal awards; and, **HCDE applies all personnel policies consistently to all employees.**

(3) The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the non-Federal entity or specified grouping of employees. **HCDE uses modified accrual basis of accounting as required by GASB standards. For drawdown purposes, HCDE uses cash basis which means that it pays for costs and then is reimbursed from the grant.**

(i) When a non-Federal entity uses the cash basis of accounting, the cost of leave is recognized in the period that the leave is taken and paid for. Payments for unused leave when an employee retires or terminates employment are allowable in the year of payment. **For drawdown purposes, HCDE uses cash basis which means that it pays for costs and then is reimbursed from the grant.**

(ii) The accrual basis may be only used for those types of leave for which a liability as defined by GAAP exists when the leave is earned. When a non-Federal entity uses the accrual basis of accounting, allowable leave costs are the lesser of the amount accrued or funded.

For drawdown purposes, HCDE uses cash basis which means that it pays for costs and then is reimbursed from the grant.

(c) The cost of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in §200.447 Insurance and indemnification); pension plan costs (see paragraph (i) of this section); and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits, must be allocated to Federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such Federal awards and other activities, and charged as direct or indirect costs in accordance with the non-Federal entity's accounting practices. **HCDE grants fringe benefits in accordance with established policies.**

(d) Fringe benefits may be assigned to cost objectives by identifying specific benefits to specific individual employees or by allocating on the basis of entity-wide salaries and wages of the employees receiving the benefits. When the allocation method is used, separate allocations must be made to selective groupings of employees, unless the non-Federal entity demonstrates that costs in relationship to salaries and wages do not differ significantly for different groups of employees.

HCDE allocates fringe benefits in accordance with policies consistent to federal and non-federal cost objectives.

(e) *Insurance*. See also §200.447 Insurance and indemnification, paragraphs (d)(1) and (2).

(1) Provisions for a reserve under a self-insurance program for unemployment compensation or workers' compensation are allowable to the extent that the provisions represent reasonable estimates of the liabilities for such compensation, and the types of coverage, extent of coverage, and rates and premiums would have been allowable had insurance been purchased to cover the risks. However, provisions for self-insured liabilities which do not become payable for more than one year after the provision is made must not exceed the present value of the liability.

HCDE allocates worker's comp. costs in accordance with policies consistent to federal and non-federal cost objectives.

(2) Costs of insurance on the lives of trustees, officers, or other employees holding positions of similar responsibility are allowable only to the extent that the insurance represents additional compensation. The costs of such insurance when the non-Federal entity is named as beneficiary are unallowable.

HCDE provides life insurance coverage to all employees consistent with personnel policies.

(3) Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and similar employee benefits (e.g., post-retirement health benefits), are allowable in the year of payment provided that the non-Federal entity follows a consistent costing policy.

HCDE allocates insurance costs in accordance with policies consistent to federal and non-federal cost objectives.

(f) *Automobiles*. That portion of automobile costs furnished by the entity that relates to personal use by employees (including transportation to and from work) **is unallowable** as fringe benefit or indirect (F&A) costs regardless of whether the cost is reported as taxable income to the employees.

HCDE does not provide auto allowances for employees charged to federal grants.

(g) *Pension Plan Costs*. Pension plan costs which are incurred in accordance with the established policies of the non-Federal entity are allowable, provided that:

(1) Such policies meet the test of reasonableness.

(2) The methods of cost allocation are not discriminatory.

(3) For entities using accrual based accounting, the cost assigned to each fiscal year is determined in accordance with GAAP.

(4) The costs assigned to a given fiscal year are funded for all plan participants within six months after the end of that year. However, increases to normal and past service pension costs caused by a delay in funding the actuarial liability beyond 30 calendar days after each quarter of the year to which such costs are assignable are unallowable. Non-Federal entity may elect to follow the "Cost Accounting Standard for Composition and Measurement of Pension Costs" (48 CFR 9904.412).

(5) Pension plan termination insurance premiums paid pursuant to the Employee Retirement Income Security Act (ERISA) of 1974 (29 U.S.C. 1301-1461) are allowable. Late payment charges on such premiums are unallowable. Excise taxes on

accumulated funding deficiencies and other penalties imposed under ERISA are unallowable.

(6) Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established written policies of the non-Federal entity.

(i) For pension plans financed on a pay-as-you-go method, allowable costs will be limited to those representing actual payments to retirees or their beneficiaries.

(ii) Pension costs calculated using an actuarial cost-based method recognized by GAAP are allowable for a given fiscal year if they are funded for that year within six months after the end of that year. Costs funded after the six-month period (or a later period agreed to by the cognizant agency for indirect costs) are allowable in the year funded. The cognizant agency for indirect costs may agree to an extension of the six-month period if an appropriate adjustment is made to compensate for the timing of the charges to the Federal Government and related Federal reimbursement and the non-Federal entity's contribution to the pension fund. Adjustments may be made by cash refund or other equitable procedures to compensate the Federal Government for the time value of Federal reimbursements in excess of contributions to the pension fund.

(iii) Amounts funded by the non-Federal entity in excess of the actuarially determined amount for a fiscal year may be used as the non-Federal entity's contribution in future periods.

(iv) When a non-Federal entity converts to an acceptable actuarial cost method, as defined by GAAP, and funds pension costs in accordance with this method, the unfunded liability at the time of conversion is allowable if amortized over a period of years in accordance with GAAP.

(v) The Federal Government must receive an equitable share of any previously allowed pension costs (including earnings thereon) which revert or inure to the non-Federal entity in the form of a refund, withdrawal, or other credit.

HCDE allocates pension costs in accordance with policies consistent to federal and non-federal cost objectives.

(h) *Post-Retirement Health.* Post-retirement health plans (PRHP) refers to costs of health insurance or health services not included in a pension plan covered by paragraph (g) of this section for retirees and their spouses, dependents, and survivors. PRHP costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established written policies of the non-Federal entity.

HCDE does not provide post-retirement health costs.

(1) For PRHP financed on a pay-as-you-go method, allowable costs will be limited to those representing actual payments to retirees or their beneficiaries.

(2) PRHP costs calculated using an actuarial cost method recognized by GAAP are allowable if they are funded for that year within six months after the end of that year. Costs funded after the six-month period (or a later period agreed to by the cognizant agency) are allowable in the year funded. The Federal cognizant agency for indirect costs may agree to an extension of the six-month period if an appropriate adjustment is made to compensate for the timing of the charges to the Federal Government and related Federal reimbursements and the non-Federal entity's contributions to the PRHP fund. Adjustments may be made by cash refund, reduction in current year's PRHP costs, or other equitable procedures to compensate the Federal Government for the time value of Federal reimbursements in excess of contributions to the PRHP fund.

(3) Amounts funded in excess of the actuarially determined amount for a fiscal year may be used as the Federal Government's contribution in a future period.

(4) When a non-Federal entity converts to an acceptable actuarial cost method and funds PRHP costs in accordance with this method, the initial unfunded liability attributable to prior years is allowable if amortized over a period of years in accordance with GAAP, or, if no such GAAP period exists, over a period negotiated with the cognizant agency for indirect costs.

(5) To be allowable in the current year, the PRHP costs must be paid either to:

(i) An insurer or other benefit provider as current year costs or premiums, or

(ii) An insurer or trustee to maintain a trust fund or reserve for the sole purpose of providing post-retirement benefits to retirees and other beneficiaries.

(6) The Federal Government must receive an equitable share of any amounts of previously allowed post-retirement benefit costs (including earnings thereon) which revert or inure to the non-Federal entity in the form of a refund, withdrawal, or other credit.

HCDE does not provide post-retirement benefits

(i) *Severance Pay.* (1) Severance pay, also commonly referred to as dismissal wages, is a payment in addition to regular salaries and wages, by non-Federal entities to workers whose employment is being terminated. Costs of severance pay are allowable only to the extent that in each case, it is required by (a) law, (b) employer-employee agreement, (c) established policy that constitutes, in effect, an implied agreement on the non-Federal entity's part, or (d) circumstances of the particular employment.

(2) Costs of severance payments are divided into two categories as follows:

(i) Actual normal turnover severance payments must be allocated to all activities; or, where the non-Federal entity provides for a reserve for normal severances, such method will be acceptable if the charge to current operations is reasonable in light of

payments actually made for normal severances over a representative past period, and if amounts charged are allocated to all activities of the non-Federal entity.

(ii) Measurement of costs of abnormal or mass severance pay by means of an accrual will not achieve equity to both parties. Thus, accruals for this purpose are not allowable. However, the Federal Government recognizes its obligation to participate, to the extent of its fair share, in any specific payment. Prior approval by the Federal awarding agency or cognizant agency for indirect cost, as appropriate, is required.

(3) Costs incurred in certain severance pay packages which are in an amount in excess of the normal severance pay paid by the non-Federal entity to an employee upon termination of employment and are paid to the employee contingent upon a change in management control over, or ownership of, the non-Federal entity's assets, are unallowable.

(4) Severance payments to foreign nationals employed by the non-Federal entity outside the United States, to the extent that the amount exceeds the customary or prevailing practices for the non-Federal entity in the United States, are unallowable, unless they are necessary for the performance of Federal programs and approved by the Federal awarding agency.

HCDE adheres to this section when severance pay is paid in accordance with personnel policies.

(5) Severance payments to foreign nationals employed by the non-Federal entity outside the United States due to the termination of the foreign national as a result of the closing of, or curtailment of activities by, the non-Federal entity in that country, are unallowable, unless they are necessary for the performance of Federal programs and approved by the Federal awarding agency.

HCDE adheres to this section when severance pay is paid in accordance with personnel policies.

(j)(1) *For IHEs only.* Fringe benefits in the form of tuition or remission of tuition for individual employees are allowable, provided such benefits are granted in accordance with established non-Federal entity policies, and are distributed to all non-Federal entity activities on an equitable basis. Tuition benefits for family members other than the employee is unallowable.

(2) Fringe benefits in the form of tuition or remission of tuition for individual employees not employed by IHEs are limited to the tax-free amount allowed per section 127 of the Internal Revenue Code as amended.

(3) IHEs may offer employees tuition waivers or tuition reductions for undergraduate education under IRC Section 117(d) as amended, provided that the benefit does not discriminate in favor of highly compensated employees. Federal reimbursement of tuition or remission of tuition is also limited to the institution for which

the employee works. See §200.466 Scholarships and student aid costs, for treatment of tuition remission provided to students.

(k) For IHEs whose costs are paid by state or local governments, fringe benefit programs (such as pension costs and FICA) and any other benefits costs specifically incurred on behalf of, and in direct benefit to, the non-Federal entity, are allowable costs of such non-Federal entities whether or not these costs are recorded in the accounting records of the non-Federal entities, subject to the following:

(1) The costs meet the requirements of Basic Considerations in §§200.402 Composition of costs through 200.411 Adjustment of previously negotiated indirect (F&A) cost rates containing unallowable costs of this subpart;

(2) The costs are properly supported by approved cost allocation plans in accordance with applicable Federal cost accounting principles; and

(3) The costs are not otherwise borne directly or indirectly by the Federal Government.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75886, Dec. 19, 2014]

HCDE charges fringe benefits costs to the grant as part of direct costs as allowed under this section.

§200.432 Conferences.

A conference is defined as a meeting, retreat, seminar, symposium, workshop or event whose primary purpose is the dissemination of technical information beyond the non-Federal entity and is necessary and reasonable for successful performance under the Federal award.

Allowable conference costs paid by the non-Federal entity as a sponsor or host of the conference may include rental of facilities, speakers' fees, costs of meals and refreshments, local transportation, and other items incidental to such conferences unless further restricted by the terms and conditions of the Federal award. As needed, the costs of identifying, but not providing, locally available dependent-care resources are allowable.

Conference hosts/sponsors must exercise discretion and judgment in ensuring that conference costs are appropriate, necessary and managed in a manner that minimizes costs to the Federal award.

The Federal awarding agency may authorize exceptions where appropriate for programs including Indian tribes, children, and the elderly. See also §§200.438 Entertainment costs, 200.456 Participant support costs, 200.474 Travel costs, and 200.475 Trustees.

HCDE adheres to these guidelines and charges costs as direct costs as necessary.

§200.437 Employee health and welfare costs. Allowable

(a) Costs incurred in accordance with the non-Federal entity's documented policies for the improvement of working conditions, employer-employee relations, employee health, and employee performance are allowable.

(b) Such costs will be equitably apportioned to all activities of the non-Federal entity. Income generated from any of these activities will be credited to the cost thereof unless such income has been irrevocably sent to employee welfare organizations.

(c) Losses resulting from operating food services are allowable only if the non-Federal entity's objective is to operate such services on a break-even basis. Losses sustained because of operating objectives other than the above are allowable only:

- (1) Where the non-Federal entity can demonstrate unusual circumstances; and
- (2) With the approval of the cognizant agency for indirect costs.

