## Of Note...

First off, thank you for your support at this week's Board Meeting. As always, it was a pleasure to celebrate you in recognition of Board Appreciation Week. Our employees recognize your hard work and are grateful for your dedication and commitment to HCDE.

As recognized in Wednesday's meeting, I can't reiterate enough how pleased I am that the Department has yet three additional commendations from the Texas Comptroller for its commitment to easy, online access to HCDE financial data. The transparency awards are monumental and speak to the integrity of HCDE's financial systems. Moreover, according to a report from the Texas Comptroller's Office, HCDE is one of only two of the 1,350 "special districts" throughout the state to earn three fiscal "Transparency Stars" commendation awards. I am very proud of this accomplishment and I applaud the efforts of Dr. Amezcua and the entire Business Services team.

We resume **The Connector** this week after having been closed for three days last week due to the Martin Luther King, Jr. Holiday and the two unexpected bad weather (ice) days. Of course, we resumed regular operations and business hours last Thursday. I am pleased to report that HCDE facilities and campuses sustained no damage due to the freezing temperatures.

On last Friday, January 19, I had the pleasure of visiting several Head Start Center locations: Compton, Fonwood, Tidwell, Coolwood, and LaPorte. I was as excited to see the students as they appeared to have been to see me! I was excited about the academic operations and activities at each of these Head Start locations. Photos from those visits are included in this issue.

This week, I began with a meeting of my Executive Leadership Team and I also met with the core planning committee for the Academic and Behavior Center West construction project. I am pleased to report that all is on track and the project is progressing smoothly.

On Wednesday morning, I attended the State of the District address in Spring ISD, prior to HCDE Board activities. Yesterday, I fulfilled

my obligations as a member of the Northwest Assistance Ministries board, and I also welcomed vendors to the annual Choice Partners' Appreciation Luncheon. This morning, I attended the Cradle to Career Houston Leadership Council Meeting which was held at Interfaith Ministries.

Tomorrow morning, I will be welcoming attendees to the 32nd Annual Ray T. Garcia Early Childhood Winter Conference at the Kingdom Builder's Center located at 6011 West Orem Drive. This year's conference will feature keynote speakers Becky Bailey and Gilberto Soto, as well as more than 80 engaging break-out sessions. This is always a successful and well-attended event.

Also, tomorrow, HCDE will be hosting a job fair specifically geared towards recruiting staff for our Head Start division.

After the Early Childhood Winter Conference, I will be leaving for the TASA/TASB Midwinter Conference and will be in attendance there through Wednesday. I will return to the office Thursday, February 1.

Again, thanks for your service to HCDE. While Board Appreciation is observed only once each year, please know that we appreciate you all year long.

I hope you enjoy this issue of **The Connector** and I hope you have a relaxing weekend.

Twenty-one school districts, two charter schools and 16 private schools are represented as students earn Gold Key, Silver Key and honorable mention awards. Gold Key recipients advance to national judging to be considered for Gold and Silver Medals which are announced in March and awarded in June through a ceremony at Carnegie Hall in New York City.

The Scholastic Art & Writing Awards, founded in 1923, provides young artists and writers in grades 7-12 with the opportunity to showcase their work as it identifies and documents their outstanding achievements. The competition's mission is to bring outstanding visual art and writing created by teens to a national audience by showcasing the work and encouraging creative and career development.

### HCDE Commended for Superior Online Financial Transparency from Texas Comptroller

Harris County Department of Education has received three commendations from the Texas Comptroller

for its commitment to easy, online access to HCDE financial data. The transparency awards were announced at the HCDE Board of Trustees Public Hearing on Jan. 24 regarding findings of the HCDE Annual Financial Management Report.

The recognitions are part of the Department's ongoing efforts to provide open and honest communication with Harris County taxpayers and other community stakeholders through online, financial transparency processes.

"Our board and administration believe that in order to be good stewards of taxpayer dollars, we must provide an open, unfiltered window into our organization," said Board President Louis Evans. "Financial transparency is just one example of this."

According to a report from the Texas Comptroller Office, HCDE is one of two of the 1,350 "special districts" throughout the state to earn three fiscal "Transparency Stars" commendation awards.

Specifically, the awards from Texas Comptroller Glenn Hegar commend HCDE for transparency in the areas of debt obligation, contracts and procurement, and traditional

finances. Those goals are achieved through HCDE's website on a visually enhanced financial transparency page at [www.hcde-texas.org/transparency](http://www.hcde-texas.org/transparency). The page offers visual and narrative detail on finances, including outstanding debt obligations; spending and revenue information; and accountability and transparency for contracting activities.

The Texas Comptroller's Office launched its program called "Transparency Stars" in March 2016 to recognize cities, counties, school districts and special-purpose districts which make important strides toward greater government transparency. After achieving a base level of transparency, districts can apply to gain accreditation for five additional areas. HCDE achieved all of those applicable transparency categories.

Also Wednesday, Whitley Penn shared the results of the 2016-2017 Annual Financial Audit of HCDE. The department received the highest possible rating of "unmodified opinion" of HCDE's financial statements.

For more information about HCDE's financial management, visit [www.hcde-texas.org/transparency](http://www.hcde-texas.org/transparency).

### All Earth Ecobot Challenge Practice Held at Salyards Middle School in Cy-Fair

The competition theme was revealed to be agriculture. Students spent their time between rotating seminars that covered agriculture related topics and building. There was also a teaching seminar for the coaches. There will be three more practice days followed by the All-Earth Ecobot Challenge Day set for Kashmere High School.

## Management of Administrative, Fiscal and Facilities Function

In accordance with the Board's goal of me to

- Oversee a budget development process that results in recommendations based on Department priorities and available resources;
- Oversee budget implementation in a way that ensures appropriate expenditures of budgeted funds and provides for clear and timely budget reports;
- Ensure that the Department investment strategies, risk management activities, and purchasing practices are sound, cost-efficient, and consistent with policy and law;
- Implement and oversee a planning process that results in goals, targets, or priorities for major areas of operation;
- Monitor effectiveness of operations against appropriate benchmarks; and
- Recruit and maintain high-quality, professional staff at all levels

At this week's HCDE's meeting of the Board of Trustees, HCDE shared with the Board that it has received yet three additional commendations from the Texas Comptroller for its commitment to easy, online access to HCDE financial data. The transparency awards are

monumental and speak to the integrity of HCDE's financial systems. Moreover, according to a report from the Texas Comptroller's Office, HCDE is one of only two of the 1,350 "special districts" throughout the state to earn three fiscal "Transparency Stars" commendation awards.

Additionally, our auditors presented to the Board the results of the last fiscal year's audit where HCDE received the highest rating possible. This, too, is significant. Both accomplishments are exceptional and speak to HCDE's commitment to tight financial controls, and its extraordinary dedication to transparency for the Harris County citizenry.

**HCDE (and especially its Business Services division, under the leadership of Dr. Jesus Amezcua), is to be commended for this significant accomplishment in public education and exemplary procedures and systemic best practices throughout its budgeting process.**