HCDE adheres to this section when severance pay is paid in accordance with personnel policies. Health insurance is allocated based on rates paid to insurance provider.

§200.438 Entertainment costs. Unallowable

Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable, **except where specific costs** that might otherwise be considered entertainment have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency.

HCDE does not charge entertainment costs, except as identified in the grant.

§200.459 Professional service costs.

(a) Costs of professional and consultant services rendered by persons who are members of a particular profession or possess a special skill, and who are not officers or employees of the non-Federal entity, **are allowable**, subject to paragraphs (b) and (c) when reasonable in relation to the services rendered and when not contingent upon recovery of the costs from the Federal Government. In addition, legal and related services are limited under §200.435 Defense and prosecution of criminal and civil proceedings, claims, appeals and patent infringements.

(b) In determining the allowability of costs in a particular case, no single factor or any special combination of factors is necessarily determinative. However, the following factors are relevant:

(1) The nature and scope of the service rendered in relation to the service required.

(2) The necessity of contracting for the service, considering the non-Federal entity's capability in the particular area.

(3) The past pattern of such costs, particularly in the years prior to Federal awards.

(4) The impact of Federal awards on the non-Federal entity's business (i.e., what new problems have arisen).

(5) Whether the proportion of Federal work to the non-Federal entity's total business is such as to influence the non-Federal entity in favor of incurring the cost, particularly where the services rendered are not of a continuing nature and have little relationship to work under Federal awards.

(6) Whether the service can be performed more economically by direct employment rather than contracting.

(7) The qualifications of the individual or concern rendering the service and the customary fees charged, especially on non-federally funded activities.

(8) Adequacy of the contractual agreement for the service (e.g., description of the service, estimate of time required, rate of compensation, and termination provisions).

(c) In addition to the factors in paragraph (b) of this section, to be allowable, retainer fees must be supported by evidence of bona fide services available or rendered.

HCDE has consultant and professional services guidelines to include evaluation of consultant versus employee determination.

§200.460 Proposal costs.

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period.

HCDE charges proposal costs to indirect costs.

200.474 Travel costs.

(a) *General.* Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the non-Federal entity. **Such costs may be charged** on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the non-Federal entity's non-federally-funded activities and in accordance with non-Federal entity's written travel reimbursement policies. Notwithstanding the provisions of §200.444 General costs of government, travel costs of officials covered by that section are allowable with the prior written approval of the Federal awarding agency or pass-through entity when they are specifically related to the Federal award.

(b) *Lodging and subsistence.* Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the non-Federal entity in its regular operations as the result of the non-Federal entity's written travel policy. In addition, if these costs are charged directly to the Federal award documentation **must justify that:**

(1) Participation of the individual is necessary to the Federal award; and

(2) The costs are reasonable and consistent with non-Federal entity's established travel policy.

(c)(1) Temporary dependent care costs (as dependent is defined in 26 U.S.C. 152) above and beyond regular dependent care that directly results from travel to conferences is allowable provided that:

(i) The costs are a direct result of the individual's travel for the Federal award;

(ii) The costs are consistent with the non-Federal entity's documented travel policy for all entity travel; and

(iii) Are only temporary during the travel period.

(2) Travel costs for dependents are unallowable, except for travel of duration of six months or more with prior approval of the Federal awarding agency. See also §200.432 Conferences.

(d) In the absence of an acceptable, written non-Federal entity policy regarding travel costs, the rates and amounts established under 5 U.S.C. 5701-11, (“Travel and Subsistence Expenses; Mileage Allowances”), or by the Administrator of General Services, or by the President (or his or her designee) pursuant to any provisions of such subchapter must apply to travel under Federal awards (48 CFR 31.205-46(a)).

(e) *Commercial air travel.* (1) Airfare costs in excess of the basic least expensive unrestricted accommodations class offered by commercial airlines are unallowable except when such accommodations would:

(i) Require circuitous routing;

(ii) Require travel during unreasonable hours;

(iii) Excessively prolong travel;

(iv) Result in additional costs that would offset the transportation savings; or

(v) Offer accommodations not reasonably adequate for the traveler's medical needs. The non-Federal entity must justify and document these conditions on a case-by-case basis in order for the use of first-class or business-class airfare to be allowable in such cases.

(2) Unless a pattern of avoidance is detected, the Federal Government will generally not question a non-Federal entity's determinations that customary standard airfare or other discount airfare is unavailable for specific trips if the non-Federal entity can demonstrate that such airfare was not available in the specific case.

(f) *Air travel by other than commercial carrier.* Costs of travel by non-Federal entity-owned, -leased, or -chartered aircraft include the cost of lease, charter, operation (including personnel costs), maintenance, depreciation, insurance, and other related costs. The portion of such costs that exceeds the cost of airfare as provided for in paragraph (d) of this section, is unallowable.

AUDITEES

§200.510 Financial statements.

(a) *Financial statements.* The auditee must prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year audited. The financial statements must be for the same organizational unit and fiscal year that is chosen to meet the requirements of this part. However, non-Federal entity-wide financial statements may also include departments, agencies, and other organizational units that have separate audits in accordance with §200.514 Scope of audit, paragraph (a) and prepare separate financial statements.

(b) *Schedule of expenditures of Federal awards.* The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502 Basis for determining Federal awards expended. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the number of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:

(1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.

(2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.

(3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.

(4) Include the total amount provided to subrecipients from each Federal program.

(5) For loan or loan guarantee programs described in §200.502 Basis for determining Federal awards expended, paragraph (b), identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.

(6) Include notes that describe that significant accounting policies used in preparing the schedule, and note whether or not the auditee elected to use the 10% de minimis cost rate as covered in §200.414 Indirect (F&A) costs.

Standards

Financial Management Standards consist of the application of fiscal controls and written accounting procedures used in managing the program funds. Federal regulations require that (1) financial reporting be accurate, current and disclosed in accordance with the requirements set forth by the respective granting agency; (2) accounting records be maintained and include all documentation pertaining to the source and application of funds provided in the grant award; (3) effective controls over and accountability for all funds must be adequately maintained; (4) financial reports regarding the actual expenditure or outlays compared with budget must be produced monthly; (5) cash management provides assurance for safeguarding funds in an effective and efficient manner; (6) procedures in determining the reasonableness, allocability, and allowability of costs are followed in accordance with the provisions applicable to the federal cost principles and (7) all accounting records and documentation support the procurement of all assets funded by the grant.

Requirements

A federal review of various grant programs will be conducted at least once every **year by the HCDE Business Office**. The fiscal portion of the review is designed to monitor the performances of the grantee's (HCDE) financial management of program funds. In addition to this mandated review, a targeted on-site review may be performed whenever necessary and deemed by the Business Office.

References

All federal rules, regulations and standards for the program are cited by the Uniform Grant Compliance and other related federal legislative correspondence.

Allowable Costs

Determinate of allowable costs

All costs charged to the program grant must meet the following requirements: (1) be approved by authorized personnel (director, supervisor, etc.); (2) determined as reasonable; (3) allocable to the program for which the grant was awarded; (4) permitted under the appropriate cost principles prescribed in **Title 2 of the federal regulations, Subtitle A, Part 200**. 5) not restricted or prohibited by the terms and conditions of the grant and (6) be in accordance with generally accepted accounting principles (GAAP).

Procedures and Prohibited Costs

All requests to charge **any cost** to the program must follow all procedures as stated in the HCDE Financial Operating Guidelines. Obtaining proper authorizations and signatures is important to ensure adequate internal controls. Refer to **Title 2 of the federal regulations, Subtitle A, Part 200** for a list of prohibited costs.

Costs should be allocable to the program if they benefit the project either directly or indirectly. Costs are considered direct if they are for a specific activity, program or project. Costs are considered indirect if they are necessary for the operation of the organization, but are not incurred for a specific activity, program or project.

Under no circumstances should any cost be charged to the program if it is not an allowable cost or if the cost has not been approved by the granting agency.

HCDE account code structure emphasizes the use of line-item budgeting that specifically identifies the type of cost that is charged. All programs are required to use that same code structure.

Expenditure Obligations

Definition

Only allowable costs associated with the grant period may be charged to the grant award. Funds awarded are available for obligation at any time during the budget period. No funds are to be obligated after the grant ends (meaning after the expiration of the grant funding period or termination of the grant funds).

When Obligation Occurs

Grant funds may not be used for obligations or expenditures made prior to the beginning date of an initial grant without prior written approval by the granting agency.

The following types of goods and/or services are considered to be obligated during the availability of funds:

- Services by an employee are obligated on the date the services are performed.
- Services by a contractor are obligated on the date of a binding written commitment or the date the services are received.
- Accrued vacations are obligated on the date the leave is earned.
- Public utility services are obligated on the date services are received.
- Travel is obligated on the date the travel is taken.
- Acquisition of real property is obligated on the date of a binding written commitment or the date the property is received.
- Rental of real or personal property is obligated when property is used.
- Acquisition of supplies, equipment and other personal property are obligated on the date the goods or services were ordered from the vendor or on the date of a binding written commitment.

Compliance Requirements

To insure compliance with federal regulations and the policies and procedures addressed in **Title 2 of the federal regulations, Subtitle A, Part 200**, all obligations must be incurred before the end of the project period and must be liquidated within no more than 90 days after the end of the project period. The final SF-425 Federal Financial Report (FFR) should reflect the liquidation of any obligations which remained outstanding at the time the previous report was submitted. Any situation that will delay full liquidation of obligations after the 90-day period must have prior written approval from the granting agency for unobligated balances.

Administrative Costs

Definition

Administrative costs are those costs related to organization-wide management functions plus the costs of management functions for each individual program within the organization. These costs can be in both the personnel and non-personnel categories. All management functions such as planning; coordination and direction; budgeting, accounting, auditing and management of payroll, personnel, purchasing and property are considered administrative costs.

Identification

Program administrative cost is currently identified and denoted within the account code structure. It is used as one of the program components in conjunction with the cost center. For example, all cost generated by the Program Director is categorized as administrative cost. The expenditure will be identified in the chart of accounts as 41-610. The "41" represents the function for Administration costs and the "610" represents the cost center for Irvington.

Each program also identifies costs that may be associated with more than one program component and cost center. This cost is called "dual benefit costs". During the budget process cost is allocated in two distinctive categories: personnel and non-personnel expenditures. Personnel expenditures for program managers, coordinators, center managers and some specialists are allocated based on "dual benefit costs". Others are either 100% charged to a specific program or to administration. Non-personnel expenditures are allocated 100% based on the program, the location and the cost category. For instance, if a Head Start center is in need of repairs for any area of the facility, that cost will be allocated to a program-wide cost category for facilities and the specified location. For example, under the current account code structure, it will be denoted in the chart of accounts as "51-641". The "51" represents the function for Facilities Maintenance and Operation, the "641" represents the cost center for a particular Head Start center (in this example, "641" denotes Compton Head Start Center). All Head Start centers will have a budget for personnel and non-personnel expenditures.

Monitoring

The amount of allowable administrative cost that may be incurred during any given grant period can not exceed 15% of the total annual approved costs of the program, unless a temporary waiver was granted by the granting agency. Periodic calculations should be made to ensure that the maximum administrative cost is not exceeded. Monitoring of administrative cost calculations should be communicated with the Program Director or included in all financial reports whether generated by the accounting system or some form of spreadsheet. All supporting documentation of calculations should accompany.

Indirect Cost

Definition

Indirect Costs are costs incurred by the individual program that are not readily identifiable with a particular project or program but are necessary for the operation and performance of the program. Examples of indirect cost include business services, human resources, purchasing and technology support services, operating and maintaining facilities and depreciation.

Indirect Cost Rate Agreement

HCDE indirect cost rate agreement is established by the Texas Education Agency and is effective for the period July through June of the fiscal year. Each program uses the effective rate for the current grant period. Calculation of indirect cost is obtained with the use of a cash drawdown spreadsheet.

Calculation

The cash drawdown spreadsheet calculates the indirect cost based on the total of all allowable and allocable cost minus any reimbursements and capital outlay. The spreadsheet is designed to keep track and monitor the total cash outlays, the amount of cash received and the total amount of indirect cost recorded.

Cost Allocation Method

Method Used

The cost allocation method currently used by each program is practiced as stated:

The total approved budget is divided into two categories: personnel and non-personnel expenditures. The personnel expenditures are further divided into administrative and program cost percentages, where applicable.

Cost allocation rates are determined through a review of all positions that are paid by each grant. On a periodic basis, HCDE and Program Management review the activities and scope of each job to ensure costs are allocated appropriately. **In addition, each program director shall be required to review payroll distributions each month. All payroll distributions shall be approved by the applicable business office staff accountant and the program director.**

Non-personnel expenditures such as postage, facilities maintenance, utilities, etc. are charged depending on the location usage. All education related goods or services will be charged to the education program. The utilities for a particular location will be charged to a program-wide code identifying that particular location.

All efforts are made to ensure that each program component receives equitable funds to carry out its objectives and to run a smooth program. Budgeted line-items may be adjusted periodically, not to exceed the total budget, as needed by the individual programs.

Cash Management

Cash Drawdowns

All program obligations are paid on a reimbursement basis. Cash drawdowns are initiated and requested electronically through the Payment Management System. Drawdowns (or other drawdowns as identified by the respective grant) should be requested at least monthly to cover prior expenditures. All efforts should be made to minimize idle cash in the bank. **In addition, each program director will be asked to review drawdowns and approve them.**

Prohibited Cash Transactions

At no time should program monies be used to cover expenditures for other activities not related to the respective program. All interfund loans are strictly prohibited.

Settling of Due To and Due From Transactions

The current accounting system automatically generates due to (receivables) and due from (payables) transactions, as necessary. Due To and Due From transactions are settled on a monthly basis.

Internal Controls

All efforts should be made to ensure that all funds are adequately insured at all times. Bank deposits and collateral coverages are monitored on a daily basis by the Accounting Manager. Bank reconciliations should be done on a monthly basis and should be reviewed and signed by an authorized party.

Interest Earnings

All bank interest earnings are transferred to the general operating fund.

Budgeting & Monitoring

Compliance

To comply with **Title 2 of the federal regulations, Subtitle A, Part 200**, and HCDE board policy, actual expenditures or outlays must be compared with budgeted amounts. Program monthly budget reports are generated and distributed to the program director and HCDE Board of Directors.

Budget Preparation

The Budget is prepared by the Program Director in conjunction with the Business Office Staff Accountant. The approved Budget is forwarded to the Business Office to be entered into the accounting system by the Staff Accountant.

Responsible Parties

The Staff Accountant is responsible for monitoring and preparing all budget amendments for the program grant.

Additional financial reports are prepared by the Staff Accountant to further define cost and to monitor spending.

Authorizations

All forms of payment authorizations requiring the use of program funds and the reduction of the budget require the signature of the Program Director AND the Staff Accountant. This will insure that all goods and/or services are reviewed and determined to be allowable, reasonable and allocable as described in the cost principle guidelines **Title 2 of the federal regulations, Subtitle A, Part 200**.

Although the Program budget is prepared outside the planning and preparation of the overall HCDE budget, all policies and procedures in regard to budget maintenance should adhere to those set forth by HCDE. Refer to HCDE Budget requirements.

Financial Reporting

HCDE is committed to exercising sound financial and business management practices for all funds, including all grants, to ensure that the organization's overall objectives are met.

Preparation

All financial reporting must be completed on the appropriate form provided by the granting agency. There are two main reports that are required to be submitted during each grant period.

Requirements

SF-425 Federal Financial Report (FFR) is used to report the status of the grant funds. This report is required to be submitted within 30 days after the end of the first and last six months of each annual budget period. A final report must be submitted no later than 90 days after the end of each budget period. This report should accompany all documentation used to report the financial status of the grant and should be reconcilable to the accounting records. Additional information required should include (1) all reimbursements by USDA; (2) all cost related to Training & Technical Assistance and (3) all cost related to Disabilities services and (4) all cost related to Administrative costs. The submission of this report is done online at www.grantsolutions.gov.

Federal Financial Report (FFR) is also used to report all cash disbursements of the grant funds.

This report is required to be submitted within 30 days after the end of each quarter (Mar, June, Aug and Dec) during the budget period. The FFR is created online via the internet through the Payment Management System. Business department staff handles and/or processes a substantial amount of confidential information. All staff is strictly prohibited from revealing confidential information to an unauthorized individual. Unless required by Federal, state, and local statute, HCDE is not required to permit public access to their records. HCDE shall make all grant-related records available for access to the federal granting agency and/or pass-through entity upon request.

All business office staff shall sign a Confidentiality Agreement on an annual basis. Among the most critical information is documentation related to employee's Personally-Identifiable Information (PII) such as health, benefits, financial, family members, or other personal information. Violators will be subject to discipline, employment termination, and/or may be reported to the appropriate legal

authorities. Violations of some protected information, such as health or medical information, is also protected by federal laws, such as HIPPA.

Unless notified otherwise by the federal granting agency, HCDE shall retain all financial and program records related to the grant award in accordance with the federal grant. Upon request from the federal granting agency, HCDE shall transfer the records to the requesting federal agency.

The business office staff shall be authorized to access the departments financial and/or payroll system(s) for job-related purposes only. Use of the systems for personal reasons or benefit will result in disciplinary action, up to and including employment termination.

Each staff member shall take appropriate steps to ensure that their respective computer system is managed in a control environment to prevent unauthorized access.

Assignment of Access and Passwords (†)

Access to data systems shall be based on the specific job duties and responsibilities of each staff member. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and “read-only”. These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud.

Each staff member shall be responsible for securing their assigned (selected) password. At no time shall passwords be shared with others or posted in visible locations within the staff member’s work space. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Data system access to the authorized modules, shall be determined by the **Assistant Supt for Business/CFO (alternate: Chief Accounting Officer)**. Each staff member shall have access to their respective database(s) and tabs within a database based on their position. Security roles will be established and assigned with the specific access to each module. In the event that a staff member gains access, due to human or software error, that he/she is not entitled to, it is the responsibility and duty of the staff member to notify the Security Administrator, or IT Coordinator, regarding the ability to access the restricted database or module(s).

Revoking Access (†)

Access to data systems are subject to change and/or revocation when changes occur to a staff member’s position, duties or responsibilities. Access to data systems are also subject to revocation when a staff member violations the Responsible Use Guidelines. Each staff member shall sign a Responsible Use Guidelines every fiscal year.

Business Staff Training (†)

Every staff member will be scheduled to attend at least **one** training and/or conference opportunity per year.

An annual training calendar shall be developed that may include, but is not limited to, topics in the following areas:

- **Payroll and Human Resources Compliance Issues**
- **GASB**
- **Audit requirements**
- **Legal changes, such as Purchasing**

- **Data system (software)**
- **Travel Guidelines**

Additional training requests should be submitted to the **Department Director**. It is the employee's responsibility to request additional training that he/she feels will be beneficial in performing the assigned job tasks. At times, the immediate supervisor may also recommend or direct that a staff member attend specific training to improve their skills or comply with a Growth Plan.

In an effort to support compliance of fiscal policies and procedures, the business office shall conduct annual training for department administrative and support staff, as appropriate. **Assistant Supt for Business/CFO** shall be responsible for developing the training calendar. Critical training areas shall include, but not be limited to:

- **Accounting Management**
- **Budget Development Process**
- **Cash Management**
- **State and Federal Grants Management**

State and Federal Grant Management (†)

The Office for Grants and Fiscal Compliance (GFC) at Texas Education Agency is responsible for managing all discretionary and formula grants, ensuring the agency's compliance with federal grant requirements, and conducting audits and reviews of all local educational agencies (LEAs). The department houses the following divisions:

- Division of Grants Administration
(formerly the Division of Discretionary Grants and the Division of Formula Funding)
- Division of Federal Program Compliance
(formerly the Fiscal Accountability and Federal Reporting Unit)
- Division of Financial Compliance
(formerly housed in the Office for Accreditation)

Compliance with all federal and state grant requirements is essential to ensure that all granted funds remain with the department. Failure to comply with grant requirements may result in denial of reimbursement requests and/or requests from the granting agency to return a portion or in some cases all grant funds.

Federal Regulations for Federal Grant Awards

All federal grant funds are subject to the compliance with Administrative (EDGAR) and Programmatic (NSLP, IDEA, etc.) regulations for each federal grant award. Title 34, Code of Federal Regulations (CFR), Parts 75-79, 81 to 86 and 97-99 EDGAR is currently in transition. For awards made prior to 12/26/2014, EDGAR Parts 74 and 80 still apply. For awards made on or after 12/26/2014, 2 CFR Part 200, which includes the substance formerly in parts 74 and 80, applies. For state-administered federal grants, TEA shall notify HCDE on the Notice of Grant Award (NOGA) of the applicable administrative regulations. The State and Federal Grants Addendum contains guidance for pre-December 26, 2014 federal grant awards. The date of the award to HCDE (or pass-through entity such as TEA) shall determine the appropriate regulations.

When the department's local policies and/or procedures conflict with the federal regulations, HCDE shall comply with the more restrictive regulations, shall be adhered to in all aspects of federal and state grants management.

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes five (5) subparts under 2 CFR Part 200 of EDGAR as noted below:

900 – State and Federal Programs/Grants (†)

901 State Programs – Allotments

HCDE also receives some state funds through the Texas Education Agency. Funding includes revenues from foundation fund for health insurance allotment. These funds are used to provide part of the health insurance to employees. Other state funds include the TRS on behalf payments for being a member of the TRS system.

State funds received also derived as follows:

- **Adult Ed funds – HCDE has a contract with HGAC as subcontractor and some of the funds used are state funds such as**

The Business Office, specifically the **Assistant Supt for Business/CFO**, shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but not limited to: assist the grant manager with budgeting development, budget monitoring, approval of expenditures, financial reporting to TEA or granting agency, and financial audit.

At the beginning of each fiscal year, the **salaries of all staff** should be determined based on their position and assignment. Specifically, we need to know the following:

- | | |
|---------------------------------|--|
| ▪ What the employee will do? | Determines the function code |
| ▪ Where the employee will work? | Determines the organization code (may be split) |
| ▪ Who will benefit? | Determines the population served or PIC (may be split) |

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full-time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program.

The **Grant Manager** will review all expenditures and determine that all costs are allowed and within the grant requirements.

902 Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7>

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “department”, as a recipient of a federal grant award.

General Provisions:

HCDE shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. HCDE has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The administrative conflict of interest questionnaire shall be utilized for compliance with this provision. The Conflicts of Interest Disclosure Statement shall be completed by all HCDE staff involved in federal grant awards: **Superintendent, Assistant Supt for Business/CFO, Human Resources, Grant Manager, and Supervisors authorizing transactions**. Conflicts of interest, if any are reported, shall be posted on the HCDE’s website and reported to the granting agency. The **Assistant Supt for Business/CFO** shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. HCDE shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
3. HCDE shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, HCDE shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, HCDE shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, HCDE shall reclassify fraudulent expenditures made with federal grant awards to local HCDE funds, i.e. the General Fund. The **Assistant Supt for Business/CFO** shall be responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.

All HCDE employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award. **CH Local policy has been changed to implement this requirement.**

In addition, **all HCDE employees are prohibited** from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an

nominal (individual) value of **\$50.00** Current Conflict of Interest limit in a fiscal year. **The unsolicited gifts or tokens may not include the** following:

- Items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products
- Any weapons or illegal items
- Any items from an illicit business

HCDE employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the department. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the **Superintendent**.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of **HCDE** in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

HCDE shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

1. Timely submission of all required programmatic and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Implementing grant management procedures and internal controls

If **HCDE** is determined to be a “high risk” department, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, **HCDE** shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by HCDE prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from **local HCDE funds, i.e. the General Fund**.

902.1 Grant Application Process

HCDE may be eligible to apply for “entitlement” or “competitive” federal grant funds.

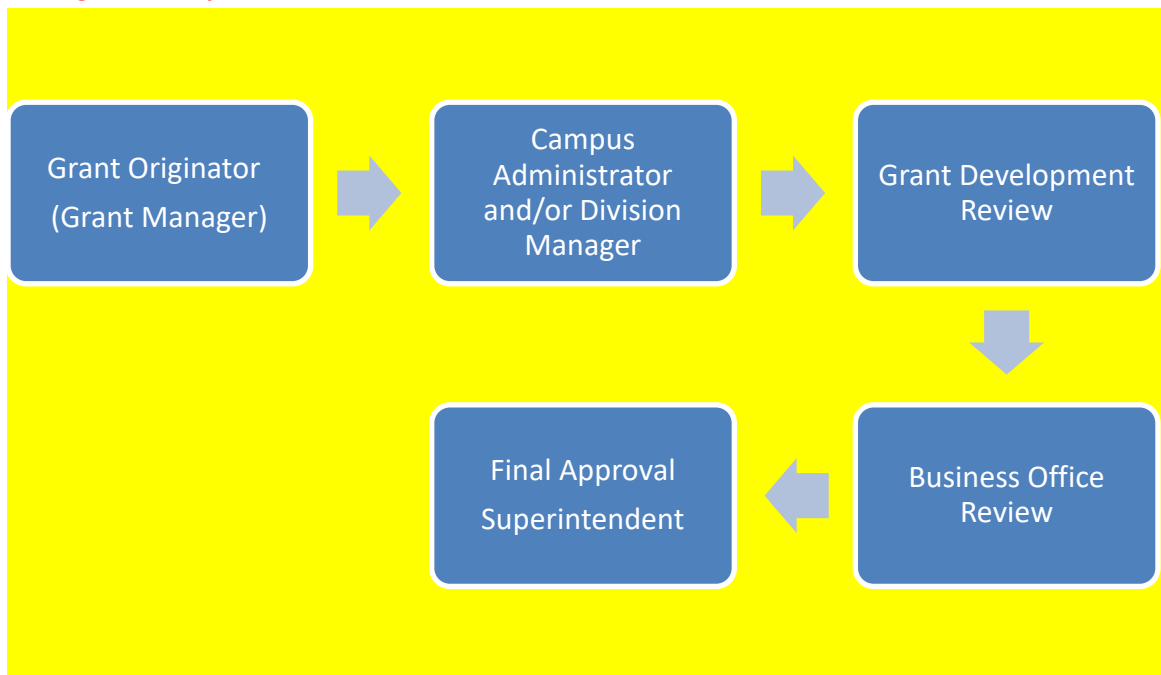

Federal entitlement grant funds include, but are not limited to, Head Start Funds, Adult Ed Grants,

After School Program- 21 century grants and other federal grants. The “maximum” and/or “final” entitlement awards for HCDE are posted on the granting agency site or are maintained on the HCDE Portal. The appropriate grant manager shall obtain the grant available amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the granting agency are also posted on the granting entity’s website. Grant managers will work with the resource development division to obtain the competitive grant information to determine whether the grant(s) is appropriate for HCDE. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the HCDE’s available financial resources.

All HCDE staff involved in the management of federal grant awards shall be aware of these resources.

HCDE’s grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications must be **reviewed by the business office, grant manager and grants management department.**

The final approval of a grant application shall be the **Superintendent.**

The **Grants Manager** shall work collaboratively with business office to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the departments purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The **Grants Manager** shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips

- Hosting conferences
- Out-of-state travel

Grants that require matching or in-kind HCDE contributions shall be evaluated for overall impact on the current and future department's local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the department; or
- the entitlement grant has been received by HCDE and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval and not approved until the NOGA is issued.]

The business office shall notify the grants management department or grant manager when the funds have been budgeted and are ready for expenditure by the appropriate division.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The **grants management department** shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

HCDE must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The **business office /purchasing** shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The **business office /purchasing** shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, HCDE shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

902.22 Lobbying Certification

For all federal grants in **excess of \$100,000**, HCDE shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The **grants management and business office** shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if HCDE used funds other than federal grant funds for lobbying activities.

The **Assistant Supt for Business/CFO and Purchasing Director** shall ensure that all **contract award documents** with federal grant funds contain the appropriate lobbying certification language.

902.3 Budgeting Grant Funds

The **business office** shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use no later **than 30 days**/after receipt of the NOGA or from the stamp-in date except where there is no board meeting held.

For example, if the grant application included \$2,000 for “6219 Professional Services”, the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the “6219 Professional Services” funds to the correct object code “6299 Other Professional Services”. All expenditures shall be made from the correct FASRG object code.

Budget amendments, if any, shall be approved by the grants management department, or grant manager assigned, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:
http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx.

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that HCDE amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when

HCDE changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Manager shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Grant Manager shall initiate the amendment process and collaborate with the finance department prior to submission of the grant amendment. The **approval process of a grant amendment** shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The **Assistant Supt for Business/CFO** and the **Grant Manager** shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

902.4 Standards for Financial and Program Management

HCDE must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

FFATA Reporting

HCDE shall report the following for all federal grant awards, as appropriate. The **Assistant Supt for Business/CFO** shall be responsible for collecting and reporting the information.

1. The following data about sub-awards greater than **\$25,000**
 - a. Name of entity receiving award [entity = district]
 - b. Amount of award
 - c. Funding agency
 - d. NAICS code for contracts / CFDA program number for grants
 - e. Program source
 - f. Award title descriptive of the purpose of the funding action
 - g. Location of the entity (including congressional district)
 - h. Place of performance (including congressional district)
 - i. Unique identifier of the entity and its parent; and
 - j. Total compensation and names of top five executives (same thresholds as for primes)
2. The Total Compensation and Names of the top five executives if:
 - a. More than 80% of annual gross revenues from the federal government, and those revenues are greater than **\$25M annually** and
 - b. Compensation information is not already available through reporting to the SEC.

902.41 Financial Management

HCDE financial management system, **SunGard System**, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data.

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. **All expenditures of federal grant funds** shall be in accordance with the department's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, HCDE shall ensure that access to the data is restricted to authorized individuals in accordance with the department's Data Security and Access policies. In addition, HCDE shall retain all federal grant records for a period of **five (5) years** in accordance with the district's Local Records Retention Plan. [Note: HCDE's retention period exceeds the three (3) year retention period required in the EDGAR.] The department's Record Management Officer (RMO), **Superintendent**, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an *) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section]

- The CFDA title and number*,
- Federal award identification number and year*,
- Name of the Federal agency*, and
- Name of the pass-through entity*, if any.
- Grant manager for each grant
- Subgrants, if any
- TEA-assigned risk level for each grant, as appropriate

On at least a monthly basis, the **Assistant Supt for Business/CFO and the Chief Accounting Officer** shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures. The Grant Manager will be provided with monthly financial statements.

902.42 Internal Controls

HCDE's internal control procedures over financial management, developed in accordance with the Internal Control Integrated Framework (COSO), shall be made available to all staff involved in the management of federal grant funds. The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal

control procedures shall be revised to incorporate the weakness (es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

A copy of HCDE's Internal Control Procedures is embedded with this manual and available from the business department. The **Assistant Supt for Business/CFO** shall be responsible for the annual review and update of the Internal Control Procedures.

902.43 Bonds

If the granting agency requires that HCDE obtain bonding and/or insurance for a specific project, HCDE shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States. **Assistant Supt for Business/CFO** shall be responsible for obtaining insurance and/or bonding, as appropriate.

902.44 Payment

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, HCDE shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

In the event that HCDE receives an advance payment from a federal granting agency, HCDE shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

HCDE has determined that it will not accept advanced payments for federal grant funds.

HCDE shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, HCDE shall prepare and submit a "draw-down" of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The **Grant Accountant** shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be posted to the general ledger upon receipt of money. At year, drawdown amounts received after year end shall be accrued as a receivable.

902.45 Cost sharing or matching funds

The **Grant Manager** over each federal grant award shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the **Grant Manager and the Assistant Supt for Business/CFO** must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), HCDE shall utilize a **sub-object** to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR 200.306).

902.46 Program Income

HCDE will not generate any program income as part of a federal grant award.

Federal regulations (CFR 200.307) allow HCDE to generate program income to offset federal grant award costs. Income earned, if any, must be expended in accordance with the grant requirements. All recommendations for program income activities shall be reviewed and approved by the Grant Manager.

If program income activities are approved, the **Grant Manager** over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income and meet all of the federal requirements.

HCDE will not retain any program income earned through a federal grant program.

902.47 Period of performance (Obligations)

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Grant Manager shall notify the appropriate departments, such as **Purchasing, Human Resources, Business, Payroll, etc.** of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except **during** the federal grant period
- No purchase obligation shall be made from federal grant funds except **during** the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except **during** the federal grant period.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in TEA's General and Fiscal Guidelines.

The **Grant Manager** shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. **The following timeline shall be used as a general guide for spending thresholds for a grant period of 15 months.** The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example,

if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant may need to be withheld for those specific activities.

- Within 3 months of the grant start date 25%
- Within 6 months of the grant start date 50%

The procurement records shall be made available to the federal granting agency, pass-through entity (TEA), and auditors, as appropriate.

Purchasing Efficiency Strategies

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically CFR 200.318. All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. HCDE shall strive to avoid acquisition of unnecessary or duplicative items. **HCDE shall implement the following strategies to maximize federal grant funds:**

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate
- Utilizing value-engineering in construction projects to seek cost reductions
- Develop vendor selection criteria to select the best vendor
- Develop a tracking system of all informal and formal procurements
- Avoid “time and materials” contracts if other alternatives exist
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

HCDE shall complete a review of the procurement system on an **annual basis** to self-certify that the procurement system is efficient and effective. The **Assistant Supt for Business/CFO and the Purchasing Director** shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. 902.52 Vendor Competition

The **Business Office /purchasing department** shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that HCDE does not restrict competition among qualified vendors.

Vendor Selection Criteria

HCDE has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Vendor's financial stability and position as it relates to the ability to provide the goods and/or services
- Small, minority, woman-owned, or labor surplus area firms
- Other criteria under CH legal.

HCDE shall not restrict vendor competition by requiring any of the following as selection criteria:

- Unreasonable requirements, such as excessive experience or bonding, brand name products or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

A vendor database shall be maintained by the **Purchasing Department**. The department's **Adding/Renewing Vendors Procedures** shall be adhered to for all purchases. Vendor selection shall include the following criteria:

- **Has not been debarred or suspended from contracting under federal grants**
- **Has completed the vendor packet**
- **Does not have a conflict of interest**

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the department. HCDE requires that every vendor have the following documents on file:

- Vendor application file (new vendors)
- Form W-9
- Conflict of Interest Questionnaire
- Felony Conviction Notice
- Fingerprinting (If working directly with students)
- SB9 Form

- Vendor provisions form for (EDGAR)

HCDE shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall HCDE allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open, competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.

The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The **Assistant Supt for Business/CFO** shall be responsible for selecting the appropriate procurement method for each procurement.

Micro-Purchase Procedures

The **Procurement by Micro-purchase** may be most frequently used method due to the frequent purchase of goods or services that are **less than \$3,000**, as defined in CFR 200.67. The HCDE shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the HCDE exceeds the state law thresholds, or the district's threshold in Board Policy CH Legal or Local. The **Purchasing Department** shall distribute micro-purchases equitably among qualified vendors.

Small Purchase Procedures

The **Procurement by Small Purchase Procedures** shall be used by HCDE when the purchase of goods or services does not **exceed \$50,000**, the Simplified Acquisition Threshold (CFR 200.88). The purchasing department shall require written, emailed or faxed quotations from at **least three (3) qualified vendors** for all small purchases, i.e. purchases **that do not exceed \$50,000**. HCDE shall strive to obtain small

purchases from qualified vendors under a Cooperative Purchasing Program. HCDE is currently participating in the following cooperative purchasing programs:

- **TASB Buy Board**
- **TCPN**
- **ESC Centers**
- **Choice Partners**
- **TIPS-TAPS**
- **Other Inter-local agreements**

Sealed Bid Procedures

The **Procurement by Sealed Bids** method shall be used by HCDE when the purchase of goods or services **exceed \$50,000** if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. HCDE shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- The Department will conduct an **independent estimate determination** prior to the issuance of the sealed bids.
- Bids must be solicited from an adequate number of bidders.

- Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the HCDE is seeking to purchase
- Bids must specify the time, date and HCDE location where bids will be opened publicly
- Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder. HCDE shall consider discounts, transportation costs and life cycle costs only if these factors were included in the bid specifications. HCDE **will** consider payment discounts because HCDE **does** routinely take advantage of payment discounts.
- Bids will be evaluated, ranked and a recommendation for award made to the Board at a regularly scheduled board meeting.
 - If no bidder is recommended, HCDE shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process
 - The Department will conduct a **determination of cost and price analysis** for reasonableness.
- HCDE shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate

- HCDE shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

Competitive Proposal Procedures

The **Procurement by Competitive Proposal** method shall be used by HCDE when the acquisition of the goods or services **exceeds \$50,000** and does not lend itself to a fixed price contract. HCDE shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- The Department will conduct an **independent estimate determination** prior to the issuance of the proposal
- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the Board at a regularly scheduled board meeting
 - HCDE shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
 - HCDE shall evaluate each proposal by committee or no less than two (2) HCDE staff with knowledge of the RFP specifications
 - In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
 - HCDE may negotiate with the vendor only as it relates to potential cost savings
 - If HCDE and vendor ceases to negotiate, HCDE shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.
 - The Department will conduct a **determination of cost and price analysis** for reasonableness.

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by HCDE when the purchase of goods or services is from a “sole source vendor”. A sole source vendor is defined as a vendor that meets the following requirements:

- The Department will conduct an **independent estimate determination** prior to the review of sole source determination.
- The goods or services are only available from a single source
 - HCDE shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process

- HCDE shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method
 - HCDE shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
 - HCDE shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations
 - The Department will conduct a determination of cost and price analysis for reasonableness.

Other Procurement Guidelines

Regardless of the procurement method, HCDE shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation.

HCDE shall comply with the federal regulations related to the procurement of recovered materials (CFR 200.322) and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$150,000, HCDE shall perform a cost or price analysis with every procurement. HCDE will use price quote tabulations to document the analysis. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The **Assistant Supt for Business/CFO** shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other HCDE contracts. The Contract Procedures and Checklist are applicable to all federally funded contracts.

HCDE shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. HCDE shall maintain all procurement records for five (5) years in accordance with HCDE's Local Records Retention Schedule.

902.6 Property Standards

HCDE shall/shall not use the federally-funded equipment to generate program income. The federally-funded supplies shall be used only for the authorized purposes. Any residual (unused) supplies, in excess of \$5,000 in total aggregate value, at the end of the grant program or project may be used for any other federal grant program. Otherwise, the supplies shall be retained by HCDE or sold, but must reimburse the granting agency for the HCDE use or sell of the supplies. HCDE shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project. The purchasing deadlines are posted on the purchasing webpage at www.hcde-texas.org

Capitalization Policy and Definitions

HCDE shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The department's capitalization threshold for assets is **\$5,000 per unit cost**. HCDE has adopted the EDGAR (CFR 200.12) definitions of property as noted below:

(CFR 200.94)

The **Executive Director of Facilities** shall be responsible for maintaining the fixed asset database of all HCDE assets, including all federally-funded assets.

902.7 Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and HCDE policies and procedures.

HCDE shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary

- A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
- Necessary is defined as costs needed to carry out the grant activities
 - Be allocable to Federal awards
 - Be authorized or not prohibited under State or local laws or regulations.
 - Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
 - Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
 - Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
 - Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
 - Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
 - Be the net of all applicable credits.
 - Be adequately documented.

HCDE shall utilize the **Allowability/Allocability of Costs Worksheet** to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, HCDE shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. HCDE shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that HCDE does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, HCDE may be considered to have drawn-down funds under an advanced cash method.] The **Assistant Supt for Business/CFO** shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the department, must be certified by HCDE using the **Certificate of Cost Allocation Plan or Certificate of Indirect Costs** as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of HCDE **by Assistant Supt for Business/CFO**. All HCDE costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these

procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. **HCDE shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the department's allowability rules.**

The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any. In addition, the HCDE may not draw down more cash than necessary to meet **3 days' cash needs** if HCDE has opted to operate under the cash advancement program guidelines.

If HCDE has opted to operate under a cash reimbursement program guideline, HCDE shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.

At no time shall HCDE draw-down any “advanced” cash payments, unless specifically allowed by the granting agency.

The draw-down of grant funds from the granting agency shall be initiated by the business office. A detailed summary general ledger of each grant fund should be generated to determine if HCDE is entitled to draw-down funds, i.e. if the granting agency owes HCDE any funds. If HCDE has funds available for draw-down, a detailed general ledger plus any other appropriate documentation should be generated and forwarded to the Grant Manager for their review and approval.

If a grant has a matching requirement, HCDE shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The Grant Manager review shall consist of the following:

[NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that HCDE and its student did not benefit from the delayed expenditure.]
- 4) Authorize [in writing] the finance department to draw-down the available grant funds

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the **Assistant Supt for Business/CFO** shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The **Assistant Supt for Business/CFO** shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage as applicable.

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that HCDE certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw down deadline is missed, the **Assistant Supt for Business/CFO**, shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

Receipt of Grant Funds

All HCDE staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by HCDE shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties. [**Cash Management Procedures in the Exhibit Section.**]

If the granting agency has reduced and/or increased the grant funds paid to the department, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The **Staff Accountant** shall prepare the adjusting journal ledger entry with appropriate supporting documentation and the Chief **Accounting Officer** shall post the entry to the finance general ledger.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The **Staff Accountant** shall prepare the journal ledger entry with appropriate supporting documentation and the **Chief Accounting Officer** shall post the entry to the finance general ledger.

902.8 Grant Compliance Areas

HCDE shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, HCDE shall comply with grant requirements such as *supplement not supplant*, indirect cost.

902.81 Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

HCDE process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the grants management and Business office [purchasing] departments. Both departments shall receive training and be aware of the supplement not supplant provisions.

The **Grants Manager** shall review and approve all purchase orders (and non-purchase order payments). The **Grant Manager** review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.
- 2) The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

902.82 Comparability – This section is not applicable to HCDE.

902.83 Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Handbook, 2014]

The HCDE has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a fiscal -year period, from September 1 2015 to August 31, 2020. After the extension period, HCDE shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The **Assistant Supt for Business/CFO** shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The HCDE Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. **Staff Accountant** shall prepare a general ledger entry for the indirect costs with appropriate supporting documentation. PREPARATION

Center for Grants Development
Prepared by: Gayla Rawlinson Maynard, Director

Standard Operating Procedures
Dec 2003; Previous Revisions; 5.15.17; 7.18.19

■ **Create Request for Proposal (RFP) Overview***

- Center for Grants Development project lead will create overview including the following common contents:
 - Purpose of funding
 - Average and maximum amounts
 - Deadline
 - Eligibility requirements
 - Restrictions
 - Special requirements – programmatic, budgetary, reporting
 - Background of project

**Note:* May use existing funding announcement if content covers these elements. One may use a combined overview for multiple requests, if relevant. (If so, note on checklist.) On each overview, include statement “I have read and understand that I _____ will be responsible for grants administration, including program and financial management, and reporting as specified in the funding announcement if the grant is awarded.” Include a signature line at bottom of page for both the director and proposed project supervisor.

■ **Prepare Preliminary Budget Breakdown**

- Using the Request for Proposal (RFP) scoring structure and overview, CGD lead will prepare preliminary breakdown of budget costs for service delivery, evaluation and indirect costs using an Excel worksheet which is provided to division staff for completion.

■ **Prepare Proposal Outline**

- CGD lead will use the RFP evaluation criteria, checklist, standard application forms, and/or RFP Table of Contents to prepare the proposal outline.

Generate Proposal Checklist*

- CGD lead will use RFP and other guidelines to construct a proposal development and submission checklist. The checklist will include any table of contents, required attachments, submission requirements, signatures, etc.

**Note:* Consider using funding announcement/guidance if it provides a detailed checklist or if you find that deadline prohibits completion of the tasks. You may use a combined overview/outline/ checklist for multiple requests.

PROPOSAL DEVELOPMENT STRATEGY

■ **Determine and Compile Proposal Development Team**

- CGD Manager and/or CGD Project Lead, and Division Director/Executive Leadership Team member (as applicable) will determine members of the team based on complexity of the project and collaborative structure
- Required skills may include, but are not limited to:
 - Budget and Finance
 - Program Plan and Design
 - Proposal Review and Edit
 - Human Resources
 - Evaluation
 - Facility Management
 - Technology
 - Division Leadership

- The team will define those members who must meet regularly and those who will function as resources.

■ **Conduct Proposal Development Team Meetings**

- CGD will prepare Meeting Agenda that covers overview, preliminary budget breakdown and outline to assess team’s capacity to complete the proposal in the timeframe allowed.

**Note:* Send all members of the team a copy of the RFP, Frequently Asked Questions, prepared overview and preliminary budget breakdown.

- Creation of the proposal development strategy with activities, responsibilities and deadlines
 - Needs/problem statement
 - Program design development – goals, objectives, strategies, tasks, etc.
 - Evaluation plan
 - Budget and budget narrative
 - Graphics plan – cover sheet, maps, charts, tabs (if applicable)
 - Collaborative partnerships – letters of commitment
 - Submission requirements – formatting, binding and mailing or electronic submission

**Note:* Proposal development strategy is derived from the Request for Proposal or funder guidelines.

- Assignments of activities based on roles
 - Division leadership and staff – content and program design experts
 - Human Resources – personnel and policies experts
 - Business Services – budgetary experts
 - Research and Evaluation – project evaluation plan experts
 - Center for Grants Development staff – compilation and review of attachments, narrative, budget, and appendices to ensure that content links within each section; review and revise narrative based on RFP guidance to ensure that the funder’s questions are answered; edit and revise narrative for formatting, grammatical and spelling accuracy; compile and submit proposal by deadline.

** Note:* CGD Project Lead and other CGD staff may also write or rewrite sections of the proposal; prepare the budget narrative; create attachments; etc. to ensure that it meets the requirements of the RFP. This will occur in conjunction with the division point person as a support to the proposal development project.

- Performance of brainstorming activities during multiple meetings to:
 - Identify client need for the project
 - Create project vision, philosophies, beliefs, assumptions, and priorities, if relevant
 - Identify project partners
 - Create project goals and measurable objectives
 - Conceptualize project design, management plan and budget (Logic Model)
 - Develop evaluation and dissemination plan
 - Create sustainability plan

**Note:* When evaluation planning required by RFP, involve Research and Evaluation Institute from the beginning of the project, ensuring that they are involved in objectives, project design and measurements.

- Creation of Request for Information (RFI)/letter of commitment for district and/or community partners, if applicable.
 - CGD Project Lead will prepare a Request for Information that is adapted from the prospective grantor’s Request for Proposal and includes the district/campus and/or community-based organization’s information necessary to complete the proposal.
 - CGD Project Lead will prepare a letter of commitment template for collaborative partners which will briefly describe the organization and identify what the organization will offer to the project, as a cost and/or as in-kind contributions
- CGD Project Lead will send proposal outline/template plus RFP guidelines to team members assigned to proposal sections.
- CGD Project Lead will create meeting summaries and send to meeting participants. Meeting summaries should reflect the elements above plus next steps described during the meeting and any assignments accepted.
- Develop Proposal Development Timeline – ***critical to completion of project***
 - As a result of these meetings, CGD Project Lead and division director/program staff will develop proposal development timeline which will define action steps plus persons

responsible for completing them with identified dates (refer to sample project timelines). A timeline is created working back from a minimum of two (2) days prior to the actual deadline to allow for tracking of the submitted document once it is mailed overnight or submitted online.

Note: Submission of proposals (online or mail) must occur during working hours (7:00 – 4:30 pm - this ensures access to authorized officials for online signatures when necessary).

■ Implement Proposal Development Strategy – as proposal project is implemented, CGD Project Lead will use the original timeline to track completed items as they occur (**deadline dates are not to change during the process**). CGD Project Lead will note the date of completion and by whom under the activity/task column in blue type. CGD Project Lead will distribute the updated timeline to project participants throughout the project, at a minimum once a week.

■ **Task Assignment and Completion**

- CGD Project Lead completes their assigned tasks and facilitates and ensures the completion of other proposal development team member tasks.
 - Division – program design narrative sections and line-item budget*, logic model development, letters of commitment from identified partners*
 - Finance – budget review/narrative sections*
 - Human Resources – personnel schedules for line-item budget
 - Research and Evaluation Institute – formative and summative evaluation plan
 - Center for Grants Development – management, project personnel and organizational capacity sections

* Task assignment takes into consideration team member expertise and accessibility.

- CGD Project Lead will host team meetings and maintain communication with team members as updates become available. CGD Project Lead will prepare meeting summaries after each team meeting, specifying next steps and those responsible.

■ **Conduct District/Community-Based Organization Information Session, if collaborative project**

- CGD Project Lead and division host an information session for prospective partners/collaborators, if applicable.
 - CGD Project Lead prepares and mails an invitation letter addressed to Organization's Authorizing Official (District Superintendents; CEO/Presidents of nonprofits; etc) and cc: division organization contacts. HCDE's County Schools Superintendent signs the letter.
 - CGD Project Lead prepares and presents the RFP overview, collaborative strategy and Request for Information or letter of commitment template. The RFI informs collaborators of information needed from them to submit the proposal. The collaborative strategy is created in conjunction with the relevant HCDE division prior to the meeting. This may include a model for the narrative plus strategy for how all can collaborate with roles and responsibilities.

**Note:* it is imperative that the team considers the requirements of the RFP, including project design and budgetary restrictions when selecting collaborators. Having the strategy fleshed out prior to meeting with the collaborators limits misconceptions as to collaborator roles in the project.

- Division presents overview of services linking them to their capacity to administer the proposed project and describes the preliminary strategy based on the requirements of the RFP.
- CGD Project Lead asks contacts to submit authorized approval (letter of intent) for participation in the proposal within 72 hours of notification, i.e. identified campuses, number of eligible/targeted participants, etc.
- Collaborators submit RFI/letter of commitment to CGD within approximately 2 weeks of the session, if not required sooner.

ADMINISTRATIVE REVIEWS AND APPROVALS

■ Public and Private Funding – Approval and Distribution Procedures

All public and private funding requests (new and continuation) require prior approval from the Executive Leadership Team including the Superintendent and prior approval or ratification after submission from HCDE board. **(Refer to [HCDE Board Policy CB Local](#))**

Public and private funding may include, but is not limited to, federal, state and local grants, private and corporate foundations, and formal commitments to perform services.

- Complete reviews by Center for Grants Development, Executive Team, Business Services, Facilities, Human Resources, Technology, and Assistant Superintendent as relevant to the request.
 - During preliminary proposal planning, the CGD Director and/or division Director coordinating submission of the proposal presents the draft plan for Executive Leadership Team consideration and approval.
 - As the preliminary project design is developed and prior to submission of the proposal, the division director/project coordinator will present relevant sections of the proposal to Business Services, Human Resources, Technology, Facilities, and Assistant Superintendent for their input and approval.
 - Business Services – including budget (Excel budget worksheet) and budget narrative, maintenance of effort and indirect cost
 - Human Resources – personnel strategy and proposed job descriptions
 - Technology – use of technology and personnel, equipment and supply needs
 - Facilities – anticipated office space needs, staffing plan and support needs
 - Assistant Superintendent – proposed program design and budget and HCDE contributions (requires use of tax revenues?), if any.
 - Proposal Development team reviews and edits the narrative sections of the proposal individually and as a whole as they are completed. CGD Project Lead asks that the division have two or more of their staff review the proposal before it is submitted to others for review, including CGD staff.
 - Proposal Development team may include, but is not limited to, division director and staff, division supervisor, Center for Grants Development, Technology, Facilities, Business Services, Human Resources and Assistant Superintendent.
 - The complexity of the proposal and potential impact of the grant on the organization determines the involvement of the team members. For instance, initial applications for CASE for Kids and Head Start required meetings that included all aforementioned participant divisions.
 - In addition to the roles during the proposal development process, Center for Grants Development will conduct a proposal review and comment and report findings to the team prior to submission of the grant. IGS must have sufficient time to conduct a full review or at least three days prior to the deadline – this is referenced in the development of the timeline.
 - In case the deadline of submission of a *continuation* grant conflicts with timing for a proposal review, the deadline takes precedence.
 - If this were to occur, the director of the division submitting the proposal must continue through the initial three steps.
 - A competitive application will require full proposal review and edits prior to submission.
- Compile and Submit Completed Proposal**
- CGD Project Lead requests and compiles the necessary supporting documentation for the Attachment or Appendices sections of the proposal.

- Common supporting documentation
 - Resumes/vitae
 - Job descriptions
 - Evaluation reports
 - Financial statements/audit – Comprehensive Annual Financial Report; Popular Annual Financial Report
 - Organizational and project management charts
 - Service location maps
 - Board lists
- CGD Project Lead compiles revised narrative sections and line-item budget plus supporting documentation in what is called a “dummy.” Blank pages are placed to demonstrate missing pieces.
- CGD Project Lead fills out “grant-related forms” such as the SF424 – Application for Federal Assistance, SF524A&B-Non-Construction Budget, Assurances and Certifications, and other required forms (Budget based on project line-item budget). State funding agencies also have forms that require completion and signatures.
- CGD Project Lead obtains the signature of an authorized individual, HCDE County School Superintendent or Board President. Staff will ensure that all required forms are submitted in the requested format (e.g. three original dated signatures in blue ink) (Refer to [HCDE Board Policy CB Local](#))
- CGD Project Lead completes and acquires signatures on any grant-required supplements, such as the Table of Contents, abstract or executive summary, GEPA 427 Equitable Access, etc.
- CGD Project Lead compiles final original document for review by team, including page numbers. CGD Project Lead staff will inform reviewers of any limitations, such as formatting, space, etc. CGD Project Lead staff will make revisions until which time they must compile the proposal for submission. Any revisions that arrive after this timeframe will not be included in the proposal.
- CGD Project Lead compiles final original narrative document plus attachments or appendices. CGD Project Lead reviews RFP guidelines to ensure that required formatting is addressed, such as margins, page limits, spacing, page numbers, and font size.
- CGD Project Lead reviews proposal checklist to ensure that all supporting documents are enclosed in the order they are requested, such as those listed above under “Common Supporting Documentation.”
- CGD Project Lead with acquire signatures – in person or via Adobe Sign as required by the funding guidance.
- If mailed, CGD makes required number of copies with one hard-copy and one scanned version for division distribution. CGD Secretary will complete page numbers and required copies.

Note: CGD Project Lead must ensure that a final original to copy review is conducted prior to submission – this includes all documents submitted in any format (hard copy; online; CD; etc.).

- CGD Project Lead submits the original proposal including attachments and other required items plus copies for receipt a minimum of two days prior to deadline date. If online application, CGD Project Lead or designated authorized official clicks the required button.

Note: Submission of proposals (online or mail) must occur during working hours (7:00 – 4:30 p.m.).

SUBMISSION CONFIRMATION

- To ensure receipt, CGD Project Lead submits the proposal a minimum of two days in advance using an overnight mail service or online system. For online applications, the receipt is typically immediate. For overnight mail submission, the CGD Secretary will track online to ensure receipt of the proposal within the required timeline. If not received by afternoon, a second mailing is made. If funding entity is within driving distance, CGD or other HCDE staff will transport the application. On rare and discouraged occasions, transportation for submission on the deadline date may be necessary.
- The CGD Secretary maintains copies of mail carrier receipts and/or tracking forms that are saved as PDFs within project folder.
- CGD Secretary creates/scans and emails PDF of each submitted proposal – (cover to backing) to CGD Project Lead who saves the proposal within the shared earth folder - CGD
- CGD Project Lead e-mails a copy of the proposal in PDF and MS Word (when requested) to division director/project point person.
- CGD Project Lead saves the file on an earth drive under Submitted Proposals for Executive Leadership Team access. CGD Director sends an email monthly to Executive Leadership Team with a list of proposals they can access that were submitted during the previous month.

■ Obtain Board Approval or Ratification

- CGD Project Lead or division director prepares and submits draft agenda item for approval or ratification of grants submission via AgendaQuick Program by required deadline date. It is recommended that items are entered shortly after submission of proposal.

Note: Division director should only prepare board agenda item when they are submitting the proposal on their own behalf with the exception of Head Start grants. CGD Project Lead submits the board agenda item in all other cases.

- For ratification of grant submissions, CGD Project Lead/Division Director chooses Grant Submission as the Item on 1st page of the agenda item; then chooses “Information Item”. For those grants requiring board approval prior to submission, choose “Non-Consensus” then “Approval.”
- Division Director/CGD Project Lead attaches supporting documentation in the order below as a **PDF** to action/information item for the monthly board agenda as follows:
 - Copy of the summary budget and detailed personnel budget, if applicable
 - Copy of the signed cover page
 - Executive summary or abstract
- The pending board agenda items are forwarded to Director of Center for Grants Development for review and approval via AgendaQuick program (Board Agenda Submission System).
- Within 48 hours, Director of Center for Grants Development will review and make any necessary changes to the item to ensure placement on the board agenda.
- On the board date, the CGD Director and relevant Division Director are available to answer questions from the HCDE board of trustees for their approval/ratification, when applicable.

IF AWARDED

- County School Superintendent, Assistant Superintendent of Business Services and Division Project Director receives a Notice of Grant Award (NOGA); Grant Award Notification (GAN); or letter of award. Superintendent’s Office forwards award notification to CGD Director and division contact.
- CGD Director will work with CGD Project Lead to prepare required organization and grantor next steps instruction and send via email.
- If needed, CGD Director will coordinate a meeting with awarded division to discuss the next steps required to ensure compliance with organizational processes and grant objectives/requirements.

	RESOURCE DEVELOPMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
EFFECTIVE DATE: July 26, 2005		REVISED DATE: August 20, 2020
SUBJECT: Acceptance of Donations/Sponsorships		

Purpose: To implement a donor/sponsor-relations initiative that encompasses the effective acknowledgement and stewardship of donors/sponsors; and internal record-keeping and communication processes that meet HCDE policy.

Donation is defined as the act of giving to a fund or cause, or a gift or grant. HCDE defines a donation as any cash or in-kind gift a division or program of HCDE receives that benefits HCDE and/or its clients or students.

Sponsorship is defined as when a corporation pays for all or some of the costs associated with a project or program in exchange for recognition.

Goals:

- Adhere to HCDE Policy that requires that the Board is notified of all donations
- Provide donors/sponsors with documentation of contribution
- Acknowledge donors/sponsors in a timely manner
- Recognize donors/sponsors in the manner appropriate to their level of contribution
- Eliminate duplicate requests to the same donor/sponsor

Before a donation/sponsorship is accepted, the person receiving the contribution on behalf of HCDE and/or its clients must ensure that steps 1 through 3 are completed as follows. Steps 4 and 5 must occur within five working days of receipt of the gift. Steps 6 and 7 will occur prior to the next board meeting after receipt of the gift.

Step 1: Donor/staff complete a Donation Receipt form which includes date, donor/sponsor name, address, telephone number, email, descriptions of the items donated, their value and what program area they are supporting. (Refer to Donation/Sponsor Receipt Form). Donor/sponsor may specify on the form if they wish their donation anonymous. Note: Staff may also use the Donation Receipt form found on the portal at <http://hcdeportal>. If used, make a copy for division files and send original to Center for Grants Development division.

Step 2: When donor completes form, have donor return form to HCDE staff – person accepting gift.

- Step 3:** HCDE staff sends Donation/Sponsor Receipt form to Center for Grants Development (CGD). If more than one donation, staff will compile all in one batch and send to CGD.
- Step 4:** As receipts are received, CGD prepares and mails acknowledgement letters signed by the HCDE Superintendent to the donor/sponsor.
- Step 5:** CGD uses the information on the forms to prepare and maintain an Excel worksheet, reporting monthly donor/sponsor activity.
- Step 6:** CGD director sends the prepared monthly donation/sponsor report to HCDE divisions for their review and approval.
- Step 7:** CGD director creates a board agenda item (information item) via the Board Agenda Submission System attaching the monthly donation/sponsor report for board review.
- Step 8:** CGD director sends the donation/sponsor report to Business Services to include in their report to the board.
- Step 9:** CGD coordinates with relevant divisions and Communications and Public Information on donor stewardship activities.
- Step 10:** CGD staff uses the forms to maintain donor/sponsor information by division.

2. Prior approval of the HCDE Board, when feasible or
3. Ratification after submission by the HCDE board.

*Commitments may include, but are not limited to, those with universities, governmental entities, grantors, school districts, for-profit, not-for-profit, non-profit, community- and faith-based organizations and the Education Foundation of Harris County.

Commitments that generate revenues and/or provide in-kind support of HCDE resources through participation in an initiative or grant may be reflected in two forms:

PROCEDURE

Divisions are responsible for submitting proposed commitments to their Executive Leadership Team Member in an effort to acquire Executive Leadership Team approval. Division will ensure that relevant Executive Leadership Team, Business Services, Human Resources and Technology reviews occur, as appropriate. Division will obtain Executive Leadership Team Member approval and the Superintendent or designee's signature on relevant documentation prior to committing HCDE resources.

A. Commitment of Resources

1. During preliminary planning, the division Director coordinating plans to commit to an initiative:

- a. Presents a draft plan including 1) a final overview of the proposed commitment(s); and 2) associated in-kind contributions with a breakdown of costs; and
 - b. Obtains Executive Leadership Team member approval.
2. If a division plans to commit HCDE resources **in support of another organization's initiative/grant**, they must prepare and send the following to their ELT member:
 - a. draft letter of commitment; **or**
 - b. draft memorandum of agreement/understanding **plus** associated costs/matches

Note: These documents are prepared in such a way as to share with the public. **Division may choose to have CGD to review their documentation and forward to Superintendent's office for signature.**

3. Division directors provide letters of commitment/MOU's; and budget information to ELT member for review. Division will acquire County School Superintendent or his designee's signature and maintain signed letter/MOU in its records.

Note: MOU's may require processing via Purchasing for placement on the board agenda and to acquire relevant signatures.

4. Division directors need to be prepared to answer questions as to whether additional personnel and/or space are needed; and if a match is required/requested.
5. Divisions will prepare supporting documentation for levels of communication - Connections newsletter, information items and action items.

B. Grant Submissions (Refer to [CB Local](#))

Center for Grants Development (CGD) will present **prospective grant submissions (new and continuation)** to Executive Leadership Team (ELT) and other relevant divisions for approval. Divisions preparing proposals on their division's behalf will submit required information to CGD to acquire ELT approval.

1. CGD Director will work with division to acquire ELT member approvals to proceed with grant submission.
 - a. Division director will acquire approval from their supervisor to begin the review and full ELT member approval process
 - b. CGD will create an email with a table reflecting proposed grant submission; space - yes/no; personnel - yes/no; and match - yes/no embedded in the message (Refer to attached email format).
 - c. Prior to submitting grant submission for ELT approval, CGD director and division director and relevant staff will meet to conduct a Grant Feasibility Review. These are conducted when a division is considering pursuing a public grant proposal of any amount or foundation proposal over \$25,000.

- d. CGD will attach the division-submitted ELT item, RFP or funding guidance, Grant Feasibility Review and other relevant information to aforementioned email.
 - e. CGD will use Outlook email options (yes; no) as responses from ELT members; division contacts are also included to receive the responses as they occur.
 - f. CGD director will notify the division of Executive Leadership Team's determination regarding proceeding with grant submission.
2. As the preliminary project design is developed and prior to submission of the proposal, the division director/project lead will present relevant sections of the proposal to the following for their input and approval.

 - ♦ Technology
 - ♦ Facilities
 - ♦ Business Services
 - ♦ Human Resources
 - ♦ Assistant Superintendent

Note: Responsibility for completion of review process lies with the division submitting the proposal.

The complexity of the proposal and potential impact of the grant on the organization determines the involvement of the team members. For instance, initial applications for Head Start and Early Childhood Intervention required meetings that included all aforementioned participant divisions.

4. In most cases, CGD staff leads the proposal development process. In other cases when the divisions propose to submit themselves, then the division Director or designee provides a copy of the proposal for Center for Grants Development staff review **at least one week** prior to submission.

5. CGD will conduct a proposal review and comment and report the findings to the division director/project lead prior to submission of the grant.
 - ♦ In the case that the deadline of submission of a continuation grant conflicts with timing for a proposal review, the deadline takes precedence.
 - ♦ If this were to occur, the director submitting the proposal must continue through Steps I, II AND III.

6. Obtain Board Approval or Ratification of Grant Submissions - Information Items
 - a. Shortly after submission, divisions who prepare their own proposals (new or continuation) will submit a final copy of the proposal to Director of CGD so CGD staff can create board agenda item.
 - b. CGD project lead prepares and submits draft agenda item form for ratification of grants submission (as information item) via Board Agenda Submission System (BASS) by required deadline date. It is recommended that CGD project lead submit the items shortly after submission of proposal for grant ratification. (Refer to sample agenda item)

 - d. The pending board agenda item is forwarded to Director of Center for Grants Development for approval via BASS.
 - e. Within 48 hours, Director of Center for Grants Development will review and make any necessary changes before approval. CGD director will note the changes in the comment section of the item, print out the agenda page and PDF. These documents will be scanned and sent to staff for future use. CGD director will approve/disapprove the item within the required timeframe.
 - f. On board date, the CGD Director and relevant Division Director are available to answer questions of the HCDE board of trustees.

7. Distribute Submitted Proposals

	CENTER FOR GRANTS DEVELOPMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
EFFECTIVE DATE: October 3, 2006		REVISED DATE: August 24, 2020
SUBJECT: Proposal Development Procedures for Private Funding Proposals		

Center for Grants Development (CGD) works directly with nine HCDE external service divisions* to develop fund development plans for the solicitation of private foundations. The plan covers suggested/current program initiatives; chart of division's expressed needs for funding; potential fund development strategies; and chart of foundation prospects by division.

* Divisions include Adult Education, CASE for Kids, Center for Safe and Secure Schools, Educator Certification and Advancement, Head Start, Research and Evaluation Institute, Schools, School-based Therapy Services, and Teaching and Learning Center. Throughout the year, CGD may identify funding relevant to other HCDE divisions and will work with those divisions to pursue that funding.

CGD reviews the list of foundation prospects for HCDE pursuit with Executive Leadership Team including the liaison for the Education Foundation of Harris County (EFHC) to eliminate duplicate requests for funding unless allowable by private foundation. CGD obtains approval from HCDE Executive Leadership Team before moving forward with the HCDE division and EFHC on proposals. This occurs with the initial foundation solicitation listing/plan and subsequently with new identified private funding opportunities as they occur.

Those requests exceeding **\$25,000 and/or requiring match resources** will require approval by relevant Executive Leadership Team member. The submission of this approval to CGD Director will generate a Grant Feasibility Review as described below.

ORGANIZATIONAL ASSESSMENT – REQUIRED FOR REQUESTS OVER \$25,000

- **Conduct a Grant Feasibility Review**
 - When the division or CGD staff obtains the relevant ELT member's approval to move forward, CGD Director will assess the organization's/division's likelihood of meeting the requirements of the funding guidance.
 - If EFHC/HCDE is considered an eligible organization and meets the capacity requirements of the guidance, CGD Director and CGD Project Lead will meet with the division to discuss how the division and the conceptual framework of the proposed project meets the requirements of the funder.
 - CGD Director and division staff will document team deliberations based on the following questions:
 - Purpose and goals of the private foundation tie closely to EFHC/HCDE's mission statement? Purpose and goals of the guidance tie closely with division vision and goals?
 - EFHC's organization type is listed as eligible for funding?

- Review of previous grantees reflects that EFHC/HCDE is a good candidate for funding?
- EFHC/HCDE Division is the best possible lead for the grant project?
- Prospective project clients are eligible beneficiaries of the funding?
- EFHC/HCDE already has relevant collaborative relationships that can assist in the implementation of the project and leveraging of dollars for the project (if applicable)?
- Division has the human and financial (match) resources to administer the grant project in a timely and effective manner?
- Proposed project meets requirement for identified evaluator (if applicable)?
- Proposed project design is in alignment with the funds available? Project design includes only allowable costs?
- Division can sustain the project after the funding ends?
- Center for Grants Development Director forwards the Grant Feasibility Review and funding guidance, when available, to Executive Leadership Team for their decision on whether or not to proceed with preparing the proposal for submission.

PREPARATION

- **Obtain Foundation Guidelines**
 - Center for Grants Development (CGD) will use existing foundation guidelines for preparation of the proposal. When available, CGD will research the foundation's website and IRS 990 form to determine types of projects the foundation typically funds; the average grant amount by organization type; and application process.
 - If the guidelines are unavailable via customary channels such as websites, CGD will contact the foundation for assistance (if available). Staff preparing proposals is encouraged to contact the foundation directly to inquire about the types of projects the foundation typically funds and the recommended dollar amount for the proposal.
 - If guidelines and contact are unavailable, then CGD will create proposals based on acceptable guidelines for a letter or foundation proposal.
- **Prepare Proposal Outline**
 - CGD will use the foundation guidelines** and/or application forms to prepare the proposal outline.

**Note: May not be necessary if guidelines provide a detailed outline/checklist. CGD may use a combined outline for multiple requests if similar requests to varied private foundations.

- **Obtain and/or Prepare Program Description**
 - Division will share with CGD the program description including goals, objectives, activities, and evaluation plan
 - CGD works with each division and the EFHC to prepare and submit proposals according to guidelines available. EFHC will handle foundation relations, reporting and stewardship activities, in conjunction with HCDE divisions, when appropriate. Some HCDE divisions have existing projects that are fully designed, requiring less work by the division or CGD. CGD will use that existing information to prepare proposals, when available.

PROPOSAL DEVELOPMENT STRATEGY

- **Compile Proposal Development and Review Team**
 - Although foundation proposals are usually less complex than government grants, CGD and the division director may still need to establish a proposal development team for new or larger projects. Division director and CGD Director/staff will determine members of the team based on complexity of the project.
 - Required skills may include, but are not limited to,
 - Budget and Finance
 - Division Leadership
 - Human Resources
 - Evaluation
 - Facility Management
 - Program Plan, Design and Implementation
 - Proposal Review and Edit
 - Technology
 - The team will define those members who must meet regularly and those who are available as resources – always include division leadership and designated dedicated division staff on the team.
- **Conduct Proposal Development Team Meetings, when necessary**
 - Team reviews foundation guidelines and proposed project and how it aligns with foundation giving.
 - Team will make assignments based on roles and relevance
 - Education Foundation of Harris County – EFHC organization information
 - Division leadership and staff – content and program design experts
 - Human Resources – personnel and policies experts
 - Business Services – budgetary experts
 - Research and Evaluation Institute – project evaluation plan
 - CGD staff – customization of proposal to meet foundation guidelines; compilation and review of attachments; narrative; budget; and appendices; submission of proposal
 - Education Foundation of Harris County Liaison, Director of CGD and Division Director – review and edit proposal based on foundation guidance to ensure that questions are fully answered.
- **Develop Proposal Development Timeline**
 - CGD and division director/program staff will develop proposal development timeline for each project which will define action steps plus persons responsible for completing them.
- **Implement Proposal Development Strategy**
 - Task Assignment and Completion:
 - CGD completes their assigned tasks and facilitates and ensures the completion of other proposal development team member tasks.
 - If new HCDE project,
 - Division – program design narrative sections and line-item budget, letters of commitment from identified partners*
 - Finance – budget review/narrative sections*

- Human Resources – personnel schedules for line-item budget*
- Center for Grants Development – management, project personnel and organizational capacity sections*

* Task assignment takes into consideration team member expertise and accessibility.

Assignments are only provided when necessary to complete the proposal.

- CGD staff host team meetings and maintain communication with team members as updates become available.

ADMINISTRATIVE AND PARTNER REVIEW

Private Funding – Approval and Distribution Procedures

All private funding requests (new and continuation) require prior approval from the Executive Leadership Team including the Superintendent with items presented as information on the HCDE board agenda each month.

- Complete reviews by Center for Grants Development, Executive Leadership Team***, Business Services***, Facilities***, Human Resources***, Technology***, and Assistant Superintendent as relevant to the request

*** If the project is new or expanded or will impact the organization's infrastructure.

- Prior to submission of the proposal and if the project is large enough to impact the organization, the division director/project coordinator or CGD will present relevant sections of the proposal to Business Services, Human Resources, Technology, Facilities, and Assistant Superintendent for their input and approval.
 - Business Services – including budget and budget narrative, maintenance of effort/match and indirect costs
 - Human Resources – personnel strategy and proposed job descriptions
 - Technology – use of technology and personnel, and supply needs
 - Facilities – anticipated office space needs, staffing plan and support needs
 - Assistant Superintendent – proposed program design and budget and HCDE contributions (requires use of tax revenues?), if any.
- Proposal Development team reviews and edits the proposal as it is completed.
- Proposal Development team may include, but is not limited to, division director and staff, division supervisor and Center for Grants Development.

FINAL COMPLETED PROPOSAL

- **Compile and Submit Completed Proposal**
 - CGD prepares the final narrative with requested attachments. If online, documents may require uploading or typing directly into the grantor's online system. If so, print out narrative for review. Ask others to review the application on the webpage as well.
 - CGD requests and compiles the necessary supporting documentation for the Attachment or Appendices sections of the proposal.
 - *Common supporting documentation*
 - 501(c)(3) Letter of Determination; proof of tax-exempt status
 - List of current board members
 - Most recently audited financial statements
 - IRS Form 990
 - Current organizational budget

- CGD obtains the signature of an authorized individual, Board Chair of the Education Foundation or County School Superintendent, when necessary. These signatures are obtained in person or via Adobe Sign, as needed.
- CGD compiles final original narrative document plus attachments or appendices. CGD reviews guidelines to ensure that required formatting is addressed, if applicable.
- CGD reviews guidelines to ensure that all supporting documents are enclosed in the order they are requested, such as those listed above under “*Common Supporting Documentation.*”
- Development Coordinator provides an electronic copy of the final proposal to the division and to the Education Foundation, when appropriate. If online submission, print an original, then provide copies as specified to division and Education Foundation, preferably electronically.
- If applicable, CGD submits the original proposal and copies for receipt by deadline date. CGD or Education Foundation will send proposal by certified mail, hand delivery or online delivery, whichever is allowable.
- **Notify Board of Submission**
 - As required by policy, Center for Grants Development staff prepares and submits a grant submission agenda item via the Board Agenda Submission System.

SUBMISSION CONFIRMATION

- Fifth to seventh day after submission by mail, CGD will call or email the foundation contact to ensure receipt of the proposal even though the certified card should have been returned. If not received via mail, CGD or Education Foundation will resubmit. If online, print out, scan and save confirmation notice or save email notification of receipt in electronic folder as documentation of submission.
- The Secretary maintains copies of mail carrier receipts and/or tracking forms. CGD Project Lead saves the receipt confirmation in the respective project folders under Submission Confirmation.
- Secretary or other CGD staff creates a PDF version of each submitted proposal – cover to backing--- and saves it in the project folder.
- CGD Director will save proposals within earth folder “Recently Submitted Proposals” for distribution to Executive Leadership Team.

Fixed Assets

Fixed Assets are the responsibility of each division manager. Account coding is very important in determining the type of fixed asset.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 05/15/2009		REVISED DATE: 8-13-21
SUBJECT: Fixed Assets		

Fixed Assets-Definition

1. Personal or real property which has a unit cost of \$1,000 or more.
2. Sensitive items such as laptops, iPads, and cameras, regardless of the unit price must be coded to 6397 and must be tagged.
3. Lasts longer than one year (estimated useful life).
4. Retains its original shape and appearance with use.
5. Does not lose its identity through incorporation into a different or more complex unit or substance.
6. If several parts are purchased to assemble into one unit, the total unit cost determines if the item is a fixed asset. For example, 2 standard poles plus 2 weight bases and 1 net make up one volleyball net system. If the total cost is over \$1,000, then the unit is a fixed asset. When the net is replaced the following year, the expense will be charged to supplies account code.

Responsibility

The Budget Manager is the custodian of the fixed assets within their division.

Fixed Asset Recordkeeping

The Fixed Asset Listing includes all assets with a unit price equal to or over \$1,000 for insurance purposes. Assets with a unit cost equal to or over \$5,000 are capitalized and depreciated (as required by GASB 34) by the Business Services Division.

Accounting for Fixed Assets

Items costing less than \$1,000 are expensed to the Supplies & Materials account code 6399-0000, except sensitive items identified below.

Assets with unit costs from \$1,000 to \$4,999.99 are charged to account codes 6393 (New) or 6394 (Replacement). Also, use the appropriate sub-object codes.

Assets with a unit cost equal to or over \$5,000 are charged to 663X (New) or 664X (Replacement) accounts. A complete list of accounts is available in the Budget Planning Workbook located on the HCDE Portal under Business Services / Budget Planning / FY21 – Budget Planning Book V3, Section 10, page 149.

Fixed Asset Transfers

See accompanying instructions on the Fixed Asset Transfer Form.

Annual Inventory

An annual inventory will be completed. It is the responsibility of the Asset Inventory Clerk to generate the Fixed Asset Inventory Worksheet, an inventory of assets with a unit cost of \$1,000 to less than \$5,000 including sensitive items. The report is sent to the Business Office. The Business Analyst is responsible for organizing and directing the inventory during the budget process. During the budget process, the Business Analyst provides each Budget Manager with their fixed asset inventory worksheet.

The Fixed Asset Inventory Worksheet of items including sensitive item, is provided to each campus / division and each campus / division is responsible for locating each asset and marking the report per the instructions. Campuses / divisions will clearly mark any assets not found (missing, lost or stolen) and add to the list any asset(s) not already on the list and their fixed asset number(s). Budget Managers will return the Fixed Asset Inventory Worksheet to the Business Analyst when they are due, along with all the other documents related to the Budget Request. The Business Analyst will send all inventory worksheets to the Asset Inventory Clerk for reconciliation.

The Asset Inventory Clerk (Facilities Support Services) is responsible for inventorying fixed assets following this policy. Every time a fixed asset is purchased, it must be delivered to the warehouse where they will contact the Asset Inventory Clerk to tag every asset. Once the asset is tagged, it can be transferred to the campus / division that requested it.

Auction

Items which are no longer working or cannot be repaired and/or used by another campus/division can be sent to surplus for auction. The Fixed Assets Transfer Form must be completed and signed. Follow the instructions on the Fixed Assets Transfer Form.

Computers or computer equipment must be verified non-usable by the Technology Support Services Division before being sent to surplus for auction.

DATE DEVELOPED: 05/15/2009 REVISED DATE: 8-13-21		
SUBJECT: Fixed Assets		

Donations

Donations to the Department come in two forms: new items and used items. Whether new or used, each item donated to the Department must have the approval of the Superintendent. The person in the division normally responsible for purchasing fixed assets should see if the item meets the following criteria:

1. It is safe and acceptable for use by students and employees.
2. It meets the requirements of the instructional program (if applicable).
3. There is a true, justifiable need for the item.
4. The item is in good working order and is compatible with related equipment.
5. The item is within the guidelines of the Department technology plan (if applicable).
6. It meets the Department criteria for a fixed asset.

If a donation meets all the criteria listed above, then:

Information regarding the donation should be sent to Center for Grants Development. The procedure for accepting donations and the form to complete is on their page on the HCDE Portal.

The receiving campus / division should be willing, if requested, to ascertain the fair market value of the donation. The “fair market value” is a reasonable approximation of the market value at the time of donation and not necessarily the original price paid for the item. For equipment donations, information should also be forwarded to the asset inventory clerk so it can be added to the Fixed Asset Inventory.

Installation of permanent equipment, such as playground equipment, shelving, etc., should be coordinated with Facilities Support Services.

Reconciliation of Fixed Assets to the General Ledger

At year end the Business Services will perform a reconciliation of fixed assets, greater than \$5,000, to the general ledger.

Repair or Replacement

The Budget Manager is responsible to determine if an item needs repair or replacement. Keep the following guideline in mind when considering an item for repair or replacement. **Fixed assets requiring repair should be evaluated to determine if it is more feasible to replace the item than to continue to repair it.**

Stolen/Lost Items

- 1) A **police report** must be filed with the Police Department on any stolen item costing \$1,000 or more.
- 2) A hard copy of the police report should be sent promptly to the Facilities Support Services Executive Director.
- 3) If funds are received from the insurance coverage, these funds may be used to replace the stolen/lost item(s). Should the campus / division wish to “upgrade” the item being replaced, the campus / division will be responsible for providing the additional funds to purchase the “upgrade.”

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 04/01/2006		REVISED DATE: 8/13/20
SUBJECT: Budgeting for Replacement Assets		

Some assets (i.e., land) will last a lifetime. Others are replaced according to a replacement schedule or when the asset becomes too expensive to repair. Funds for major replacements items come out of the Reserve Fund Balance. **Funds budgeted for replacement of assets cannot be used for any other purchase.**

The following steps will guide you in including these replacements in your proposed budget.

1. You will be given a report titled Replacement Asset Listing in your budget packet. Review the report for assets that are scheduled to be replaced during the next fiscal year. This report is generated by the computer system, based on the estimated useful life of the asset. **If you did not get the report, no assets are scheduled for replacement this year.** Call Business Analyst if you have any questions about this.
2. Evaluate the 'REPLACEMENT DATE' for each asset listed on your report. If you believe that the expected life should be increased, change the replacement date on the list by lining through the printed dated and printing the new date just above it. Business Services will review your recommendations for updating the estimated useful life for the assets you marked.

Now you can concentrate on those assets that need to be replaced during the budget process.

3. Estimate the cost of replacing an item using current price catalogs (Butler, Hallmark, Office Depot, etc.). If you are unsure of any aspect of replacing a particular item, contact Purchasing Support for assistance. For technology items, do a Helpdesk request for quotes on these items. Items should be considered individually and not in groups when using these criteria.
4. Highlight the items you wish to replace and put replacement costs into your proposed budget using the appropriate expenditure object codes.

664X-XXXX - Replacement capital assets are identified as an item having a value of \$5,000.00 or more and an expected useful life of more than one year.

	ACCOUNTING PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 04/01/2006		REVISED DATE: 8/11/20
SUBJECT: Budgeting for Replacement Assets		

6394-XXXX - Replacement assets having a value of \$1,000 or more, including sensitive items, but less than \$5,000.00 - unit cost, should use object code 6394 (Replacement) and the appropriate sub-object code.

6399-XXXX - All other assets (desks, file cabinets, etc.) under \$1,000 should be charged to general supply object code 6399 except sensitive items.

NOTE: The 6399 account code expenditures are not offset by Reserved Fund Balance.

	ACCESS PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference: <i>GKD Legal and Local</i>
DATE DEVELOPED: 7/1/2015 REVISED DATE: 7/1/2015		
SUBJECT: Badge Access Security Procedures		

Badge Access Security Procedures

1. Badges are provided to employees to access various locations in the department. Badges are required to be worn at all times while on duty.
2. Employees who lose their badge should report to the HR Office to seek a replacement for a nominal fee (\$10.00).
3. Employees who forgot their badge at home or without a badge need to contact the front desk so that they are provided with access each time.
4. Employees shall have access to HCDE locations between the hours of 6:30 AM to 6:30 PM.
5. Employees who will leave the organization must turn in their badge to their supervisor prior to the last day of employment. This is required even if the employee is transferring or hired at another division. The access needs to be reset according to the new role; thus, it is important that access be removed from the previous division. As the new hire starts, the first action in the new division is to visit the Human Resources Division to get a new card with the role with the Supervisor's written approval to get access to physical locations and or to the various computer systems.

Below are additional guidelines regarding the access by **non-employees:**

1. **Visitors** – All visitors must obtain a Raptor (sticky) badge issued by the front desk and they must wear it each day that they are in the building. They will be escorted in the building by contacting the front desk. Temporary badges will not be created.
2. **Interns:** there must be an effective end date. Divisions should identify how long they will be in the building. There will be a picture taken and the division badge name will say **INTERN**. This includes work study student INTERNS.
3. **Consultants:** These vendors must obtain a Raptor (sticky) badge issued by the front desk and they must be worn. They will be escorted. No badges created. No exemptions made.

4. **Temporary employees:** (for a couple weeks or even filling in while someone is out on FMLA) Temporary employees must obtain a Raptor (sticky) badge issued by the front desk and they must wear it at all times. They will be escorted. No badges created
5. **Long-term Contractors:** (2 in Technology) – Vendors will be allowed to service the technology division. They must have an effective end date. Technology will identify how long they will be in the building, and provide the information to the Human Resources Office.

There will be a picture taken and the badge division name will say **CONTRACTOR**. They will have access to the elevators at Irvington only (no secure locations). The Technology Division will monitor these contractors and request that staff coming into the building have a background check cleared through the Human Resources Office prior to issuing a badge to the individual.

6. **Auditors** - Vendors who are auditors or program reviewers, or similar roles must obtain a Raptor (sticky) badge issued by the front desk and they must wear it each day that they are in the building. They will be escorted in the building by contacting the front desk. No badges created.
7. **The front desk Security Guard** will escort individuals, such as temporary staff to the elevator and use his/her badge to access the appropriate floor (and press the elevator key).
8. **Exemptions** to any guidelines must be pre-approved by the Facilities Department and coordinated through the Human Resource Office.
9. **Changes** to the guidelines will be provided to all staff and reviewed periodically and as necessary.

Appendix

	PROCUREMENT PROCEDURES HARRIS COUNTY DEPARTMENT OF EDUCATION	Reference:
DATE DEVELOPED: 5/15/2009 REVISED DATE: 8/13/2020		
SUBJECT: GLOSSARY OF ACCOUNTING TERMS		

AB School -Adaptive and Behavior School

Account Code – This is the second part of the eFinance Account Code. It is an eight-digit numerical sequence consisting of the 4-digit object code and 4-digit sub-object code used for accounting purposes. Follows the Budget Code. See **Object Code** and **Sub-object Code**.

Account Number (Budget Number) – Consists of the **Budget Code** and the **Account Code**; the numerical sequence necessary to reflect budget operations and conditions, such as estimate revenues, appropriations, and encumbrances, the net balance, and other related information.

Accounting Procedure. The arrangement of all processes that discover, record, and summarize financial information to produce financial statements and reports and to provide internal control.

Accounting System. The methods and records established to identify, assemble, analyze, classify, record, and report a government’s transactions and to maintain accountability for the related assets and liabilities.

Accounting Period – A period at the end of which and for which financial statements are prepared; for example, September 1 through August 31.

Accrual Basis – Accrual accounting attempts to records the financial effects on an enterprise of transactions and other events and circumstances that have cash consequences for an enterprise in the periods in which those transactions, events, and circumstances occur rather than only in the periods in which cash is received or paid by the enterprise. Accrual accounting is concerned with the process by which cash expended on resources and activities is returned as more (or perhaps less) cash to the enterprise, not just with the beginning and end of that process. It recognizes that the buying, producing, selling, and other operations of an enterprise during a period, as well as other events that affect enterprise performance, often do not coincide with the cash receipts and payments of the period.

Adopted Tax Rate – The total adopted rate is composed of a maintenance and operation rate (M&O) and a debt service rate (sometimes referred to as the Interest and Sinking, or I&S, rate). Rates are expressed per \$100 of taxable value.

Allocation – A part of a lump-sum appropriation, which is designated for expenditure by specific organization units and/or for special purposes, activities, or objects.

Appraisal – (1) The act of appraising; (2) The estimated value resulting from such action.

Arbitrage – In the context of government finance, the reinvestment of the proceeds of tax- exempt securities in materially higher-yielding taxable securities.

Assess – To value property officially for the purpose of taxation. Note: the term is also sometimes used to denote the levy of taxes, but such usage is not correct because it fails to distinguish between the valuation process and the tax levy process.

Assessed Valuation – A valuation set upon real estate or other property by a government as a basis for levying taxes.

Assets/Personal Property – Property (fixed assets or capital assets) that is generally portable and owned by an entity (sometimes leased); which has a monetary value.

Bond – A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period and requires greater legal formality.

Bonds Issued – Bonds sold.

Bonds Payable – The face value of bonds issued and unpaid.
